# Welcome

Thank you for your interest in our book and joining us for this brief exploration of one of the world's greatest mysteries known as the crystal skulls or what the Mayans refer to as the "Crystal Heads".

We are your hosts: Joshua Shapiro and Katrina Head. Each of us has been involved with the crystal skulls for a number of years now. We collectively take care of over 25 crystal skulls, which we work quite closely with and are known to us as "The Crystal Kids". You will encounter a number of these friends (specifically a few of these crystal skulls that have traveled all over the world with Joshua) later within this e-book. People also know us as the "Crystal Skull Explorers" which is the two of us with our personal skulls, as we have been working closely together since the spring of 2009. We have committed our lives to sharing the best information and insights we have collected regarding the skulls in every form of media we can with the rest of the world.

Our belief is that the very old crystal skulls (also called "ancient" skulls) which are publicly known within our world today represent one of the most important artifacts that have ever been discovered within our recorded history. Furthermore we feel that each crystal skull, whether of an older creation or a more modern design, has a significant role to play in our future and will eventually assist Mankind in many ways to help us create a more peaceful world.

This small e-book is just a short introduction about the crystal skulls and a little bit about our personal work with them. At the end of this book, you will find links to various other sources you can visit to further your own personal studies and research along with books we have published as well. Additionally we have included a preview of two key books we have written in a series entitled:

## ***Journeys of the Crystal Skull Explorers: Travel Log Series***

The first version of this work was released as an e-book in 2011 that dealt with two trips we took to Mexico in 2009, where we met with a variety of amazing crystal skulls. The second book, the first edition was released in 2012 as an e-book and in 2013 as a printed edition through our publisher Global Communications. We released in October of 2018 a revised and updated editions of both the e-book version and the printed version. The second book in this series reported on several journeys taken to Peru from 1997-2002 looking for a Blue Crystal Skull with an extra chapter about the paranormal.

At the time of the release of the 2018 edition of our free e-book, Joshua is working on another of other books, which involves the crystal skulls. There are

two novels (both will contain a trilogy of books) that include a team of helpers that portray two different scenarios about how world peace could actually happen in the near future. In the appendix section of this e-book, is more details about the status of the novels (one novel, the first book was released in January of 2018). Additionally, before the 2018, Joshua also began a new series of booklets, smaller in size, under 100 pages, entitled, "The Direct Contact Series of Booklets with Various Sacred Crystal Skulls. The first volume was released in November of 2019 and dealt with Joshua's personal experiences with an amethyst crystal skull known as "Ami" along with research performed upon this crystal skull in 2001 and additional information Joshua receive from one of the previous owners, Al Ramirez. Joshua intends to write similar booklets on three more very old crystal skulls.

Now, periodically we will updated the latest version of our free crystal e-book to make the information more relative to what is transpiring in the world as related to the crystal skulls. As we have reviewed our previous version done in April of 2015, as Joshua was preparing to do a month's tour to the eastern part of Australia for over a month, at that time, we saw that we have updated many aspects of work with the crystal skulls and thus we required this new, late 2018 edition. Especially, since we have released three new books in 2018 with a ton of new books and updates to come out before the end of 2019. Joshua began the first edition of the Free Crystal Skull E-book in 2004, when he was living in Holland with a revised version produced in 2006. The second edition came in 2010, after Joshua had met Katrina in Atlanta in 2009. Here is a summary of some of the updates we added, starting from the 2010 edition.

The 2010 version of this e-book was done by Joshua with the help and the support of his divine light partner Katrina. Within the 2010 edition, we discussed the new world peace meditation with the crystal skulls that we had started in 2009 which replaced our world peace meditation we did every Sunday previously. Thus, in this current edition, you will find information about the current version of the world peace meditation that we perform which is done thirteen times each year including on January 1<sup>st</sup> and on the 13<sup>th</sup> day of each month at the 13<sup>th</sup> hour of the day, your local time.

In the 2010 edition, we reported about a new comprehensive crystal skull book that Joshua hoped to write. The goal of this book was to add to and update the information he had shared in his first book that wrote with his co-authors, Sandra Bowen and F. R. 'Nick' Nocerino (deceased) in 1989 entitled "Mysteries of the Crystal Skulls Revealed" (now out of print) which was also translated into Portuguese by a spiritual Brazilian Publisher in 1993. The title he intended to use for this new book was "Journeys of the Crystal Skull Explorers". If it had been published, it would have contained 400-500 pages of the latest and most interesting new information about the crystal skulls that he had uncovered. There was a high-level summary of what this book might contain. However,

Joshua was never able to create an English version (it never came out as a printed book and there was a group that did publish an e-book version of it, but this group no longer exists. (Editor's Note 2018, we deleted the summary of this book in this current edition.) Never-the-less, while Joshua was living in Europe, he did negotiate with publishers in three countries so that a shortened version of this new book was released which did take place in Polish in 2004, Dutch in 2006 and Hungarian in 2008. A part of the information about Joshua's three journeys to Peru looking for the Blue Skull, which appears in our "Travel Log #2 book" (a separate section included within this e-book with more details) was briefly discussed in these foreign versions. However, "Spirit" asked Joshua to put together all the information he had gathered from his journeys to Peru and make this a separate book, which as we shared he did in 2012 and 2013 (with the revised edition at the end of 2018).

Related to the crystal skulls that have entered our life, since Joshua met Katrina in 2009, at various moments there have been several new skulls that have joined us. When Joshua left Holland to come live permanently in the U.S., in the early part of 2008, he brought three crystal skulls back with him, which you will meet in this book. They are known as "Portal de Luz" ("Portal of Light" in English), Heavenly Mother (Pacha Mama, her name changed when "she" came to the U.S. and Joshua and Katrina started to make a life together in 2009) and Geronimo Golden Eagle-Eye. For the 2010 edition of this free e-book, the number of crystal skulls that we discussed increased to nine crystal skulls of which you will meet the other six crystal skulls within this edition. Although in 2017, a clear quartz skull that Katrina received as a gift to accompany her on our one and only spiritual Peruvian Tour we led in 2009, this crystal skull asked to be passed on to a new guardian.

For the 2015 edition, of which this e-book was given out for free to every person who attended any of the public talks offered by Joshua in his Australian tour in the spring of 2015, there were three additional crystal skull added. These crystal skulls accompanied Joshua on this amazing tour (see the Appendix for the link to his detailed report that he wrote about this tour, which is published on our main website). And now, finally for this new edition, here in 2018, we will add three other special crystal skulls, which have come to us since 2015 that we have not shared before in a previous edition of this free e-book.

Therefore, since 2010, just after Katrina and Joshua met, they began to have several new crystal skulls enter into their lives through one way or another. Normally these new skulls come as gifts to us but sometimes, there a few skulls we buy from the carvers that we know, who live in China or Brazil. Usually, our initial intention is to prepare these skulls to be passed on to other people but the living consciousness within these specific skulls literally begs us to stay with us instead. This may be due to the fact that they want to be a part of the periodic adventures and travels we do with our "Crystal Kids". Thus, at the release of this

new edition of our e-book we have about 25-30 crystal skulls. We have not listed all of them within this new edition, as we do not wish to overwhelm you. For the members of our “Crystal Kids”, which you shall meet, there is a section within this introduction entitled, “Meet our Crystal Skull Family” where you will meet quite a few that includes a photograph of each crystal skull and a brief description.

## **Other Key News and Events by the Crystal Skull Explorers since 2015**

--- ***Crystal Skull World Day*** --- actually, since this special one-day event (to celebrate a day around the crystal skulls with our crystal skull world family) began in 2014, we did include a description about it in the 2015 edition. In this edition, we are not discussing this event, because the last one held ended on Halloween in 2017, conducted by a former member of the group, which organized this special day known as the Crystal Skull Hearts Council. Joshua served as their advisor and was the webmaster for the Crystal Skull World Day website, which existed from, 2014-2016. Also, we (as the Crystal Skull Explorers) were a sponsor for the event as well. To recap, in 2014, we used a short video with music to lead our world peace meditation with the crystal skulls and in 2015-2016, it was just an audio with music. The goal of this day was to see if all the crystal skull guardians in the world would agree to come together for one day for a short time to do this meditation but of course, it was impossible, during this time in our history to achieve this. We organized at least one public event each year in Seattle where we lived at that time to bring people together and there were other gatherings held all over the world, the largest was in Quebec, where there were over 100 people at their gathering and 500 crystal skulls.

--- ***The New Crystal Skull Website*** --- actually Joshua’s report from his tour in Australia from late April of 2015 through early June, was the reason this new website was setup by a friend in Wordpress. This new website was also able to be viewed properly on mobile phones. If you have a moment, you should take a peek (our URL is below) as we brought over many articles, all our books (the shop menu), blog posts and much more. To visit our current website, head over to:

<http://www.cse.crystalskullexplorers.com>

--- ***Other Travels in 2015*** --- Before Joshua left for his tour to Australia in April, he had a chance to attend a special Indigenous-based conference in Sedona, Arizona, where he spoke about the crystal skulls and stayed on the campgrounds in a tent for a few days with all the Indigenous Elders who had been invited. He had a chance to meet and speak with several of the Elders and form some strong bonds with a few of them that still continues. On his birthday (April 17<sup>th</sup>), he sat with various elders and participated with his crystal skull in an Aztec Ceremony. In the fall, he had a chance to visit Belgium for a week doing a lecture, workshop and private sessions with some of our “Crystal Kids” – this gave him an

opportunity to retrieve special documents he had to leave in Europe in 2008, when he left to go live in America that were related to the crystal skulls.

--- ***Mitchell-Hedges Crystal Skull and her guardian Bill Homann come to Seattle*** --- Joshua and Katrina sponsored Bill Homann, the guardian of the Mitchell-Hedges Crystal Skull to come to the Seattle and Bellingham, Washington at the end of May and into early June for 10 days in 2016 – over 150 people came to see this crystal skull in person. Within this free e-book, later on, is a short interview with Mr. Homann and Joshua talks briefly about his powerful personal private meditation he had with this crystal skull in 2008 at Mr. Homann home in Indiana and a bit about the tour in 2016. Much more information about Joshua's numerous contacts with the Mitchell-Hedges Crystal Skull will be discussed in the new booklet he will release in 2019, a part of the Direct Contact Series mentioned before, of which Volume I, he talks about the ancient skull, "Ami".

--- ***On-line Crystal Skull and Paranormal Classes*** – a new extended spiritual family member we met when we were promoting the Mitchell-Hedges Crystal Skull visit, introduced us to an on-line teaching system called LearnItLive.com. From the summer of 2016 through the early part of 2017, we offered 12 different classes, which were recorded so people can watch them at any time. The classes ranged from 1-2 hours. To be able to view these classes, all you to do is join this service, which is free. Below is the link to check out these classes, some are free and some are a small fee, go to:

<https://www.learnitlive.com/crystalskullexplorers>

--- ***Epic Voyagers Radio Show Guest Hosts*** --- for several mouths at the end of 2016, Joshua and Katrina served as Guest Hosts for the Epic Voyagers on-line radio show appearing once a month. They brought on some amazing guests to discuss all type of subjects. These shows were archived so you can go back and listen to them. To see which shows are available, visit:

<http://cse.crystalskullexplorers.com/crystal-skull-explorers-radio-shows/>

--- ***2018, the time to release a ton of new information*** --- during this year, Joshua released three new books utilizing the services through Amazon, which helps you to create your own printed books (called print on demand) as well as the Kindle e-book version (through the KDP services) that their Kindle Readers are able to view. *Journey into the Unknown and Back Again, Book #1* (with Karen Tucker) was released in January 2018 (as a printed book and a PDF e-book, we hope to have before the end of 2018, a kindle version as well). In October of 2018, Joshua completed the updated and revised edition of *Travel Log #2, Search for the Blue Skull in Peru* (with Katrina), adding another 80 pages (the printed edition and a PDF e-book version were created then and the Kindle version was released in November). And finally, in November of 2018, Joshua created the first book in new, *The Direct Contact Series with Sacred Crystal*

*Skulls*, dealing with the ancient crystal “Ami” which was released as both a PDF e-book and a Kindle edition (there is a separate section in this e-book that discusses this new book a bit more).

--- ***The Geronimo Junior Crystal Skull Line (Update 2023)*** --- One other activity we initiated again to make these special crystal skulls available via the carvers we have a relationship with in India who we have been working with since 2021 and have sold over 50 copies of a replica of our crystal skull known as “Geronimo Golden Eagle-Eye” (see photo of this skull which we call “My Son” as a sample Junior later in this e-book), which we affectionately call “Geronimo Juniors”. Normally the Geronimo Juniors are made from various type of quartz crystals. If you might be interested to obtain one of these crystal skulls, please feel free to email us at: [crystalskullexplorers@gmail.com](mailto:crystalskullexplorers@gmail.com).

Coming up into 2019, Joshua plans to update and revise Travel Log #1: *Mexico 2009* (to also release a printed version, right now it is only available as a PDF and kindle e-book); to get out the other paranormal novel, *Crystal Skull Chronicles* (as a printed book and an e-book) we look forward at some future time to create three more volumes of the *Direct Contact Series*. In addition, Karen and Joshua have started to write several chapters for Book #2 of the *Journey into the Unknown and Back Again* series. To learn more about any of these books, you can visit our shop page at:

<http://cse.crystalskullexplorers.com/shop-4/>

(Note: in our appendix in the back, we have specific webpage links to all of these books we are discussing on our website and on Amazon’s website ...)

**[ Special Update, 2023 Edition:** As you can imagine, since 2018, we have gone through many changes. We have moved from the Seattle area to the Atlanta area and now, here in 2023, we are in Florida. In the Appendix, where we share all our contact information and resources is information about a new Center we started in 2022 known as “The Center for the Advancement of Humanity”. This is a spiritual center which will cover many spiritual and paranormal based subjects as well provide information for people about the new financial system coming that will replace the old system controlled by the Elite as well as the advanced technologies the Elite has hidden from us. The Center, as of early June of 2023, only exists on-line (via a Telegram Channel, a Rumble Video Channel, email and a single webpage). When the new financial system is unveiled (the QFS with Gesara, we have videos on our Rumble Channel which better define these systems) then we will be building a number of physical centers.

So for this particular e-book on the crystal skulls, we are keeping all the information we shared in the 2018 edition, editing activities and events out that no longer exists and at the end of the Appendix you will find all the information about our new center, our 2023 Truth Video Series and the other free e-books

we are offering at this time. Also please free free to share this e-book with anyone else you know who might like to learn more about the crystal skulls ...

### **Final Comments to our Welcome to You, Dear Reader ...**

As you can easily tell from this initial section of our Free Crystal Skull e-book, this book has greatly evolved over time since we first offered it in 2004 -- just as our adventures and activities with the crystal skulls have too. Both of us have dedicated our lives, using whatever personal resources we have, to share the best information we can about the Crystal Skulls with you. This is because we know at the depth of our soul, these amazing crystalline objects have been created and placed upon Earth to assist us, humanity, to create a peaceful world as well as be a catalyst to activate the inner spiritual being, inside of each of us.

Like many people who are following their unique spiritual path in life and acting as a lightworker, to offer what we each can to do to create a better world; we recognize that society in general does not actively support or recognize our work. Even though we call ourselves, "Crystal Skull Explorers", there is no such accepted job that uses this title. Since we met in Atlanta (where as of the release of this new edition, we are back again) in 2009, we have gone through many challenges over the years to find a way to continue this sacred work. We have done our best to stay in balance, which means that at times there are certain products and services we offer for free or for a small amount however, in order to be able to continue and make ends meet, we have to also charge and receive a proper compensation as well.

Now, this e-book will always be free. There is no one else on the planet who is going to offer an e-book for free that is over 100 pages. However, we do ask you, our readers, that if you like the information contained within this e-book, you have our permission to share it with anyone else you know that has an interest in the crystal skulls. This is of tremendous help for us, as we have placed within this e-book the key products and services we are offering at the end of 2018. The key here is, if we all work together, called co-creation, by supporting those activities which can help make our world a better place to live, then this is how world peace will ultimately be achieved. So for example, even if you could just help us to get word out about the monthly world peace meditations that we offer linked with the crystal skulls, this can make a big difference. As we all know, that when a group of people come together and focus their heart, minds and soul upon a common purpose, this will become a geometric multiple of the energy and power that can be co-created and empower our world and us.

We are also so grateful to the people in the past (and if you are one of these individuals who did participate in this, we thank you heartedly) who sent to us various love offerings (donations) at various moments. Without this help for sure, we would not have been able to keep going as we have. It was a very difficult thing at first for us to ask others for this help. We recognized a few years ago, that we probably asked too many times and this hurt our credibility. However, we did attempt at times to offer some type of product or service in exchange for such help. Again in our appendix, we share how using Paypal, you can make a love offering for us, if you are so inspired. We also recognize too, and we can tell this is happening for many people (especially since we have not received any invitations to travel and offer our crystal skull public programs since the end of 2015), that many people following their spiritual path are struggling financially. We believe, that coming in the future, more resources (not just financial) are coming to support what we would term our “Light Projects”. We even have our own big project here in Atlanta we are exploring to create a new center that we hope will become a support center to help many Lightworkers share their own creative works publicly. We just have to be patient and go day by day. However, if you do decide to join our free on-line newsletter or become a part of our e-mail mailing list, anytime we hear news of any amazing activities we will contact you.

We have been in awe that since 2009 when we met in Atlanta, how every time we had some type of great challenge or didn't know how we would be able to continue (being overwhelmed with bills – sounds familiar?) a series of miraculous events would take place to help us through this, even if we just got by. As spiritual people, we know that there is no poverty or limitations in the universe, there is only abundance everywhere as Creator's Love is everywhere including inside ourselves, even though there are forces behind the scenes who wish to create this poverty consciousness. Definitely, the crystal skulls are a catalyst and powerful tool to help remind us of who we are truly inside, divine light beings, children of Creator. We hope this e-book may inspire you and offer some suggestions how you can work directly with your own crystal skulls (or gemstones) to make contact with your inner being. Or if this e-book inspires you to want to get your own, first crystal skull, please feel free to contact us and see if we can help you find the right one. This is another activity which we had done since we met in 2009, to help hundreds of people get their own crystal skull and Katrina has a magic around her to help awaken your new crystal skull as well.

**Finally, here is what we have we added to this current edition (2018) from our last edition (2015)?**

*In the welcome section, you have a summary of our latest activities since 2015. We have added three new crystal skulls in Meet our Crystal Skull Family. We have enhanced and expanded a bit our article entitled “The Mysterious Crystal Skulls”. We also added some updates to our discussion about our Crystal Skull World Peace meditations on the 13<sup>th</sup> of each month. There is a brief explanation*

*given about the revisions we did for the 2018 Edition of Travel Log #2. You will find some additional comments by Joshua added after Bill Homann's interview, which is linked to the Mitchell-Hedges Crystal Skull and Joshua's most recent experiences around this crystal skull in 2008 and 2016. There is a brief description about the two totally new books we introduced in 2018, our first paranormal novel and another book about the ancient crystal skull "Ami" that begins our new "Direct Contact Series with Sacred Crystal Skulls". There are updates to Joshua's and Katrina's bios. We have updated a number of the websites' addresses with some new websites that we share throughout this e-book of which all of these internet links are included within the Appendix. And finally, some new ideas and concepts linked to the Crystal Skulls appearing within our "Final Thoughts" section. We believe you should find quite a variety of materials and information within this latest edition of our free crystal skull e-book to keep you busy reading for quite a while then..*

Thank you for taking the time to explore this e-book and bring us into your home. We hope you enjoy your stay with us. In Peace, Light, Love and Joy always ....

Joshua Shapiro and Katrina Head  
*Your Crystal Skull Explorers*

*(Please Note: -- because we have updated this e-book many times, you will find different formats used with the fonts from one section to another, we hope this is not too much of a distraction for you – thank you ☺ )*

# The Mysterious Crystal Skulls

## An Introduction

**“What is a Crystal Skull?”** – As this name or term implies we are speaking about a skull shaped object that is made from various types of quartz crystals (clear, amethyst, smoky, rose, etc ...) or today, other gemstones as well. Most of us are familiar with quartz crystal as this gemstone is a key component within all of our modern-day electronics; devices that we use each and every day (including the computer you are using to read this book). There are many people who currently work with their personal crystals in order to re-energize themselves for healing (physical or emotional problems) or even to assist them in their development of their inner or spiritual gifts.

However, when one begins to work with a quartz crystal that is in the shape of a human-like skull – other strange phenomena begin to occur around them. We have received numerous reports from people all over the world having some very special experiences connected to the crystal skulls. There are three different types of crystal skulls that are spoken about in the world today as follows<sup>1</sup>:

© Katrina Head & R. Joshua Shapiro

**“Portal de Luz” – a smoky quartz crystal skull created by a Master Carver from Brazil.**

**“NEW or CONTEMPORARY”** – These are crystal skulls that are being manufactured by modern carvers. There are thousands of such skulls in existence today. Since the middle of the 1990’s, there has been an explosion in the interest about the crystal skulls. There are quite a few people now, in all parts of our world, who have acquired their own personal skull to work with and use. The contemporary crystal skulls come in all shapes and sizes and are primarily made by carvers in Brazil and China. In addition, the modern carvers are making crystal skulls from all types of gemstones as well, even some you have never heard about. These skulls can even be found for sale upon eBay. Of course, if you wish to have help getting your own skull, feel free to contact us as we have helped many people over the years.

**“OLD”** – A crystal skull that was created between 100 to about 1000 years ago. A number of these types of skulls have been discovered within or near ancient ruins in Mexico or Central America. In general, the

appearance of these crystal skulls are somewhat crude in form and upon a close examination of the surface of an “Old” crystal skull, there are usually some type of tool marks left by its carver, similar to what can be detected with the newly made crystal skulls.

**“ANCIENT”** -- A crystal skull that was fashioned at least 1500-2000 years ago or was created long long ago. It has been suggested that some of these crystal skulls could

literally be hundred of thousands of years old based upon the studies conducted by various researchers. It has also been suggested or implied, through various legends or oral traditions of different indigenous peoples, that the ancient skulls are very very old. Presently there are only a small number of such crystal skulls known publicly. As to the exact number of how many ancient skulls could exist, the answer is unknown. At the present time, we do not have the exacting scientific procedures to enable anyone to date when a piece of quartz was shaped into a skull. However, there are a number of different ideas and theories about how one can definitively identify a crystal skull as being “ancient” (or even “old”). Again, many of these types of skulls appear to have some type of link with different Mesoamerican cultures as well as possible ties with various Native American tribes or nations within North America. We have even heard rumors of crystal skulls that have been found or are known within South America and in other parts of the world as well.

In general, we are unable to detect tool marks upon the surface of an ancient crystal skull. The implications of this condition suggests that either this particular skull was done completely by hand over a long period of time or perhaps, there was some form of very sophisticated and advanced technology utilized to make the skull of which we are not yet familiar. Most of the so-called very old or ancient crystal skulls we have met personally have a very intense energy field that surrounds them, which many people are able to sense or feel. This energy field can be quite strong and powerful.

There are a number of different theories that have been given as to explain how these ancient skulls may have been manufactured; some of which are quite fantastic in their scope. It has been difficult to trace the true history about these objects as far as where they may have originated from or what parts of the world they have traveled through. Attempts have been made by various groups to work with trained sensitives in the presence of a crystal skull and record the impressions that they psychically receive. However, this method does not always guarantee success, as the historical information channeled by these psychics does not always agree and even can be conflicting at times with what others have discovered and shared.

**“APPORTED”** -- This is a new category of crystal skulls that has only been discussed briefly within the crystal skull community. First, let us define what we mean by “Apported”. It is a well-known fact that in times past, when certain special mediums go into an altered state that these special individual are able to have appear through their body or around them, various objects that seemingly come from nowhere. To give you an idea of what type of objects have appeared; all type of gemstones, jewelry, watches, medallions and even a few crystal skulls have been seen. Our belief is that spirits in other realms either work with the physical-psychic energy of a medium known as ectoplasm in which spirit, using the power of mind, is able to use the putty-like substance and shape it into a physical object or uses the collective energy of a spiritual circle and energy build-up in the room to form the appearance of these objects.

For ourselves, we were aware of a medium in Seattle named Mychael Shane who told us of a séance he said we had to attend. There, we saw a fire opalite skull come out of an energy vortex in his mouth along with other gemstones and jewelry (it is our skull shown in the photos of this e-book called “Krishna”). Mychael also showed us another skull that dropped onto his bed from the ceiling above him a few months later.

**History of the Crystal Skulls** – The public first became aware of the crystal skulls during the latter part of the 19<sup>th</sup> century. At this time, many museums of the world became interested in displaying antiquities from past civilizations (Egypt, Greece, Meso-america, etc ...). Thus in 1878, in the Musée de l'homme (The Museum of Man) in Paris and in 1898, in The British Museum in London, each had a clear quartz skull on public display. It is believed that both of these crystal skulls originated from within Mexico, possibly connected with ancient ruins or tombs, collected in the 1860's at the time of the French occupation of this country. Both of these skulls somehow came into the possession of a French antiquities dealer by the name of Boban and ultimately found their way to the stated museums.

**Photograph of the crystal skull held by the British Museum since 1898. The first human-sized crystal skull placed on public display.**

During the research for our new book, **“Journeys of the Crystal Skull Explorers”** we uncovered that there were a few other old or ancient crystal skulls that also made their way into private hands during the 19<sup>th</sup> century. Within recent years, these particular skulls have become held by various individuals who have publicly disclosed their existence and in some cases, are permitting other people to sit with them in private.

As we entered into the first part of the 20<sup>th</sup> century, there was an entirely different group of crystal skulls that mysteriously surfaced. Within this group of skulls, there was also a strong connection with the ancestors of the indigenous people living in different parts of Mexico or Central America. What follows is a short description about some of the most well known skulls that emerged at this time:

**“The Mitchell-Hedges Crystal Skull”**: named after famed explorer and adventurer, F. A. Mitchell-Hedges, discovered in Lubaantum, an ancient Mayan city in Belize in 1924. This skull is human-size and made from an absolutely clear piece of quartz that includes a removable jaw. It is an almost exact copy of our own modern bone skull. At the current time, this skull is in the hands of his adopted daughter, Anna Mitchell-Hedges since the time of her father's death in 1959.

**“ET”**: discovered by a Mayan family near Guatemala while digging on their property in 1906. Joky Van Dieten obtained this crystal skull in 1991 through a crystal store near Los Angeles. It is the only known human-size ancient crystal skull that is made from smoky quartz. In appearance, it has a resemblance to a type of “ET” shape with a slightly pointed chin and similarly pointed in the top part of the head. This crystal skull now travels the world with its caretaker who hopes to share it with other people (including world leaders) to meditate with for world peace.

**“Max”** -- an 18 lb (8.2 kg) clear quartz crystal skull purportedly discovered in a Mayan tomb in Guatemala between 1924-1926. The skull was gifted by a Mayan Shaman to a Tibetan-trained lama in 1970. It was housed within his healing center in Houston, Texas and used as a healing tool to assist numerous patients who came to the center. Upon the lama’s death, the crystal skull was gifted to his close friends Carl and JoAnn Parks. Currently Mrs. Parks is touring (primarily in the U.S.) with her crystal skull, providing many people an opportunity to experience this ancient skull directly.

**“Ami” – an ancient amethyst crystal skull; notice the circular indentation in the temple areas and its style of design.**

**“Ami”**- The Amethyst Crystal Skull: It is stated by its current owners that it was believed to have once been part of a collection of crystal skulls held by the Mexican President Diaz (from 1876-1910). Another report we have heard discussed is that this skull may have been discovered in the Oaxaca area of Mexico and was handed down from generation to generation through an order of Mayan Priests. This is smaller than human-size skull and weights 8.5 lbs. (3.86 kg). The current location of “Ami” is unknown as this skull was sold to a private party in August of 2009 from the prior owners, who were a group of businessmen in the San Jose area of California.

**(Author’s Note:** In November of 2018, we released a small booklet as an e-book that discusses a great deal more about this crystal. The book shares more about the history of “Ami” along with Joshua’s personal and direct experiences with this crystal skull in 1983 and 2001. In 2001, there were a series of energetic research tests conducted with “Ami” and during this time is how this skull received its name (via Mr. Ramirez). In addition, there is a great deal of other information included that was not released to the public within this booklet. Later on within this e-book, you will discover a new section that has a short description about this new booklet and additional information.)

**Why are the Crystal Skulls so Important?** There is no simple answer to this question. The study of the crystal skulls is very complex and seems almost never ending. However, we would like to offer to our readers a few thoughts and ideas that we have gathered over the years, from a number of sources, for your consideration:

*“The Crystal Skulls function like our modern-day computers and were used in this capacity by various advanced civilizations in our past. They contain hidden knowledge and information that, when it is time to be revealed, will ultimately assist humanity to create a Golden Age of peace and harmony upon our world!”*

*“They were a powerful tool for healing [Body Mind and Spirit] within such cultures as the Mayans, the Aztecs or even the Atlanteans”*

*“Relative to today: We have witnessed many people’s lives being profoundly affected after having had an opportunity to spend time in the presence of a very old crystal skull. And even now, this type of phenomena is beginning to happen around the ‘Contemporary Crystal Skulls’ as well. Could the crystal skulls then be a type of mini energy vortex or better yet, a catalyst that is helping people to awaken to their true spiritual nature?”*

In truth, the best way to truly understand what the crystal skulls are about and to appreciate them is to have your own personal experience with one. So if you have a chance to meet a crystal skull along your path we encourage you to take advantage of this opportunity and see what will happen to you. Feel free to contact us, as we would love to hear from you about your crystal skull encounters.

We hope this short article was helpful in introducing the crystal skulls to you. This has been one of the most fascinating subjects for us to be personally involved with as the skulls have and are continuing to take us on grand adventures all over the world. We never know what will happen to us next or where our next destination(s) will be. Kind of exciting, don’t you think?

In the next section of our e-book, we offer a short biography about ourselves and present some of the special members of our collective crystal skull family.

## ***Katrina Head***

Crystal Skull Explorer Katrina Head, outside in nature by a waterfall in North Carolina posing with her crystal children

Katrina Head is an Energetic Steward of the Crystalline and the Crystal Skulls, a Galactic communicator, and a Placement Holder for Repairing the Energy Grids and the Energetic Fields of “Mother Earth”.

Katrina Head along with her divine life partner, Joshua Shapiro has been a **Crystal Explorer** since 2009. Katrina’s first contact with the crystal skulls took place in 2008 when she was gifted a small rose quartz crystal skull from a close friend. At that time, in Katrina’s life, everything was expanding quickly moving her towards her soul’s life purpose. As she worked with this gifted rose quartz crystal skull, it communicated to her quite clearly that its name is “The Guardian”.

Additionally, Katrina is a Star Code and Language Keeper of the Universal Source Hall of Records of

the Crystalline and many Universes, which she calls the “Krystal Star”. She has a full awareness of her many cosmic soul journeys that have taken place on various multi-dimension levels. Her work on this planet is all about **transformation and change**. She is directly linked to other dimensions of diverse frequencies and she is able to work energetically here in this dimension anchoring frequencies from all levels. The crystal skulls and other types of crystals assist her with her “Krystal Star Cosmic Soul Mission”.

She has clear and precise memories of a number of the “Ancient Crystal Skulls” when she worked with them as a Priestess. This happened during a period of time in the past, in our Earth’s reality, when everyone (all the people) worked together harmoniously and were co-creators of manifesting the “Source Frequency”. However, after this time, Katrina remembers how division set in that caused fragmenting within this “crystalline consciousness”. She believes however, that in the future we will return to a time as it was before when we will be living with these harmonious energies for our planet.

The crystal skulls are amazing catalysts from the future that are clearing the past distortions related to many misappropriated uses of the “crystalline consciousness” that has taken place in this third dimensional reality. The crystal skulls have a special message they shares which is: “there are many of us who are members of the “Ancients” that are returning from the future”.

Katrina fully supports all of the sacred crystal skulls as they relay another message to her, that there is “no separation”. The crystal skulls have explained to her the importance of not being bias about the age of the creation of any crystal skull whether

they are “newly created”, an “old crystal skull” or even “ancient”. The crystal skulls are of crucial importance for humanity, as they will assist in our expansion into higher dimensional frequencies on all levels. The crystal skulls are a catalyst that has assisted Katrina’s expansion with her soul-work, as the crystal skull conscious has expressed to her that there is no limitation in the “consciousness of truth and universal peace”.

Katrina has assisted numerous people who either are seeking their first crystal skull or, wish to add another one to their own crystal skull family. She discovers for these new friends and our extended spiritual family, the proper skull and has the [gift](#) to awaken the “living consciousness” inside of the skull so it is ready to work with its new guardian. Since she can easily hear the skulls speaking to her, they tell her how to prepare them for their new homes with these guardians.

When Katrina met Joshua, she had a chance to meet his “Crystal Kids” (the skulls he had at this time) or the “babies” as she [calls](#) them. During her first meeting with the “babies”, she went through a tremendous inner activation as she felt a lightening bolt go through her crown chakra and expanded her heart chakra as well. Katrina believes this activation helped to bring out more of her true self as the “kids” held a vibrational key of [information](#) that resonated with her soul. Katrina is able to hear (as distinct voices) all of the “kids”. Joshua and Katrina have a crystal skull family of over thirty skulls in number at the release of this book.

In addition, Katrina has met the ancient crystal skulls: “Max” (when “He” visited Atlanta in the spring of 2009); met the ancient Tibetan skull “Amar” in New York City (fall of 2010); has visited with the small Mayan Crystal Skulls known as “El Aleator” & “El Ra Za” (Mt. Shasta, CA, Winter 2011), had a chance to visit another skull called “Infiniti” (Winter 2011 in California) and has had contact with Dr. Brown’s Atlantean Crystal Ball (Spring 2009 in Florida) which became known as the “Atlantean Orb”. She also saw the beautiful crystal skulls (10 including the human-sized smoky quartz skull called “ET”) held by the van Dieten family in 2012. Finally, she also energetically worked with and met the Mitchell Hedges Crystal Skull in 2016 for eight (8) important days of powerful energy exchanges.

## R. “Joshua” Shapiro

© Joshua Shapiro & Katrina Head

A Crystal Skull Explorer since 1983, here we see Joshua holding the crystal skull “Portal de Luz”.

Joshua has been involved with the crystal skulls since 1983 when he saw a skull made out of amethyst quartz crystal in northern California (“**Ami**” was the name given to this crystal skull). He felt such a strong connection with this artifact that since that time he has devoted his life and resources to sharing the best information he can about these crystalline artifacts with other people all over the world as well as what he perceives is the future role they will play to help our planet see total world peace. He has had an opportunity to privately visit with a number of the well-known crystal skulls in the world including to name a few: the “Mitchell-Hedges Crystal Skull”, “ET”, the “British Museum Crystal Skull”, “Synergy” and “Ami”.

Joshua is the founder of **V J Enterprises**, which is located within the U.S., and started its operation from 1992 until the present (operating in a limited capacity). This organization is dedicated to sharing the best information that describes how our planet will

be transformed into a “Golden Age” in our near future and has basically been replaced by their group, “The Crystal Skull Explorers” (with Katrina). Additionally, Joshua has offered a number of other public talks throughout the world that discuss current information about other key paranormal subjects such as UFOs, the Bible Code, the Hollow Earth, Atlantis and Lemuria, the “After-life” and Sasquatch.

Since Katrina Head has entered into his life in the early spring of 2009, they have been working closely together. The Explorers offer various crystal skull presentations (lectures and workshops) to the public as well as a unique type of private consultation with their personal crystal skulls that combines their individual spiritual and creative talents. In the picture shown above, we see Joshua holding the crystal skull carved by the well-known Brazilian carver, Leandro da Souza which has the name of - “**Portal de Luz**” (Portuguese for “Portal of Light”), who has traveled with Joshua since 1999 (and now Katrina) all over the world.

Joshua is the author of various books including his first book about the crystal skulls entitled “***Mysteries of the Crystal Skulls Revealed***”, written jointly with Sandra Bowen and the late, F. R. ‘Nick’ Nocerino. This book was published in 1989 and there is also a Portuguese edition issued in Brazil in 1993. He has released various versions of his new book, “***Journeys of the Crystal Skull Explorers***” since 2004. The initial versions were released in two e-book formats and a printed edition that came out in three foreign languages and countries in Europe. Then in 2011, he changed his direction with a new series of books he released linked to his crystal skull world explorations, which are known as the “Travel Log Series.

The “Travel Log Series” at the moment is comprised of two books; ***Travel Log #1: Mexico 2009*** (which gives information about two trips to Mexico in 2009 and what crystal skulls were contacted during these trips, release only as an e-book in 2011) and,

the second book is called, ***Travel Log #2: Search for the Blue Crystal Skull in Peru*** (which is about the three journeys taken by Joshua to Peru from 1997-2002 looking for a Blue Crystal Skull -- this book was released as an e-book in 2012, a printed book via Global Communications in 2013, and both versions were updated and enhanced in October of 2018). You will find later within this e-book, special sections dedicated to discuss both of these books and shares more details.

He is the story originator for two paranormal stories, that both will eventually represent a trilogy of books one is entitled ***Journeys into the Unknown and Back Again*** (released in January of 2018) and the other is ***Crystal Skull Chronicles*** (*as of June 2023, this story is still waiting to be developed, see below for a description about this story*). It is his fondest wish that one of these stories may one day be produced as an action adventure film that will portray a very real future scenario of how world peace could actually take place in our world. In order to help with the novelization of both of these stories (receiving help from Karen and Maria respectively for these books, members of their free on-line crystal skull newsletter), in 2016, a special on-line membership service was begun that lasted until the end of 2017, where the members were able to read chapters from these stories each month.

*Crystal Skull Chronicles* is based upon a movie script that was developed from 2004-2008 with a talented Australian film writer. Unfortunately, Joshua could not find any investors or production companies who had an interest to help produce this film. Therefore, at the end of 2015, Joshua began to work with Maria, to adapt a story version from this movie script. The writing of the first book of this novel series was completed in 2017 and is still waiting to be released in some format, as mentioned.

*Journeys into the Unknown and Back Again* came to Joshua as a vision that he saw in 2014. Joshua felt he was suppose to do a book that dealt more with a paranormal theme and story (replacing his idea for a Travel Log #3 book). Once again, Karen who lives in England volunteered to help him. Book #1 of this series was released in January of 2018 (see the special section we have added to this edition later), of which the ***Blue Crystal Skull*** (discussed in Travel Log #2) makes a special appearance in the novel and plays a key role. Therefore, it is recommended to our readers to take a close peek at this second novel series, if you are curious to gain more insights about the Blue Crystal Skull.

Then in October of 2018, after working for about three months, Joshua released, as mentioned before, the 2018 updated and revised editions of the Travel Log #2 book, dealing exclusively with the Blue Crystal Skull. Some people have speculated that Joshua may have been inspired to do so as he has felt, for many years, that this crystal skull will eventually make its presence publicly known, in order to help our world in many significant ways. As the writing bug continued to snap at Joshua, in November of this year, he finished and shared a small booklet about the ancient crystal skull "Ami" (update from three reports he shared with the members of the on-line special membership service back in 2016).

Additionally, Joshua has had the opportunity to appear on various TV documentaries about the crystal skulls, of which most of these production companies did a very good job to represent the crystal skulls fairly and accurately. Some of the programs he has appeared on include one done by the Syfy Channel (he was a consultant, his interview was not shown); another on National Geographic, as well as the Smithsonian Cable Network, Channel 5 in the UK, the History Channel in Canada, and a few others. He is also a frequent guest on various radios shows (normal broadcasts and via the internet)

and at times, Joshua with Katrina, have hosted a few radio shows here and there themselves.

Related to future projects going into 2019, Joshua plans to continue to release more books, utilizing the services offered through Amazon. The Explorers moved from Seattle, where we lived from 2011 to Atlanta in April of 2018. Via various contacts we made in Atlanta we are looking to create a specialized spiritually based center that will also help other people, if we can, to publish their creative “Light” projects whether it might be their books, videos, documentaries and the like as well as help other people to get started with bitcoins and other crypto currencies. We hope to begin to do more travels throughout the world to offer our public events and private intuitive crystal skull sessions. We will continue the crystal skull world peace meditations on the 13<sup>th</sup> of each month as well. And, as always, we plan to be open to form alliances with other crystal skull guardians and teachers and other spiritually based groups and organizations for creating new “Light Projects”.

**[ 2023 Updates (Joshua):** The Center that I spoke about above, during 2018, we came up with its name, as I mentioned in the Welcome Section as “The Center for the Advancement of Humanity”. I even created an initial document to describe what type of products, services and activities would be offered through this Center. But, not until the spring of 2022, when I received a message from “Spirit” did I begin to create aspects of the Center on-line. I also found other extended family members who wanted to help us hold the energy for these future centers until we could physically manifest into the world. See the Appendix for more details.

In 2019, I had an opportunity to be a speaker at a Crystal Skull Conference near Chicago, organized by Mary DeLaat. It was an amazing experience as well as meeting so many Crystal Skull family there. In 2018 and 2019, we offered a few public talks in the Atlanta area. However once Covid-19 started and expanded into the U.S. in the early part of 2020, we stopped traveling for the most part. Therefore, I started to become quite busy offering on-line interviews including having another chance in 2020 to be on the popular radio show, “Coast to Coast”. I also started to write more free e-books (which again you can get your own copies via the on-line links provided in the Appendix in the last section) about a variety of other subjects.

So in 2020, for the “Coast to Coast” radio show, I created an e-book called “Messages from rJis” which discusses my future self in this lifetime called rJis who talks to me and speaks about our future. I also put together another e-book based on information I uncovered on-line about the possibility we may be living in a computer simulation. And then inspired by my interviews I did (using the zoom app) with well known whistleblower Gene Decode, in 2021, I wrote another e-book which I believe shares about what was happening at the time behind the scenes and the undeclared war (between Good and Evil) which has really come out more publicly since Covid-19 started. Also in 2021, I became very active on the Telegram app and discovered there this is where the Truth was being shared about current world events that the major media won’t cover. So I learned about Tartaria and the Flat Earth and did free e-books on these subjects also. Lastly, here in 2023, based on an inner message I received from “Spirit”, I was told during 2023, the Full Truth on everything will be Revealed before the end of this year and this inspired me to do another free e-book on evidence and proof plus a Video Series as well. ]

description to acquaint you with  
their relative size and what could  
be the service offered by each of the  
crystal skulls shown here ..... )

# Portal de Luz

“Portal de Luz” (Portal of Light) weights 10 lbs (4.5 kg) and is the largest crystal head in our family. He is made of light grey smoky quartz crystal that was mined and carved in Brazil. His first initiation occurred at a Mayan Sun Rise ceremony conducted by Mayan Priests from Guatemala in Sedona, Arizona in 1999 at a crystal skull conference sitting with a number of old and young skulls.

Since the summer of 1999, “Portal” has worked closely with Joshua participating in his lectures and private consultations (now with Katrina and the other “Crystal Kids”). When an individual chooses “Portal” for their consultation (or healing session) this represents a person who is seeking more balance in their life or wishes to have a greater clarity about their life’s purpose. When “Portal” interacts with others, He will often change his weight and color. He loves to participate in our crystal skull research and to work with the Natural Energies of “Mother Earth”. He is our musical skull who is often seen dancing with his “papa” (Joshua) during our public presentations.

Portal Stories: - We have what we call *Portal Stories*, which are unusual activities that happen around this crystal skull. For example, there was a time when Joshua was interviewed in Las Vegas for a multi-cast, part by radio and part by video over the internet. The camera was tested before the broadcast and was working perfectly but then, all of a sudden just stopped working for the entire length of the interview for some strange reason and then came alive again when the show was over. On another occasion, we met a Mayan Elder in Holland who saw “Portal” and told us he was a very old skull that belonged to the Mayans ....

## Geronimo Golden Eagle-Eye

“Geronimo Golden Eagle-Eye” is just under 2 lbs., almost clear dark smoky (cola smoky) quartz crystal skull, who was a gift to Joshua from Blue Arrow Rainbow Eagle Woman (his last ex-wife from Holland) in 2004. At this time Joshua had just one crystal skull, “Portal de Luz” and thought he would never accept another. However, when he first viewed “Geronimo” (the short name), he was so clear inside, he felt drawn to accept him.

Normally it takes a few months to work privately with a new crystal skull that one obtains before sharing “him/her” with others. However, “Geronimo”, after about a week of being with Joshua was already out in the public at a crystal skull meeting in Germany. In the beginning, Joshua wasn’t quite sure what work “Geronimo” would do, although he had a Native American name. “He” would constantly help Joshua to be a bit more balanced energetically during the private sessions, although he was not offered to the clients for a quite some time before Joshua shared Geronimo with the public. Eventually He joined the group of working skulls became one of the most popular ones chosen in our sessions.

It was in 2007 when “Geronimo” really started to come into his own. He became the favorite skull of the leader of a group of Shamanic Drummers in Hungary and loves to be around native drumming. He also became the favorite skull for a Native American Indian Chief in Missouri that He met in 2008 and was gifted some new special energies from this tribe. He has helped Joshua in many ways with his personal energies as well as being a protector skull. In a sense, “Geronimo” has paved the way for more crystal skulls to come into our crystal skull circle of which Joshua and Katrina now affectionately call their “Crystal kids”.

It was in 2011, due to the strong interest that people had around “**Geronimo**” and especially to acquire a crystal skull like him that we began to develop a line of new crystal skulls, through our friends at “Skullis” called the **Geronimo Juniors** (see a few pages over, where we discuss the first Geronimo Junior known as “**My Son**”).

# Heavenly Mother (Pacha Mama)

“Heavenly Mother” is a 1 lb rose quartz skull and was made by the same carver in Brazil as “Portal” and “Geronimo”. She was a gift that Joshua received in 2007 while he was living in Holland. At this point in time, Joshua was preparing to leave Holland and return to the U.S. but he had just two crystal skulls which had predominately male energies so “Heavenly Mother” arrived to bring a feminine energy to this circle.

“Heavenly Mother” is the crystal skull who emanates a very pure and loving energy that generally will touch people in their heart, whether this person is a man or a woman. She is usually not one of our skulls who is seen out in front, as She does her “heart work” behind the scenes. “Heavenly Mother” played a very important role in that she also opened the door for more feminine based skulls to come to us. Other crystal skulls followed Her in 2008 that included the arrival of the rose quartz skull, called “The Guardian” with Katrina in 2009 and “Rosalita” in 2011 into our circle.

For Katrina: “ ‘Heavenly Mother’ has a very gentle and loving energy but She has acted as a catalyst to electrify and really opened up my heart energy. She also works with the higher heart energy. The higher heart energy is what activates the crystal records that are within each of us. Once I started working with ‘Heavenly Mother’, this is what she activated within me... these crystal records.” Katrina saw with her inner vision that the higher heart color becomes a crystal lotus blue which is directly connected to a level called “The Kundalini Universe” which is where our “Cosmic Chakras” (*verses our physical body chakras*) and “Light Bodies” exist.

# Purple Love / Zippy One-Eye

This amethyst crystal skull is slightly over 2 lbs. Joshua acquired this skull from a friend in Chicago, Steve Rosely (dec.), who sold crystal skulls and many gemstones in his store on the North Side of Chicago. Steve had a booth at a conference in Chicago where Joshua and Bill Homann (*the guardian of the "Mitchell-Hedges Crystal Skull of Love"*) both spoke in 2008 near Chicago. Bill gave people a chance to see his wondrous crystal skull. Steve granted us permission to show the "Mitchell-Hedges Crystal Skull" in his booth area. Well, Joshua had a strong feeling that the "3 Musketeers" at this time, (*Portal, Geronimo & Heavenly Mother*) wanted to have an amethyst brother/sister. So, when Joshua wasn't busy with the interviews for the TV show that was filming there, or helping Bill with the "Skull of Love", he walked over to see what skulls Steve had for sale.

There were a few amethyst skulls present but there was one which kind of was speaking to Joshua (*this one*) so he traded about 12 of his old crystal skull books to acquire this crystal skull. Now it was taking a while for a name to come, but Joshua was drawn to the skull's eyes and it appeared as if one eye was open (*the right*) and the other eye was closed, so the name started at "One-Eye". But then one day as Joshua was driving his car to do some errands, he heard the spirit of the skull come to him and "she" said: 'My name is not "One-Eye" its "Zippy One-Eye", so Joshua thought who am I to argue if my skull wishes this name. "Purple Love", the skull's other name, was the name given by Katrina one day when she was working with this crystal skull.

"She" works with the feminine energies of a person and opens one up to their intuitive side for balance with one's masculine side regardless whether you are man or woman. "Zippy" shows you that once you are lead intuitively by *your inner guidance*, the perfect life direction for you to take will be the balance of your masculine/feminine energy. Katrina also found that "Purple Love" has an affinity for "Dolphins" as when she was doing a meditation with this skull on the beach in Florida, the Dolphins came and said hello to Katrina and "Purple Love"!!

## The King / Laialani

The “King” (*The One who Points the way; the masculine side of his name*) or “Laialani” (*the feminine side of her name*) is the name of this “Star Being” skull which is less than 1 lb., made from amethyst quartz. Joshua has tried to discover who is the carver that is making these types of skulls (*hundreds or thousands have been crafted*) but all we know is that the carver is Chinese. Some people feel the shape of this skull resembles the Gray Aliens somewhat, but for us, this skull has never held such type of frequencies or energies.

Joshua received this crystal skull as a gift from Sharon White Elk Woman of Kent England. It was in the fall of 2008 when he participated in a Crystal Skull Conference (or “Taster” as it was called it) in Glastonbury England. White Elk Woman told Joshua that this specific crystal skull had requested to go home with him. The masculine name for the skull was not known until about 2 months later, when Joshua was visiting a friend in Los Angeles. He began to do a meditation with the skull listening to music from his MP3 player and right before going to sleep something unusual took place. Here is what happened exactly:

First Joshua felt to raise this skull held in his left hand, high in the air above him and away from his body. Then he felt and saw a powerful purple beam of light come from above him and cover his hand and arm, holding the skull. There was a communication on a feeling level with some type of other dimensional or “ET” beings. Then he heard, “My name is The King, and I am the One who Points the Way” and he felt the “King” literally moving him off in a direction representing the direction in his life he should travel. In 2009, other people felt a more feminine aspect to this crystal skull during a small presentation we gave in the Atlanta area. A good friend of Katrina’s in attendance was holding this crystal skull and said the feminine side felt like “Laialani” – a woman’s name from Hawaii, so we decided to keep it. This skull works with people who are “Star People” or “ET Souls” and shows these individuals how to integrate their star-self with their human side. Katrina also feels that perhaps it was “Star Beings”, dimensional beings who contacted Joshua. “The King/Laialani” is also connected with the Hathors.

# The Guardian

The "Guardian" is a small pink quartz crystal skull that weights less than 1 lb. This is the first crystal skull that Katrina received. It was gifted to her by a friend during Christmas 2008. Do not let the size fool you because this is an amazing tool.

When Katrina received this skull, it immediately began to work with her in wondrous and powerful ways creating special manifestations. The first manifestation was confirmation that she would soon meet her soul family and began a new and exiting job in the spiritual field. At the time the "Guardian" arrived, Katrina was going through a major shift of the frequencies within her personal energy field as new spirit guides were coming to help her at the time. It was not long after that she was told that these energies (the guides) were "The Guardians" (see *Katrina's bio*).

The "Guardian" has a very gentle and sweet energy. "She" brings in a frequency that gives to the person She is helping, a balance of harmony and a strong guidance to assist one to move forward on their personal path. The "Guardian" offers an energy that helps to balance the feminine and masculine parts of a person as She shares one-on-one how to use the power of both energies combined. A contact with the "Guardian" provides one with courage for their life as well as the ability to stand in the power of who they are. When Katrina first received the "Guardian", it was very pink in color but as you can see in the photo, it has become almost totally white. The calming and flowing energies within the "Guardian" continue to change constantly in all of Her travels due to Her contact with the angelic kingdom.

# Anton

“Anton” is a small clear quartz skull that was carved in Brazil which weighs less than 1 lb. Katrina received this skull when we ordered skulls for all the passengers of our “UFO – Crystal Skull Journey” to Peru in November of 2009, it was Katrina’s first taste of Peru. Katrina immediately began to connect with Anton when we received him in Brazil. As soon as the carver was shaping the piece of quartz crystal, “He” telepathically told Katrina that his name was “Anton”. “Anton” has strong Egyptian energies and contains a blue dragon energy as well.

When she first received “Anton”, it was truly a reunion for them. Katrina took pictures of “Anton” when he arrived and could see an image of the Sphinx. “Anton” has a higher energy that creates a doorway that allows Katrina to experience a higher reality system of source energy. Katrina senses a feeling of liberation and freedom when working with “Anton” (‘the Law of One’). When taking “Anton” to Peru He received and recorded a blue dragon in the back of his head and you can see the shape of that dragon. “Anton” revealed to Katrina that this is ancient dragon technology picked up through the doorway of “Aramu Muru” and he revealed to her that this energy works with the ley lines across Mother Earth both horizontally and vertically connecting to the four faces of man. “Anton” is able to work with people in regaining and reinstating cellular records of who they truly are and then they can begin experiencing their soul path. (Note: In 2017, Anton requested to be sent to another guardian and was one of the first “Crystal Kids” to ask us to move on.)

# Atahualpa

“Atahualpa” is a 9-10 ounce frosty clear quartz skull that was made by a carver in Brazil around September of 2009. He came along with another one of the crystal skulls we received for our group going to Peru later that year. The quartz was mined in the state of Minas Gerais in Brazil as is true of several of the other “kids”. After Joshua was called to select this crystal skull, He told Joshua that he was **forbidden** to work with “him” until they were actually in Peru.

The name of “Atahualpa” comes from the name of the last Inca Emperor, who was tortured by the invading Spanish and then eventually killed. The crystal skull did not reveal his name to Joshua, as His primary caretaker, until we were in Peru with our spiritual group. Joshua had visited Peru several years earlier, in a remote city in the Andes mountains, up north, called Cajamarca, the last home city of “Atahualpa” before he was executed by the Spanish. Joshua felt a connection at that time with the spirit of “Atahualpa”. Then, while we were in Lake Titicaca, before returning to America, the spirit of the crystal skull asked Joshua to be given this name. But right after the name of the skull was decided, while we were still in this sacred Lake, Joshua did his first personal meditation with “Atahualpa” listening to the music of the group called “Cusco” on his mp3 player. “Atahualpa” showed Joshua that he had a past life with Katrina as an Inca and that they had lived in Lake Titicaca area before. Joshua is not ready to reveal who they were during that time just yet, as it is hard to believe.

While in Peru, Joshua observed how “Atahualpa” was recording and absorbing all the frequencies of the sacred sites, the group visited within his vibrational structure. Therefore, this crystal skull holds the energy of Peru and helps a person to prepare for visiting Peru.

## Ta'chu'la

*(Editor's Note: Due to the unusual nature of how we acquired "Ta'chu'la" and where the skull was discovered, we have decided that in order to tell the story about this skull properly we will allow more than one page to be shared as opposed to what we have done with the other "Crystal Kids".)*

"Ta'chu'la" is a skull made out of clear obsidian with a piece of cranberry obsidian that lies in the back of the head. "Ta'chu'la" was retrieved from a construction site and dig in Mongolia, China where they were building a dam. As they were digging into the ground they discovered "Ta'chu'la" and a number of other non-quartz skulls. This took place during 2009.

Katrina received this skull from a good friend of Joshua's, whose name is Lionfire, based out of Colorado. Lionfire has been interested in the crystal skulls for a long time and naturally was familiar with the work that Joshua has done over the years. Finally, the two of them were able to meet near Santa Fe, New Mexico in December of 2008, as both were present to do their own type of public crystal skull work. When Joshua met Lionfire at this time, Lionfire had 30-40 non-quartz skulls with him and all had come out of China. These skulls, like "Ta'chu'la" are all stylized and are not a representation of the human bone skull. Lionfire has contacts with the people who are digging up these skulls and then tries to find the right person for their new home.

Going back to the first time we met "Ta'chu'la", which took place during our visit to Sedona, Arizona in December of 2009. Lionfire was nearby to attending a special conference that featured 13 Grandmothers of various indigenous tribes. Again, Lionfire had a number of these skulls with him and shared them at the conference plus, he gifted one of these gemstone skulls to one of the grandmothers. The person who was hosting Lionfire, was very close to the room we were renting in a private

home. We were able to visit with Lionfire twice. It was during the second visit that activities began to happen between Katrina and “Ta’chu’la” (of course we didn’t know this was the skull’s name at this time).

When Katrina saw “Ta’chu’la” during our first visit the skull began to speak to her directly but she wasn’t paying attention and because she was tired, she just dismissed it. Additionally, “Ta’chu’la” was sitting with thirteen other similar types of skulls that were retrieved from the same Mongolian dig. During our second visit, “Ta’chu’la” once again began speaking to Katrina and this time it was harder to ignore the skull. Then, when Lionfire placed “Ta’chu’la” into Katrina’s hands (*Katrina had not said one word to anyone present about that “Ta’chu’la” was talking telepathically to her*), Katrina realized this skull wanted to go with her.

Lionfire intuitively felt that Katrina was supposed to have this skull, so an arrangement was made for “Ta’chu’la” to go back home with us as we left Sedona. Also when “Ta’chu’la” was given to Katrina, the skull immediately began to tell her His name and explained to Katrina that His purpose was to be with all our crystal skulls and ourselves as our protector (*a protector of the energetic field around the “Crystal Kids”*).

Now for us, “Ta’chu’la” has a Mayan energy. Katrina feels that she has worked with “Ta’chu’la” in the mult-universes and has had a special past lifetime with “Ta’chu’la” which is why “Ta’chu’la” recognized her. “Ta’chu’la” gave Katrina specific instructions as to how He is to be used. For example, “Ta’chu’la” is to sit behind the other crystal skulls in the private sessions we offer and He is not to be held by the participants unless he specifically states which person He wishes to be held by. However, “Ta’chu’la” does like to be held at our public events and workshops. “Ta’chu’la” has access to a universal energy of protection that works with the spiraling essence of the Universe. “Ta’chu’la” sends out messages about healing energies which are linked to universe upon universe, planet upon planet and being upon being. “Ta’chu’la” works with an individual’s DNA coding and this is something that can not be understood by one’s intellect. It is what it is.

# My Son

This crystal skull might look similar to one you have seen above called "Geronimo", and you would be right. We asked our friends at Skullis, if they could duplicate a Skull like "Geronimo" and this was the first one they carved. This skull told us its name was "My Son" (*son of Geronimo*) and it wanted to stay with us. There were other so-called "Geronimo Juniors." we had made afterwards which went to a few other special people we met on our tour in 2011 and some to members of our free newsletter. To read more about the Geronimo Juniors, see the next page.

At first, after having "My Son" sit next to "Geronimo" the essence of the energy of the two skulls was very similar. But now that we have had "My Son" for almost four years, He is working in different ways than his Dad.

We would still say however, that "My Son" is a healing skull. Joshua has worked with "My Son" at times to do a personal healing or for the "World Peace Meditations", we do with the skulls on the 21<sup>st</sup> of each month and found that He resonates quite nicely with these types of energies. However since He is based upon "Geronimo", He still has a link with the indigenous people and their different ways to celebrate ceremonies, just not as intense as his "papa" does.

This does show never-the-less, that if a crystal skull is made in similar dimensions to an original one, that once the guardian places this new skull with the one it is modeled after, that even if it is based on a newly carved skull which has been activated, these so-called replicas can take on a life of their own too!

**(Note:** Please find continued on the next page more information about the relationship between "My Son" and his papa, "Geronimo" and a special announcement about a new line of "Geronimo Juniors" we are offering now.)

## **My Son (with Geronimo) / Geronimo Juniors**

The photo shown here is a picture of “My Son” on your left with “Geronimo” on your right. We thought it might be helpful for our readers to see how the “Geronimo Juniors” look and feel as compared to the original. In a way by creating the so-called “Juniors”, who when they come to us to be activated, they will sit with “Geronimo” and take on a part of “his” energy before they go to new guardians all over the world, this helps us also to share the special indigenous energies which “Geronimo” holds.

There have been special moments when it is more appropriate to just work with “My Son” than “Geronimo”. As the “Geronimo Juniors” have begun to make their way all over the world, we have heard from their new guardians how their “Geronimo Juniors” were making a big impact upon their lives. Thus, we received an inner call again to offer this line of crystal skulls. We setup a new agreement with our carvers at “Skullis” and we decided to offer the new Juniors in over 20 different gemstones including: Rose Quartz, Citrine and Amethyst, with White Jade and various types of Jaspers. We see the proliferation of the Juniors as a way for the collective energy of our “Crystal Kids” to be shared throughout the world. Below are other examples of “Geronimo Juniors” being made by “Skullis” in China (smoky & rose quartz):

# Krishna

This could be one of our most mysterious and controversial skulls to date, as no human hands made this crystal skull as far as we understand. What do we mean by this? Well, it means the skull was apported, so let us explain how this happened.

In early January of 2012, we were invited to a spiritual séance conducted through the medium Mychael Shane who at that time was living in the Seattle area. He told us that he had received a message that we must be present for this meeting. Therefore, we brought our personal skulls with us, to help record the frequency of this séance. Mychael also allowed us to have our skulls on the ground just outside the tent where he would be sitting inside during the session.

During the séance, the spirit of "Krishna" (an Indian spiritual master) spoke to the people who were present and gave different spiritual messages and insights. After this, through an energy vortex that formed inside of Mychael's mouth, over 40 objects passed through and landed on a towel. This included gemstones, jewelry and one fire opal crystal skull. The objects that come through Mychael were all gifted to the people in attendance, so Mychael's helpers knew exactly whom this skull was meant to go to.

When light is shined through this skull, you will see a fire color. After this crystal skull came out, in its first moments of existence in our reality it had a very high vibration. But now (over 3 years later since Krishna arrived), the energy of this skull has adapted to the physical reality. We saw another skull through Mychael that he claimed came through an opening in the ceiling of his bedroom, and he was told it was teleported from another world. This skull was larger and made from clear quartz. "Krishna" probably only weighs one lb. is quite small and looks a bit like the skull of a monkey. In any case, He is another interesting skull that is one of the "Crystal Kids".

## Lady Mu

This is what is called a Single Pointed Lemurian Crystal Skull as one end comes to a point and the other end is cut into a skull face. The Lemurian Star Seed crystals that comprise these skulls have been uncovered in the ground of Brazil. These crystals are considered "master" crystals within the Crystal Kingdom.

A Lemurian Crystal transmits outwardly the message of "Oneness, Unity and Love" which were key energies that were expressed during the time of Lemuria (*over 100 thousand years ago*). Thus, this is also the work of the Lemurian Crystals today. To reactivate within the planetary matrix these ancient memories of Oneness and Unity so that it may become the way of life on the New Earth that is ahead of us in our near future.

The name of "Lady Mu", expressing a feminine energy is what Katrina received. These crystals are also connected to the Inner Earth, the Earth's surface, and the Stars and serve as links to these various cosmic electro-magnetic fields.

Lemuria was an ancient civilization whose center of consciousness was focused upon the emotional and spiritual dimensions of existence unlike our present-day modern world, which is mentally based. The deeper connection to the heart that the Lemurians possessed, allowed them to express unconditional love for the Divine and each other. So essentially, "Lady Mu" embodies these Lemurian energies and helps an individual find a connection to their own inner Peace and Oneness. This skull was a gift from our dear friend Nicole, who lives near Boston, when we worked with her in the fall of 2011 to create some special crystal skull activities for that area.

# Rosalita – The Flower of Life

“Rosalita” is a pink rose quartz skull that weights approximately 13 lbs and is comprised of two pieces, that includes a separate lower jaw. This crystal skull was carved by a master carver in China during September and October of 2011 and we received her on October 27th. On this very same day, we were just leaving for a coast to coast trip by car within the U.S. We took “her” and our other “crystal children” from Washington State to Asheville, North Carolina and back (by December 3rd).

“Her” name actually came through three women we knew (or met) during this long journey. All of these women received the name of “Rosalita” – (for one person this was the name of her grandmother) which is Spanish for roses. Joshua received a few weeks later, the sub-name of “The Flower of Life”. At first Joshua was a bit uncomfortable with this name, but it eventually grew upon him and he accepted it.

“Rosalita” was initiated by placing her on top of a photo of the well known “Mitchell-Hedges Crystal Skull”, which Joshua received as a gift many years ago. Next we had “Rosalita” watch a short video we had of Anna Mitchell Hedges sharing her crystal skull and telling her story for our friends in Holland (sent in 2005). And finally we showed “Rosalita” part of the interview that Joshua conducted with Bill Homann (the current guardian of the Mitchell-Hedges Skull) in his home in 2008 especially the section of the video where we zoomed in to show a detailed view of the Mitchell-Hedges Skull for the audience. To conclude, for the final initial activation of Rosalita, on October 28th, we did a special meditation early in the morning at a powerful energy center in the northeastern part of the state of Washington, off the shore of a lake. When we had our first public showing of “Rosalita” on October 31st (Halloween) near Denver, all of the people

present could feel a very powerful and uplifting energy being shared by her immediately!

The essence of “Rosalita” is linked with a healing and strong vibration of “Love”. During our long journey at the end of 2011, many people had a chance to meet “Rosalita” and felt this special energy around “her”. For example, to show you how her healing ability works, Katrina was becoming sick during our long travels and in the first few days, fluid was filling up in her lungs. However after sleeping with “Rosalita” next to her head, just one night at our hotel, she almost immediately recovered and never had this health challenge for the rest of this journey.

On another occasion, while Joshua was giving a lecture about the crystal skulls at the Star Knowledge Conference held in southern Illinois near St. Louis, Missouri (very close to the Cahokia Native American Mounds – a group of 120 mounds made by an unknown indigenous culture guessed to have existed since 600 B.C.) – he had a strange sequence of events which occurred around “Rosalita”. After Joshua had finished his talk, he asked the audience if anyone had any questions. He noticed there was a woman sitting in a wheel chair in the front row who raised her hand. This was Grandmother Agnes Baker-Pilgram, an elder of the Takelma Indians originally from southern Oregon, who just happened to be a member of the International Council of Thirteen Indigenous Grandmothers (13 indigenous grandmothers from various traditions who have decided to work together for peace starting in 2004 and did so for quite a few years, but now are disbanded).

As Joshua acknowledged her, Grandmother Agnes said to Joshua “You have a crystal skull on the stage that is speaking to me but I can’t see the skull because it is being blocked by the podium. This crystal skull wants to visit with me, it is saying”. So Joshua quickly picked up “Rosalita” carefully, holding “her” securely with both of his hands so the two pieces of this crystal skull didn’t bump each other. Then he placed “her” in Grandmother’s lap. Grandmother commented that she felt a hot energy move from her lap up into her body, which was “Rosalita’s” way to offer to Grandmother a special healing for her condition of her health at that time. We also believe this was a clear outer sign given by “Rosalita” that she has a special work to do with the indigenous people and their elders.

We feel very honored to have been gifted with this crystal skull from both the Chinese carvers who helped to create her and our friends in Salt Lake City who helped us with their donations. We learned about the Chinese carvers via an interview in early 2011 that Joshua gave for a documentary shown on National Geographic created by the TV production company, Zigzag Productions from England, who had employed the same Chinese carvers to make for them a similar sized and shaped skull of clear quartz to show during their program. We would have to say that having “Rosalita” in our personal lives and present during all of our public work has been a privilege and a special miracle from Creator.

**(Note** – later on this e-book, we have included an article entitled “*A Guardian of a Human Sized & Shaped Skull?*” – of which there is some additional insights and information related to “Rosalita” is shared.)

# Rabbi

This crystal skull is made from a blue lapis lazuli stone with grey swirls of color circulating over the surface of the skull and “he” weighs about six lbs. We believe from the style of this crystal skulls’ physical form, it was most likely a modern carving done by a talented Chinese carver. It is important to include this crystal skull within this expanded 2018 edition, because of a dream I had in Peru, described in Chapter 4 when I was near the “Laguna Negra”. For you see, in this dream I saw a blue crystal skull with me, purportedly the “Blue Skull” I had been seeking. When one of ours readers read this part of the 1st printed edition of this book, who’s name is Wendy, as she is a member of our free crystal skull newsletter, she felt compelled to send this blue lapis lazuli skull to us as a gift. The skull arrived in April of 2013, just in time to celebrate my birthday. We were totally surprised that our friend, who had been following our crystal skull work for many years, felt so inspired to send us this beautiful skull just because of my dream.

Now how did this skull get the name of “Rabbi” and do you know what a rabbi is? Well first of all being born Jewish, a rabbi is generally an elderly jewish man, who has studied in hebrew all the holy books of Judiasm and becomes a religious leader for his community and/or for a Jewish Congregation that prays at a local temple. It is actually Wendy who came up with this name for this crystal skull because there appears what looks like a Jewish skullcap (or what we call in Yiddish a Yamulke), on the top of “Rabbi’s” head. Jewish men wear this skullcap (yamulke) on the top of their head as an act of piety, or to show their devotion to God and as a reminder that God is always above us.

So we accepted this name and continue to call this crystal skull the "Rabbi", to honor Wendy and her gift. But also, in the dream I had when we were staying near the Laguna Negra for what we call Journey #3 (in Chapter 4), I saw myself as actually being some kind of Jewish Rabbi – how funny it was that this beautiful blue lapis lazuli skull came to us because of this very clear dream – life can be so magical at various moments throughout our life, but let's continue to tell the story of this interesting crystal skull...

As far as what type of energy the "Rabbi" has and the service he offers to others who have contact with him .... well, since he is not quartz crystal as are most of our other skulls - it seems like Rabbi holds more of a grounded energy that is linked to him which helps people make better decisions in their lives from a more physical earthly perspective. I have found when I hold "Rabbi" that "his" energy is very balanced plus I have always had a fondness for this stone, lapis lazuli. In other words, I totally resonate with the energy of the stone you might say. I also know on the ancient Hebrew Priests' breastplates (as shared in the bible), lapis was a special stone they would wear doing their religious ceremonies and for other religious activities. I also think "Rabbi" has a humor to him and shines this inner joy which gives one a feeling that everything will go amazingly well in your life.

However since "Rabbi" came to us due to the dream shared in the 1st edition of this book, that came out in early 2013, it just made sense in our 2018 edition, that he must be included. Now since "Rabbi" was the first official blue colored stone skull to come to us, and be a member of our "Crystal Kids", our readers might suspect that it was an indirect sign that the "Blue Skull" (*the special crystal skull this book is all about, that we haven't discussed just yet*) is a real crystal skull that exists. As I don't wish to spoil for you, our reader, what other things we will share about the "Blue Skull" we will be discussing within this book, I will leave this statement as is for now. Also, when I think back upon this unusual dream I had in Peru in 2002, since I don't usually see colors in my dream at all (or I don't remember colors) – it was not specific in the dream whether the blue colored skull that was present was THE "Blue Skull" or if it was another skull of a blue color. Upon thinking about this experience years ago, I don't believe it was the "Blue Skull" that this book is primarily focused upon though even if I might have thought it. Interesting – aye?

# Winema

This crystal skull is a five-six pound clear quartz skull that was purportedly discovered in a cave in southern China with other such skulls of a similar design by a gentlemen named Frank Loo during the 1980's. This is another style of crystal skull that has been called Tibetan or Himalayan, and as you can see from the photo below, it is not per-say human-like in form. "Winema" is more of a stylized crystal skull with primitive features. We do not know the origin of this crystal skull such as which civilization may have been involved in creating it and why they decided to fashion it into such a style. It seems to have some connection with the other skull, we shared before called "Ta-chu-la" as both of these crystal skulls seemed to have come from China or Tibet (the orient).

In 2016, Katrina was looking through her facebook account, when she saw a man in Holland who wanted to sell this crystal skull. As soon as Katrina laid her eyes upon the digital image of "Winema" in her web browser on her computer, she intuitively felt and knew that this crystal skull must come to us. However, the price of the skull was a bit expensive so we negotiated with the former owner to do a monthly payment which took almost a year for us to complete and make the final payment.

Eventually this crystal skull was mailed to us and received on October 16th, 2016. Katrina heard that the name of this crystal skull was "Winema" which means "Chief" and since this crystal skull had a feminine energy connected to "her", therefore she was a female chief. Another feature that "Winema" has which we have seen on other crystal skulls like her that appear to be quite old, is that mostly around

the back of the head, the underside of the jaw and in the right eye (see her photo) there are streaks of a rust color substance that seem to be embedded inside of the quartz.

Joshua did not initially feel a strong connection with "Winema" when he gazed at her photo but after "Winema" arrived, Joshua attended a local psychic fair that "Winema" had requested to go to and participate in (this was a telepathic communication), where he would be doing his intuitive readings. At the fair, a young woman who did a session with him had selected "Winema". "Winema" seemed to be able to communicate telepathically through Joshua a very powerful message for this woman who responded quite favorably to the information being shared through Joshua. Thus, this is how Joshua finally linked up with "Winema" and began to appreciate her loving kindness and gentle wisdom.

For Katrina, "Winema" is connected to the "Rainbow Ancestors" which means she brings into this physical dimension, the essence and energy of these star ancestors. In the dream state, "Winema" took Katrina through the rainbow waterways. Katrina believes and was told that these waterways represent a "Cosmic Rainbow Crystalline Grid" for our planet that connects humanity to the "Cosmos". "Winema" therefore is a cosmic record keeper and is directly connected to the instructional set of the original records of "Star Codes" which link into other similar code sets from different levels of consciousness connected to various species of galactic beings within our entire universe.

## Portal de Luz

**Images to Look For:** Do you see at the top of the skull, the image of the “Little People of the Cherokee” which is also called “Yundi Tsundi” meaning race of Spirits? In the middle of the skull do you see the Asian deity “Kuan Yin”? Further, below there is an animal spirit (a wolf) and maybe you see a spaceship at the bottom?

# Portal de Luz

**Images to Look For:** To the middle (in the lighted area) at the far side on both parts of the head are two strange beings with a sort of light tower or energy tower in the middle. Or do you see an Egyptian looking person or deity again in the center? Throughout the skull are many images of cats with perhaps an Angel at the bottom?

## Geronimo Golden Eagle-Eye

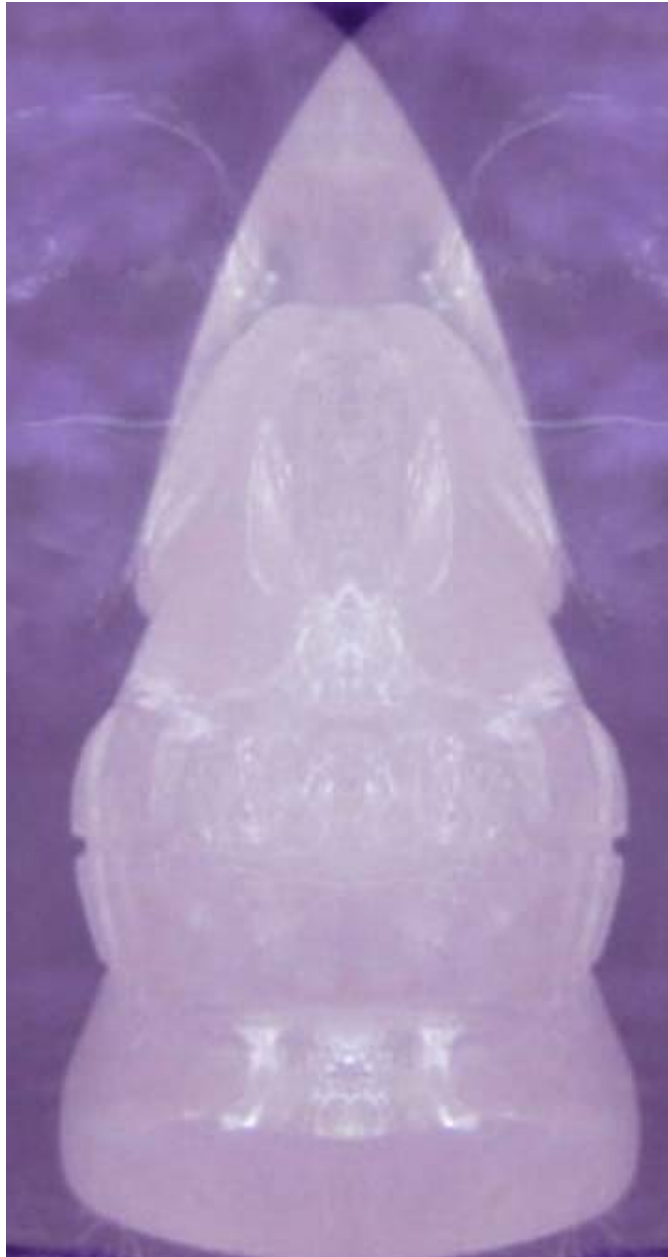

**Images to Look For:** Do you see in between the eyes a Native American? Then, what about the wings at the sides in the middle? From the middle to the right there are animal spirits with many symbols throughout the skull that look Native American. In the nose area it seems like there is a Native American camp with tepees and there is a horse with a person on it.

## Geronimo Golden Eagle-Eye

**Images to Look For:** Do you see at the top of the head a Peruvian Knight? (The same man Katrina saw at “The Temple of the Monkeys” near Cusco, Peru). Also around this Peruvian Knight do you see eagle wings? In the middle of the nose is a “Phoenix Rising”.

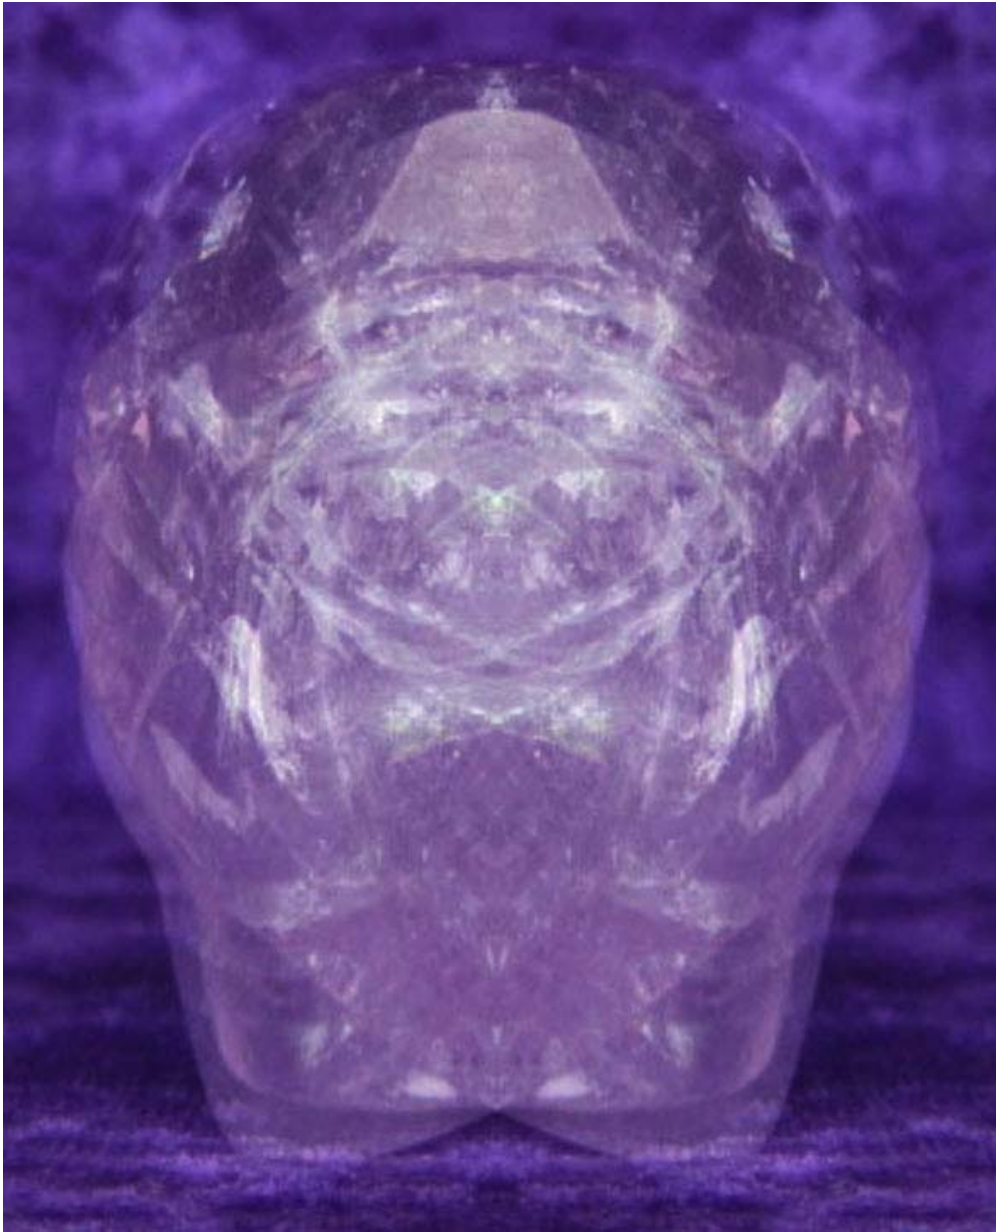

## Heavenly Mother (Pacha Mama)

**Images to Look For:** At the top, do you see another crystal skull? Before this are easily seen “wings”. There is a person in the middle with a breastplate of a sort with a cross looking symbol. At the bottom is a “Temple of Light”.

## The King / Laialani

**Images to Look For:** At the top of the skull do you see the shape of a cat? There is a Peruvian looking woman in the middle of the skull. How about some “Angels” just below the bottom to the left and right hand sides of the skull, playing their harps? Finally below the Angels are dolphins.

## The King / Laialani

**Specific Image to See:** At the very top (in the dark purple area) is a strange face. As we move to the center there appears to be a sort of crystal chamber with all type of alien beings surrounded this chamber from top to bottom

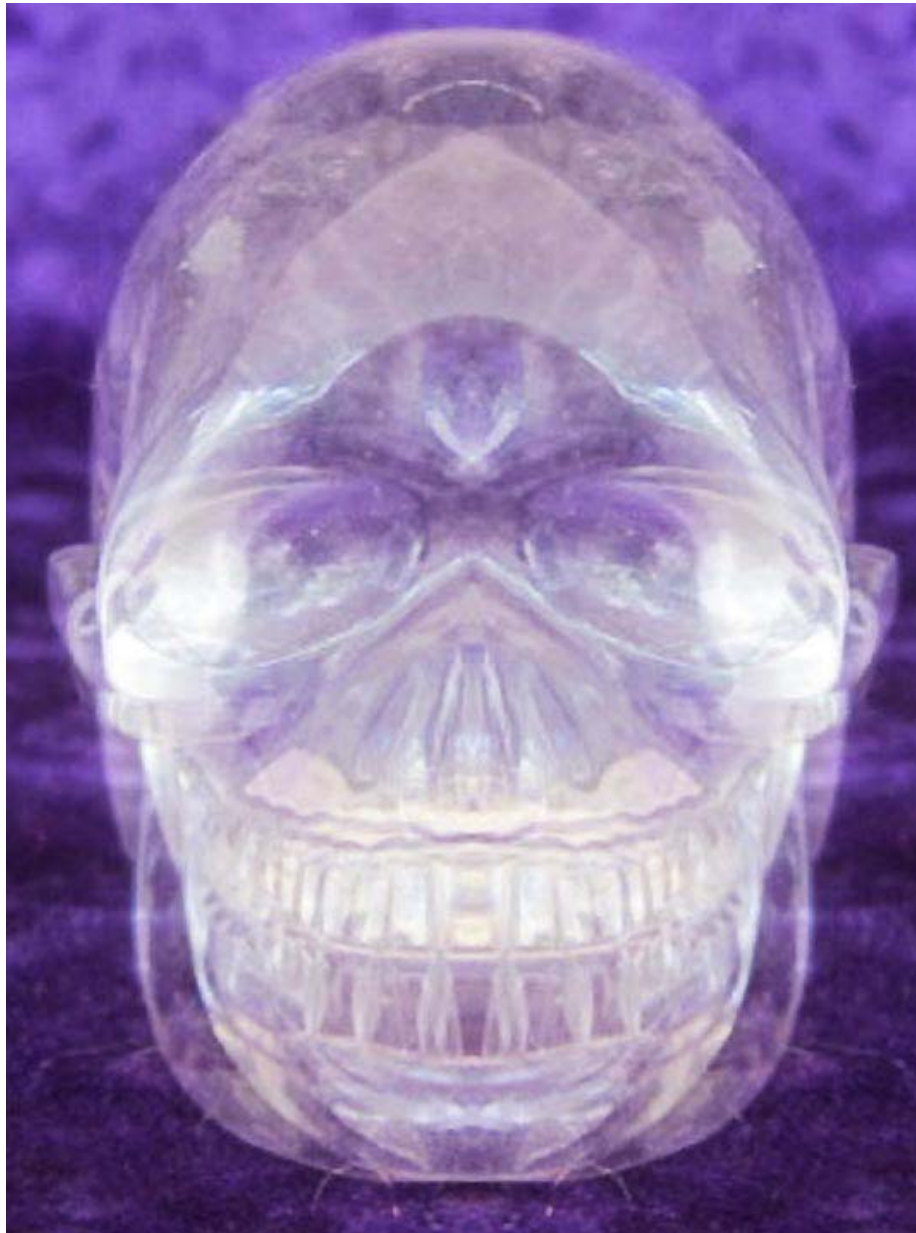

# Anton

**Images to Look For:** In the middle we see an ET being that is standing in front of several spaceships behind him/her. At the very top is a strange face of a being and it appears on top of the head are small skulls. Just below the center, it looks like an African Mask.

# Anton

**Images to Look For:** It appears like two celestial beings at the top in the center (one on top of each other). It feels like there are human eyes in the skull eye sockets and perhaps an alien being in the nose area.

# Ta'chu'la

**Images to Look For:** Do you see at the bottom a Winged Being? Perhaps there is a strange spaceship at the top of the skull. And below the winged being, there is a kind of strange indigenous symbol – or maybe a stone statue like maybe African or Mayan??

## What is Going on Here?

You might be wondering, “What is the source of these images that you have been seeing upon the last few pages of this e-book?” Each one was created from a digital photograph taken from one of our personal crystal skulls. Then we used a computer graphics program to perform a special series of processes upon it that produced the final result you see. We have read that the Mayans used a similar technique to study hidden messages related to some of their special symbols involving reverse images.

As you may have noticed under each image, we provided for you some suggestions about what type of pictures or distinct images you might observe. Don’t worry if you are not able to see these images right away, it just takes some practice.

We would recommend however, that when you do have the proper time to really sit and gaze at these special pictures, that you will most likely see a great deal of other recognizable images (such as people, places, animals or certain activities, etc ...). If you stand farther away from your computer monitor, you may be able to observe other scenes or discernable objects that you couldn’t see close up. Another technique you can use is to adjust the magnification size for viewing the page within Adobe Reader® or Acrobat®, and by reducing or enlarging the image on your screen; you will see many other hidden pictures as well.

When we have shared these special images in our public lectures, we always get “ooh-s” and “aah-s” from our audience. We decided to include this section in our free e-book because it is one of the most fun things we have uncovered to do with pictures of the crystal skulls. So sit back and enjoy!

## **A Suggestion for Working with the Pictures in the Book**

We would like to offer to you a simple technique for working with the pictures in this book that various people in the crystal skull community use and are having good success with. This technique can be done with either a normal picture of a skull (such as one from our crystal family) or you can experiment with the special images from the last section.

First, just casually glance through this book and observe if any specific picture or image speaks to you or if you find yourself strongly drawn to look at one in particular. Don't try to rationalize why you feel this strong connection to the picture (or that specific crystal skull), just trust that there is a reason for this. Then print out this picture on your printer and take a personal quartz crystal (or crystal skull) and place it on top of this picture for 48 hours. If you don't have a personal crystal to use, see if you can find one at a local new age or gem shop (but again don't just pick any quartz crystal, take one that calls out to you and feels correct!).

The purpose of this exercise is to transfer a part of the energy that is linked to the particular crystal skull you have chosen into your personal crystal. It has been observed on numerous occasions that when a person links into any facsimile of a crystal skull (such as a photograph) they can experience to some degree, the essence of that object's energy. We have personally worked with this system and done so with a number of friends and clients, and have been pleasantly surprised by the results that have happened.

Once your crystal (or crystal skull) has been charged, begin to work with it in some fashion. For example, you can hold it during your personal meditations, sleep with the crystal under your pillow or just have it in your pocket when you go out of your home. This crystal can be used as a healing stone or just to hold it when you are feeling low in your physical energy. You can even work with this crystal to protect yourself with a positive and strong energy field around you or to amplify and increase your vitality.

## ***Crystal Skull Meditations for World Peace***

*(The World Peace Meditations linked with the Crystal Skulls were performed 13 times a year. The first meditation is on January 1<sup>st</sup> and the other twelve meditations are done on the 13<sup>th</sup> of each month at the 13<sup>th</sup> hour. These meditations began on January 1<sup>st</sup>, 2009.)*

**[ 2023 Update:** Although we are no longer coordinating and offering these Crystal Skull World Peace Meditations (it is just too hard for us to keep up with 13 such meditations each year), we are sharing this section of how we setup these meditations within this e-book, just in case any of our readers may wish to perform them. If you do have such an interest and have any questions about them, feel free to email us. Also these meditations, in a way, are part of the History of the Crystal Skulls and how they have affected our world, an example of how crystal skull guardians have worked together. ☺ ]

Today we live in very challenging times. Many people are concerned about our future and if humanity will ever be able to live together in peace and harmony. In our studies, we have uncovered a number of different prophecies originating from various indigenous cultures around the world. The common theme contained within these various prophecies deals with specific warnings about potential disasters humanity could face in the future if we do not change our way of life. The best solution to prevent such a future, we believe is, for the people of our world to have a much greater awareness and become more responsible for the well-being of our planet (“The Mother Earth”). And also, to respect all life that lives upon ‘Her’. If we don’t do so in a timely fashion, according to these prophecies, this could result in severe and dire consequences that could end life as we know it. It is not our intention by making such statements to create more panic and fear in the world, as we already have enough of this. However, at the same time, the prophecies act as a reminder that we live in a time where some very important decisions must be made for taking the proper actions which will transform our world in a positive way until we really can create a global peace. Therefore, the main question that we can each ask ourselves is: ***“Can we do something that will make a difference and truly prevent or diminish these dark forecasts from ever coming true?”*** “We believe that the answer to this question is absolutely **“YES”!**

Global Peace starts with Peace within each of us, therefore, we invite you to participate with us in a special meditation (which was inspired by spirit) that can help us in creating a better world. We have been performing this mediation since January 1<sup>st</sup>, 2009, based on a vision that Joshua received while he was in Italy in May of 2008. At that time, he was participating in a crystal skull conference and Bill Homann, the guardian of the “Mitchell-Hedges Crystal Skull” (the “Skull of Love”) was present too. After Joshua was in the presence of the “Skull of Love”, he came down with a high fever and was barely able to give his one-hour presentation at the conference. Due to his condition, he had to remain in Italy four extra days before he could fly back to the U.S. (living in Chicago at this time). While he was recovering, the idea how to do this meditation came to him, when he was sleeping. Then, the first meditation was announced on our crystal skull website on August 8<sup>th</sup> of that year (8-8-8) and done on New Year’s Day.

Of course, we recognize that any meditation that focuses upon sending out a good and loving energy to our planet and its inhabitants, this is very worthwhile to perform. As each meditation that is conducted for this purpose will work synergistically with all the other groups who are offering a similar activity even if their world peace meditation is not linked to the crystal skulls.

Over the years, we have had people join us for this mediation who are living all over the world. Most of these individuals do have a strong interest in the crystal skulls but that is not a prerequisite to be able to participate with us. We have developed what we believe is a simple method that allows anyone to be able to link into the energy and essence of the crystal skulls which we are using as our main focus. The crystal skulls definitely help us in amplifying the peaceful energies that we are sending out to the world during this exercise. In order to allow as many people as possible to participate with us, we focus upon the same local time in their time zone on the meditation day, to perform this meditation (explained in more detail the next section). For people who are working during the time of the meditation and have a conflict with it, there is a method where the meditation can be done before the 13<sup>th</sup> of the month and then have the peaceful energy generated by the meditation be sent forward to link up with the appropriate time and date. For example, some individuals perform this meditation the night before. Even if you do not have your own crystal skull, you can still join us and are very welcome to do so, as we will explain shortly within this article.

## ***Time to Perform the Meditation***

---

The meditations are always setup to be done at 1 PM (13:00), your local time, on either January 1<sup>st</sup>, the first day of each new year or on the 13<sup>th</sup> day of each month at this so-stated time. Thus, we are performing 13 distinct meditations each year. So, if we had a person performing this meditation in each time zone of the planet, there would always be at least one person doing this meditation throughout the day everywhere on the Earth. Generally, the meditation will last for about 20-23 minutes. In this free e-book we share the description of how to do the meditation which is the exact same description given on our webpage for the world peace meditation (if you prefer to follow the meditation there). Additionally, Katrina has done an audio version of this meditation as an mp3 file that you can listen to on the Crystal Skull World Peace Mediation page. If you would rather learn about this meditation, we suggest you go to the meditation home page and read about it there. Just head over to:

## ***Programming Your Meditation Ahead***

---

Again, if for some reason, you are not able to join us on the specific day planned for this world peace meditation; there is a special technique known as "Programming your Meditation Ahead" that can be implemented instead. How this technique works is very

simple. Go ahead and perform your meditation at any moment, which is most convenient before the day the actual meditation will take place in your geographic location and time zone. Also, you must set-up within yourself that it is your intention to take the loving and peaceful energy generated from your meditation and send it forward in time to linkup with the 1 PM meditation on the appointed day. This works because it is believed and taught through many traditions that there really is no time and that all time occurs simultaneously. Therefore, by using this system, you will still be able to join us each time and add the special energy from the meditation that you have performed.

## ***An Overview for the Meditation***

---

### **Philosophy behind the Meditation:**

On the very first day I (**Joshua**) had received the crystal skull known as "Portal de Luz" in 1999 as a gift, He showed me an image in my mind about how all of the crystal skulls that exist upon our planet are interconnected through some type of etheric energy network.

He told me that within each piece of quartz, there exists the potential of an inter-dimensional doorway that can open up or become activated when this specific piece of quartz (or crystal skull) is awakened. Once the crystal is activated, it can begin to receive and project out various fields of energies and information that can originate from any crystal skull that is linked to this network. This is very similar to how the internet works, as all of the computers on the net are inter-connected and can send and receive information from each other.

Furthermore, during the experiments we have conducted on behalf of the World Mystery Research Center (*this center no longer exists but we have the results of these tests stored*), we have received information that there might exist a very large clear crystal skull in rotation at the center of the earth. This implies that our planet does not have a molten core at the center but could be completely hollow. Then, this master skull coordinates the flow of energy and information through this entire network.

Further, we believe that each crystal skull is unique unto itself and specializes in certain specific frequencies of energies that 'he'/'she' contains (for healing, awakening consciousness, activating one's spiritual gifts, a vessel of universal wisdom, etc ..), for which they will broadcast at certain moments. Thus, this large master skull can and will select the appropriate energies to emit through each individual skull depending upon the unique situation at the time. We believe that the determination of what energies this central skull will send through to the other ones is related to each skull's current location and how that particular crystal skull is being utilized by its owner (or caretaker) at that precise moment (such as in our meditation).

Thus, if our understanding is correct about how this mediation is truly functioning, then each crystal skull that participates in this activity will emanate a powerful and peaceful

energy through it. This energy comes from the crystal skull's connection to the etheric energy network and is then sent out to the local geographic region that the meditator resides in. The key for this process to work well is that a human being is required to activate and open the dimensional door within their respective skull (or crystal) in order for the higher spiritual energies from this network to be broadcast out through the skull.

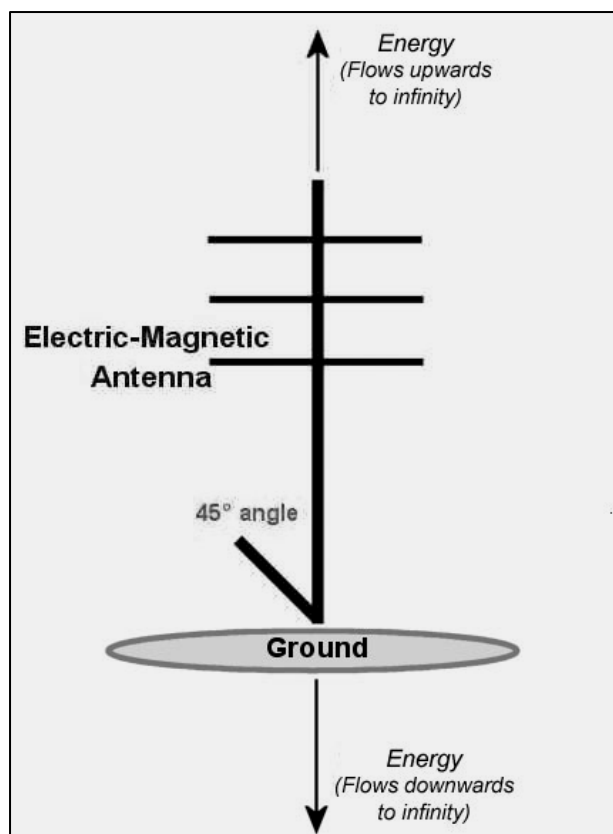

Additionally we have experienced during the meditations that each participant will receive and channel a portion of this special energy through their own body, which can be very uplifting, healing and electrifying. Therefore, one of the main goals we have for this meditation is that by working with a large number of people from all over the world, we are able to create many points of light, which are all connected together at the same time. Can you visualize what we are describing here and see its potential?

The meditation we are performing actually first started in 2003, when each week we would do a meditation on Sunday but there were only 4 times during the day this meditation would be performed. Then when Joshua received the new idea for the meditation in 2008, we switched to the current form of the meditation we are doing now. In the next section, we will again focus on another part of the vision Joshua received from "Portal de Luz" and then go into how the current world peace meditation is being done.

---

## ***The Electric-Magnetic Antenna and the Etheric Energy Network***

---

Before we go into the meditation and how to do it, let's return to the second part of the vision that Joshua received when he first had "Portal" come into his life in Sedona in 1999. This vision was related to the crystal skull etheric network that "Portal" showed him. Joshua was shown a method of how a person could fully link into this network that involved a special device that looked like an antenna. Each participant has the ability to inwardly call forth this antenna to appear in the location where you do your meditation.

The antenna is created by a special mental visualization. For example, for some people this antenna could just literally appear in front of you when they call it. This purpose of this antenna is to help a participant to more fully connect with the energy of the etheric crystal skull network and to bring a part of this energy into their individual meditation space.

If you will look at the diagram on shown above, you will see I have provided a simple representation of what this antenna can look like that you can use as a reference point. One of the keys to the success of our meditation is to energetically connect with this antenna so please just do your best to visualize it. The antenna itself is actually more spherical and round then the flat representation we have given here. We recommend you call forth this antenna first and see it in the room with you before you begin the meditation itself. This step is optional and is not discussed on the world peace meditation page but we go into more detail below about the antenna.

## ***Instructions to Prepare for the Crystal Skull World Peace Meditation***

---

To begin your meditation, first decide which room in your home you would like to conduct your session in. Then find a comfortable place to sit or lie down. Shortly, I will discuss how to hold or position the crystal or crystal skull you will use in the meditation.

Now visualize in your mind the etheric energy antenna and position it at the very center of your room. Again, the reason for visualizing this antenna is so you are able to link into the crystal skull etheric network and then receive the special vibrational frequencies that emanate directly from the network. Next, see an energy beam that shoots out from the top and bottom of the antenna and extends upward and downward to infinity. Also make sure that you see a somewhat smaller antenna that extends outward from the main one at the exact place where the main antenna meets the floor in your room (as shown in the diagram on the previous page). This small segment or addition stands upward at a 45% degree angle.

For those participants who have their own crystal skull to work with during the meditation, here is our suggestion how to proceed: (**Note:** *if you do not have a crystal skull, please view the next section for some alternative ways you may still be able to participate with us.*) Hold your crystal skull in your hands in any fashion that is comfortable for you in the moment. It is not important which direction the front part of the skull faces, only that the position of your hands feels correct. (Please note: each time you perform this meditation, the positioning of the skull can and will change over time.) For example, if you are in a sitting position, the crystal skull might rest comfortably on your lap or if you are in a lying down position, then the skull could be placed by your side or on top of a part of your body.

At this point, you are just about ready to enter into the active part of the meditation. Again if you decide to work with the antenna, we suggest to visualize a beam of light (in whatever color comes to you) emanating from the main antenna and touching your crystal skull in its third eye. Feel the energy begin to build up and expand within your crystal skull. On the next page is an explanation how to do the Crystal Skull World Peace Meditation.

## The Crystal Skull World Peace Meditation

*January 1st through December 13th of each year  
(this special meditation held the thirteenth of  
each month at 1 PM (13:00) locally your time)*

---

### Initial Instructions and Options

For this series of world peace meditations that we are offering for 2018 and beyond: This article provides all the information necessary for an individual to participate with us. To summarize, here is the suggested method we use to perform this meditation. However, if you are guided or inspired to do so in some alternative manner, you should honor this personal inner suggestion for yourself as well.

First, if you are a crystal skull guardian, you will select a crystal skull (of one of the skulls you take care of) which you will hold during the entire meditation for that specific day (**Note:** if you have multiple skulls, you might use different ones for each meditation during the year, your skulls will guide you). The use of the crystal skull during this meditation will help to amplify the loving energies we will be sending out to the planet. If you do not possess your own crystal skull, you can substitute a piece of quartz crystal to hold. In the next section, you will find a suggestion on how to activate this quartz crystal prior to the meditation so it will be ready to be utilized to assist you with our meditation.

To make it easier to do the meditation, rather than have to read how the meditation works while you are doing it or have the process memorized, we have created an MP3 file you can listen to which will guide you through the meditation. In this MP3 file, Katrina will talk you through the meditation. (**Note:** *The version of the meditation we perform was created in 2012 and will be referenced this year. Just ignore any statements linked to this timeframe, as this meditation will work perfectly fine just as is in 2018 and beyond. Eventually we will make a newer version of the meditation.*)

We also wish to thank our spiritual brother George Bolger for helping in creating the MP3 version and adding his special music behind Katrina's spoken instructions (*if you enjoyed the background music, to hear the various albums that have composed and created by George go to his website at: <http://www.gbolarts.com>*). Below, highlighted in blue and underlined is a link you can click on within this e-book that will play our MP3 file to guide you in the meditation:

**[MP3 Audio Version, Slightly Modified Version for Jan-March 2013](#)**

*Naturally you can listen to this mp3 audio before the meditation to experience how the meditation is conducted. Alternatively, if you go the Crystal Skull World Peace Meditation webpage and right click (in Windows) on this same link in your browser, you can download this file to your computer and listen to the mp3 file there. This audio file is about 23 minutes long, and includes a 3 minute introduction (i.e. – about 2013) and then the meditation itself usually takes around 20 minutes.*

*We hope you enjoy the experience!*

We have selected this form of a world peace meditation because we have done a similar version of it in earlier years when Katrina and I have traveled all over the world. Usually at our workshops, we do a world peace meditation with the skulls. We believe that in each of these other locations we have already setup a special energy. Then, as more and more people perform this meditation with us on the 13<sup>th</sup> of each month in new locations throughout the world, the energy created previously is then linked and intensified with the new meditations we do. Then it feels like we are creating a kind of loving and peaceful energy matrix that spans the world, which will continue to expand and be built up, the more we do these meditations.

Since 2009, there have been over 90 meditations performed. We are striving to work with as many crystal skull caretakers (or guardians) in the world as possible to concentrate together and collectively manifest a geometric amplification of the healing energies we created that are of course enhanced by our personal crystal skulls. Undoubtedly, we will have some people who wish to join us that do not have a crystal skull of their own, so below is our suggestion on how such individuals can still participate and be part of the meditation. Perhaps one day, every crystal skull guardian will join us. Imagine the powerful energies we can share with all life on our planet?

## **Those Who do not have Access to a CRYSTAL SKULL**

- 1)** If you have a picture of a crystal skull that you personally feel an affinity with (such as one of the more well-known skulls or one that is very old), you can just stare at the image of this skull during your meditation as you follow the visualization we will perform.
- 2)** You could also put another piece of quartz on top of the picture of this crystal skull that you feel a strong connection with prior to our meditation and leave it on the photo for 24-48 hours. We have found that when you take this action, a part of the energy or essence of the crystal skull in the photo is transferred into your personal quartz. Then follow the directions below, as if, you are holding a crystal skull.

If you do not have any images of a crystal skull (from a book, photographs or via the internet), Joshua has made an accessory page for this meditation that has pictures of twelve different ancient, old and contemporary skulls. You can print this page out and then select which skull speaks to you to use in the meditation and basically either focus upon the skull's image or once again place a personal crystal on top of it. To view this page and print it out see:

**<http://www.v-j-enterprises.com/skullpictures.html>**

- 3)** Another option is to find a personal quartz crystal in your home that you would like to use in the meditation. Then see if you can actually bring this crystal to an existing crystal skull guardian who is working with their own skull in your local area and has activated (or awakened) their skull. Simply put your quartz crystal near their crystal skull for 10 or 15 minutes and this should help to activate your personal piece of quartz.
- 4)** Some people have an amazing ability to visualize in their mind whatever they wish. For such an individual, using that clairvoyance, visualize a crystal skull that resonates for you and then work with the energy of this imagined skull for the peace meditation.

Or perhaps, you have another idea of your own. Naturally, we don't want discourage anyone from joining us in the meditation if they feel it is important to participate. All are welcome. We believe that working in tandem with the crystal skulls, all will greatly assist us to be empowered within this meditation for sending out a loving and peaceful energy to all living beings on our planet.

## **SETTING UP A PEACEFUL ENVIRONMENT BEFORE THE MEDITATION STARTS**

It has been recommend by two members of the CS World Peace Meditation support team to consider the possibility to smudge the room you will be

performing the meditation in. Smudging is a technique using natural plants to help clear the energy in the room as performed by the Native Americans. If this method appeals to you, you can click on the link below, which will take you to a page where you can read more about how to use smudging.

<http://www.v-j-enterprises.com/smudging2011.html>

Other possibilities for creating a peaceful environment include: playing soft and beautiful music in the background (or listen with headphones), using incense, playing a Tibetan bowl with Tibetan bells, a crystal bowl, having candles lit, meditating with animals or children nearby, or even going outside into nature in a favorite or energized place for you.

The key is to have a peaceful environment so you can focus on the meditation to share the best loving energies you can with the world and feel comfortable.

### **A RECOMMENDED BREATHING EXERCISE**

Finally, before starting the meditation itself, we have found it helpful to do a simple breathing exercise that will further relax you as you prepare to enter into a heightened state of meditation. Therefore, you might consider doing this exercise or similar one that works for you.

Be sitting in a comfortable position, with your feet firmly touching the ground or floor. Take in a deep breath and hold for a count of "6". When you exhale, also for a count of "6", do so forcefully with almost a "whooshing" sound, to let out and release any anxiety or tension you might have. Finally, hold your breath again for a count of "6". We recommend you do this exercise perhaps 6-10 times or until you feel at ease and restful. After you have completed this, it is time to begin the meditation.

### **The Crystal Skull World Peace Meditation** **Recommended Form of the Meditation to Perform**

*There is also a form of meditation that Katrina calls the "Crystalline Frequency". This special frequency is linked to the universal heart – the love energy that exists in the higher dimensions or planes of existence. There is an alternative form of meditation that uses this frequency, which can serve as an alternative to the meditation practice described earlier. Thus by adding this energy to our meditation, it will take our collective group efforts to into what we feel will be a more pure energy that we will be sharing with "Mother Earth" and all the living beings upon (and within) "Her".*

*After this exercise, we move into the basic meditation that we have implemented since 2009. This mediation has worked very well for most of*

*the people who have participated with us in prior world peace meditations and is easy to perform. So we thank you for joining with us in this special event; we are very very grateful!)*

### **Initial Exercise to connect with "The Crystalline Frequency and Light"**

First, decide for yourself whether you wish to be in a sitting position to perform the meditation or if you prefer to lie down. For this meditation, we will assume that you are holding in your hands either a crystal skull or quartz crystal. Hold this piece of quartz in whatever way is comfortable for you.

Now close your eyes and begin to visualize the following: remember that your intention is as important as the visualization if you are unable to inwardly see the following guided exercise or the meditation.

**Definition - Crystalline Light:** *A type of fluid energy that looks more like a living clear liquid that emanates from the crystal skull. An example of this would be to imagine yourself submerged completely in water -- but the water is alive with a consciousness. In addition, Crystalline Light has the property and energy that works like a quartz crystal.*

Feel the stillness from the core of your being. Allow your body to be fully relaxed. Visualize or feel a crystalline light surrounding you that is emanating from the crystal skull that you are holding.

The goal of our group mediation for world peace today is to focus together upon the "Unity Consciousness" which exists at the center of our being. That is, to link into the highest capacity of the Universe comprised of "Infinite Light", "Love" and "Power" in their Divine Right Order and Harmony.

As you are holding your crystal skull, visualize yourself and your skull being encased with this crystalline light. Then appearing within this light, four crystalline pillars, or columns of light, that surround you in four corners or directions (North-East-South-West). Now feel your entire body (all your cells and pores) totally energized by this crystalline light which is then linked with the consciousness of all living beings on this world including the Mother Earth Herself.

Now spend a minute or so in the sensation of this crystalline light moving through your body. Imagine the beautiful dance of the crystal light moving in and out, as you feel yourself being sustained and nurtured by this liquid light. Take a deep breath in and let it out as you allow the frequency of the unity crystalline light to energize you and prepare you for our meditation. As you breath in the "Crystalline Light" your being becomes open to the consciousness and energy from the Universe; celestial fields of energy and

light. So enjoy your experience as you link into these universal energies; these energies that are a part of the innermost part of each of our being.

Next, in order to bring forth the Eternal Infinite Light of the Universe which represents unity and oneness we must activate and firmly anchor the four crystalline pillars of light in the four directions. After this is done, we continue to call forth the spirit of the "Mother Earth" and "Father Sky" and finally add the love energy from our heart chakra. Our crystal mission for this day is to work together with all the other people who are meditating at the highest level of unity that we can. To become a channel for the Eternal Infinite Light so we can bring forth these universal energies to be more permanently anchored into the Earth or the physical density.

Before we begin our meditation next, take a minute or so to really feel the "Crystalline Light Frequency" you have evoked in this energy. Feel it coursing throughout your body -- feel it moving within the crystal skull or the piece of quartz crystal you are holding. Give it a few minutes for this energy to integrate into your own personal energy field. In a few moments, we will be ready to start with the meditation . . .

### **Instructions for the Meditation**

Continue holding the crystal skull or quartz crystal in your hand. Now we are ready to begin the actual meditation. Close your eyes and begin to visualize the following: see in the very center of the space you find yourself in, a beautiful golden beam or rod of light that extends upward to infinity and then downward to infinity (Note: this rod of light could also be the antenna we spoke about before.). You might feel the energy of this golden beam of light upon your body. After about a minute, see a crystal skull appear within this beam of light in the center. It is floating. This crystal skull will be different than the one you are holding. It might be one you are familiar with or is known publicly, or it might be one you have never seen before.

After a couple of minutes, the crystal skull that is floating in the beam begins to rotate in a counter clockwise motion. At first, it rotates slowly but after each revolution, it begins to pick up speed. Then when this skull is facing you directly it stops and from its third eye chakra (between the brows over the eyes) a powerful, brilliant and loving pink ray of light emanates toward you. First, it completely covers and is absorbed by the crystal skull or piece of quartz you are holding. Then another part of the beam will connect with you in your heart.

Next, begin to feel this pink ray of light pulsating in your heart. This represents our true inner star situated at the core of our being. Place your inner focus upon the inner chamber of your heart. Now feel yourself sinking deeply into the inner layers of your heart moving deeper and deeper into this multi-dimensional organ and finally feel yourself arrive at the deepest layer of your heart complex. Visualize a perfect diamond heart energy in the

crystal skull flowing into your heart chamber. Once again, the crystal skull starts to rotate and forms a perfect cubed shape, which is part of sacred geometry. This is the result of the skull merging with each facet of the "Living Light". Return your focus back to your inner heart and allow your heart to emanate a glowing light, which is a part of the "Living Light", and beam this energy into the "Mother Earth's" and the "Universal" Hearts. Thinking: "beloved 'Mother Earth' and dear 'Universe', we ask 'YOU' to please ignite the power and glory of your essence within our hearts now".

Now the pink ray of light moves upwards in your body from your heart, through your chest and neck and then stops in your head. Once again focus on what you feel in your head; this very peaceful and loving energy.

Then after a few moments, the pink ray of light begins to move again, down through your neck dividing into two parts to flow into your shoulders come down into your arms and stops in your hands. It will stay here for a time; again bringing to these parts of your body this loving energy.

When the pink ray of light moves up back through your arms and shoulders then, see it reconnect at your neck back into one piece or a single ray of light. Then the ray of light goes back down your chest, past your heart and finally stops and rests in your abdomen or stomach area for a time. Once again feel this loving energy in this part of your body.

Finally the pink ray of light travels down through your legs and rests in your feet. So now, throughout the inside of your entire body, everywhere that you look all you can see is the color pink -- "Pink", which represents the color of love. Stay with this feeling for a few moments now and enjoy.

The vibration of love can never be completely contained and now the pink ray of light begins to move outside of your body and is additionally being empowered by the energy of the crystal skull or crystal you are holding. See this beautiful ray of light fill the entire room or space you are currently residing in. Everywhere you look all you can see now is the color of pink. Next this vibration of love or pink ray of light will continue to expand and fill the entire building you are within, touching all the people who might be inside this building. Stay a moment and see how the pink ray of light is filling the building you are in.

... and then the ray of light continues to expand and is now filling the entire city that you are currently located in ... touching the plants, the animals, the people and the earth with this loving energy.

... further the pink ray of light expands and is now filling the state, the province, or the district you are presently located within -- from North to South, from East to West, all we can see is the color pink.

... continuing the expansion of this loving pink ray of light, you now see the entire country you reside in is totally covered by this beautiful light -- no matter where you look all you can see is the color pink. In truth, this pink energy of love is touching the hearts of all your fellow countrymen and women. Take a moment to see how this beautiful energy is affecting your country.

.... now the pink ray of light continues to expand to fill the entire continent you reside in, whether it is North, Central or South America, Europe or Asia, Africa or Australia -all over the continent - everywhere you see is filled with the color of pink.

... finally, see our entire planet the Mother Earth totally engulfed and covered with this wonderful loving pink ray of light - everywhere we look, for miles in all directions is the color pink touching all the living beings in our world on the surface, under the ground and on the inner surface. Just sit with this for a moment; experience the beauty of this scene and embrace it.

Then, when you are ready, once again see the world covered by this loving energy. Now, begin to slowly return back to your body **but** before you do, if you feel drawn to a specific place on the Earth where the people could use some extra love and light, allow yourself to go there to help bring more clarity and hope to the people in that region. Just focus upon this area for a few moments to send this wonderful loving energy to help inspire the people there - so they can begin to see a bright future and realize who they truly are as divine children of Creator - take your time and enjoy.

-- continue to return back to your continent of residence and see it covered by this pink ray of light ... returning now see your country filled with this loving energy... retuning back we are now in your province, state or district... continuing to return we are back in your city... then moving to the building you are in... and now finally we return to the room or space where you presently reside... then feel yourself returning to your body, feeling refreshed and calm and when you are ready open your eyes, feel yourself wide awake and energized.

After you are back and fully awake and aware; see what you feel from the crystal skull or quartz crystal you are holding. Perhaps its energy has changed or shifted. We believe that quartz records everything that happens around it so that the energy of the meditation you just performed is now a part of this crystal and can be shared with others. Or, if you do meditations with your skull or quartz crystal in the future this new energy from the meditation will help you to enhance the quality of future meditations. We thank you for your participation today and our meditation has now ended. Below is some additional information about this series of meditations and when we will be performing future meditations.

-----

**Suggestion:** If you happen to have more than one crystal skull, why not invite a friend, family member or neighbor to join us during our time together for a future meditation?

---

### ***Other Suggestions and Final Ideas ...***

---

We have found that the most important ingredient for having a powerful experience during this meditation is to not plan ahead or try to predict what will happen during your next session. Most people have discovered that as soon as they start to work with their crystal skull, or the energy connected to them, things have a habit of happening by themselves. We find this spontaneous approach is the best way to conduct your meditation and to fulfill the collective goal of sending out the most loving and peaceful energy to our world as we can, amplified by the energy of the skulls.

In reports we have received from various participants, some people have found the experience connected with this meditation can be powerfully energetic or conversely have felt very relaxed when they finished. Others have received some type of healing or it has given to them a greater clarity about their lives. Some people tell us that they have had seen some interesting visions during their meditations. A number of individuals have reported that they feel a new energy inside their crystal skull after the meditation is concluded. That either their skull or skulls seem more activated and/or that inside the quartz itself, the crystal has changed its internal form or become more transparent.

Of course, it is not a requirement that you must join us each and every time we do this meditation. Feel free to participate as you are guided or inspired to do so. We believe that part of the reason for performing this group meditation is not only will it help to more fully activate the energies contained within our personal crystal skulls but that on some level it is setting up or enhancing the vibrational frequency within our planet to prepare for the arrival of other ancient crystal skulls that are currently being hidden for their protection. Thus if any of our readers do have a special contact or relationship with a caretaker of such a crystal skull who is unfamiliar with our meditation, please feel free to invite them to join us.

We truly believe that this group meditation can make a difference in our world and is helping to link together the energy of all of the crystal skulls

along with their personal guardians. So if you are able to participate and join us that would be simply wonderful.

**(Note** – for 2018, the 13<sup>th</sup> meditation of this year will be conducted on December 30<sup>th</sup>, as we were unable to organize the mediation for January 1<sup>st</sup>, due to some personal challenges we had, so we reorganized it for the next to last day of the year. Announcements will be via our mailing list, newsletter, and on social media to remind everyone of this last mediation.)

Feel free to contact us at any time if we can answer any questions about this meditation or if you have some new ideas about how we could expand or improve upon it. The best way to reach us is via our email at: [crystalskullexplorers@gmail.com](mailto:crystalskullexplorers@gmail.com)

*(OK, finally coming up next is a quick overview of two of our latest books we have written that are focused upon the crystal skulls, which are a part of new series of books that we call "Journeys of the Crystal Skull Explorers – the Travel Log Series". We are very proud of these books as we have tried to write them in such a way that it provides the very best information possible for our readers to expand on understanding what the crystal skulls are all about. These books include some of our most amazing experiences and most interesting personal stories that we have had during our world travels, perhaps even beyond what you can imagine. And of course, these books offer our readers some quite provocative insights into life itself and our physical reality for which these crystal friends wish to teach us all about! Or to put it in a more simple terms, the crystal skulls are a huge catalyst for humanity to remind us about the great universal knowledge and wisdom we already have stored deep within ourselves!!)*

In 2011, we decided to write a new set of books called "Journeys of the Crystal Skull Explorers: The Travel Log" series. The idea for this series was to discuss different locations that we traveled in the world, actively searching for new information linked to the crystal skulls as well as to meet new skulls. This book is the second Travel Log book we released. This book deals essentially with Joshua's three journeys to Peru from 1997-2002 in which he was led by "Spirit" to discover or make contact with what he calls "The Blue Skull". In this vision that guided him to travel back to Peru, this crystal skull, if it is made of quartz crystal, appears as a transparent sky-blue color and was comprised of two pieces, with a separate jawbone.

The first editions of this book that were released came out in two formats including a PDF protected format that has been available since December 29<sup>th</sup>, 2012 and the printed edition that came out in March (2013) through our publisher Global Communications. Then in the fall of 2018, we created an expanded and revised version of this book (both in a printed and e-book edition) published by us under our Crystal Skull Explorer banner, that was released in October and a Kindle edition was setup in November. On the next few pages, you will find more information about what this book contains and some of the special photos taken during Joshua's trips to Peru.

## Why You Must Have this Book Today!!

- Never before has Joshua offered the complete sharing of his journals from his 3 journeys to Peru (Spirit requested at this time, that "HE MUST!!")
- The Blue Crystal Skull that is discussed within this book could be centuries upon centuries old. It provided information to Joshua that it may have originated in Lemuria and has a special purpose to assist humanity in the near future.
- Due to your support of the Crystal Skull Explorer's work in the world to share key information about the crystal skulls (through this e-book, we are directly inviting you) to receive one of the very first copies of the new 2018 edition!
- Joshua was requested by his "spirit guides" to write a journal report of each day during the three journeys he took to Peru (the northern part), in 1997, 1999 and 2002. You have the chance to be right there with Joshua as he travels with various companions on each of these trips, to uncover The Blue Skull and what happened to them as they traveled throughout Peru.

□ *Bonus sections* of this book includes several other reports of the amazing new research done by Joshua and Katrina in the paranormal, including Joshua's contact with German Composer Pachelbel; Table Tipping and linking with John Adams near Boston; and Apportations of Spirit linked with the crystal skulls. There are special photographs from Peru of UFO activity via clouds and lights in the sky over Lake Titicaca.

□ *2018 Edition New Materials Added* include a visit to the Gate of the Gods in Southern Peru, information on three new crystal skulls, a new channeled message by the Blue Skull and much much more ... reformatted and re-edited too.

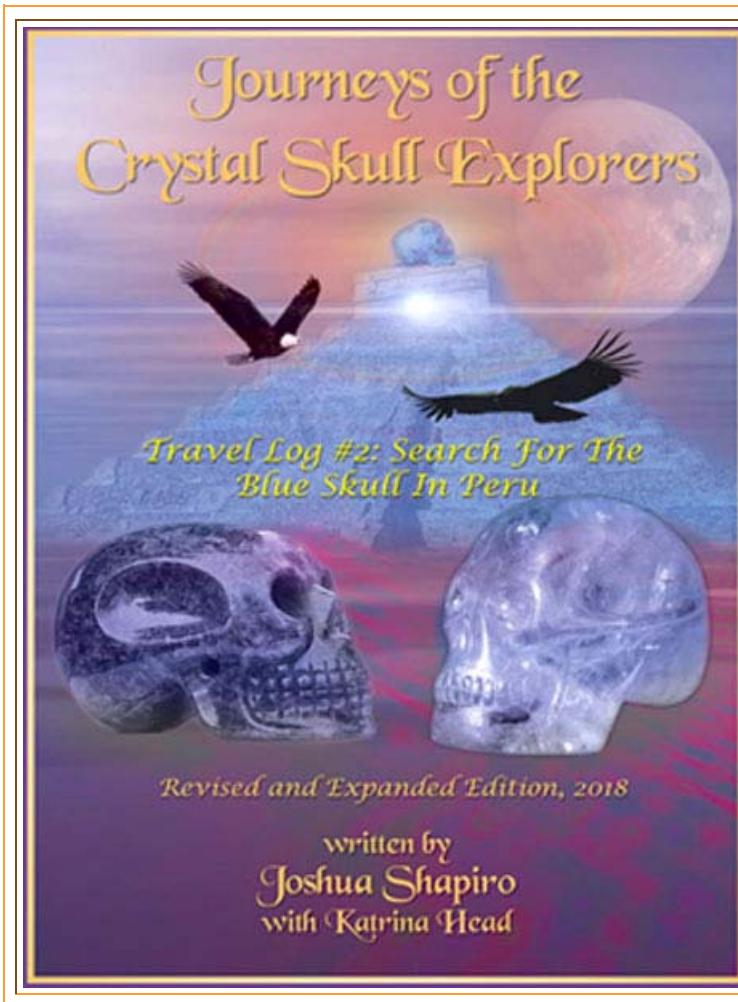

*Here is Joshua at Machu Picchu - although this is not the area where he saw the vision of the Blue Skull, he has visited Peru a number of times since 1989, each time giving him new clues ...*

**Journeys of the  
Crystal Skull Explorers**  
*The Travel Log Series*  
**#1 - Mexico 2009**

On behalf of Katrina and myself, we are very delighted and happy to be able to offer to you this special e-book, which is the first of a series of books about our world travels with the Crystal Skulls. Although we were unable to publish our crystal skull book with the title of "Journey of the Crystal Skull Explorers", in a printed form in English just yet (there are versions of it that were published in three foreign languages); this new book series provides us an opportunity to share a part of the wealth of information that we have collected over many years, which is linked to the crystal skulls.

Now, with the strong interest in e-books (through the various e-book readers and tablets that are available along with the popularity of using our mobile phones) we are able to offer this new book in an Adobe PDF format as well as on Amazon (Kindle), Barnes & Noble (Nook) and for the Apple iPad. Thus, this e-book is the first of what we

hope will be many books in our Travel Log series to take you inside the world of the Crystal Skulls. In May of 2011, we initiated the Travel Log Series with the PDF version and later in that year, we made versions for the other three e-book readers.

### **What is this Book About?**

In March 2009, Joshua had the opportunity to visit two important gentlemen living in Mexico City. Maestro Rosales is a famous muralist whose work is shown through-out the city. He invited Joshua to come to Mexico to view five crystal skulls, which were part of his collection of Mesoamerican artifacts that the government of Mexico allows him to keep. Most of these crystal skulls are hollow (a new type of skull that has been surfacing for which no one knows the origins as of yet) and he had one human size, clear quartz skull as well. Also during this visit, Joshua had a chance to meet with Jamie Maussan, a well-known journalist and UFO researcher who had a human sized rose quartz crystal skull that was discovered within the ground in Mexico. The second part of this book shares Joshua & Katrina's travels back to Mexico City in October of 2009 where they participated in a crystal skull conference as well as had a the opportunity to visit their first large pyramids at the ancient city of Teotihuacán.

*((here we see Joshua speaking at the Mexican Conference in 2009 with a table full of crystal skulls, some quite large and old, behind him))*

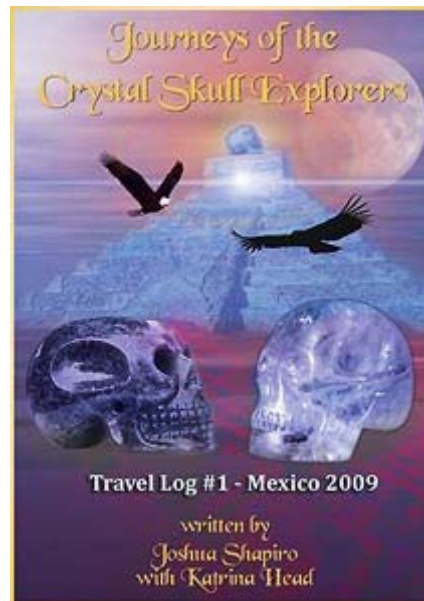

We would have to say today, that Mexico is the one area of our world where the most crystal skulls have been uncovered. One can feel as you travel through this country, the essence and presence of the many civilizations who have lived here before. Some, like the Mayans, were quite advanced as archeologists keep learning more about the Mayans each day. So journey with Joshua and Katrina as they take you along with them into this mysterious land to share new insights and discoveries about the Crystal Skulls being uncovered within Mexico.

## **Why You Must Have this Book Today!!**

- Mexico is one of the most mysterious countries in the world and in this book the authors talk about the ancient Mesoamerican cultures present, and how these cultures were linked to the crystal skulls.
- Meet Maestro Rosales and Jaime Maussan two special individuals in their own right. Maestro Rosales has an amazing collection of Mesoamerican artifacts, which the Mexican government lets him keep including a number of very old crystal skulls. Senior Maussan is a well-known TV reporter who now is an expert on UFOs. He has some of the most amazing video of UFOs appearing in Mexico but he also happens to be the guardian of a human-size rose quartz skull found in the ground call "Rosie", who you will meet and read about the strange reaction Joshua has when he touches "Rosie".
- At the Crystal Skull Conference in the fall of 2009 many more crystal skulls that have never been seen before, show up brought by the people in attendance. Joshua meets the owner of the "Rosary Cross Skull" at the conference as well as Hunbatz Man, a Mayan Daykeeper and crystal skull guardian.

□ [The Explorers visit their first large pyramids at the ancient city of Teotihuacán](#) near Mexico City. You can see photos of some of the pyramids in the world and think they are fantastic. However, when you stand on the stone of the Pyramid of the Sun and Moon in Teotihuacán, you can feel the intense energy that these pyramids have plus, as you study the stone, you know a primitive people could not have possibly made them. Read about Joshua and Katrina's visit to this ancient city and what happened to them!

# What is it Like to be a Guardian of a Human Size Crystal Skull?

*by*

*Joshua Shapiro*

*a crystal skull explorer*

*(written in the summer of 2012)*

**Summary:** In October of 2011, we received a human size rose quartz crystal skull from a master carver in China comprised of two pieces, including a separate jaw and the rest of the cranium. This article is written in two parts: First I will discuss the Mitchell-Hedges Crystal Skull, which is considered to be a very old skull (maybe from Atlantis) and is one of the few that have been discovered which is comprised of two pieces with a separate jaw. I will discuss what this crystal skull represents to the world, as it is one of several crystal skulls that has been uncovered near the ruins of an ancient city. Further, the Mitchell-Hedges Crystal Skull is an almost exact duplicate of a human bone skull. Then I will introduce the rose quartz skull we received as a gift, a bit similar in shape and size to the Mitchell-Hedges Skull, which has asked us to call "her", Rosalita. In Part II we will discuss the circumstances of how we were able to receive "Rosalita" and what experiences we have had around "her".

-----

## Part I

Stop don't walk... this article could change your life too!

Since the early 1920's, when the famous "Mitchell-Hedges Crystal Skull" was discovered (note: it is now being called "The Skull of Love" as was discussed with us by the guardian of this skull Bill Homann during our radio interview with him in early June of 2012) people have become extremely fascinated with crystal skulls. But first, there are a few questions I would like to pose to our readers to ease into this article.

**1.** How could people from primitive cultures such as the Mayan, Aztec or Toltec using just primitive carving tools make an almost perfect duplicate of a human bone skull as was discovered with "The Skull of Love" that was found in Belize in a Mayan ruin in 1924?

**2.** Today modern carvers are using diamond tip saws and wheels to make very accurate carvings of any shape or form you desire. However, such tools didn't become available in modern times until the early 1970's. Nevertheless, due to the beauty and elegance of "The Skull of Love" it has long been people's dreams to have a similar type of skull made, including yours truly. Not until recently has the quality of the craftsmanship of a few carvers approached the level of this ability to make such magnificent shaped and formed skulls (again with the diamond tip tools).

There was a big debate for many years whether a modern carver using modern tools could make such a crystal skull. When I was interviewed in January of 2011 for a TV documentary "The Truth about the Crystal Skulls" for National Geographic (don't ask me to comment about this show as I felt the production team and director didn't really respect the crystal skulls as they promised us), they had a clear quartz skull of two pieces, human size, very close in design of the "Skull of Love". So this is how we learned about the Chinese carvers and that they could make such a skull.

But hold on - just because one makes such a beautiful and accurate skull - does not mean that this crystal skull will be special or have the same energy as we have experienced with ones like the "Skull of Love" that many people intuitively feel is a very old skull. A skull that some people have soul memories of this skull present during the time of Atlantis.

If you have heard of the Mitchell-Hedges Crystal Skull ("The Skull of Love") and had questions or wondered what happened to this beautiful skull, Mr. Homann told us in his radio interview with us on our monthly show at the time (June, 2012) that this crystal skull has requested that he, as the guardian, keep the skull more quiet. Thus at the time of this interview he indicated it was buried in the ground in nature helping to share a positive energy with our world.

Before we conclude Part I of this article, I would like to briefly introduce you to the crystal skull that we received from the Chinese carvers at the end of 2011, which is a 13 lb, two-piece rose quartz skull called "Rosalita". Almost from the day we received "her" (we felt a very feminine presence linked to this skull) She has communicated with us telepathically and been sending out an amazing energy that has touched many people. As a matter of fact, the very day we received Her we began a coast-to-coast travel,

from the western part of the U.S. to the eastern part, going from Washington State (where we lived at this time) to North Carolina and back.

So for Part II, starting below, please find a discussion of some of the most amazing experiences we have had with "Rosalita" during this long trip at the end of 2011.

Have a great day - in peace and light always,  
as the light in our world keeps going into a higher and higher vibration,

**Joshua**

=====

**Part II**

**Summary:** We continue with the story of "Rosalita", a two-piece human size rose quartz skull made by a master carver in China. In this last part of this article we share what is involved to travel with this crystal skull from place to place and how to keep Her safe (protected so "she" is not damaged. Herein, please find a sharing of some of our amazing experiences we have had with this skull since she first came to us in October of 2011.

-----

Now It's Time to meet "**Rosalita**", so who is She?

**"Rosalita"** is a human size two-piece crystal skull (including a separate jaw) made from rose quartz that weighs about 13 pounds made by a master carver in China, who started work on Her in September 2011 and finished this work in October 2011. The group associated with this carver was called Skullis and this beautiful skull was gifted to us for free. For many years I dreamed about having a human-sized and shaped crystal skull with a movable jaw but thought that it was only a dream. I now know that dreams do come true and that eventually we can have whatever we imagine in our lives!

*Rosalita is two pieces of Rose Quartz with the jaw separate from the top part, "she" is a light shade of pink, can you feel her essence through this photo, a very serene soul.*

We learned of these Chinese carvers through a TV documentary about the crystal skulls created by a British Production company on behalf of "National Geographic" which featured a clear quartz skull that was human shaped and sized which had been created specifically for the TV show. During the summer of 2011, we were able to speak directly to the owner of the company in China who had this master carver that made the clear skull working for him. They surprised us when they offered a similar rose quartz crystal skull as a gift to honor our work – well not just surprise we were in shock you could say – "What a Gift!!".

"Rosalita" arrived in our apartment, we were and are still living near Seattle, on October 27<sup>th</sup> and joined us on the very day we were leaving for our tour of the U.S. (which went until December 4<sup>th</sup>). However the "spirit" which is now the living consciousness of this crystal skull had contacted us while we were visiting New Jersey on another tour in September of this year. Actually three people we were speaking to at this time all inwardly received the name of the skull to be "Rosalita" which is Spanish for "Roses" and thus we decided to keep this name.

The main point of this two part article is: *What considerations should one have and be aware of, if you have a two-piece crystal skull, with a separate jaw verses having a crystal skull made of one piece?*

First of all, you have to be very careful that top of the skull that has the upper jaw doesn't keep bouncing on the lower jaw or the quartz could crack.

Next, how do you travel with such a crystal skull so you can transport this type of crystal skull safely and securely protecting both pieces? We had to come up with a solution for that problem and amazingly we did. First, we kept the plastic bubble-wrap sent by the Chinese carvers along with a small cardboard box, which held the lower jaw. Fortunately, we had a small purple suitcase we weren't using that had the exact space needed to comfortably hold both pieces of "Rosalita" as if this suitcase had been magically waiting to become Her home. We took the bubble-wrap we had received and totally covered the top part of the skull doubly over and place this into the suitcase. Then we bubble-wrapped the bottom part of the skull (the lower jaw) and put it into the small box.

Next, we wanted to have something for "Rosalita" to sit on when she was outside or publicly displayed so people could view all aspects of Her. Therefore, we used "The Skull of Love" as an example (mentioned in Part I) and found an inexpensive Lazy-susan made from fake wood and this is where she sits now. This also gave us the ability to turn the skull 360 degrees to show people all of Her wonderful features.

Thus, this is how we take care of "Rosalita". We have been very surprised how easy it is to travel with Her since we discovered this proper home for Her. However, what kinds of strange things have happened to us while traveling with her in the fall of 2011? Wait until you read this!

**a)** We met one of the Grandmothers of a group of indigenous women known as the "International Council of Thirteen Indigenous Grandmothers" at a conference in Illinois near the Cahokia mounds for the 11-11-11 celebration (November 11<sup>th</sup>, 2011). The name of this indigenous elder was Grandmother Agnes who is part of a Native America tribe that lives in Oregon. The goal of these indigenous grandmothers is to take their sacred traditions from all over the world and work together to promote peace, prayer and global healing. During our lecture about the crystal skulls at this

conference (known as the Star Knowledge Conference), Grandmother Agnes heard "Rosalita" speaking to her from the stage. Grandmother Agnes told us that "Rosalita" was asking to meet her and so we brought the skull down from the stage to this Grandmother who was sitting in a wheel chair in the front row, while the lecture was still going on. When "Rosalita" was presented to Grandmother Agnes, she received a powerful message and had a healing all over her body that she felt as heat. We weren't sure what was Grandmother's condition that required her to need to be in a wheel chair but you could feel Grandmother Agnes had a very kind and loving nature.

Within a few days of receiving this special rose quartz crystal skull, She was already filled with a living consciousness that was sharing a loving and healing energy with the people that She was meeting along our journey.

**b)** Katrina became very ill during the early part of our travels after we had left Washington State. However, after placing "Rosalita" near her head as she slept that night she woke up the next morning feeling perfectly well. As a matter of fact (*and we are unclear if being in this part of Wyoming had anything to do with having "Rosalita" with us*), the next morning as we drove through this state, we saw 100's of UFOs hiding in the clouds in the sky around us for at least about 100 miles away from the city we had just left, where our hotel was.

**c)** We were working with a transphysical medium near Seattle at a spiritual center in the middle part of December (a transphysical medium is an individual who goes into an altered trance and other spiritual beings speak through him/her plus this medium has had apported objects appearing through his body and around in his presence), as this medium was touching "Rosalita" on her temples, a 17 faced quartz jewel spontaneously appeared in the left eye of the skull. We went to a local jeweler shortly thereafter, who confirmed that the faceted gem we now had as a gift from "Rosalita", as the medium told us, was indeed a piece of quartz crystal which they determined by measuring the density of the stone.

In any case, there are more stories we will talk about in the future connected to "Rosalita" as Her story is never ending. I hope also at some future time, to be able to perform some research upon "Rosalita" in order to test the vibrational frequency of the energy that can be linked into and held by such a crystal skull, which in form is a close approximation to our own human bone skull.

Therefore in conclusion, I would say that our experience having a human size two piece quartz skull, the care for Her, traveling around the country with "Rosalita" and sharing this special skull with other people that we have met along the way has actually been exciting and not all the difficult to do. Nevertheless, I would definitely say that having Her around us, has changed our lives forever and we are very grateful..

This is your crystal skull explorer, **Joshua Shapiro**, signing off

I hope you enjoyed this two-part article and perhaps one day you will have a chance to have such a crystal skull yourself or to meet our "Rosalita" in person.

# 5 Keys to Activate Your Personal Crystal Skull

by

*Joshua Shapiro*

*a crystal skull explorer*

*(written in the summer of 2013)*

**Summary:** There are many people today that are acquiring their own personal crystal skull. Sometimes this is due to a personal interest; at other times is just an inner compulsion. However, what do you do when you finally have your own crystal skull and how do you bring your skull to life? In this article, I will offer five keys to help anyone do so as you work more closely with your personal crystal skull.

-----

***So You Say You Want to be a Guardian of a Crystal Skull, but  
once you have it - what do you do next?***

***During a visit to England about 2004 or so, here is an example  
of the type of crystal skulls that join our personal ones ...***

I have been fortunate to be involved with the crystal skulls for more than 30 years now so as you can imagine, I have seen quite a few. However, the real key to be able to work with your crystal skull and to awaken your skull to its true potential (the skull can take on a masculine, feminine or be both genders) is by following the five keys I suggest below:

**1)** You have to spend time with your crystal skull - this means to place the skull in your presence as much as is humanly possible when you first receive "him" or "her". The reason for this is so you can become adjusted energetically to your skull and its vibrational essence just as your crystal skull will have to do the same with you as "his" or "her" guardian.

-- this implies that there is a living intelligence (or call it a "spirit") that will work through the crystal skull. This spirit is drawn to this crystal skull due to your personal energy and vibration, which the "spirit" perceives as a living energy being or soul!

-- also when I speak about a crystal skull here in this article, I am referring more to the crystal skulls made from quartz and not the ones carved from other gemstones by modern carvers. Why is this?

-- quartz crystal acts as a dimensional door which allows various spiritual or dimensional intelligences to work through them a bit easier. However, I do recognize that there will be other people who feel a greater affinity for a non-quartz skull too. For me personally, my energy resonates more with quartz skulls perhaps as quartz crystals are linked to many of the very old crystal skulls that have been uncovered over the years. Anyway, let's get back to the main points of this article, the keys for the activation of a crystal skull.

**2)** Meditation is another important key (*see below for a definition of meditation*) that one should take as much free time as you have available to go to a place of quiet and peace where you can do an uninterrupted meditation while either holding your crystal skull or having the skull close by you, meaning being in your physical presence.

What is meditation? Meditation is a chance to shut down your logical mind and to listen to the inner part of your true self within your soul. This is the real part of "YOU" which has all your answers deep within -- answers that deal with who you are and your purpose in life. To quiet one's mind while living in our modern society with all the noises and business around us

takes great discipline as the mind will wander and be filled with thoughts and distractions. However, this mental discipline can be accomplished by focusing upon just one thing and only one thing whether this be a candle flame, a beautiful painting, or a scene in nature. I have also found that listening to the right music that really resonates with your vibrational field, can make meditation easier and take you to a higher level of consciousness if it is indeed the right music for you.

Assuming that you are able to go into a peaceful meditative state - this will help you to link more deeply into the essence / vibration / energy of your crystal skull. When this inner connection takes place, then you will begin to develop a meaningful form of communication between yourself and your skull. For example, your crystal skull may send you telepathic messages or you may hear the crystal skull as a voice speaking to you, which you hear through your physical ears. There are many ways the crystal skull can communicate with you, so just do not be limited in how this might take place and when!

**3)** Ask the crystal skull for its name. Each crystal skull will eventually give to its guardian a name. This name in many cases might not be what you would expect and there is no way to predict when and how the name will come to you. Do not be in a hurry to receive the name of your skull or try to pressure the skull (if this could even be done) to give you the name. Your crystal skull will definitely know when "she" or "he" is ready to do so. Therefore, trust this process however long it takes. Sometimes the crystal skull will give to "his" or "her" guardian two names: one to be used privately and the other publicly.

**4)** Many people ask us to explain exactly what process should they use to communicate with their personal crystal skull. And our answer is quite simple: *as your crystal skull integrates with you, into your unique energy field, your skull then knows which inner spiritual gifts that you have which are the strongest. Thus your crystal skull will use these gifts to make a communication with you.*

An example: Are you intuitive? This means you hear either an inner voice or telepathic voice in your head (or mind) or for some people, this voice can be heard as an external spoken voice that you can hear through your physical ears. In my case, my crystal children talk with me using my mental or thinking voice and I can tell which one is speaking by the energy I feel linked to this inner voice. The messages my crystal children give to me

comes quite quickly at times however, so sometimes I have to pause for a moment to receive and understand their messages properly.

Another example: You might feel something, either a type of energy or a specific feeling that is sent by the skull that offers some important or special information or insights which then you must translate from the energy/feeling into an idea or a thought you can express in words.

Yet again, another example: It is possible that you might see a vision or visually see the energy that surrounds a crystal skull as colored lights. Perhaps this vision or the colors presented are communicating a specific thought or feeling. Some people might also see a spiritual or dimensional being surrounding the crystal skull who will communicate with you in some form (telepathic or you will hear a voice with words).

Once you have developed whatever form of communication works best between you and your personal skull (*note: if you have more than one skull, you might have many different forms of how the skulls talk to you*), then "he"/"she" will begin to tell you directly how to fully activate and awaken "him"/"her". In other words, you won't need to ask other people for advice any more.

**5)** Be ready for your life to be completely changed as you continue to have contact with your personal crystal skull and work with "him"/"her". The crystal skulls have a tendency to bring out our best and worst. Their job is to help remind us about who we truly are as divine children of "Creator". We strongly urge you not to fight or try to stop the new directions and changes your personal crystal skull opens up for you in your life as it acts as catalyst. Trust that your personal crystal skull is taking you to the right place and most importantly, have fun on the journey!

I hope these tips will offer you some simple but powerful techniques how to work with your personal crystal skull (if you have one), or to be open to become a new crystal skull guardian when it's your time to do so.

Thank you for listening, to a great 2018 and beyond,

**Joshua**

## **A Crystal Skull Adventure in the Downunder (1995)**

*by*

*Joshua Shapiro  
a crystal skull explorer*

In 1995 I had an opportunity to go to Sydney to have a booth at the Festival for Body-Mind-Spirit and also a chance to do some other public presentations on the crystal skulls in this area. This would not have been possible without the help of my good friend Norm Hacker, who is Australian and was living in Sydney at that. He helped us, my ex-wife and myself, to fly to Australia and set-up these appearances for us.

Joky van Dieten is known as the guardian of a group of very old (ancient) crystal skulls (see the photo above). The most well-known crystal skull that she has in this collection, which her son is helping her to take care of, is known as "ET", which we mentioned briefly in the initial article of this e-book. Ms. van Dieten visited Australia some years earlier just after she acquired "ET" via a crystal store in Los Angeles and took the skull with her during this visit. It was here that she was diagnosed with a large brain tumor, which she believes "ET" came into her life to heal. Thus, when she heard we were going to Australia in November of 1995, she asked to join us and we had "ET" and another one of her skulls known as the "Jesuit Skull" on display at our booth at the Festival for Body-Mind-Spirit.

The following report deals with what took place at this Festival when a Reiki Master had a chance to have a session with "ET". I have not shared very much of this report, if at all, with others before and since this new e-book was being prepared for the tour to Australia, I thought it was appropriate to include it. What transpired was that I was allowed to take "ET" to see this Reiki Master at her own booth and I recorded the event. This report also summarizes a bit about prior contact I had with Ms. van Dieten and "ET" which I believed prepared me for this special session.

**CRYSTAL SKULL REPORT**  
**( WITH "ET" - SMOKY QUARTZ CRYSTAL SKULL )**

**LOCATION:** FESTIVAL FOR BODY-MIND-SPIRIT  
DARLING HARBOUR EXHIBITION CENTRE  
SYDNEY, AUSTRALIA

**Date:** Friday, November 24th, 1995

**Time:** (Approximately) 7:15 PM

**Witnesses / Participants:** Judith Glaver (Sydney, Australia)  
Beverly Bultitude (Caringbah, Australia)  
Joshua Shapiro (Chicago, USA)

**Background on Participants:**

Judith Glaver: Judith is a Reiki student of Beverly Bultitude. She was invited by Joshua to work with "ET" on display at the "Mysteries of the Ancient World Booth, No. 198 at the Festival. She felt a strong connection with "ET" and to paraphrase Judith "If I had two hours to work with "ET", I feel I could completely merge inside of this skull". Judith was so inspired by her experience that she felt moved to invite Beverly Bultitude, who she honors and respects greatly as her teacher to view this crystal skull.

Beverly Bultitude: She is a master teacher of Reiki, Judith Glaver is her student. From this experience, it is apparent that Beverly has the ability to link into objects or people and using psychometry, act as a communicator to share information from other dimensions and levels.

Joshua Shapiro: Joshua is the co-founder of VJ Enterprises. When Joky van Dieten first saw "ET", after she purchased him in April of 1991 in the Los Angeles area, Joshua was also present at the initial showing. Joshua had an opportunity to mediate with "ET" for about a half an hour during this time.

Upon the releasing of information given in this report during this visit to Sydney, Joshua came to the understanding that during his first meditation with the crystal skull known as "ET", there is a living dimensional being who works through "ET" (*please see description of information channeled by Beverly following for complete explanation of this statement*). Joshua believes that this living being recognized Joshua (on a soul level, which explains why Joshua would be present at this initial meeting of the skull with Joky) and at that time in 1991, began to form a spiritual link with him, that had not been fully actualized. Further, Joshua believes that this being or intelligence essence in "ET" is sensitive to energy and Joshua felt that this being wished to also form a similar connection with other people.

The next time that Joshua had a chance to have contact with "ET" took place in December of 1992, when Joky visited Joshua and his ex-wife in Mt. Prospect, Illinois (US) for Christmas time. During this visit, "ET" slept next to both Joshua and his ex-wife for four days, allowing time for more of an energetic integration with this crystal skull. Also "ET" or the being connected to "ET" made his presence known to Joshua, as he perceived a masculine entity standing around the crystal skull during the time when "ET" was shown to Joshua and his ex-wife at the hotel where Joky and her traveling companion Hans stayed during this visit. The message or feeling Joshua perceived was the being was very happy that all of these people were connecting now as this period of time represented the beginning of "ET" being shared with other people.

For example, during this time at the end of 1992, a meditation was held in the Shapiro's home with "ET" in the center and quite a few of the Shapiro's friends attended and had a powerful experience. In addition, two other phenomena occurred during Ms. van Dieten's visit. First, there was a masculine face that would move forward into the actual physical face of the skull when Joshua was looking into the skull or when he would meditate with "ET". What would happen is the crystal skull would become lighter as if it would almost change from smoky quartz to clear quartz. Secondly, during this time, after we would wake up the next morning, with "ET" near our heads in the bed, I felt like my body had been exercising all night. I think this was the results of being in a high energy field emitted by "ET" which was shifting my vibrational frequency, nothing scary or to be afraid of.

Further, I believe there were two other situations which helped "ET"/the being to become more fully activated during this time with Joky, Hans and the crystal skull. On the same day, we had an opportunity to visit with the Mitchell-Hedges Crystal Skull, which was located in Indiana as Anna Mitchell-Hedges was staying with Bill Homann in his house. As the two skulls were on Miss Mitchell-Hedges coffee table in the living room, and as Joshua was looking at both of them, he sensed the two skulls somehow knew each other. After we left Mr. Homann's home, we then went back to Chicago and went to explore the Inner Sanctum at the Bahai Temple in Wilmette, Illinois. This special prayer area has a very high energy, and we did a brief meditation here with "ET". As is explained by Beverly Bultitude when she was in the presence of the crystal skull, the being which is "ET", is trying to communicate with other people.

Continuing Joshua's short history of contact with Joky and "ET", there is a visit to Miami in May 1994 where Joky was living at that time. Joshua and Joky offered a public lecture at the Holland Cafe, of which Joky is the proprietor. Again there is a new group of people who have an opportunity to meet "ET" along with the other skulls Joky has at this time (again see the photo of Joky before). However by this time, "ET" has now drawn three other skulls around it. It is possible one of the services that "ET" wishes to help with is to facilitate the bringing of many crystal skulls together, since

"ET" has the ability to link into the other skulls. During this particular visit, Joshua had a chance to sleep near the skulls, which is again a time of more integration. Another strange phenomena for Joshua that came up was during the lecture given at the Cafe when he found that he was able to easily channel healing energy and which took away immediately the back pain of Joky's daughter Michaela (who has a genetic spine problem) and a headache from another friend, a local archaeologist, an acquaintance of Joky.

*Here we see Joky van Dieten with four very old crystal skulls including "ET" in the center and an obsidian skull modern made.*

Joshua returned to Miami in July of 1994, to do a type of research with Joky's skull and explored writing a book with Joky (July, 1994) which unfortunately did not work out. But Joky did come out with her own book about a year later. Joshua had the opportunity to sleep with the now four skulls Joky has around him with ET at his head. There was also an opportunity to meditate with each skull where he received a unique story or usual images about each and lastly, the Blue Crystal Skull that Joshua is seeking, appears floating in front of the other four skulls in one of his meditations.

These are the main events which occurred to Joshua prior to seeing "ET" and the "Jesuit Skull" at the afore mentioned conference in Australia to prepare him for this special meeting which is reported next.

## TRANSCRIPTION OF THE EVENT:

**CHANNEL/COMMUNICATOR:** BEVERLY BULTITUDE

**OBSERVER/CATALYST:** JUDITH GLAVER

**RECORDER/ACTIVATOR:** JOSHUA SHAPIRO

*( This report is paraphrased from notes taken by Joshua Shapiro of information shared by Beverly Bultitude, holding "ET" and speaking outloud what she is receiving. Upon hearing of the information spoken by Ms. Bultitude, Joshua and Judith both felt energy moving through their bodies and Judith said that Joshua had a strange look upon him. After the information that was spoken by Beverly is stated here in this report, Joshua will relate his own understanding of what occurred .....)*

"ET" is the physical manifestation of an energy being who originated from a dimension far removed from our own... Beverly described 1000's of planes of existence. "ET" does not have ears. His people do not hear like we do, they communicate telepathically and do not send words but send symbols, geometric symbols as well as frequencies through color and sound. There were several entities from the plane of existence in which "ET" comes from, that were cast out of their home (OUTCASTS) and they became lost in the various planes of reality, tumbling through different doors of one dimension and then moving through doors to other dimensions. Eventually, the energy of the being of "ET" (no name given of the entity's name) somehow stumbled into the vibrational existence of our earth and part of "ET" solidified into the skull we see now. Since "ET" is not a physical being as we understand them, this portion of himself which became the skull was able to be seen by the inhabitants of the Earth. Although since he was still communicating telepathically in symbols, few people (only those who had developed their inner sensitivities) could understand him. He felt very alone with a great sadness because he was far from his home and the beings who he understood well and could communicate with were not here at all.

Since "ET" comes from a far dimension, where thought is able to instantaneously create things there is a great power inside of him. However, "ET" was outcast due to a misuse of this power at home, and thus must be careful that he does not permit this power to be misused and create destruction on his temporary new home.

The information in the skull is in the base of the spine or back of the head area. "ET" will send out codes or a multitudes of flashes of light (*note: this is what was reported to Joshua by another woman present at the*

*Conference, that she perceived flashes of light in "ET" around the third eye area .... her name is Solange O. of Rain Beach, Queensland in Australia, that "ET" was filling her with many visions). The path of the information then appears to be from the base of the back of the head (as Beverly kept*

cupping her hands on the underneath back of "ET") and flows through the skull and will shoot out the third eye. Beverly also saw a whirlpool of energy or lights playing inside of "ET". Also Beverly saw "ET" sending codes, like a morse code, beeps or dashes or flashes of light as well.

**Here we see two photos of "ET" taken we visited Ms. van Dieten's son on Vancouver Island in Canada, as he was helping his mother take care of not only "ET" {notice the overbite in the teeth} but several other skulls.**

Since "ET" was tumbling through the planes or dimensions after he was outcast, those places where he was lost do not have much light. He does not like to be left in the darkness, his soul desires to have light around him. He was not happy when he was left in the ground before the Mayan family discovered him in 1906 in Guatamela. He thrives on contact with people. He becomes more happy with this contact which further activates his light energies.

Another statement made by Beverly was that when people touch "ET" that he will send the vibration of what we are like back to his home world, which records this, so his people can feel and understand better what humans are like (all of this is done in code and stored as vibration).

Beverly mentioned that the colors Blue and White are good for "ET". Perhaps put a white cloth around him.

"ET" never wants to be totally covered. "ET" wants to help with healing of others, humans.

## COMMENTS AFTERWARDS FROM JOSHUA:

It is my feeling that "ET" was trying to speak through me before, but I could not hear him. In each encounter I had with "ET", since "ET" was trying to be heard clearly in our world I believe he was trying to integrate with me energetically. Finally, when Beverly begin to link into "ET" and I heard her words, whatever information "ET" had shared with me previously was instantaneously be activated inside of me. Thus as I was hearing "ET" speak through Beverly, I became transfixed, all I could do is just listen and look at Beverly because I finally was hearing in my language what "ET" had been trying to say to me all along.

I was present at this meeting to record the information that was given and to confirm what was being said during the session is information I had heard from "ET" before. While Beverly was speaking, my right side was filled with a beam of energy, I became light-headed and began to understand the details which have been shared in this report about the essence of "ET". Also I had heat coming through my right hand which other people could see and the back of my head, the base of my head still even at this precise moment that I am reflecting upon this experience and writing about it, on my right side it is still stiff and processing what happened during this ten or fifteen minutes that this experience lasted.

It appeared to me during this session with Ms. Bultitude that "ET" had change in its internal appearance whereas before "ET" seemed to be very cloudy inside, during the session the skull was totally clear to me. I was also able to see as visual images in my mind the events and scenarios that Ms. Bultitude was describing while in her altered state. I also understood why, since I have come to Australia, I have had a block in the base of my spine... "ET" was trying to open up my ability to remember what it had shared with me before, that is why I had this block in this part of my body. At the time of writing this report, I can feel this energetic block in the spine and the base of the head although the energy is being shifted. I can not say at this moment when this process will finish and what the end result will be. I would assume I would be able to access "ET" more telepathically. When I make such a statement, this is not to say that only I would have the ability to speak with "ET"... there will and are other people (Beverly, Judith, Solange, that I am aware of so far and the caretaker Joky of course).

*( The information given in this report is shared as it was received. It is for the purpose of sharing possible insights into the origin and purpose of "ET", as the caretaker, Joky van Dieten has expressed great interest in how "ET" and her other skulls have affected others. All I can do is report as accurately as possible what happened, written one day after the event. )*

## **Interview with Bill Homann**

© Bill Homann

*(Photo of Mr. Homann taken in Sedona, Arizona, February 2008)*

### **Who is Bill Homann?**

#### **(The Current Guardian of the “Mitchell-Hedges Crystal Skull of Love”)**

*( **Note:** this is an excerpt of a special interview we conducted with Mr. Bill Homann while he was living in Indiana at that time. In this moment of time when we conducted this interview, he had just become the new guardian of the newly named “Mitchell-Hedges Crystal Skull of Love” in April of 2007 due to the untimely passing of Miss Anna Mitchell-Hedges.)*

#### **Q: Mr. Homann, can you tell us a bit about your life and background?**

**Bill:** Spirituality and God have always been the center of my life as far back as I can remember. I went to a Christian school and religion was my favorite subject. After graduation I continued my studies in world religions and various spiritual pathways, always being open to the experience of a more holistic way of living and thinking.

In the 70's and early 80's I studied Eckenkar and that was where I learned to go within for the ultimate truth. Since then, I have worked with the Rosicrucian teachings that have influenced me until this day.

**Q: When did you first hear about the Mitchell-Hedges Crystal Skull?**

**Bill:** The first time I heard about the Mitchell-Hedges Crystal Skull was when I was in the Air Force while stationed at Panama in 1968. I remember seeing a picture of it in an article I was reading and I thought it was strange that I couldn't take my eyes from it.

While in Panama, I ended up staying at a base near the canal. The pictures of F.A. Mitchell-Hedges that were on the wall intrigued me along with the corresponding stories. One story is that F.A. was called to the canal to free it from a giant squid that had stopped all of the traffic. He had to harpoon it, carve it up in smaller pieces and tug the pieces out to sea.

While I was on the lovely island of Toboga, off of the coast of Panama, I stayed at a wonderful hotel on the beach. The owner told me stories of Mitchell-Hedges and his daughter Anna. They stayed at this hotel while sailing into the bay fishing for great sharks. These and other stories remained with me through the years.

Many years later I heard about Anna Mitchell-Hedges (Sammy) and the Crystal Skull from friends in Chicago. I called Anna and set up an appointment to meet with her and the skull in 1981.

Meeting Anna for the first time left me feeling like I have known her forever and we became instant friends. That feeling only grew stronger as we spent more and more time together and we both came to realize that our bond was karmic.

When I saw the Crystal Skull for the first time, it felt like meeting with an old friend. There was a feeling of respect, connection and communication with it. I almost felt compelled to work with it.

**Q: Can you expand a bit more about this special feeling or connection you had with the crystal skull when you first saw it. Did something special happen to you during this time or was it just a strong feeling you had that you really know the skull?**

**Bill:** There was quite a bit that happened to me. If I think back to that time, it was like a major happening. That's why I didn't say more in my previous answer because I couldn't remember exactly what happened to me then – oh, (but I do recall) there were dreams that took place afterwards, that occurred during the Mayan times and Sammy (Anna Mitchell-Hedges) was there and the crystal skull was there. I witnessed a big ceremony with the crystal skull. And this wasn't just a passing dream; it was a powerful one as if I was right in it. Beside the dreams, well, I would have to really put my mind to it and unravel it and this is why I gave a simple answer before, because I didn't want to go deep into my mind and try to remember it all. However, it was a major happening. It was a life-changing event. At that time, I was going in one way in my life and all of a sudden when this happened, it changed my whole course and life direction. And I knew that this was my purpose and destiny (to be involved with the crystal skull) – it was like an awakening.

**Q: So now Mr. Homann that you are the Guardian of this Crystal Skull, what does this mean for you?**

*A photo of the "Mitchell-Hedges Crystal Skull of Love" taken after the research we conducted in Indiana on behalf of the Syfy Show (aired May 28<sup>th</sup>, 2008) entitled: Mystery of the Crystal Skulls. (Permission granted by Bill Homann, guardian)*

**Bill:** In the last eight years of Anna's life I had the privilege of having her live with me so that I could watch over her and take care of her. Because of our strong bond she has honored me by trusting that I will carry on her wishes concerning the future of the skull.

I believe the main message that the skull is trying to share with the world is for all of us to drop our egos and to work and support each other as if we are all one. That all living beings contribute to the whole and all are sacred. We are not separate from each other; we are all connected through love. Rather than live in our own single-minded consciousness we need to embrace unity consciousness.

Some of you may even wonder why I am now the keeper of this skull. I believe because of my past ties that the skull is where it wants to be. It is multidimensional and would be gone if it didn't want to be here in this reality.

I also feel that the crystal skulls are here to help man connect to a higher consciousness. That they work by connecting with the heart of man by breaking down the barriers that keep people from feeling oneness with each other. This is where the great healing takes place and this is why we are now calling this "The Skull of Love".

### **Additional Comments from Joshua linked to his Personal Contact with the Mitchell-Hedges Crystal Skull and Mr. Homann (Bill)**

I would like to add to this interview a brief sharing of the last two times I had the pleasure to be with Mr. Homann and his beautiful crystal skull. However, if any of our readers would like to read the full details of these experiences and other information I have collected related to the Mitchell-Hedges Crystal Skull, I will have a small booklet of such, by early 2019. It is my goal to add a new volume (or booklet about the Mitchell-Hedges Crystal) to the new series of books we have started to offer in November of 2018. I am calling this series -- "The Direct Contact Series with Various Sacred Crystal Skulls", and you will find a brief preview of Volume I, with the crystal skull called "Ami" a

bit later within this very e-book. Katrina suggested I write these types of books as over my 35+ years of having contact with the crystal skulls, there are many experiences I haven't had an opportunity to share with others or write about them. Send us an email if you wish to be put on a list of people to be contacted when this new booklet will be ready.

As a preview though of what the booklet will contain, let me talk about my opportunity to visit with Bill and the crystal skull, in his home in Indiana, in February of 2008. This was close to the time when the last Indiana Jones film had just been publicly announced and during this year, there was a bit of "Crystal Skull Mania"! Prior to making this visit, I had been invited by the Syfy Channel to be interviewed at Bill's home earlier for their new TV documentary. We must have done an hour to a two-hour interview, but unfortunately none of it was a part of the final airing of their show. I did get credit as a consultant and our first crystal skull book was briefly mentioned. I also arranged to do a research session with Bill and the crystal skull at a local high school by Bill's house (he helped us get into their science laboratory) using a Meridian Stress Test System as we had a small group of people who volunteered as test subjects. This was to see how the energy of the crystal skull affected the people tested but they didn't include the results of our tests either in the TV show. In the new booklet that I plan to write, I will discuss in more detail what happened during this special time to work with Bill and the crystal skull.

What I want to share briefly though, is about a week or so after we worked with the Syfy people, I went back to Bill's home, to have a private session with the Mitchell-Hedges Crystal Skull, which he graciously granted. This session lasted about 20 minutes, and I had three of my personal crystal skulls with me. All I can say is that something very unusual happened to me during this time, the energy I had contact with during this session helped me to basically become a person who can stay in the neutral and not be so judgmental of others. And besides feeling like I was experiencing "Heaven on Earth" during the session, I had a contact with a spiritual intelligence that knew everything about me there is. Why, I just don't have the words to describe what this presence was exactly, as it floated above the skull, as I perceived. For my full report, which I have never shared before, all the details will be in the new booklet.

As I mentioned in the Welcome section of this e-book, Katrina and I had the special opportunity to work with Bill to share the crystal skull with people in Washington State for 10 days (end of May and early June of 2016, mostly around Seattle). He did a kind of local tour that included a special slide presentation and talk plus he offered private sessions where a person (or persons) could sit with him and the crystal skull. He was very gracious in sharing the crystal skull with the people who attended these events. Anyway, in the new booklet, I will discuss for the first time some special experiences we had when the Crystal Skull was present during this tour.

I have to personally and publicly state, that of all the crystal skulls I have ever met, the one that has profoundly affected and changed me the most is the Mitchell-Hedges Crystal Skull. Further, this skull has told me that it knows my soul very well and that I was a Priest in Atlantis and worked directly with that crystal skull over there. And further, as you know, I have spoken quite often within this e-book about my contact and relationship with the **Blue Crystal Skull**, the one I went to find in Peru, which apparently

means that I had past lifetimes not only in Atlantis but during Lemuria too. The shape of the Blue Crystal Skull that I see in my mind's eye is very similar to what we see with the shape and form of the Mitchell-Hedges Crystal Skull, as this other crystal skull has a movable jaw as well. Thank you – in peace and light

**Joshua**, *a crystal skull explorer*

*Look out in the future for the release of: “**Direct Personal Contact with the Sacred Crystal Skulls, the Mitchell-Hedges Crystal Skull, Volume II**”, it is still unclear however, when this book will be written. Hopefully once our Center is established there will be time to construct this book ... **Joshua** (June 8<sup>th</sup>, 2023)*

## **What are some of the Hidden Secrets that We have Uncovered linked to the Crystal Skulls? How can these Key Aspects help our readers better understand the Truth about the Crystal Skulls?**

*(thoughts and ideas with Joshua Shapiro)*

Throughout this e-book so far, we have defined what a crystal skull is and discussed some of the crystal skulls that are fairly well-known in the world. We have used our personal crystal skulls as an example of the type of different energies that can be linked to each individual crystal skull and what impact they can have upon a person who is in their presence. But still, at the time of the publication of this e-book, we still don't fully understand how the crystal skulls function, what is the source of the energy held within the skulls or even the intelligence that speaks through them.

I think we would all like to know the answers to the following questions:

- a)** How are the crystal skulls able to both store and send out special energies to help the people they encounter is still a mystery?
- b)** Why, when a person is in the presence of an activated crystal skull does the skull act as a catalyst that will bring out the hidden abilities within this individual such as their spiritual gifts or creative gifts?
- c)** What is the eternal energetic system within a crystal skull that can accelerate a form of almost instantaneous healing to eliminate from an individual any type of illness, mental or emotional imbalance or even at times, heal serious injuries?

In regard to these questions, we only have some partial answers or explanations. The phenomena that occur around the crystal skulls seem almost magical but as students of spiritual philosophy and the paranormal, we know there are universal laws that the crystal skulls obey as tools of spiritual awareness. We know these types of activities discussed above and the effect of the skulls upon different individuals is repeatable, as we have observed such effects when crystal skulls are present and we continue to receive numerous reports from people all over the world who are describing similar experiences with their personal crystal skulls.

Following are five key aspects linked to our studies and the personal experiences we have uncovered linked to the crystal skulls of which, none of these ideas are we able to prove through physical means or a physical/scientific type of research. We can only offer these ideas and

theories to our readers who must decide for themselves if they agree or not. We believe these keys may be linked to the origins of the crystal skulls and offer a possible explanation of why the skulls function the way that they do:

**1)** The Crystal Skulls seem to communicate (on a telepathic, visual or feeling level) with their respective guardians using the spiritual gifts of their guardians to be heard and understood. Almost every crystal skull guardian we are acquainted with will talk about this type of communication with their personal skull or skulls. Where does this living consciousness come from is another question entirely. It is speculated that these are spirits and dimensional beings that are sharing some inner, or soul, relationship with the crystal skull guardian and are using the skulls as a vehicle or dimensional doorway like a transdimensional communication device. It could be a property of quartz crystal of which many of the very old skulls are comprised of, that lends itself to this type of transdimensional communication.

**2)** Also it is interesting to note that there are a number of indigenous cultures in our world, who live in what many would consider more primitive life conditions but are very well connected to the energy of "Mother Earth", that seem to know a great deal about the crystal skulls. Such tribes, at times, will reveal publicly the ancient legends they have kept over hundreds or thousands of years that discuss the origins of the crystal skulls along with details about older races of people who created these skulls. However, these tribes regard the crystal skulls as sacred objects. Therefore, if such tribes should happen to have a very old crystal skull in their possession, they will protect it and keep it hidden at all costs.

This then could be a sign that there have existed other, more advanced civilizations, in our past who either created such skulls or had these crystalline objects passed down to them from even older cultures. Then, when these civilizations were destroyed (as reportedly what happened to Lemuria in the Pacific and Atlantis in the Atlantic) the indigenous people who were visited by the survivors of such were entrusted with these so-called sacred artifacts to preserve them for some future time when Humanity might face an ultimate challenge.

**3)** Is there a UFO connection with the crystal skulls? This is a very good question. Were the crystal skulls the gifts of the Sky Gods, brought here to be a powerful energetic tool to help humanity awaken to their true inner divinity and identity as immortal beings? In some instances when a very old crystal skull is out in nature and placed in a special location (like in a special energy vortex or places where old and ancient cities once existed), there are sightings of UFOs that are witnessed. Could the ETs have crystal skulls on board their spacecraft as well which communicate with the crystal skulls we have uncovered here on the Earth?

4) Links with the Inner Earth – there is a theory that our world is hollow with a small sun at the very center of the earth's core. Also that there exists people who live on the inner surface of our world held there by gravity who are in a higher vibrational state and also are suppose to be quite tall. Legends say that the Inner Earth people or tribes brought with them to this planet (when they migrated from the cosmos) an entire crystalline body. This body includes a crystal head that contains the entire knowledge of their race with the rest of the body being crystalline in nature as well. Are any of these crystal skulls known today? The implication here is that the very old crystal skulls probably work like computers and if we know how to activate and open them up, we would have access to great wisdom and knowledge that is stored within them from advanced civilizations from our past or galactic civilizations that brought them to our world.

5) The prophecies of various indigenous tribes (such as the Mayans, Aztec, and some Native American) suggest that there may exist a special set of crystal skulls which once were physically together but have been hidden or scattered throughout the world to be protected. It is further claimed that one day, perhaps in our near future, this set of skulls (and the number generally associated with the set is 13 but there could be multiple sets of 13 skulls) will be reunited in a specific location on a precise day. And when this time of reunification does come to pass; the collective energy of this group of skulls will act as a catalyst to uplift the vibrational frequency of our world and take us into a 5<sup>th</sup> dimensional space (compared to a 3<sup>rd</sup> dimensional space where we currently are). That once we enter this fifth dimension the end results will be a total transformation our world into one of peace and harmony. And finally, the other people who purportedly live in our world hidden (underground cities populated by descendants of Lemuria or Atlantis or the Inner Earth People) will reveal themselves soon and truly we will be one united family with their love and assistance bring forth the "Golden Age".

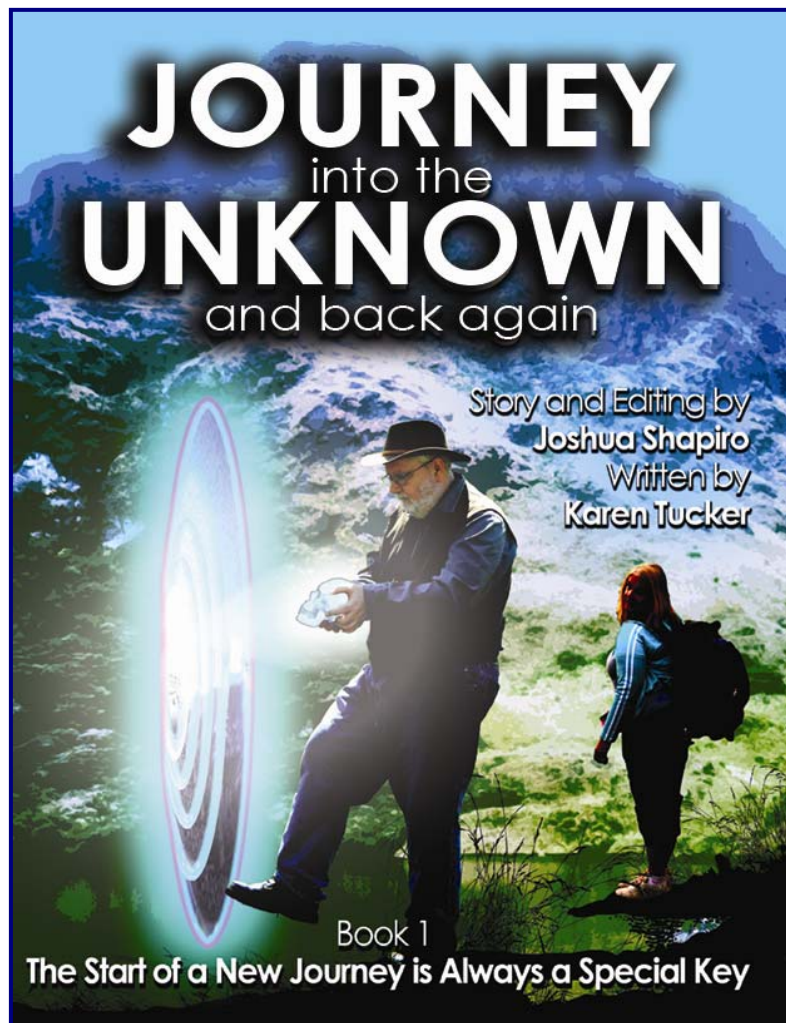

So to conclude, if there is any truth to the essence of what these five key ideas represent that I have presented here for you, then the recent interest in the crystal skulls should be no surprise (as has been foretold via various prophecies). That we will continue to see more and more of the very very old (ancient) crystal skulls beginning to resurface into the public's eye. That this process has been greatly accelerated within the past 20 years, for sure, and this is taking place because humanity has become much more ready now to accept and work with the energy of the crystal skulls, a special tool that is preparing our world for a great future. And in this future, it will be a time when all of our inner gifts and abilities will be fully awakened! Can you imagine what such a world would be like?

## **Journey into the Unknown and Back Again**

### *Book #1 – The Start of a New Journey is Always a Special Key .....*

Within Book #1 of this series, our main characters, Joseph and Katherine Schwartz meet all kinds of crystal skulls, have sightings of UFOs, and even a Sasquatch shows up. We meet a resident of Telos, the underground city of Mt. Shasta, various special gifts are given to them as they are apported into our physical world by "spirit", and there is even a short trip to the "down-under" (Australia). All of these events, synchronicities and activities are happening for Joseph to prepare him for stepping through a dimensional door in the high Andes mountains of Peru (as is depicted on our cover) -- which of course we must wait for book #2 to find out what happens to him on his journey into the "other-side"!

This is a story like no other, which eventually will bring forth the answers to many of our questions, which we all have had like, **Where did Humanity Originate From? What is our true purpose and life and why are we here on the Earth. And also, what is our relationship to the universe and what is our inner essence all about.**

This is the first novel ever shared by well-known real-life crystal skull explorer Joshua Shapiro. The idea for this story came to him back in 2014 and eventually he connected with spiritual novelist Karen Tucker of England, to allow the story he was watching in his head, to be brought to life. This is perhaps the most important series of books Joshua and Karen have ever personally been involved with. At times, our writing team hasn't even know which direction our story should go in but when it was time to write the next chapters, the ideas to do so, just magically flowed in. We definitely believe that were are getting help for our writing from our loving extended family in "Spirit".

# Direct Contact Series with Sacred Crystal Skulls "Ami", Volume I

In April of 1983, **Joshua Shapiro** had the greatest experience of his life, when he met the amethyst crystal skull known as "**Ami**", of which this name means friend. "Ami" telepathically told Joshua that the crystal skulls were returning from their obscurity to help bring a time of "Total Peace" for our world. And now that he knew, what was he going to do about it? Thus, that was day "1" of Joshua becoming a Crystal Skull Explorer. This special new booklet is divided into three key sections. In Part I, Joshua discusses his first contact with "Ami" in 1983 (then known as the Amethyst Crystal Skull) in which his life was forever changed. In Part II, in 2001, Joshua has his second opportunity to meet "Ami" in person and with permission and assistance by Al Ramirez, who represented the owners of "Ami" at this time, together they organize a research project to study "Ami". It was during this time when Mr. Ramirez received "Ami's" name. The goal of their research, which utilized a sophisticated electronic meridian measuring device, was to learn about the healing energies that this crystal skull projects. The energy of "Ami" even healed Mr. Ramirez of a serious brain problem previously. Then in Part III - Joshua shares key information that has never been released before, giving details about this crystal skull passed on by Mr. Ramirez that his group had, this was before Mr. Ramirez died in 2006.

At the current time, "Ami" is in private hands, as it was purchased from Mr. Ramirez's investor group in 2009 but no one has physically seen this crystal skull since then. Joshua is a crystal skull teacher, author and investigator who has traveled the world exploring the secrets of the crystal skulls for over 35 years, with "Ami" as the crystal skull that got him started. This booklet is 70 pages long and offered in an Adobe PDF format and Kindle Print Replica format. The book was first shared in 2016 as three separate reports to the members of the Crystal Skull Special On-line Membership. However, this is the first time all the information appears in one book. Joshua hopes by telling the story about this beautiful amethyst skull, which houses the living consciousness of "Ami" inside, who has been telepathically broadcasting "HER" wish to be free to interact with the people world that we can help "HER" do so by convincing the current owner(s) to let the world meet this amazing crystal skull!

**Atlantis – Fact or Fiction?**  
by R. Joshua Shapiro  
a World Mystery/Paranormal Investigator  
(written in the early winter of 2013)

The idea that there was once a legendary continent of Atlantis that is said to have existed in the Atlantic Ocean may or may not be a fact but it is a very popular legend that won't go away. As years pass, more and more researchers have come to believe that uncovered in the ocean and via artifacts discovered in the ground, the existence of Atlantis is no longer a legend.

Roughly 12,000 or 13,000 years ago, it is claimed Atlantis was destroyed as this Island State fell into the waters of the ocean due to the misuse of technologies, which offset the balance of nature and the "Mother Earth". Furthermore it is said that the other civilizations of this so-stated time period (such as ones in Mexico, Central America, South America and Egypt) were greatly influenced by the survivors of Atlantis who left before its final destruction and came to live in their regions and brought part of their advanced technologies.

Other evidence or proof of Atlantis could be surmised based upon some very recent discoveries made within the Bermuda Triangle where there is a rumor of two large pyramids made of clear glass existing or strange crystals found underwater there. Additionally, some archaeologists and underwater specialists have encountered stone structures found under the water by the island of Bimini who claim these stone buildings could also offer tangible proof of the remains of the Atlantean civilization as well, maybe one of her colonies.

Besides which, over the years, we have personally met a number of people who have had a vision or a past life memory of seeing themselves living in Atlantis in a former timeframe. Further, through various studies made by different spiritually based organizations, they have come to believe that Atlantis may have existed in various forms and stages of development for several hundred thousands of years in the far past.

However, I believe that we have two other proofs that are even more substantial than anything which has been shared in this article so far:

**1)** The best source of information about Atlantis was revealed through the sleeping prophet, Edgar Cayce, who lived from 1877-1945. For the last forty years of his life he would go into an altered state of consciousness and would give what were called life readings. These readings contained special information and insights about the individual who was receiving the reading. The information that Cayce discussed in this altered state was either about their current life or could be related to a past life this person had of which the circumstances and events of that other lifetime were impacting this individual in

the present. Sometimes Mr. Cayce could give a reading for a person who was not in his physical presence as well.

In total, Edgar Cayce gave over 600 life readings, which involved a description about the legendary Atlantis, detailing how the individual being focused upon (or their soul) lived during one of the ages of this great civilization. It is hard to believe that such consistent information about one past culture could be spoken through a person who was not functioning in his normal waking consciousness. Actually Mr. Cayce had no memory whatsoever of anything that he would speak during his sessions when he came back.

Edgar Cayce described during his trance state three specific ages of Atlantis. The first age occurred before 50,000 BC (the Theosophical Society says this age could have started as far back from 1 million to 800,000 years ago) where Atlantis existed as one huge continent in the Atlantic Ocean. However due to a war which he stated occurred between the "Sons of the Law of One" (who followed a very spiritual and peaceful way of life) versus the "Sons of Belial" (or people who did not believe in the "Creator" but worshipped the material world and used their advance technologies to have power over others); that around 50,000 BC, the destructive nature of this war split Atlantis into five islands of which the largest one was called Posedia or Posedonis.

Then the second age went until about 10,500 BC when once again the same two groups had another conflict, which resulted in further destruction of which all that remained of Atlantis was the island of Posedia. About one thousand years later or 9,500 BC, the Sons of the Law of One had prophetic visions of the final destruction of Atlantis and knew they had to leave. Therefore these individuals took all of their tools and sacred knowledge and brought them to the existing Atlantean colonies that existed throughout the world at that time before the final end. These areas would be including North, Central and South America and into Egypt.

The Atlanteans who left knew that that their special tools and their wisdom must be preserved for a future time when humanity would face once again another great crisis and these tools would be of tremendous benefit. Some people believe that one of these tools taken out were the crystal skulls. If you decide to explore our latest book linked to a "Blue Skull" in Peru, you will see that I believe in my former life, I did leave Atlantis and took this skull with other sacred tools to South America, to Peru. Further, I believe we are now living in this time when these secretly held Atlantean tools are coming out and that this is why more evidence of Atlantis is coming publicly forward and people are having a greater interest in this ancient civilization.

Edgar Cayce further stated that many people who have incarnated into the modern world of today had lifetimes in Atlantis. That as these same souls meet once again in our present world, that there would be a similar struggles as had happened in Atlantis before, as the same souls come back together. And it

definitely appears once again that humanity is using our modern technology to disrupt our world, our ecology and environment in addition to continuing to wage terrible wars at various times.

What can save us is this advance technology and wisdom that has probably been buried in Atlantean time capsules - in secret places. That those souls who fled Atlantis and helped with the preservation of their technology and records have reincarnated today and perhaps, will one day all of sudden remember where they placed these capsules and return to these secret locations to retrieve what they have hidden there. Once we have these advance tools and the sacred knowledge of Atlantis in our hands, these resources could greatly assist humanity to create a world of total peace.

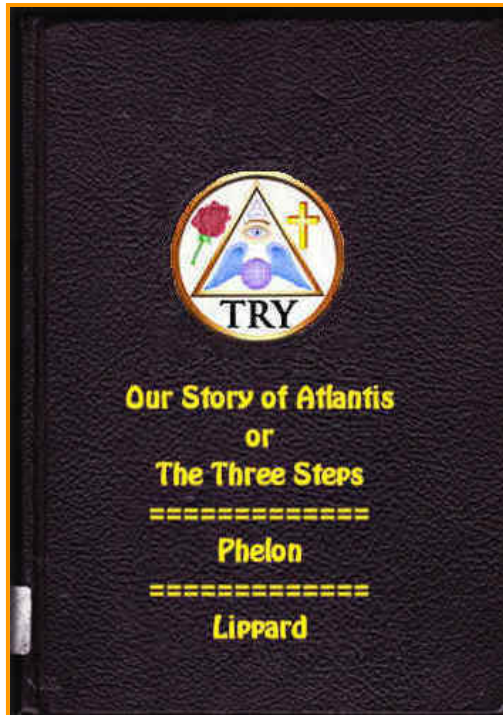

Besides having on a personal level my own visions and insights about a time coming for our world to see total peace in our near future, there are many other people who are having a similar types of visions. For example, there is a book called "My Descent into Death" based on the Near Death Experience of a man named Howard Storm.

In this book (which is his story) Mr. Storm goes to Heaven and meets the "Angels" and the "Christ", who show him the power of the Creator's Love. Then Mr. Storm is sent back to the earth where he reenters his physical body and has to deal with some serious health challenges but eventually he does recover. The key message I believe he received during his visit to so-called "Heaven" is that the "Creator" through the "Christ" and the "Angels" will be directly assisting Humanity at some point in our future so together we will make a beautiful and peaceful world. That this is will be our destiny absolutely and for now we just have to live our lives the best we can, to be positive and joyful and not allow the fear of current events take us into a dark path or depression.

Though Mr. Storm's story might sound a bit religious, never-the-less for those of us who follow our own spiritual path, we know in the depth of our beings that there is a loving higher intelligence which watches over us and that is continuously assisting us in our spiritual evolution. And we have called this force "God" or the "Creator" Anyway, I apologize for being a bit sidetracked here but I always share something interesting I have come across just as I begin to write a new report or essay.

**2)** Getting back to the proof of Atlantis, there is another book that was written by a Dr. Phelon, who was the head of a Hermetic Mystical Order that was published in 1903. In this book, Dr. Phelon reported of an experience he had in the late 1800's, while taking a boat trip from New York City to California (which means they had to go around Cape Horn of South America at this time).

On this boat, he met a very interesting man who was the only other passenger on the ship. They had many conversations about Atlantis and Lemuria. I suspect this stranger was linked to some secret order that had a direct connection with the ancient history and knowledge of Atlantis in some manner that was not explained in the book but something that we could surmise.

To make a long story short, this stranger guided Dr. Phelon to one of the islands in the West Indies (between Cuba and South America) where they discovered a stone structure of advance design sticking out of the water. The stranger somehow knew how to open the door to this building and inside they find a wooden box, which contains an ancient papyrus scroll written in Ancient Atlantean. Dr. Phelon writes down the translation of this document from the stranger who somehow understands Atlantean. In this scroll it tells a remarkable story from a person who was alive in Atlantis describing what the people were like and what their daily life was all about, in this fabled continent. According to the author, this accounting takes place about 29,000 B.C. The scroll not only discusses the normal

lifestyle of an Atlantean but also shares the higher spiritual principles that the Atlanteans followed which guided their lives.

As one begins to read this book, what is quite remarkable is the writer of this scroll is speaking about a period of time when the Atlanteans had total harmony between their sciences, their governmental institution and their spirituality. For example for a new law to be passed, all the people of the land had to agree, not just a few elected officials who represented everyone.

***This Amazing Book is the translation of an Atlantean Scroll written 29,000 years ago – which the scribe for the 3 Magi of Atlantis describes completely what Atlantis was really like – there is no other book like this available – check [here](#) to see it on our website, or the webpage to visit is shown at the end of this article ....***

And finally, their most basic concept of life, which everyone accepted, was that “Everything that is in the “Visible” must first originate from the “Invisible”. It appears this ancient document is offering to us in our world of today a powerful

sign of where humanity is headed for in our near future. I don't know, what do you think?

Anyway, I hope you enjoyed this short report and that it has perhaps offered to you some new insights about the legendary Atlantis. However if you might wish to know more about Atlantis, we have listed below a link that gives to you more information about the book written by Dr. Phelon and how you can obtain your own copy of this rare work.

## **Katrina's Contact with the Orbs and the link with the Crystal Skulls** (1999 & 2010)

**Q:** When did you first encounter the Orbs?

**Katrina:** In 1999 while I was visiting Sedona, Arizona, I encountered the Orbs. At this time, I was attending a conference about the Arcturians. Because I was receiving telepathic messages from the Arcturians, I wanted to learn more about them and I felt this conference could help me.

During one of the days of the conference, I decided not to attend the lectures, as I wanted to just go out and experience the energy of the special vortexes in this area. For some reason, I was drawn to visit a Church, which was not far from the famous energy vortex known as “Bell Rock” (because the rock is in the shape of a bell). I was here during the very early hours in the morning. Just as I was walking past the church to go explore one of the nearby mountains, I was astonished to see there were many colored

lights (Orbs) flying right at me which I could see easily with my physical eyes. These lights were of different colors such as pink, magenta, purple, violet and blue. It was very strange so I was inspired to take some photographs. (Note: one of the photos Katrina took is shown above)

**Q:** Katrina, in March of this year (2010) you and Joshua had a chance to visit the “Bluff Trail Labyrinth” near Madison, Wisconsin. In this location many orbs are being photographed. You brought your crystal kids with you. What were your experiences here?

**Katrina:** I didn't see the Orbs in this area so much with my physical eyes, but I could feel their presence quite strongly around the Labyrinth. However in the photographs we took during our visit, there were times when almost 100 orbs appeared at once. I did see the Orbs appear in the bedroom where we stayed. However, this was at the home of Melanie's parents, two of the owners of the land where the labyrinth had been built and was several

miles away. The orbs did call to me telepathically though and I was able to hear them. After we finished our full-day workshop on that Saturday, I was definitely called to go out to the labyrinth and be with the Orbs. When I went out at this time, I could feel all kinds of spirits around me especially Native American spirits. I believe the Orbs were drawn to this place because the labyrinth lies on sacred land.

I remember during this particular visit in the labyrinth, I spoke to the spirits or the Light Beings (the Orbs). And I asked them if they would come near where I had placed two of our crystal skulls (“Portal” & “Geronimo”), at the very center of the labyrinth. They did answer my request as through the photos we took, I saw Orbs on the ground trying to move closer to the skulls. This was the only time we had photos where the Orbs were near the ground.

**Q:** Is there any relationship, in your opinion, between the Orbs and the Crystal Skulls. Did you notice any difference in your crystal skulls after they were placed within this labyrinth?

**Katrina:** I believe that the type of light beings I experience contact with inside the crystal skulls are quite similar to the light beings I have experienced when I've had contact with the Orbs. I also noticed that I couldn't hear the Orbs as clearly until after I started to hear the spirits who are within or connected to the Crystal Skulls.

When I looked closely at our skulls after we left the labyrinth and came home, I could see their physical form had changed in relation to the visible, inner structure of the crystal skulls that you can see. I also believe the Orbs followed us home by linking into us through our skulls. This came after we moved into the mountains of North Carolina just south of Asheville, when the Orbs began to communicate with me. They asked me to go into our backyard at night and take pictures of them in which they will always appear. They continue to do this even now, July 2010. As a matter of fact our friends, with whom we are living, have access to night vision goggles and an infrared light, which enables us to visually see the orbs in movement. Finally, sometimes in my bedroom, late at night or in the early morning I can see the orbs with my naked eyes when they come into the bedroom to say hello!!

# Crystal Skull Events with Katrina Head & Joshua Shapiro

Since 2001, Joshua has worked and traveled to numerous places around the world. As of April of 2009, he now works closely with his life partner and best friend Katrina Head, who together they are known as the “Crystal Skull Explorers”. Their goal is to share key information and the best insights they have uncovered about the crystal skulls with the general public. As you will read below, we offer various types of activities and events related to the crystal skulls as well as an opportunity for an individual to have their own personal experience and contact with one. As we move forward, we intend to continue our outreach into many new locations within the world and to work more closely with other crystal skull teachers and caretakers.

## What does our Crystal Skull Events consist of?

**Public Lecture** (2-3 hours) – a slide presentation that provides a brief history and discussion about how the crystal skulls first surfaced and which ones are publicly known today. We then delve into various theories about their true purpose and why the crystal skulls are important for humanity’s future. Lastly, we present part of the research we have been conducting with the crystal skulls over the years to better understand energetically how the crystal skulls work and function and why they have such a powerful effect upon the people who have contact with them.

**Workshop** (includes the “Lightworker’s Toolbox”, 5 hours) – A continuation and further exploration into the key theories surrounding the origins of the crystal skulls. This workshop includes some hands-on work with an actual crystal skull and a discussion about the process that can bring your personal skull to life (or activate it). The workshop concludes with a talk about using (or finding) one’s true inner or

spiritual gifts to discover your life's purpose and help to create peace in our world. The "Lightworker's Toolbox" is a discussion of the key strategies for being a good "Lightworker" and how to effectively work with your inner spiritual gifts to support your spiritual life mission. Additionally, Joshua shares key activities and events taking place behind the scenes (direct ET contact, the Mandela Effect, crop circles, and more) pointing the way for our world to see a "Golden Age" in the near future.

**Crystal Skull Healing and Intuitive Consultations** – an opportunity to work privately with one of our awakened crystal skulls and have a special spiritual experience initiated via the skull during a meditation offered. Additionally, to receive an uplifting energy from Katrina, a gifted healer and spiritual channel with messages from your higher self. Finally, you will receive additional information about yourself via an intuitive period with Joshua (who works with his and your spirit guides) offering key insights about your life here on earth, past lives and possible creative/spiritual gifts you have inside of you and may not be aware of.

**Meditation for World Peace** – We offer throughout our events a meditation working with the energies of the crystal skulls to send out to the Earth a powerful energy for world peace. Also on the 13<sup>th</sup> day of each month, at the 13<sup>th</sup> hour of the day, we lead a special world peace meditation with the crystal skulls, all are welcome to participate even if you do not have your own persona crystal skull.

**Joint Events** -- In 2004, we began to investigate working with other crystal skull caretakers, researchers, and teachers (including indigenous elders) which resulted in three small conferences in Switzerland and three Crystal Skull Festivals in Europe (the Netherlands in October of 2006 and May of 2011; with Hungary in October of 2007). In 2012 and 2013, we offered two crystal skull conferences over the internet. As we move forward, we are always interested to co-create with other new crystal skulls events throughout our world. Feel free to contact us for more details about such future events or to work with us. To learn about these prior conferences go to:

[www.whoisjoshuashapiro.com/crystalskullevents/](http://www.whoisjoshuashapiro.com/crystalskullevents/)  
(this page discusses the conferences in 2006 and 2007)

If you would be interested to bring one of our crystal skull events to your local area or have any questions at all, please don't hesitate to get in touch with us. We believe that the message of the crystal skulls is very important for humanity's future. Hope to meet you at an upcoming event!!

## **Our Consultations with the Crystal Skulls**

*(an enhanced description)*

We thought it might be of interest for our readers to briefly discuss how we conduct our unique style of private consultations working with the crystal skulls, who play a key role during this session. Our hope is by sharing more about the sessions we offer, this in turn may inspire you how you can incorporate your personal crystal skull into your own spiritual work to help others and assist our "Mother Earth". In addition, this section will provide for you a good idea how we do our own sessions, in case you might wish to sign up for one at some future time.

We incorporate into our own private sessions a combination of utilizing our individual spiritual gifts (from Katrina and Joshua) during this session working in tandem with the energy that is held by each of our personal crystal skulls. What this does then, is provide for our clients a very unique and powerful session that will offer special healing and uplifting energies along with insights to help them in their life and to understand their true inner self much better. We also share intuitive information we receive about each client, which can discuss why they chose to be on the Earth at this time and what is their true purpose in their life is.

To setup for our sessions we place on a table, all of our (working) crystal skulls, facing forward, so that they are sitting directly in front of our client. We lay the skulls upon a special cloth we received while visiting a reed island in Peru within Lake Titicaca. The other tool we utilize for our session is a portable MP3 player with headphones. All of our sessions begin with a meditation with music, while the client holds the crystal skull they choose to work with for this session, in whatever way they are comfortable to do so.

Essentially our consultations serve various purposes: First, our client has a chance to directly experience the types of energies that are linked to a crystal skull. In some cases, this energy can act as a catalyst that triggers a personal transformation for them. This is the reason we ask each person to select which crystal skull they feel the greatest affinity for, to hold and work with, as each of our personal skulls offers their own unique and individualized service and energy. Secondly, our clients can receive a personal healing or just receive the appropriate (universal) energies that are necessary for them throughout the session. In general, our clients receive these healing energies during their personal meditations with one of our crystal skulls while listening to a special music.

After the mediation is finished, we then share with the client the specific information or messages we received that were either given to us by "Spirit" or, that we intuitively felt or sensed during their meditation. The type of information we receive can deal with their potential creative or spiritual gifts the client possesses (possibly even unknown to them); insights into their life's purpose; insights linked to past lives or challenges they have chosen for this life whereupon we offer suggestions and techniques how to overcome this. Most times, the inner information we receive will answer most of the question our client intended to ask us in the first place, but we are also available to answer any other questions too.

As to the type of healing the client can expect to receive during their session, this can range from some assistance for various physical and emotional problems or a type of mental block; or it can be connected with various karmic (past-life) situations. For some of our clients, they require a certain amount of time, after

their session is finished, for the healing energy they received to be completely integrated into their body (vibrationally). We recommend for our clients that they bring with them a personal crystal or gemstone. This allows their crystal or gemstone to record and absorb the healing or higher vibrations energies present during their session being emitted by any or all of our crystal skulls or from the "Spiritual Visitors" who join us. In this way, a client can continue to work with these energies in the privacy of their home when they meditate with their stone as well as receive the information and insights that they received during our session, as we strongly believe that the vibrational essence of everything that takes place during the session will be stored within this stone.

Katrina and Joshua are firmly convinced that the presence of the crystal skulls during these sessions greatly assists the two of them in creating a peaceful and protected environment in the consultation room. Furthermore, they feel the crystal skulls which are present will help to enhance their own spiritual abilities and gifts so that they can become clearer channels in order to bring forth the most appropriate level of healing energies and information that will be the most beneficial for each client. Additionally, the Explorers have observed on numerous occasions how their crystal skulls are able to help shift and balance a client's energy in the precise manner that is needed and required. They have noticed during some of the sessions, unusual phenomena will happen around their skulls. For example, "Portal de Luz" has a tendency to change "his" internal color (becoming lighter or darker) or it is noticed that the crystal skull which was held for the mediation, its weight has changed as well, becoming lighter or heavier than when we first started.

(A New Way to Offer our Consultations in 2018 and Beyond: In addition to offering our consultations in person, we have been able to share a similar type of consultation using skype (or zoom too), which is a free program that allows you to see and hear the person you are speaking to via your computer, mobile (cellular) phone or a tablet over the internet. Joshua has been offering this type of sessions since 2016 and they are just as affective as when we do so in person. Further, the session done by skype are performed totally through a **love offering** which you would decide what to share. We have used Paypal, as the way for your love offering to be given back to us. If you might like to speak to Joshua, to have an intuitive crystal skull reading using skype or by phone, feel free to contact him via email at: [crystalskullexplorers@gmail.com](mailto:crystalskullexplorers@gmail.com) )

## Tips for Reading this Book

This e-book has been created as an Adobe Acrobat document using the “.PDF” format. We have done so because this is such a common and popular file format on the internet and it can be easily read on a personal computer running either Microsoft Windows or Apple’s Macintosh Operating System. All that is required to read our e-book is a version of Adobe Acrobat Reader (Version 6 or higher, the latest version is called DC). This is a free program you can download from the Adobe Systems website. If you do not yet have your own copy of Adobe Reader, you can get one by going to the following website:

<https://get.adobe.com/reader/>

You have the option to read this e-book directly on your computer or you also can print the pages out. To print the pages from this e-book while you are running Adobe Acrobat/Reader go to: “File Menu” in this program and select “Print”. In the following popup window that is displayed, you will indicate to the program which pages of the book you wish to have printed (Author’s Note – Please note that the page numbers within the book do not correspond to the page numbers that are shown within this program). To print out our book in color or black or white, when you select “Print Setup” under the “File Menu”, in the Properties window, under Paper/Quality is where you specify if you wish to print in color.

You can also jump to specific parts of our e-book by using the tab labeled “Bookmarks” (these are links to various sections in our book) or by clicking on an image of the page you want under the tab called “Page”. **Note:** Any internet links, websites or emails in this e-book that are shown or are blue in color, placing your cursor over them (the cursor changes to a hand with the index finger pointing out) will bring up your web browser or email program so you can visit the site or send an email.

For viewing the pages, you shouldn’t be afraid to adjust the size of the page image. This control is seen near the top of the tool bars and is shown as a percentage (100% normally) with a “-“ {decreasing} and “+” {increasing} clickable button next to this percentage size. For optimal reading of the pages of this e-book, we have found that: in Adobe Reader 6 or higher, 118% or 125% seems to work well. Please feel free to use this control and experiment to find the size that works best for you to view the pages and especially the pictures in a pleasing and effective way and if you wish to view the whole page of this e-book in your window or just to be able to read clearly a part of each page.

## Final Thoughts from the authors:

Because of what the crystal skulls could represent for the future of humanity, we believe that these ancient artifacts deserve a great deal more time, attention and study. Based on our personal investigation into the skulls and from information we have gathered from numerous others, we understand the following:

*These ancient crystalline tools or receptacles, known as the crystal skulls, contain very important information and knowledge that will assist our world through a transformational process that will ultimately bring peace for our planet and its inhabitants. It has been suggested through the Mayan Prophecy, that this process will be completed by December 21<sup>st</sup>, 2012 or what they call the 'Year Zero'. However, now that we are past 2012, we were informed directly by a Mayan Daykeeper that we have begun a new cosmic cycle, which is continuing to take us into a higher state of being. Further, we have heard of other indigenous legends or oral traditions that also speak about such changes to our world. Although they do not all agree on the same specific date by which this process will be completed, they seem to agree about the final result. Additionally, several of these indigenous sources also recognize the importance of the crystal skulls and the service they can and will offer humanity now and into our future. Personally, I have a spirit guide called rJis, who says he is my future self in this lifetime, he speaks about 2037-2040 when a major transformation to our world will be experienced by all humanity!*

Regardless of from where or by whom these very old crystal skulls originate, whether they were created by some advanced civilization in our past or they were brought here from another world, it is very clear that their energy is having a significant impact on the lives of the people they touch. There are numerous personal stories we have received from others about how the skulls revitalized their health or impacted their lives in a powerful and beneficial way. They are even a key catalyst for helping people with spontaneous openings that occur related to their spiritual gifts or a hidden creative talent. Therefore, one may only conclude that the crystal skulls represent one of the most important tools of our time for helping to awaken the true inner potential within humanity. Perhaps **they** are the visible reminders on some level that we are all members of the same human family and now, more than ever, must unite together to create a better world that consists of more laughter and joy. We believe that, in the near future, all will be revealed so that we will be able to more fully understand what these fascinating and mysterious crystalline objects truly represent.

Thank you for joining us on this brief journey into the world of the crystal skulls. We look forward to sharing more with you in the future. In Peace, Light, Love and Joy .....

## **Special Announcements:** *(from 2018 and beyond)*

### **Feature Film involving the Crystal Skulls:**

In 2004, we began to work on the creation of a feature film of which the title is: “Crystal Skull Chronicles”. This film involves a story connected with the crystal skulls that portrays a possible scenario of how World Peace could occur in our world by the end of 2019 (note: if the movie ever is produced this date would be extended). In 2006, we were able to complete the first draft of the script and as of the release of this e-book, there were a few production companies who showed a mild interest in this project but so far, we haven’t discovered the right partners to work with us. We continue to seek other individuals and groups, resources and funding, to eventually make this project happen. In 2017, working with a novelist, we completed the writing of a story based upon the movie script but as of June of 2023, we have yet to create a Printed Edition (perhaps when our new Center is setup, then we will pursue publication). If you how any interest to be of some assistance or know of other people we could speak to who are involved within the movie industry that could help us take this project to a higher level, please feel free to contact Joshua at:

### **\*\*\* A Free Gift for Accepting our E-book \*\*\***

The Master Key System written by Charles Haanel in 1912 is about the **secret** that all the successful men, at that time (which continues until the present time as well), were knowledgeable of. Mr. Haanel felt compelled to reveal this information to the public. The key principles deal with the law of attraction and that what occurs in our life is completely related to what we believe and think in our mind. In 1933, the Church banned his book. Furthermore, there are rumors that while Bill Gates was attending Harvard University, he found a copy of this book and this gave him the inspiration he was seeking to put a computer on every person's desktop. We have been granted permission to share this incredible book with our readers of this e-book by a friend, who became a multi-millionaire by following the key principles that he learned through the Master Key System. This then, is our "thank you" for taking the time to read our e-book. What we can tell you is, this book can and will change your life forever and this book only comes into the life of a person who is truly ready for it. If you have success working with the Master Key System, could you please let us know?

To download your copy just click on the internet link below (the book is in an Adobe Reader format or a PDF file):

(just click your right mouse button on the file called MasterKeySystem.pdf and select Save As or Save Target as and copy it to a location on your computer)

resources necessary to build a physical Center were not yet available as this will be a very large project. However, since March of 2022, Joshua has been inspired by guiding "Spirits" and felt a call to begin working on setting up the energetic foundation in preparation of birthing forth the first Main Center (now in 2023 within the Central Part of Florida) along with other Sister Centers in other parts of the U.S. and all over the world. Already, as of May of 2022, there are now teams of people to support the center in: **U.S. / CANADA / VIRGIN ISLANDS / FRANCE / ENGLAND / HOLLAND / ITALY SCOTLAND / AUSTRALIA / NEW ZEALAND.**

## **2023 Truth Video Series**

*(This special series of Videos is called, "2023: The Year the Full Truth begins to be Revealed". Its premise is based upon an inner message that Joshua received at the end of January (2023) that the Full Truth on Everything that is happening in our world will begin to be revealed to all of Humanity in 2023. To support this inner message he has been doing various videos to discuss the undeclared war that has been going on behind the scenes for over 60 years and what our future will look like, a time of total peace. This video is linked to our free e-book, listed in the next section by the same title. Below are the direct links to the videos already done as of June 8<sup>th</sup> on our rumble channel)*

### **Segment 1: Introduction**

(Explains what this series is about, Joshua's background, how he knows these key Truths will be revealed during 2023, a discussion of two of his post profound spiritual experiences which shows him our future)

(In this part we look at key events that took place in the beginning part of 2023 through April 13<sup>th</sup> {couldn't go to the date of the recording as there are just too many activities exploding out in 2023}. We share a quote from Robert Dean, a ufologist and former U.S. Army Command Sergeant Major {while serving in Europe where he saw a report about UFO Activity there called "The Assessment"} about UFOs; and then we begin to look and define aspects of the new Financial System including the new computer banking system and economic system. We finish up discussing briefly an interview with a former U.N. official about what is really going on in the United Nations.)
