

**High Level Overview of What is  
Happening in Our World Right Now**  
*as researched and collected by Joshua Shapiro*  
*(Originally written in May 2021, updated with a new version July 2023)*

**Introduction**

Hello dear reader, Joshua here. Welcome to this free e-book. My goal for this e-book is to focus upon what is happening behind the scenes in our world and discuss issues and events that are not being shared by the major media and being banned from being discussed on social media. The update for this e-book will discuss where our world stands as of the time of this writing, which is happening at the end of July of 2023. I also must say that during this current year of 2023, we have observed so many changes and new events and activities taking place plus the revelations of amazing and sometimes very sad truths it is making my head spin.

The "Truths" I am referring to here not only cover what is happening behind the scenes of our world, but that virtually the understanding we have on every subject we have ever been taught in school (since we were small) as well as, how the reality we live in has been explained to us, they all have been based upon falsehoods and lies. Yes I know this is hard to believe? What subjects I am referring to, specifically here, which our so-called authorities have incorrectly informed us about include: the history of our world, the physical and advance sciences, medicine, the true nature of the Earth and the universe we live in -- you name it! And no, I am not making such statements lightly as it is my job in the writing of this e-book, to show you, my readers, whatever evidence I have gathered which can support the above statements. But I will caution you, and I will do my best to explain what I can in the most gentle way possible, some of these truths that are coming out will be difficult to deal with for some of you and may sound so crazy (based upon what you believe is the true reality), you might never

be able to accept them and I really do understand this. This e-book definitely is not going to be for everyone.

Never-the-less, as we have entered the world of 2023, many people like myself who are seekers of the ultimate Truths, we have actually become aware over the past 15-20 years of a great transformation that is happening to our world and to humanity. Many have referenced this as "The Great Awakening". This will be, as I understand it, an awakening about who we truly are, our relationship to the infinite universe that we find ourselves in and that our true essence is spiritual as we each are a divine child of God or I prefer to use the word Creator.

However, my primarily focus for the materials within this e-book will be about what is happening in our physical world which is moving us on this journey towards a world of total peace and harmony. There are, of course, other free e-books that I have written (see the Appendix in the back of this e-book) you may wish to check out later that provide insights into the other esoteric and spiritual topics that deal with this world transformation. I would only say that it has been my personal experience in order to fully understand the truth of what is taking place in our world, at this time, especially since covid-19 manifested within China at the end of 2019, that being able to perceive the true essence of current events from both the physical and scientific with a touch of a spiritual approach is extremely helpful. I also believe that our intuition and ability to discern are two of the key abilities we all need at this time to deal with the many different and crazy scenarios being presented to us each day. This is so we do not give our power away and do not engage in activities and experiences which are not for our highest good!

Now, as the subtitle for this e-book indicates, the first edition of this e-book was released at the end of May of 2021. I would like to give you some background on what happened at that time so you can understand the true inspiration I had for the creation of such an e-book. Then, I will explain why I felt for this new edition that I had no choice but to basically do a complete re-write of all the materials I am sharing with you here. As to put it simply, over the two years that has happened since the first edition, our world is almost completely changed. There is so much information being revealed in this year (2023) about the Truth that it is hard to keep up with as it is streaming out almost daily. The best source I have found to truly know what is happening within our world is posted on an on-line app for our phones, tablets and computers known as Telegram. Back in May of 2021, I really began to consult Telegram on a regular basis. The creation of the first version of this e-book began as a section in our on-line crystal skull newsletter which was released on May 27<sup>th</sup> of 2021. I felt it was important to let our members know about the information I was uncovering on these subjects. Then, a few months later I was inspired to take out this section, do some editing and re-writing upon it and after this, I turned it into a free e-book which would allow me to share it with others who were not members of our newsletter.

In addition, I wanted to just mention here, before I get more into my thoughts and ideas for this 2023 edition that there is a new video series (discussed in the Appendix

as well) I have created (it began at the end of March) which is called "2023: The Year the Full Truth Begins to be Revealed", where I am sharing a great deal about the so-called goodies I am discovering about these important behind the scene events you never hear about along with the alternative reasons not told by the media why other events are taking place. Through this video series I am able to share even more information with you than I can through this e-book, so you may wish to take a peek at it later. It is being shown on the Rumble Video Channel I created for a new Center I have been working on since the early spring of 2022. This is a spiritually based center whose goal is to share key information about a number of subjects that will help people know the truth about who they are inwardly and outwardly as well as the true nature of the reality we live in. We will be helping many people who may be confused by the new world that we will be experiencing and observing within "The Great Awakening", to better understand and adapt to a world of total peace, prosperity and joy. The Center is called, "The Center for the Advancement of Humanity" and once again the appendix gives to you a better explanation of what our Center is all about.

OK then, let me get back to how this new edition came about ...

So, during the month of June (2023) I was inwardly inspired by "Spirit" (or what I call "The Voice" – a voice I hear in my mind that speaks to me and offer suggestions on new projects to do to help our world) to do a minor update to all of the free e-books that we have been offering for the past few years especially during this ending time of the pandemic or plandemic, depending upon how you look at. Thus, this e-book you are reading now, became my last one to finish. However, a strange thing happened to me as I was doing my best to create a quick update for this e-book, I just couldn't finish it. My original strategy was to leave all the information that I had shared in 2021 as is and then just add new comments { to show them within parenthesis with a title of (2023 Update) } to share what situations had changed over the two years of the last edition or to discuss what new conditions currently existed around the topic being written about. However, I saw if I tried to implement this process, the e-book would become too confusing for my readers so I had to step back from this approach of editing. (As when I tried to do this form of updating and rewriting, I felt as if I was beating myself up!) So what should I do then? I wanted all of our free e-books to be updated and ready before the end of June and be available to be downloaded directly from one of our crystal skull websites, so each interested person could obtain the e-books that interested them the most.

Well, as you can imagine, I was a bit disheartened at that point and I wasn't sure what I should do with this specific e-book then and it made me a bit sad – did I just forget about doing the update and keep the old version or? However, as always happens to me when I have such a type of challenge, I heard inside of my mind's voice the answer (from "The Voice" as I am calling it) to this dilemma: "You Need to Write A Totally New Version"!! Aha, so when I heard this, I felt a great sense of relief and I instantly knew this is how I needed to proceed for this 2<sup>nd</sup> edition and off I went (hooray).

For you see, at the time of the original version, we had a different level of understanding of what the pandemic / covid-19 were all about, where they had come from and what effect was this having upon the people of our world. Thus, I tried to explain everything that had been going on since covid-19 began in China at the end of 2019 and moving forward to the middle part of 2021 as the vaccines were then becoming the main focus. That is, if they were ever really safe and effective (as many people believed what the politicians, celebrities and media people told them that this was true and they needed these vaccines) and should people really be taking them? I think for many people, back at that time, they were a bit confused and frightened, as the information surrounding covid and the vaccines consistently kept changing over brief periods of time.

However, here in July of 2023, everyone is quite familiar (by now) with the various aspects surrounding covid-19 (covid for short) as well as the type of vaccines that have been offered by various medical groups and agencies. At this same time through, these so-called official health and medical agencies, are all pulling back from the masks and mandates they had requested we do before along with even needing to take any vaccines at all. As a matter of fact, I think the WHO (World Health Organization) is beginning to request that unused vaccines be destroyed now. So, if you haven't guessed it, I am totally anti-vaccine. Shortly here, I am going to share some information that I have found related to the vaccines and why so many people were adversely affected by them. I want to discuss the vaccines in this introduction so you will understand the perspective I will be sharing about them in the main content of this e-book. So could it be that the WHO wants the vaccines to be destroyed because they wish to get rid of evidence that they were not as safe as they publicly proclaimed and that they really do contain various poisons and nano-based materials for other purposes? Let me go into a brief discussion about this then.

So as I was writing this new introduction, I was a bit curious about here in late July (2023) if I did a search upon Google (a purportedly heavily controlled tech company by the elite, we are going to go into more a discussion about these people at the start of the main content) what information would they be allowing to show up on the vaccines. Would they be making sure that only the information which promotes the vaccines is posted and any other type of information which offers a serious investigation into what the vaccines really contain was either not discussed, described as total false information or called a conspiracy theory? Well as I expected, the later is exactly what I found.

A key people seem to forget is that when any new vaccines are developed, it takes years for the vaccine to be perfected and thoroughly tested before they are released. And in the past, if a new vaccine comes out and say 20 or even 30 people have an adverse effect to it, then it quickly gets pulled. But if we look at some of the numeric studies being conducted and released (at the time of this e-book) of various serious diseases or heart conditions that people suffer from, everyone one of these has seen huge increases. So it has become apparent the taking of the vaccines must have something to do with it and that they were not properly tested (wouldn't you say?).

Now, through telegram, where the information posted is not censored very much (although since its an open channel for people to share their thoughts, experiences and insights along with discussing news and activities happening in our world – we can have people sharing disinformation there as well), to get a handle on covid, the pandemic and the vaccines from a true medical perspective, you have to find the right channels to view there. So when I discuss the following ingredients of these vaccines, it is basically coming from these sources. However, each of you, the reader, you still need to do your own personal research unless you have members of your family or friends who were vaccinated and afterwards all of a sudden became ill in some way (that is hopefully, they didn't die from it as has been reported??). I do believe millions upon millions of people all over the world were vaccinated and I also heard reports that many people were given placebos too. Ok then, so with an open mind, lets discussed what these vaccines are purported to contain and why some people who procured a pre-prepared shot at a pharmacy, the information sheet that came with these shots was totally blank.

So what type of poisons have been reported on telegram: graphene oxide (which in some videos I saw, this material is sensitive to the frequencies sent out by cell phones and various electro-magnetic frequencies and then moves around by itself?); radiofrequency trackers; toxic metals; and some form of nanochips (which can be communicated with by 5G frequencies to either acquire medical data on the person or could they be used to make this a person a slave?). There has been another of public posts that claim the COVID-19 vaccines originated as a military experiment using CRISPR DNA editing technology. There is a video I saw on telegram where some medical or scientist person from Europe showed that the vaccines contain the eggs of a tentacled parasite which hatches and will move around the person's body. Can we know if any of this true – well hopefully we will soon one day when the war is over.

Another element linked to the vaccines which is supposed to help them be effective and defeat the covid-19 virus is called Messenger Ribonucleic Acid (mRNA). What is this? mRNA is one of the key active ingredients in the vaccines — it's what helps your body develop immunity or so they say. mRNA is genetic material that contains the instructions for how our body makes the viral protein that triggers an immune system response to help fight or protect our body from infection in the future. However, many people with medical knowledge believe this mRNA is really being used to change the DNA of people and make them more like a cyborg which would be a combination of part organic and part machine like the Borg in Star Trek. Again, this would be a way they say to control a human being to do the will of others like what the globalists plan for our future.

I also found this on Goggle: Earlier this year, U.S. President Biden announced that the nationally declared Public Health Emergency would expire on May 11, 2023. Under U.S. law, the President can declare a national emergency in response to a disaster or crisis. While the emergency declaration is in effect, the executive branch can exercise "emergency powers" to address the crisis, such as providing various types of relief to individuals, and to state and local governments. When the nationally declared emergency ends, those powers are lifted, and policies that the President enacted using

emergency powers expire. Governor Ned Lamont's declaration of a Public Health Emergency under Connecticut law provided that it would end at the same time as the nationally declared Public Health Emergency.

**Q: Does this mean that COVID-19 is gone for good?**

No. Ending the COVID-19 emergency declarations does not mean the virus has been eradicated. We can all stay healthy and live with COVID-19 and other viruses by getting fully vaccinated, staying home when we are sick, and practicing good hygiene. These same successful health prevention tools apply to many infectious diseases. It is why we have made so much progress in the past three years.

--- Even though it appears covid is going away here in July of 2023, everyone knows and expects there will be some type of next form of a pandemic. It should be perfectly clear to everyone (especially when you find out the covid-19 virus has been patented which means it's a man-made virus and it may not have been developed in a lab in China as we were told, wait for the main content on this), that this has been intentionally planned and setup to allow the elite more control of our world and obviously to eliminate and reduce the population of the Earth, which would make it far easier to control humanity.

One final comment I want to make about the vaccines is that I watch quite a number of videos that were shared on Telegram by people who actually took the vaccine and unfortunately paid the price. They reported that they had been perfectly healthy before but taking one or more doses but afterward all of a sudden these terrible diseases, illnesses and physical disabilities showed up. In other videos I watched professional sports players all of a sudden just fall to the ground unconscious for no reason at all. I watched professional weather-people, news casters and politicians talking publicly and all of a sudden just fall to the ground for now apparent reason. For myself, I find it incredible with so many of these type of videos being shared throughout the world that so many people couldn't see (maybe they didn't want to see or had they been programmed or brainwashed by the elite) how obvious it is about the terrible effects of these vaccines as they being called on Telegram, a bio-weapon.

Before, I continue, I wish to apologize for this somewhat long Introduction, but before I get into the main materials of this e-book, I feel it is important that I try to make everything as clear as possible as well as I explain my motivations for writing this e-book, ok?

Now, essentially what I will be doing within this new edition of this e-book is to continue to follow my inner intuition, feelings and discernment of what information that I have uncovered in my own personal journey that I should be sharing with all of you. Again my goal is to impart a perspective and clearer understanding of what is really happening in our world especially what is taking place behind the scenes. While I may not be able to verify some of these sharings and comments I will be making going forward, just know that I am doing my best to offer you the best information and insights I have uncovered and the potential of where our world is headed as a result of

all the activities and events which are currently happening. Of course, it is up to each of you, dear readers, to decide what information that is being offered here has some value for you and what makes the most sense. I am not here to convince you of anything but I do believe if you do your own personal research using some of the on-line sources that will be mentioned with this e-book, you most likely will see what is being portrayed publicly now as the great crimes perpetuated by the elite over so many years as it is being openly revealed for all to see.

However, one of the key concepts that has been shared frequently on Telegram is that when the full and utter truth comes out about everything and I mean all aspects of our life on our Earth, there will be many people who may not be able to handle it all, may never believe it or it could take years before it all integrates within them. As we saw in the Matrix movie series, which some say, they were not movies but a documentary of how our world really is – for those people who are fully entrenched in the existing systems of our world, when their so-called controlled perception of reality gets challenged, even with irrefutable evidence presented directly in front of them to show these Truths; they will fight to keep the old dying systems going (which I say are complete fabrications and I will use this e-book to show you why I know this is so). I am very concerned for this group of people and this is part of the reason why I am being motivated to write these free e-books, which is to prepare people for this time “The Full Truths” will be revealed. And thus, this is also why I started my new video series I mentioned before as well.

For you see the bottom line is this, there has been a secret undeclared war (some call it a war on consciousness) which has been going on for many years now, between the forces of Good or what some call “The Light” (or God’s Light of Truth) and the forces of evil or darkness which is absolutely following a satanic path. When we begin the more comprehensive material within this e-book, I will explain more about this undeclared war and who are the two sides fighting it, so the rest of what this e-book contains will make more sense to you.

Another thing I wish to briefly indicate, and this will need to be done a bit in code, as it were, due to the nature of this information is that there has been information shared on Telegram by various whistleblowers which explains the real motivations of this dark side (the elite, as they are referred to) for all the actions they take and the spiritual laws they must follow if they wish to maintain their power and control over humanity. This material will be found at the end of this e-book, in the appendix. For many people who have read it (and it is not an easy ready to say the least BTW) it has explained to them precisely why we have the current state of our world, why they have experienced certain events in their own life and why, even here in July of 2023, we continue to see great chaos and conflicts still happening in our world and on many levels of our lives but ... but ... For those who have the eyes to see and the ears to hear, great truths are finally finding their way out publicly (even through some of the main stream media), which again as you read this e-book, it is my hope that you will begin to see the true nature of our world from both the Light and dark. And thus, you will never give your

power away again to be involved in any form of activities or to consume products which are not for your highest good. And this you might say is a tall order indeed!

Further, another one of my goals for this 2<sup>nd</sup> edition of this e-book is to write it from the ground up with a greater focus upon the view of our world from July of 2023. I intend to still keep parts of the original version of this e-book that are still be relevant but for the most part, I am going to assume that the reader already has a pretty good understanding of what covid-19, the pandemic and the vaccines (which you are probably tired of all of this by now) is all about and discuss more fully the latest news and updates that have taken place since the middle part of 2021.

Now before I go further, there is one other quick note I want to mention here for our readers. We also are offering another free e-book (listed in the Appendix with the rest) that was written by James W. Lee, which is much more comprehensive on the subjects that I will be covering within this shorter report. Mr. Lee's book will definitely provide for you many more insights and resources about these key behind-the-scenes activities happening all throughout our world. This e-book is called "Nothing is True, Everything is a Lie". Truly, James has done a great job within his e-book to fully explain to you who are the groups of individuals that created covid-19 and all the various vaccines as well as what their ultimate plan and purpose was for infecting humanity with this terrible virus as well as other so-called future projects they have planned for us too. But it is a big book though (500 pages).

Sorry, one more point here before we go into the main content and materials contained within this e-book ... I wish to acknowledge Gene Decode, who has become a key whistleblower for this type of information known throughout the world and is being followed by thousands of people. Through his tireless efforts, he has helped to educate people about the true nature of world and the true reasons for many of the events that are taking place. I have had an opportunity to interview Gene, four times (a link to all these interviews are included at the end of Part I of my chronology section) and part of the viewpoints I am sharing here were greatly influenced by what I have learned from Gene.

Therefore, as I about to finish up this Introduction, I just want to offer a small warning before you proceed. There are many persons who have been persecuted, serious injured, lost all of their possessions and finances (been ruined) if they haven't been killed by the elite for sharing the type of information that this free e-book contains. We are living in a world today as Tucker Carlson (the ex-Fox News newscaster who is slowly become a favorite speaker about Truth these days) said here in July at a public event where he gave a wonderful talk at and I quote, **"No one is punished for lying, people are only punished for telling the truth!"**.

The type of information that is going to be covered here in this e-book is going to be very difficult for some of you to accept. When I began sharing this type of information with the members of my on-line newsletter, quite a few people quit as of course, it had

nothing to do with the main topic of crystal skulls but also our world was highly polarized by May of 2021. Many people fully believed that the major media, our government and medical professionals could not be possibly lying to them. Then there is a condition called, "cognitive dissonance" which is when a person will not and can not accept a True Statement or Condition, even when absolute evidence is presented to them directly as this is their way to keep their sanity and coherence, so they pretend they never heard or experienced this new information. Now I know that I basically explained what this e-book is about before you accepted to get your copy but still, you are about to go into a deep Rabbit Hole that has been hidden from almost all of us for so many years. You are about to find out that possibly all that you have believed to be true may not be at all – are you sure you are ready for this?

On the other side of what our world is about to experience collectively, I have to tell you the following before I let you go. The information supporting my next statement can only be found in some of our other free e-books or on the videos we are sharing on our Rumble Video Channels (we have three, all listed in the appendix again). So, here is what I inwardly (spiritually) see that will eventually be taking place within our world to complete this drama or movie (as some are calling it) we are living through these days - ***I know (and inwardly sense) with absolutely certainty that by 2037-2040 we will all be experiencing a world of total peace.*** How do I know this? Well, these insights or this inner vision that I continue to have are based upon two very special spiritually based experiences\*\* that I have had during my life. One of these experiences took place in Brazil about 20 some years ago where my future self in this lifetime took control of my body and wrote through me. Later, I initially shared these writings about our future on one of our websites. BTW, this part of me is still speaking to me telepathically every day – really! ☺ My second special experience happened in 1990 when I had my coma experience while living in Las Vegas. This is when a van struck me from behind while I was walking on the sidewalk on a very busy street. As I remember it from that time, my true essence or my soul was thrown out of my physical body and I attended some type of inter-dimensional meeting with many beings who were in attendance while I was gone (in a coma for 3 days). All I remember of this meeting is that we were discussing the future of our world. However, even with this specific experience under my belt (as these beings basically blanked out of my waking memory of what exactly took place wherever I was), I still do not know, just like all of you, what specific events or sequence of activities will take place from this moment forward that will bring forth such a beautiful Earth. However, when this does take place (by 2037-2040 according to my future self), as I am here to go through this process just like all of you, then we can all start celebrating our New Earth, Total Freedom, Freedom of Creative Expression, Total Joy, walking with our Cosmic Brothers and Sisters, ability to travel anywhere in our universe in the blink of an eye, Total Prosperity on All Levels, Perfect Health (did I forget anything?), well you get the picture right?

=====

\*\* – In 2020, before being a guest and appearing on the very popular Coast-to-Coast AM Radio show, I was inspired to write a free e-book, which is entitled, “The Messages of rJis”. Within this free e-book is a discussion of those two special experiences in more detail and my visions for our future. If you would like to get your own copy, this book is listed in our appendix too, but here is the direct link below where you can go directly and download it:

=====

Now, I know we are living in a crazy world at the time of this writing (July 2023) and there are many people who do not see any hope for a peaceful future. But I believe with knowledge comes the ability to manifest the world you wish. I have great sadness for all of the people who decided to follow what the so called officials (medical, governmental or by celebrities) told them to do to combat covid-19, such as the tests, and the masks but the worse of it all was/is the vaccines. I would expect to any aware or logical thinking person this whole situation would seem totally insane. But there is a special medical technique coming soon, which is being called medbeds, which I will discuss later, that could help all the people who are suffering from their vaccine experiences.

So dear extended spiritual and Earth family, you have an important choice to make then as we have head further into 2023 and beyond. If you are one of the people I have been speaking about who has been awakening to all of the lies we have been told over the past few years then: do you continue to believe that all is well and that our scientists and medical professionals will do all they can to discover a true solution to cure and total eradicate covid-19 once and for any other disease which might show up in the near future? Or, it is to be in a much more challenging position where you will go against this so-called “Accepted Narrative” as you intuit the truth of the matter and discover through your own personal research and experiences that this pandemic and other so-called future ones (including climate change as well) have been a complete man-made hoax? This is, of course, the nature of this undeclared war that I mentioned before. The really sad part of these crazy conditions taking place within our world over is that it has divided our friends and family into two opposing camps. I think part of what we are being tested at through this current crises is are we each willing to stand up for and be ourselves and represent what is our own personal Truth even if none of our family members agree with us (and this causes us to be shunned or to become an outcast?). Later on when the Full Truths are revealed (like what is happening within this year of 2023), our family will need us to be their anchor for them!

I believe, at this time, the most important messages we can convey to others is: #1 You have to be able to say “NO” to anything which comes on your path that does not fully resonate with you or it feels morally wrong to do – no matter what anyone else thinks (this is about operating from knowledge and wisdom and not giving your

personal power away) and; #2 If we do not speak the truth outwardly then are we not also guilty in a way by promoting something that is immoral or wrong too, as much as the people who are intentionally perpetuating these horrific crimes against humanity? In the appendix you will find a discussion about a key universal principle that all living beings must follow by Creator's law that will further expand upon this point!

When I did offer this material in its earlier form with either the members or non-members of our newsletter, we did receive some personal emails that responded positively to this sharing. I could sense energetically from what these individuals were expressing to us that they also were having their own inner visions of the higher vibrational frequencies that our world is eventually headed towards. That these subtle frequencies were taking place on various inner dimensions and then were beginning to manifest into our physical reality which has only been intensifying over the past few years. These individuals stated they could also clearly see (through their own inner gifts) what was truly going on in our world behind the scenes and thanked us for our courage to speak out. This ultimately is what it is all about, for each of us to have the courage to be ourselves and share our own inner truths with each other.

I believe, at least since I have been alive (from 1955) that our world has never had such deep conflicts like what is taking place here the last few years and is continuing into 2023. That in some way we are going through an "Ultimate Crises. Perhaps through, this could be a sign like what the Bible has called such a period we are in as the "End Times" (but as the Mayan Calendar ended in 2012 then we are now on a new path, so we are ending the Old Way of Life for the New here too). However, we are all part of the human family, we are all brothers and sisters to each other, and we should not let this so-called pandemic (or what some call the plandemic) separate us (which obviously for the elite, this was a key part of their plan). Through this time of crises, there is a great awakening happening for many people linked to realizing about their inner divine nature as well.

**Now**, it is very interesting to note some special comments I made back in our newsletter from the May 27<sup>th</sup> (2021) where I initially shared the ideas and information for this e-book. The past comment I am referring to and reproducing next deals with a time in our future where all of our communications may go down temporarily. This is quite interesting, of course, that I discussed this possibility back then because at the time of the editing of this Introduction, at the end of July, 2023, there are a great deal of cyber attacks happening throughout the world. This has all been happening in earnest starting in early June as we watched various government agencies and banks have their on-line systems hit and hacked. Plus, it seems like almost every day within different parts of the world they are having outages of all kinds of their on-line services and electricity. These disrupting events could be visible signs that in the near future, here in 2023, such conditions are getting ready to take place in a more consistent way. Since we do not hear very much (via alternative news media) what is happening linked to this undeclared war, especially behind the scenes, no one can say for sure (except for those intimately connected to the war and they do not publicly show themselves, of course) when this temporary time of a full global shutdown of all systems may happen.

But here in 2023, we appear to be quite close to seeing such a possibility as this will be the only way to shutdown all the systems of the elite that we have been using which are fully corrupted and controlled to replace them with all of the revolutionary and very highly technical new systems (hid behind the veil) to be activated shortly (plus we all will need to time to adjust and get use to them right?). Anyway, here are the comments I wrote about back in 2021, please listen (first I made a comment about this at the top of the newsletter in a green text):

*Now, you may have noticed that I stated in the green intro text above, that this might be the last time we will have to communicate with you all for awhile, so what did I mean by this? I have been finding out some very powerful new information through telegram ([www.telegram.com](http://www.telegram.com), a social media app which runs on mobile phones and the PCs), through a number of the special groups available there which they call "channels". These channels always [2023: now I would say mostly] remain free of what is being called, "The Cancel Culture" so there is no fear of your account be canceled or temporarily suspended due to the information you sharing there (like what has been happening consistently now on Facebook, Twitter {but changing since Musk took it over in 2022 and starting the evening of July 23<sup>d</sup>, 2023, now calling this service "X"} and YouTube as well as limiting the results we see back from the Google Search Engine). Thus, via those channels which I intuitively trust, they are sharing and discussing all kinds of events that are happening today behind the scenes which our main media absolutely won't touch at all and this includes the idea of a total shutdown in the near future of all forms of communication we are currently using. This would include the internet (as the internet has dark programs that are stealing and recording all the information that is passing through it), our television broadcasts (especially the news channels) and our phones (mobile and landline).*

*As a matter fact, there has been occurring quite frequently (as reported upon telegram and various other alternative news channels) all kinds of worldwide outages of these services and at times electricity too (I just read that part of Australia on their east coast went totally dark). So the goal for our newsletter has always been to share the very best information we have collected as well as key insights related to the subjects we are discussing, even talking about global events that could affect our entire planet. Thus, even though I can not prove that these type of shutdowns could happen (as to some of you it may sound totally crazy or impossible) or will happen, I have to trust my intuition which is telling me to pay close attention to this possibility. So, I am alerting all of you as well. However, should these types of events take place then, all of our main systems which are now in place (and) being used to spy upon us and record all of our personal information will be forever removed and the new systems that will replace them will be of a superior quality and will be totally secure (possibly these advanced systems were gifted to us by the Galactics?) which will turn our world into a paradise (perhaps you have already heard of these rumors).*

**[2023 Note:** Since 2021, the idea of a total communication shutdown has persisted and we have continued to see over time various countries experience temporarily outages or shutdowns but what is being discussed still at the end of July, is this

temporary shutdown could happen at any time in our near future (and if it does, besides being prepared for it, it will be a very visible sign our world is ready to shift into the peaceful and harmonious future). I have never seen such an intensity of these types of activities taking place all over the world as is being described at this moment through the Telegram channels. Even on a personal level, my wife Katrina and I have kept out extra cash, if the tams and credits cards don't work so we can buy any necessities; we have plenty of extra food; enough gas for our car and our home is comfortable even if we would see this shutdown and the electricity would go off. However, what we did purchase, as we live in Florida and its now summer (as it gets quite hot here), a battery powered fan, just in case. To have these extra items is not coming from fear but to be prepared for what the future might hold.]

Yes then, its time for my final comments for this Introduction: As we look together at the conditions of our world from the end of July, 2023, I can only report a little bit about what is happening here in the U.S. which is a bit alarming but at the same time, all of these current activities are signs that a transformation of our world into a more peaceful Earth is **(very)** close at hand. There has been a tremendous amount of information being revealed consisting of strong proof and evidence showing the crimes (crimes against humanity and treason) that have been committed by certain politicians (for example, like various Democrats and the so-called Biden family in particular, both President Biden and his son Hunter) while at the same time former President Trump has three cases with various charges against him (as well as a possible forth coming linked to the January 6<sup>th</sup> (2021) protests and break-in at the Capitol Building being reported with a fifth case linked to the 2020 election in Georgia). Now, if you study all of these cases linked to Trump quite carefully though, all of them appear to have little or no basis of fact as it is now abundantly apparent that the deep state is doing all they can to stop President Trump from running in the 2024 Election as they know he will win. They must be desperate!

Further, through what is known as the Durham Report (an investigation conducted by John Durham which provided evidence that a lie was told about Russian's support for Trump in the 2016 election to discredit him) along with the resistance of the FBI not to share with congress the evidence they have gathered about the crimes committed by the Biden family, in particular a bribe Biden received from a foreign country {the Ukraine} while Vice President) [**2023 Update:** Senator Grassley through the freedom of information act had an FBI document called FD-1023 which discusses this bribe VP Biden received now put on public display]; this is clearly showing the American people how corrupt the justice system has become in the U.S. (FBI, CIA, DOJ). We constantly see the judicial system as well also refusing to take on cases that have strong evidence of numerous crimes happening by Republican members of the U.S. Government (Democratic members are either ignored or if they are tried are always found innocent). The justice and judicial systems have been turning a deaf ear to so many illegal actions or stolen elections that here in 2023 we can clearly see what their intentions are. In the Durham report, the FBI and Department of Justice knew that Trump wasn't linked to the Russians in 2016, but they pretended that he was and they ignored the evidence

they had that he was not. For me this is the beginning of the fall of the deep state's control in America.

Similarly, the war in the Ukraine which began in early 2022, which has continued on to this present time, with no end in sight (we will speak more about this war, later on) ... I perceive this war as the physical manifestation of the undeclared war I mentioned before. Russia and their President Putin is not the enemy of the world that the media makes him out to be. As a country, Russia no longer has any central banks (discontinued from the elite which obviously they don't appreciate) inside itself as well as it is no longer participating in the current Swift banking system that is used by the cabal (another name used for the elite). Further, Russia is backing their country's own currency, the ruble, with gold. They are taking on the cabal straight on in this war as they know the cabal has been strongly based within the Ukraine for a number of years and conducting horrific activities there (secret laborites developing more poisons, pedophilia and extortion). Thus, on the other-side of this war is the U.S. and NATO who are actively working hard to support the Ukraine with money, private troops and equipment so we see that all of these countries then are deeply aligned with the cabal. And finally, as I am alluding to here, the corrupt debt-slave banking system which uses the so-called petro U.S. dollar is greatly being challenged by many countries who are refusing to be involved with U.S. dollars (they have been serving as the world's reserve currency) any more by not allowing trade and exchange with dollars. I believe this will spell the end of the U.S. dollar quite soon, that is, until it is changed for the new U.S. currency that is coming .... And with the end of the dollar, the financial support of the elite's project to control our world and destroy humanity is coming to an end too.

Ok, enough as we say in America about "pussy-footing-around" so up next you will see aspects of the special section I wrote back in 2021 that are still appropriate. Although the information is over two years old, a good amount of it is still relative to what is taking place here in 2023. So I hope this e-book is able to explain to you the reason for the challenges we are currently facing within our world and where we are heading in our near future. I know you probably won't agree with all the information I am sharing but see which part of it makes sense to you and ignore the other parts which don't. I am not here to debate or cause any arguments, just sharing what has resonated for me and I inwardly feel might be helpful for others. As I said before, we each need to do our own personal research into these matters and subjects.

**[2023 Personal News:** In 2022, I was inspired by "Spirit" (which some of you might call the still small voice) to energetically create a new spiritually based center which is known today as "The Center for the Advancement of Humanity". When the new

financial system begins (which we will go over briefly, later in this e-book) to become an every day part of our reality, great wealth will be distributed to everyone in our world. Not only will this new system help us to be able to build our physical centers but these new prosperous funds will be supporting many other humanitarian and spiritually based projects. For now, the Center exists only on-line and is supported by a Telegram Channel and a Rumble Video Channel. You can find more information about this special and important Center in the Appendix.

I am also mentioning this Center within this e-book because of our special video series we are presenting along with the associated free e-book of which both are called, **"2023: The Year the Full Truth begins to be Revealed"**. These projects started in late January of this year. The e-book postings were completed in May on my personal facebook page and the video series is still on-going (not sure yet how many videos will be produced). I received an inner message (telepathic communication) from "Spirit" or what I call "The Voice" – which again, I hear in my mind's thinking voice – it told me that during this year, the Full Truth on Everything (both from the perspective of "The Light" and the dark) will begin to be revealed. I was asked not only to share this message but that I must present supporting evidence and information to demonstrate that this process of a great transformation of our world has already begun. I believe you will find if you explore the so-stated e-book or video series, it will complement the information you are reading within this e-book! ☺ ]

***Once again, I apologize for this long introduction, but I find it was necessary to prepare my readers for the strong and challenging information that is about to come here shortly ... Also I ask for your forgiveness for any grammatical errors in the writing as I am not a polished writer ... I just have a sensing that the information contained within is quite valuable – therefore, it is best to share it sooner rather than later! Thank you for your understanding ... Joshua***

# **A High Level Summary of What is Happening in our World along with the World Transformation into 5D and a Golden Age by 2037-2040**

*(initiated as part of the original newsletter written on May 27<sup>th</sup>, 2021,  
then re-written into the 2021 e-book edition and  
now with updates from 2023 for this 2<sup>nd</sup> edition, July 2023.)*

*One again, I wish to recommend that you should consider to do your own research (if you find some truths linked to the following information contained in this High Level Summary that resonates for you) into the topics and subjects discussed within this e-book. Everyone really needs to have their own understanding and explanations for why the current events are taking place in our world these days, I believe it's important for a person to have their own personal foundation of reality to fall back upon. It is my fondest wish that for some of you, the following materials will be of great assistance to point you in the right direction and prepare you for what is about to come next in our near future. (As it is quite clear at this time, we will never be going back to the world we once knew. ☺ )*

WELCOME to this High Level Overview of what is happening in our world in these most recent times. As I shared in the Introduction, the first version of this e-book happened in the late spring of 2021 and it is now being updated in the early summer of 2023. It is my honor to use my writing skills (what skills I possess) to try to offer various perspectives (both from our physical world as well as some spiritual ones too) about what indeed is happening on our Earth. I will assume if you have decided to read a copy of this e-book that you already have a pretty good understanding of why the world is in the state it is and perhaps this e-book will fill in some other pieces for you.

This next segment of this e-book is going to be one of the most difficult that I have ever attempted to write before because it deals with highly controversial matters. Although I will do my best to explain these scenarios in as simple terms as possible, we are discussing a war going on behind the scenes (which has taken place for a number of years now possibly since the early 1960's) that is based upon the traditional story that we were taught as children of "Good" vs. "evil", the "Light" vs. the "dark" or even "God/Creator" vs. the "devil/satan". As "Spirit" began guiding me in the early part of 2020 to key information from both sides of this so-called "War", I just never realized as the saying goes, "How Deep the Rabbit Hole Goes". We already have enough fear in our world going around related to the events that have dealt with the recent pandemic with another level of personal challenges happening to those who were falsely (in my opinion) persuaded and have taken the so-called safe (and fully tested?) "vaccines".

To fully understand what this "undeclared war on consciousness" is all about, which then will offer some form of explanations for all the crazy events and activities taking place within our world, we have to understand who are the individuals and groups that comprise each side of this war. This is not the normal type of war we are accustomed to with armies fighting battles and many soldiers along with civilians suffering injuries,

being wounded or killed, it is also a war of the mind and exists on a psychological level as well.

First, I wish to briefly discuss the people who are behind all of the activities which are designed to harm humanity and to weaken people's health and state of mind. I have already referred to these individuals as the elite but they have also been called the globalists, the cabal, the deep state (within the U.S. – President Trump constantly discusses in his public talks he will be taking down the deep state), or the illuminati. In effect, they are involved in secret societies and organizations and the public knows very little about who are the real individuals that believe they control and run our world (although many people have heard about the Rothschild and Rockefeller families who are indeed a part of this). For the whistleblowers (individuals who release secret information linked to all type of secret black projects and activities which they were personally involved with) who know about the elite, they say there are 13 bloodline families who comprise the leadership of these groups.

It is very difficult to describe the individuals who are members of the globalists or elite, and that is because they have no concern whatsoever for anyone else who is outside of their immediate family. They have been described as criminals and even psychopaths. And their religion, or their God is satan or lucifer who they will sacrifice any human (who that is not a part of their criminal organization) in their horrific rituals to gain special powers within our physical realm and to manifest conditions which only benefit themselves. I understand for most of my readers, that it may be extremely difficult to believe such individuals could possibly exist. Of course, they count on that you will believe this and using their advance technologies to share propaganda, they do all they can to promote this idea that it's all an illusion or conspiracy theory. Thus, we won't attempt to stop them from executing their nefarious plans of world domination which of course is their ultimate goal. This also sounds like some of the movies we watch but as you will learn within the appendix, the elite have to show us what they are planning to do next, it is a spiritual law. Again, this e-book might be too difficult to read for some of you, I know. However, in order not to give your power away to any of the new false activities or actions the elite want you to participate in, you must know the real Truth of what is behind all of this. Then you will be alert and never give in to the illusion of fear generated by these activities which is an energy these people feed off and try to promote within all of us ...

We also have been learning that the Masonic Order and the Pope linked to the Catholic Church are extensions of the elite – again to know this, one has to do a more in-depth personal research. Due to these individuals link with lucifer, who they believe is their God, there are many signs and symbols they use visibly to acknowledge their membership. We can even find these symbols within the logos of many of the well known companies of the worlds or on the products they produce. I have watched a video shared in telegram that if you fold a one dollar bill in a certain way it will show what happened to the World Trade Tower in the 911 event. If you use a digital image of the Earth taken from space with its cloud cover and fold it in a specific way, a demonic image can be seen. But what is the most important of these observations is the change

in the tactics be utilized by the elite, very recently, especially since cov-19 began at the end of 2019. They don't seem to care anymore who can plainly see what they are doing. Plus, in their mind, as they continue with their plans to maintain full control of all of humanity (mostly likely by implanting microchips into our bodies and then controlled by radio and cell frequencies) that all of us will eventually follow their worship of lucifer and the hideous rituals they perform which has been reported via telegram by whistleblowers who are courageous and participated in such.

There are two key systems for control they have been utilizing. Since the elite are the ones who created our current financial system, thus they possess great wealth to support any projects they wish to bring forth or, to develop new and advanced technologies that greatly benefit them but which the public has no clue about. Also, they are in charge of all main stream media and most of the key social media apps (which is our news sources and they have the politicians who work for them, support what these news sources shares) so that only their explanations of current events is being told. I have head it said that when they decide to start new wars that they will fund both sides. So as you can expect, it is the elite who were behind the creation and release of covid-19 which they did so, so that eventually they would offer you a solution to protect your health which then were the vaccines (which as we discussed before were to make you even more sick). Again, there is some special information I am sharing within the appendix that will completely explain the elite's rational for the latest so-called pandemic and any future ones they plan to release.

Now it might sound like, "Oh My God – the elite and the globalists are so powerful, they have all these advance tools and technology, they have control of the world's money, they control the news – how can we fight them and stop their plans literally to enslave humanity? Well, on the other side of this undeclared war are courageous individuals who fully understand these plans of the elite plus, they have total evidence and proof of all the things I have discussed that elites are involved with. There are various names that people refer to them via Telegram and alternative news sources, but mostly they are known as (or referred to as) the "White Hats" and the "Alliance". Let me try to briefly explain what my understanding is about these two uplifting groups are.

These two groups are literally fighting on behalf of "God" and from all appearances they are fully committed to do whatever is necessary so that they can free our world and bring a harmonious result (a Golden Age) in our near future. The "Alliance" (which I believe within this group it might include members of various positive and highly spiritual extraterrestrial races whom are helping humanity as well as special and highly talented individuals from every country in the world) and the "White Hats" (who I believe are linked more to the U.S. which includes a number of military generals {probably most who are retired} along with other politicians, secret service agents and other well-to-do individuals). It is generally believed that President Trump is a What Hat and this group asked him to run as President in 2016 (as they knew the elite could not buy him off plus he was a total patriot and loved the United States). Further, it is stated the military associated with these groups consists of highly trained troops who support key projects and missions setup by strategic leaders of these groups (which some

people have called the "Good Guys:) who are geniuses. In addition these secret troops are highly active (working behind the scenes) in arresting individuals linked to the elite who have committed grave crimes against humanity.

There is one other aspect about the so-called "Good Guys" that is discussed which some call a conspiracy theory and that is called "Q" and the "Anons". The individuals associated with Q are supposed to be linked to a Q Secrecy Clearance which is a very high level of military and government clearance. The Q message or Q drops first appeared on a public message board called 4Chan in October of 2017. This began a series of what appears to be coded messages that began sharing high level information about the activities behind the scenes and discussing the cabal of satanists who were operating a global sex tracking ring along with were involved in creating chaos in our world as they sought world domination. Even here in July of 2023, Q is still known but the movement to share this information has been called QAnon (although official such a group doesn't exist) – the word anon is obviously being used as we don't know who Q is or who the group is. However, many people are speculating (or this rumor is being perpetuated to exist) that John F. Kennedy Jr. did not die in a plane crash; that his death was faked so he could work behind the scenes on this undeclared war as well as to reveal who really killed his father and that he is known as Q and that Trump is called Q+.

Next, the people who are sharing with others the information posted by Q are called Anons or digital soldiers. It is said, for the White Hats and Alliance to help wake people up to the truth, they came up with this way to share key information which is now being shown on a specific website (see the appendix for the website link and also for a page on wikipedia that gives a good summary about QAnon). Many times when new Q drops come out, they will find their way to be shared on various channels on telegram and then, there are a few people who work tirelessly to decode the messages and share what they believe they could be saying with others (like a person called SG Anon). Many people believe Q and Anon is linked to the Republican Patriot Group led by President Trump which he calls MAGA – Make America Great Again. Most likely we will have to wait till the real truth come out to know whether this Q source really existed and is working for the betterment of humanity. Q has discussed many future events which eventually do happen (so can this be a sign of using the advance technology rumored to exist called Looking Glass, which is explained later ..).

There a few key messages that get repeated by Q that I would like to finish up with. One message is to "Trust the Plan". I assume by the plan, it is meant that this is their plan they are using towards creating a peaceful and harmonious world but that this plan is extremely complex. If there is this intense war going on (as I have been describing), then we would expect for there to be a lot more destruction happening in our world and for many people to be killed in a more conventional way. Yet it doesn't seem to be the case which I suppose is happening because the White Hats and Alliance are working hard for the least about of casualties to take place. In addition, although they are sharing these so-called Q drops, they have to be careful about what information they disclose about their plans of actions to end the war. They can't just give out all of their

information and future plans, they would have to tell lies at times as they know the enemy is watching what they are posting and want to throw them off. Finally, Q also is quoted as saying, "Nothing Can Stop What is Coming" and from this I gather that by July of 2023, they may have already won the war even though they can't yet fully reveal their full hand of their operations. This saying is also indicating that there are no actions whatsoever the elite and the cabal can take to prevent their demise either. We will just have to be patient then and continue watching for the new events and activities which are taking place and being announced within our world, yes? The whole point of the Video Series I mentioned before that I am creating through our Center, is to discuss the key events which have happened since 2016 when Trump became the U.S. President and see how it relates to and gives us signs of various aspects of the undeclared war.

Now, before we move on, we need to talk about one other group of intelligent beings who I believe absolutely are also participating and playing a key role in this undeclared war. I already know that this is going to be a hard pill for some of you to follow but it has to be discussed. That would be the ET (Extraterrestrial) or Alien card, shall we say. So, I am proposing that this undeclared war is not just an Earth only war but in a way it is an extension of a Galactic War which is happening in other parts of our universe as well. Let me try to explain here what I mean.

First, I need to speak a little about what is being called UFO Disclosure. Of course the term UFO is known by everyone meaning some type of flying ship (or spacecraft) that a person or group of people have observed in the sky which does not fly or behavior like the normal aircraft we know of (they use some type of anti-gravity for their propulsion). UFO represents an Unidentified Flying Object although the governmental agencies who study the reports and cases linked to such objects called them UAPs or Unidentified Aerial Phenomena now. Although reports of UFOs has taken place for thousands of years, the modern age of UFOs being reported to the public began approximately in 1947 when Kenneth Arnold, a private pilot on June 24<sup>th</sup> of that year saw a formation of nine flying objects near Mt. Rainer, WA, USA. Shortly thereafter, during early July near Roswell, NM, USA a farmer brought in pieces of a crashed saucer to local authorities who contacted the military at the Roswell Army Air Field. A spokesman for this base publicly declared on July 8<sup>th</sup> to the world they had recovered a solid UFO which then was corrected by a U.S. General at a public hearing to be the remains of a weather balloon. So since 1947, there has been a continuous series of investigations conducted by amateur groups and individuals into UFOs along side those done by the U.S. Air Force who still pretty much claim they have no evidence of such (or the U.S. Government has been absolutely unwilling to share any evidence they have secured with the public, that is until June of 2023 when ...)

David Grusch, a 36-year old, Air Force veteran in early June gave a public interview for a news agency called the "Debrief" and stated many startling details about UFOs. Mr. Grusch basically blew the whistle on the alleged secret U.S. military programs which he claims have been retrieving craft of "non-human origin" for at least several decades as well as dead bodies of the pilots. Mr. Grusch said that he had filed a whistleblower

complaint to Congress and the Intelligence Community Inspector General (ICIG) on classified information that he insists proves the recoveries of partial fragments through and up to intact vehicles have been made for decades through the present day by the U.S. government, its allies and defense contractors. Now all of this is quite interesting because Mr. Grusch and two other whistleblowers appeared in front of a panel from the U.S. Congress and discussed what experiences and evidence they had (or knew about) related to UFOs/UAPs. Even the well known news commentator, Tucker Carlson, who was fired by Fox News in April (2023), who has started his own show on Twitter, he discussed the claims made by Mr. Grusch too – about how important this knowledge is. Another interesting event which took place in early June around UFO Disclosure was led by Dr. Steven Greer of the Disclosure Project where he had other UFO whistleblowers attend a Press Conference in Washington, D.C. and share their stories of their own experiences of sightings or working with dark government UFO/UAP related projects on secret bases around the world.

Ok then, so before I offer an opinion why all of a sudden the topic of UAPs are going public, I forgot to mention during the 2<sup>nd</sup> World War, that pilots of planes from both sides reported seeing strange craft in the sky which either followed them or were sitting there observing them but did not get involved in any of the air battles. They were called “foo fighters”, so this would be in the early 1940’s. It has been reported through alternative news channels that Germany had it own version of a crashed saucer they recovered around 1938 and that they had developed their own version of anti-gravity ships or as they were called Bells, because of their shape. So it's possible this is where the “foo fighters” were coming from which then means they were man-made ships. But again following conspiratorial type of reports there was suppose to be a group of women who had spiritual mediumship gifts that had established telepathic contact with other worldly beings from Aldebaran who supposedly aided the Germans with advance technology for the war too.

The point I am trying to make here is that our world has been visited and had contact with non-human intelligences for a long time and that both sides of this undeclared war are getting some form of help (advanced technologies) and support from different type of extraterrestrial races. It has been reported that the so-called "dark side" (or cabal) has been working with more aggressive and negative ET types (who could be the ones in charge of everything even the elite). They say these ETs are a reptilian shaped race, shape shifters who come from the Alpha Draconis star system and are involved in total conquest of other worlds, controlling their populations by fear and feeding off of their negative emotions. The reptilians are being supported by the Grey Aliens who have been the primary race that has been reported to be linked to human abductions. However, to offset these dark so-called aliens (and this kind of scary scenario) the "Alliance" is strongly supported by very positive, loving and spiritually advance Galactics (such as the Pleiadians who resemble us a bit physically and the Arcturians, a higher vibrational race - with various other Galactics who are not so well known). In addition, there are many rumors discussed on Telegram and UFO related websites that the so-called negative ETs are being forced to leave our world (due to various circumstances) which has only been intensifying here in 2023. From a spiritual perspective, as the

vibrational frequencies of our world raises higher and higher, as we move into a more spiritually-based dimension, the so-called more evil and vicious ETs can not live here any longer, it becomes intolerable for them (or the positive Galactics are removing them as well).

While UFOs, UAPs, Disclosure and what other extraterrestrial races may be visiting our Earth is beyond the scope of this e-book (report), there are of course, far better sources out there that you can find to read about it, but this remains another key aspect that explains why certain current events are happening within our world and what will take place in our future. There is a big discussion going on in Telegram (here in July) that the elite plan to stage a fake alien invasion (at some time in the near future) using an advanced holographic technology called Project Blue Beam that will make it appear as if real flying saucers are appearing in our skies (this technology may have been used to project airplanes hitting the World Towers in 911 too). Thus, this could be the reason why in June of 2023, the UFO issue and sightings are being spoken of publicly regularly.

Another aspect about ETs (the Galactics as I call them) and UFOs/UAPs is that I believe from a spiritual perspective, these Otherworldly Beings who live in very spiritual manner on their worlds are not only here to assist us in creating total peace within our world, but since they have their own communication and understanding of Creator, they will be helping to teach us (or bring back our memories) of great spiritual wisdom which I see one day will be a normal everyday part of our Earth. Further, these spiritually orientated Galactics have told our world leaders (who no doubt are all already aware of their presence) that if they do not tell all of humanity the truth of their existence, they will find a very pleasant and joyful way to do it themselves. So I am definitely expecting in our positive future that I know absolutely is coming for our world, that we will see these friendly and loving Galactic Beings walking amongst us. It will be an everyday normal thing to see everywhere. Thus, through our relationships with these Spiritual Brothers and Sisters, it will become a key catalyst for bringing forth advanced and uplifting technologies to help all of humanity live in peace with total freedom and will totally end the disruption done by the so-called negative aliens to our natural evolution and reverse us back onto the proper path.

**\*\*** – Now, from a logical perspective, in my mind anyway, there is no way that the “Creator” I know would just create one so-called intelligent species to live on only one planet/world in the whole infinite universe (or universes) and that is it. There has to be other intelligent life forms everywhere and we will soon discover this is true in the near future!!

Furthermore , although we haven’t seen yet any worldwide announcements related to UFO Disclosure being made (although there are a few countries that have released official documents about the contact they have had), there has already been taking place, I would say the past 10-15 years, a form of disclosure due to the large number

of whistleblowers who have been coming out publicly (at great risk to their own lives for some of them). They have been openly sharing about their experiences and stories related to various black (top secret) projects which they were closely involved with. It has been said that Trump (when he was President) signed a bill that would require a presentation to be made to Congress of what information our government has been secretly keeping about UFOs. However, I expect if this really does happen, only a very small portion of the information directly linked with ETs and UFOs will ever be revealed. Never-the-less, whether the world governments and secret agencies like it or not, we are coming into a time where the idea that other intelligent life must exist elsewhere within our universe and that they have been visiting our world for quite some time will eventually become an absolute fact. No doubt, related to the elite, this is another reality linked to our world that they do not wish the general public to know about. This is because I believe, when it is fully disclosed of the existence of our Galactic neighbors, our world will longer keep nor require any of the existing systems and structures our world is built around and thus, the elite would lose everything.

Another good question we should be asking: Is the creation of the "Space Force" that Trump initiated during his term of office linked to the rumors that we already have a Secret Space Force (or Fleet) which possesses some very powerful crafts that are able to travel all over our universe (and maybe in time too)? I do believe this is all true and that this news will be coming out as well in the near future!

One last comment I want to make about this subject (of which I think UFO Disclosure could be the key awakening event which leads us into a Golden Age) is that through Telegram, there are a ton of people who are posting videos daily showing all kinds of UFO activities happening in our skies around the world. For example, an interesting case that happened in Las Vegas during this May (but the videos and photos and a call to 911 weren't officially released until early June) was the following. A Nevadan family claimed they saw two 8 foot aliens walking on their property and other people saw a strange light in the sky near this area that was most likely their spacecraft. There is an intensifying of the number of personal UFO reports coming out around the world that started in this June and it hasn't stopped yet.

OK then, so moving on from the UFO topic, let's take a quick peek at some of the other key aspects of this undeclared war before we look at what type of major events started to come out publicly into our world since the end of 2019, when the pandemic began. Needless to say this undeclared war is a very complex game or battle (almost like a chess match being played by the two best players in our world) that is taking place on our Earth. I will tell you sure, that the individuals who are coordinating all the moves in this war have to be geniuses. At some point in our future, when the full Truth will be known, we no doubt will be sad about the people whose lives were greatly impacted by the elite and hope our world will never go through a time like this again. But at the same time, we will also be greatly amazed how the ending of this old world took place to bring in the new world coming.

Now, I know for some of you, everything I have been discussing so far within the Introduction and the beginning of this new section of this e-book, it might be sounding like it's all just a fantasy movie and it can't possibly be real. However, for those readers who have the eyes to see, it is no doubt, quite apparent, that these scenarios are really taking place all around us and when the "Light" fully wins this war, obviously this will bring forth our glorious future that is coming. Never-the-less, I believe that on some subconscious level, we all knew eventually that such a major conflict would emerge into our world and that when it came, it would be clearly visibly seen by everyone. But in the end, I believe that this current so-called 3D ego Earth is gradually be replaced by the soon to be 5D Light Earth and the visions I have received from my future self, rJis (written about in my other free e-book I mentioned before), is what fully confirms for me this will be our future as well.

As we continue on, I would like for you to know that most of the information I will be sharing and discussing within the remainder of this e-book, I have uncovered from key videos, posts and articles (many times I would have to say I was inwardly or spiritually guided to find these materials) on the internet. Most of the special videos that I have been viewing since early 2020 have been shared through either special and close friends on social media (mostly facebook), from their emails or online messages or, a great deal of this information I have come across has been contained within various key channels (which I follow every day) on Telegram (that I joined seriously in 2021). At this present moment, I feel Telegram is our very best source for the most up-to-date and truthful information about the events and activities that are going on within our world, of which the major media and governmental agencies refuse to tell us. Now there are other alternative sources for news on the internet besides Telegram but for me, it seems to be the best source which has the least censorship (although since it is an open source you still must use your personal discernment of what information and which channels to follow).

(Note: The major internet search engines like Google or the search engine use for Youtube has been tempered with for a number of years so you won't find exactly what you seek because the search algorithm utilized is following the so-called correct narratives!)

You know, it has been my experience, if you are a sincere seeker of "The Truth" that when you go out looking for such type of insightful information and updates, you have to be ready to be totally spontaneous. By this I mean, I recommend that either you allow the circumstances of the day or your intuitive feelings to guide you to what is the next key piece of KEY information you must digest and to investigate. That is as you start searching on-line, you will be greeted by all kinds of interesting topics but that you will be inspired specifically to explore and follow specific links to highly interesting internet webpages, on-line videos or social media posts. When I followed this process I am describing and then joined a variety new groups on Facebook or channels on Telegram, I made many new friends who were doing this exact same type of personal research as myself (what is going on in the world behind the scenes), and so, of course, we would compare notes. For you see, I believe that eventually each of us will discover,

in our own way, how best to share these important findings and Truths with others without being fully shutdown or canceled (we need to be a bit skillful and ingenious here) on the main social media platforms being controlled by the elite.

To help me in the writing of this e-book, I believe that one of my greatest gifts in this lifetime is that in being a writer and investigator. What I have found is that I am to take pieces from all kinds of different and unrelated information that comes from numerous sources and see how they all fit together into an organized form that will and can make sense to others. Additionally, believe this or not, I am constantly listening inwardly to the insights that I hear in my mind's voice (which I now call "The Voice" which doesn't seem to be coming from my waking self - there is like an almost always continuous inner conversation I have going on most of the time). I think this "Voice" is what many people call "spirit guides" and they seem to have a lot to tell me. Further, I believe, for the most part, the source of these personal messages are coming more from the Galactics (ET type of beings) who know my soul quite well. Or, they could even be from some form of highly spiritual dimensional beings. I probably agreed to work with these intelligence beings before I was born.

I have learned over the years how to recognize when it's them talking to me (in my mind's voice) and when it is just my own personal thoughts. I really resonate to the idea that the true essence of my being is what has been called "a galactic wanderer". This term was coined by an early UFO contactee, George Hunt Williamson, who wrote about this group of cosmic beings in his books in the 1950's. He claimed the wanderers might be symbolically linked somehow to the 144,000 spoken about in the Bible. These wanderers go from planet to planet to help lift the people of those worlds into the "Light" or to become enlightened. So I think the souls of the wanderers come from some type of Light Universe (which is formless or exists in other non-physical type of dimensions). Anyway, this is how I have come to understand these "wanderers" or who I might be myself and why the Galactics most likely would be chatting with me.

Ok then, let's turn our attention to the more "down-to-earth" scenarios I will be discussing next in this section, as I used my intuition to help me decide which key events to discuss that brought forth the world happenings of today starting at the end of 2019. I know the interdimensional meeting that I discussed attending during my coma experience in 1990 (discussed in the free e-book linked to rJis) is where I saw many of our future events that have and will continue to be taking place within our world, so this must be a part of this intuition I have been using to decide what materials I will include in this e-book.

Now, officially, the only so-called Whistleblower that I have personally spoken to in person is known as "Gene Decode" who strongly influenced what I am sharing within this e-book. He also, for the most part, is in agreement with what I have discussing so far. I have done four (starting in 2021) direct interviews with him. He is constantly giving interviews (through various on-line shows being offered all over the internet) and classes on his website in order to share his best information and insights as well as the latest updates of what is happening in the undeclared war. At the end of the next

section, Part I about key world events (which I spoke about in the first edition of this e-book), I will supply the webpage links to these interviews if you curious to learn more . So then let us move on to take a peek at what I talked about back in 2021 ...

[**2023 Note:** So to define a bit more what I am about to share in this next section coming up: This is where I shared my perceptions from May of 2021 about the true reasons for the sequence of events which brought forth into our world the so-called pandemic, covid-19 and the vaccines. Mostly like, for most of you by July of 2023, you already are aware of most of these details (so this can be a quick review) but since we will have all kinds of people reading this e-book, I have to assume for some of you that you may have never heard of the following perspectives I will speaking about. A lot of the following information coming has been hidden from the public (greatly censored and at all costs by the elite). If there is an update as seen from 2023 on any of the following points I will be presenting in Part I then I will add some additional notes below it ... I am doing my best to keep the materials I shared in Part I as close as possible to the original written materials that I did in 2021.]

=====  
**DISCUSSION OF KEY EVENTS SHARED IN EDITION 1**  
=====

PART I – 2019 through mid-2021  
(shared in the original edition of this e-book,  
with some comments from 2023)

**Introductory Remarks:** Before I start to get into what I am calling this "high level summary" of key events, let me share a few other thoughts. As I stated before, it is my fervent hope and prayer that for those of you who reading this e-book, you will find some parts of the following information to be of some assistance to bring for you a new clarity about the current situations we find ourselves in, here in July of 2023 (and going forward). Or perhaps, this section might confirm part of the Truth that you already have felt or known. When I talked to Gene Decode, he kept emphasizing that all these world events that are to unfolding right now are happening in God's time and not our own.

Also, I hope you can understand that I am just your spiritual brother, one regular type of individual who has a strong desire to know the real "Truth" and is doing his best (as I always do) to share special or important information with others who are open to hear such. For myself, I can only see a positive future coming for us -- as I am now waiting patiently for it (as are many other people doing the same). If I had one wish I could ask for, I hope that when it's my time to help build a piece of this future world, that perhaps through at least one of the many future projects (the one I see through rJis' eyes, my future self), when its their time to fully manifest, that these projects will act as great catalysts to bring a time into our world that encompasses total peace, joy and harmony.

Therefore, since this whole scenario taking place in our world is extremely complex as I said before, I am going to use two techniques to share the following key points and information that I feel guided to discuss with you related to the specific events I have

chosen to look at. One is through bullet points (statements made that I believe are closely linked to the Truth but which I can't prove) and then in various places within this section, I will share a few videos (webpage links) that I recommend you watch to support the information I am discussing in that section. [Note: I used this approach for the 2021 edition or Part I, but in Part II, I am going to wait to share a ton of on-line links to videos in the Appendix.]

So if you are ready to proceed, then let's get started. Know that I am not here to support any one political party or candidate over another (I think most of the political systems in the world are already very corrupt as they have been infiltrated by the cabal on every level, but I believe all these governments are about to disappear too) but I will say I do feel a strong affinity with Mr. Trump and I absolutely believe (and you may disagree of course) that he is intricately involved in working closely with the White Hats and Alliance (you will understand why I feel this way as you read further on).

Ok then, here we go ... First, as I stated, I will do my best to focus upon the key activities that were taking place as it related to where we were in May 2021 and the through my 2023 comments, take a look going a bit forward. I think this will help my readers to better relate to these early events that greatly affected all of our lives back then and to some degree, still is presently. The best place we can start, I believe, is towards the end of 2019 when we first heard about covid-19 happening in China. [Feel free to jump to Part II, if you know this stuff, to cover June 2021 to July to 2023 ...]

- According to China, they reported the first death of covid took place in Wuhan in the late part of September in 2019. It was claimed that a specific man was visiting an animal market when he caught it there. However, information that came out during 2021 began to discuss that the covid-19 virus was developed and patented in a lab in Wuhan, China which coincidentally is the first city in China which turned on full coverage of their 5G network, purportedly at the end of October of 2019. It is possible that some 5G towers were active in September already and the virus was further being activated by these 5G mobile signals?

[**2023 note:** There are some people who are now starting to believe that the covid-19 virus may have been invented in a lab in the Ukraine or even California in the U.S. In 2022, as Russia invaded the Ukraine, they uncovered a number of such labs, of which quite a few held documents that they recovered showing these labs had been funded by the U.S. So perhaps, it is what the Russians uncovered within these labs that makes some people think covid-19 came from there.]

- China did not announce to the world at this early time in 2019 and not even as we entered into 2020, that there were many people who were catching covid-19. I recall that I first heard about this world health challenge, this happened in late November or early December. Like most people, I assumed that this new virus would run its course fairly quickly within China and would not be affecting the rest of the world, but we all know now (here in 2023), this isn't the way that it happened. Further, I was told by a close friend who is Chinese (by email) that since his country is generally so very

secretive and they don't want the outside world to know what takes place there; the Chinese Government (CCP) was not reporting the real number of people who had caught the virus, were becoming seriously sick from it or had died from it. My friend also shared with me through his email that he wanted to leave China as it was the most evil country in the world. He shouldn't have said this I believe because after receiving that email (I think the CCP monitors all on-line communications), I didn't hear from him again for a very long time, not until the fall of 2022. Further, (in 2022) he seemed very upset and a bit shaken when I said something he didn't like (as if his nerves were on edge) during a live chat that we had and it seems our friendship has now ended for good. In any case, China did nothing to stop the spread of covid-19 throughout the world as people visiting from other countries were allowed to freely return to their homes without any tests being conducted for covid-19 so it could intentionally be spread everywhere.

- One other key piece of information I intuitively felt back in February of 2020 was that the Chinese people who were living in Wuhan may have been vaccinated before the 5G system was turned on and that something within this vaccination was activated by the 5G radiation. This could have been why so many people became sick and died in that city at this early time. I also had watched on YouTube a special video that was a collection of personal videos taken on their mobile phones by everyday Chinese people of what they experiencing happening around them. I watched so many people getting sick and being brought to a local hospital where many died or were dying. I am speculating this happened within Wuhan back in 2019 (and then spreading to other cities) as China was testing how to activate the virus within their own people. This then became a prelude of what they hoped would happen to the rest of the world, which it did. But the true reason for creating covid-19 was to convince many people that only if they took the jab and were being vaxxed (as it became to be called), that they would be fully protected from this virus. Which did it? I think we have the evidence it did not!

[**2023 note:** We, of course, know at this time, based upon all the people who have reported great health challenges they experienced after taking the vaccine (if they didn't die), that this whole so-called medical solution has been perhaps one of the greatest lies (hoaxes) ever told in our modern times. I have seen on Telegram where, here in July, real statistical data is beginning to be released publicly that shows the tremendous increase of people contracting all kind of serious illnesses and diseases especially linked to heart and lung problems with there being definitely a decrease in their immune systems. Also, many pregnant mothers had great problems delivering their babies if they were not deformed, seriously ill or died. There is a new group of really dedicated and truthful medical doctors {not the ones who were paid off or forced to give the vaccines or lose their jobs} ] who are in the process of sharing with the world absolute proof of the poisons contained within these vaccines, stopping them from being administered and most likely going after legally all those who committed these crimes against humanity!]

- Next up, let's take a long look at what steps were taken to control the spread of covid or what has been called this global pandemic (or what many believe was a plandemic). To combat catching the virus, we were all given instructions about wearing masks that we needed when we went outside. They also told us about the importance of social

distancing ourselves from others. In addition, we were instructed to wash our hands when we came back into our homes because we might somehow have touched some surface which held the covid virus, which could go onto our hands and we could become infected. Further, we were told (and this sounded totally absurd to me) that some people may have the virus but they wouldn't show any physical effects from it but still it could be transmitted to others. If one ponders these so-called official announcements and takes a good hard look at them, the logic revolving around them collectively just don't make any sense at all. I personally followed none of these actions (only wore a mask in public places if they demanded such so I could enter) and never did catch covid-19. It also seems to me that the so-called professional medical agencies strongly promoted these ideas so people would actually believe that they could very easily catch this virus and that it was extremely dangerous, a serious threat to all of our health.

[**2023 note:** Thus, for a long time, people were willing to accept these public requests, and then as society changed to protect itself, many people lost their jobs (especially small businesses) or suffered great personal challenges (financially or health-wise). This doesn't include people who lost their jobs because they knew the vax was a poison and refused to take it, so they were fired. As the vaccines became released everywhere in the world from 2021 and on (only beginning to change since May of 2023) there was a great public bias formed (as the cabal worked very hard to create a public division) between the so-called vaccinated and the so-called unvaccinated. The cabal tried every manner and method they could conceive of to convince those individuals resisting to take the vaccines to do so. Fortunately, many people knew or intuited the truth and had the courage to say "No".]

- Then of course, let us not forget in the early part of 2020, we began to hear on our major news media about the various statistical reports stating how many people were being infected locally, within our country and within the world and how many people had actually died from covid-19. However, if you think about these reports from a logical perspective, we were never given any direct evidence or a clear explanation about where these numbers were coming from; we were just told to accept it. Then eventually the number of people catching covid-19 went into the millions. As long as everyone in the major media, the medical professions and the health agencies were consistent with these numbers, and showing they were steadily increasing then this must be the truth right?

However, for myself, having seen our future through the two special experiences I mentioned before in the Introduction, I just knew without a shadow of a doubt that these numbers were all a fabrication, an out and out lie to cause more people to be in fear and to panic, so then the average person would voluntarily wear masks and take all these precautionary measures (2023 note: -- thus setting them up for the next stage, to take the vaccines). However, to the professional doctors who refused to be bribed (or threaten with blackmail) by the elite, and were willing to tell the truth of the effects of covid-19 upon people, many of these doctors categorically stated that wearing such masks would offer no protection at all. And further, if you put a mask over your nose and mouth, you would be breathing back into yourself the poisons your body exhales out and

this will greatly affect your immune system. Related to the social distancing we were told we had to do, this of course tremendously hurt many local small businesses who eventually had to shut down as they just weren't getting enough business.

And finally (fortunately in 2023 this is not happening so much to anyone), as the official agencies were telling us was that covid-19 was getting so out of control (as I said before lies being perpetuated to the public), many local governments called for a total lockdown in specific cities or parts of their country (note: we heard about this situation definitely happening in China in 2021 and that it caused great suffering upon their people) in order that no one could go out of their homes except for food or emergency supplies. If one thinks logically about all of these situations discussed within this point, it is quite clear that all of these preventative measures were being suggested to literally shutdown the world and for the elite to exercising much more control over us. As if, according to their master plans, they had to play the pandemic card now, as this was their last ditch effort to beat the "Alliance". What do you think?

**[2023 note:** There have been many posts shared upon Telegram that both sides of this undeclared war were utilizing the pandemic to help perpetuate their future goals and plans to win this war. So although it appeared publicly to the world that all of this was happening due to the cabal's efforts for world control as well as to diminish the Earth's population, the White Hats and the Alliance also were using covid-19 as a cover to defeat the cabal by activating a number of secret military-based operations not seen by the public. Here are a few ideas that have been publicly share how these activities have been occurring.

First, I am sure that the "Good Guys" knew the cabal had been infiltrating and placing many of their own (paid) people into our major public services and agencies so that the covid pandemic would be supported and continued everywhere. Now it is further speculated if Hillary Clinton has won the U.S. election, covid-19 would have started up in 2016 (or in other words, the cabal had the virus already developed) but President Trump was able to delay it during his presidency. And then, even though most people don't understand why President Trump promoted the taking of the vaccines, again I have found on various Telegram channels where it has been stated that he was indirectly pushing this forward in order to force the cabal to release the vaccines before they were ready to do so and fully tested. This prevented their real plan to explain to everyone why they had to take the vaccines (or force them to in a so-called legal manner). This then gave the opportunity for many people to do a personal investigation into what ingredients the vaccines contained, that their contents were very questionable (poisonous), and thus, many people refused to take it. Also, there was another strong observation that people noticed as we entered into 2022, that there were more people catching covid-19 after the vaccines were released then there were before it happened including many people who were totally healthy before taking the vaccines and then all of a sudden became serious ill. The amount of evidence coming out about how dangerous the vaccines are has been mounting and mounting and we will see it continued to be released for the general public as we move to the end of 2023 and beyond.]

- The cabal was originally planning (if Hillary Clinton went into her second term of U.S. President) that by 2023, everyone would be forced to take the vaccine, no matter what. And as I indicated in the Introduction, with the vaccines containing some form of nanobot or computer chips then the cabal would be able to utilize the 5G mobile signals to really control the behavior of what people would be doing within our world. The last comment I will make is that with this delay in releasing covid-19 and the vaccines, the “Good Guys” had more time to arrest many members of the elite, lay traps for them and let them make stupid mistakes as the cabal and their supporting members committed crime upon crime against humanity. Although, as hard as it is to believe, the cabal has been using very real-like masks being worn by actors as well as clones [I saw a video on Telegram where a famous musician had a clone of himself appear next to him – could it have been real?] to give the illusion that these well known people who are being arrested by the “Good Guys” are still walking around us!

- Thus, starting in 2020, as our world began to have all of these serious health challenges related to covid (with new variants showing up every so often and it appeared as if there was no end in sight), as we moved into 2021 (until July of 2023, where this pandemic is basically gone), the so-called health officials needed to offer to the people of the world some type of solution right? So I believe the cabal, working through their puppets that they have placed within the various major world governments then had to offer a way to help people get back to work, especially for those who were struggling financially. This happened in two ways:

- **A)** they came up with obviously, various forms of a vaccine (which we have already thoroughly discussed before) to supposedly protect us (which it really didn’t and we also don’t know which people were given a placebo instead). Then, in a few countries they even developed a vaccine passport to prove that you had taken the vaccine which then allowed a person to go back to work and that you were safe to others [there was a period of time in 2022 and into 2023, people in China organized large protests against this system so the Government stopped it]. This passport was also used to be allowed to buy your normal goods and food at stores and for local transportation thus, these people thought they would be able to go back to a somewhat normal life and ...

- **B)** To become totally dependent upon your respective government as the source of your money as they would be releasing a brand new financial system which the globalists have called "The Great Reset". Within their system, in exchange for your government providing to you the money for you to live upon, you would give over all the possessions you own (which is called communism) to them. [The elite’s saying for this is, “You will own nothing and live to be happy”] It is said that this is what happened in Nazi Germany in the 1930's and 1940's, as the government would create new rules and laws to cause hardship for the people and then after you gave away more of your freedoms to resolve these so-called problems, you eventually discovered you had no freedoms left at all. Does this process sound similar to what is happening now in our world?

[**2023 Note:** At this time, as I mentioned before, not only have there been a number of countries who’s government refused to support the vaccines but very recently (June-July

2023) we are seeing public announcements in the major media that certain vaccines will no longer be offered and should be destroyed. There doesn't seem to be very much attention any more being placed upon taking the vaccines although people now are wondering what is the next great health challenge humanity will have to face as there is no way the elite wish to stop their plans for world domination. Related to the passports, so many people publicly protested or didn't use them that this system also seems to have been discontinued as we haven't heard much about it but if you read my next comment below, they will no doubt try to bring it back in another form.

Related to the so called "Great Reset", the cabal appears to be actively working to take down the existing financial system. This will be done in a few ways. First, we keep hearing at any time that the stock market could be crashing. Next, the cabal has introduced already a digital currency in Nigeria last year (2022) which ultimately failed (it was obviously their test) and now here in the U.S. they want to create a similar digital system of our money which they are calling FedNow but in the rest of the world it will be called CBDC (Central Bank Digital Currency). This form of currency they wish to offer is similar to how crypto currencies function (including a form of a blockchain to keep total account of all moneys) however, if the cabal controls it, they will then have the ability to turn off your access to your own money at any time by just hitting a switch. They will have the banks explain to their customers the great benefits they will receive by converting their physical currency into this new digital currency. {So if you are reading this e-book, under no circumstance at all should you do this conversion!! Wait for ... } later on within this e-book I will tell you about the system the "Good Guys" already have in place that could begin to be offered to our world at any moment and which will bring forth a totally equal and fair financial system where no one's money can ever be stolen again. In the not too distant future, after this new system is released, no one might ever use so form or physical money or currency either!]

- Now let's turn our attention in a new direction and begin a discussion about the "Alliance" and the "White Hats" (the "Good Guys") as definitely, the corrective measures that they are taking is slowly but surely removing all of the detrimental systems we are living with in our world that has been setup by the cabal. When I personally think of these specially trained individuals who are fighting the most horrific enemies we can imagine and that our world has ever known, to create total harmony on our Earth, it takes me back to the 1960s, when Eisenhower was leaving the office of the Presidency of the U.S. and Kennedy was coming in. I remember in his farewell talk that Eisenhower spoke about watching out for the "Military Industrial Complex". I think he was speaking about the cabal's infiltration into the U.S. government, military and businesses to develop their high tech devices that they plan to use to eventually enslave the world's population. In addition, over the years we keep hearing about how China has been subtly (with their spies) infiltrating into our industries, technologies and businesses and stealing high levels of tech. President Kennedy and his brother Robert Kennedy (most likely because their father was in business with members of the cabal, so they already knew what was going on within these dark circles) tried to stop the activities of these groups and of course JFK was assassinated for this (although their are rumors someone

else impersonated him back in 1963 and that the real JFK didn't die until recently) and his brother Robert later as well, when he ran for President. [A big side note from 2023, is that JFK Jr. wanted to find out who killed his father and as I stated before most likely faked his death and has been working from behind the scenes with the "Good Guys".]

The key we hear, about this period of time (in the early 1960's) is that this is when a group of highly trained and knowledgeable individuals finally decided to come together and began to work secretly on a plan how they could stop, eliminate and defeat the cabal. However, if this is true, it means the " White Hats' " plan has been going on for almost 60 years. They knew it would take a long long time to accomplish this task because all major industries in the world were controlled and infiltrated by these globalist's families, including the politicians, the judges, big business, the banks, Hollywood, the media, world health organizations, the U.N. and within education itself (so the true history of our world has not been taught to us or our children). As a side note, if we look at the 2020 Presidential election as an example of how most definitely an election can be stolen (to get Trump out of office), we can clearly witness how vast the corruption within the U.S. judicial system is. As when cases for election fraud were taken to these courts at the end of 2020 and into 2021, it was absolutely crazy that every single one was denied to even be heard for one strange reason or another. The courts were not even willing to look at the evidence (which in this case is huge).

[**Special Note:** Again, from the 2022 mid-term elections in the U.S., the same corruption took place especially linked with the Dominion voting machines although the Republicans did retake the House of Representatives (please see Part II of this section for the type of activities they have newly initiated). Also it is quite clear that the 2022 election for Arizona Governor was similarly stolen from Republican candidate, Kari Lake, a big supporter of Trump, if we watched the trial for such that happened in May of 2023. There was overwhelming evidence provided of how it was stolen (linked to unreadable ballots) and the Judge (who looked very bored during the trial) just ruled there wasn't enough to overturn the election in her favor.]

[**2023 note:** Within two of our free e-books we are offering, we discuss the existence of the great civilization of Tartaria, that ended about 200 some years ago. Probably for most of you, you have never heard of Tartaria and it is not mentioned in any so-called history book. I am mentioning this great human civilization to demonstrate how the elite has manufactured what they claim is the true (false) history of our world (see the appendix how to get your copy of these e-book which presents strong evidence of Tartaria). Related to the 2024 U.S. election that will take place, President Trump is so popular (due in part to all the public rallies he has done since 2020 revealing the truth about the deep state) that the cabal is very concerned he will win again so they have charged him so far with three illegal actions (indictments) in two courts in New York City and one in Miami. {Note: Here as of July 30<sup>th</sup>, it is being publicly discussed he will be charged and possibly arrested linked to the January 6<sup>th</sup> riots in D.C. in 2021 and also some legal people want to charge him with election interference in Georgia due to his publicized phone call about the election with the Governor and Secretary of State to get votes.} All of these charges against Trump are definitely a sign the cabal (or deep state)

knows they are losing big time (the American people are waking up to their crimes) and that there probably won't be a 2024 election as we know it. Further, it is interesting to also note that Robert Kennedy Jr. is running as a Democratic candidate and for President. He has been a long proponent for speaking out against the vaccines. I just saw a few articles on the Fox News website where his own Democrats want to shut him down from testifying and being able to freely speak out publicly. There are also attempts on some social media platforms that his public interviews were not allowed to be aired.]

- Let's go back in time a bit and review the election of Barrack Obama in 2008. It has been stated that Obama's background, of who he really was, has never been properly shared publicly (like was he really born in the U.S., perhaps he was some type of dark argentine trained by the cabal to take on this role?), and that even his wife Michelle, was not a woman but a man. If this is true, then did they really have children together or were they brought in? Further, I have heard, and it makes perfect sense to me, that the plan of the cabal was to have Obama begin to initiate many new policies while he was in office to greatly weaken the U.S. and its military as he was constantly sending out government monies into other countries. Then, Obama was to be followed in the Presidency by Hillary Clinton for the next 8 years afterwards which would bring in the pandemic, take away the rule of law and our constitution, our guns, and our freedom of speech and this would eventually bring the U.S. under a communistic rule and the dictates of China (or the cabal using China), who would then become the power in the world. However, as we all know, Trump won the 2016 election and greatly upset these plans. During his time as President, he made many public comments about the "fake news" and "draining the swamp in DC" of the agents of the cabal as well. Plus, he also clearly stated that China was an enemy of the US. and ordered many heavy economic sanctions be conducted against them which did happen.

- Of course, there are a lot of people who don't fully understand who Donald Trump is. As in truth, he is not a politician and he doesn't conduct himself in this way but he has been a highly polished and successful businessman. He is always very outspoken and he continues to speak his truth in all his public sharings (in person and through social media) including about people he doesn't like and trust (which has never stopped and continues here into 2023). Thus I realize, for some of you then, you may not have a good feeling towards Trump and believe he did a terrible job as President or he was a fairly selfish person. [Although in 2023, as many people are watching how the Democratic Biden administration is destroying our country, we are finding more and more people, even Democrats are listening to what Trump is saying and learning his interpretations of events in the world has been correct all along.] And of course, throughout his Presidency, every day the Media would attack him and discuss all the terrible actions and decisions he was doing as President to discredit him at every turn.

Then we have had all of Trump's claims (still going on here in 2023) about that the 2020 Presidential election was completely stolen and until this date, he has never conceded defeat of such. It is believed by some that he is doing this because he did not want to give up his power as President and he hates to lose at anything. But if you were to study this situation quite honestly and openly, you would most likely find that all the various

policies and actions he took as President to make America stronger (his platform of "Make America Great Again") and less reliant upon non-U.S. natural resources were done properly, so you may have a totally different opinion about him. According to Julian Assange, who is the creator of wikileaks, he has never said a bad word about Donald Trump, as there have not been any underhanded or illegal activities that Trump did which Mr. Assange was able to uncover.

- Further, I heard it stated on Telegram that the military (the members of the military who we discussed before that are extremely involved with the "Alliance" and "White Hats") were thinking to take out Obama before the end of his term unless they could find a good and honest candidate for the 2016 election (for the Republicans) to run against Ms. Clinton. This would be a candidate who was not corrupt and could not be bought off with money. Of course then, for these groups, Trump perfectly fit the bill and he agreed to do so. If you even listen when the former President does his public talks, he always discusses his love of the U.S. I have intuitively felt this is a very genuine expression that he makes. It makes perfect sense to me then that this is why Trump, when he was President, he would be under constant and daily attacks by the member of the "Swamp" (politicians and other public officials), these corrupt individuals that we all know exists in D.C. (especially being orchestrated by the Democrats as we watch all of their crazy bills and new illegal laws they keep trying to interact). Over the past several years they have done everything they could to make President Trump look extremely bad, even trying to impeach him twice of course, of which both attempts failed. They continue to do so, even after he finished his so-called Presidency (although many people think legally he remains the U.S. President). When I think of his last name, I always think about the various card games I have played where one suit is the main suit or called the trump suite. At times, you must play a trump card in the game to take a trick -- then, has President Trump played that card yet, I wonder? I know not all of you like or have trusted Trump over the years, but we have to look at the whole picture and not just from the political point of view, I believe, to fully understand everything going on and be open to other perspectives. Further, they say Trump is a master chess player so we can never know what this man has up his sleeves.

- So, it makes perfect sense to me that the Democrats (controlled by China through the CCP) and working with the cabal (behind the scenes), would do all in their power to win the 2020 Election even if they had to cheat and steal it. As it is very clear to them that President Trump had no intention to follow the elite's plan for total control and global domination so they had to remove him at all costs. Now, if you have any access to the alternative media sources and/or Telegram, after the Presidential election was over, you could have had the opportunity to listen directly to the many stories being told by individuals who participated as volunteers in the voting process as I did. In the videos I saw where such individuals spoke in the public meetings talking about what they observed during the counting and validation of the votes; they clearly stated that they had witnessed all types of illegal activities happening right before their very eyes during the election on November 3<sup>rd</sup> -- even after the election was over (as it took extra days to finish counting the votes). These meetings that were held for such individuals to

publicly testify about their experiences (under oath and with the threat of perjury, should they be caught lying) was conducted in the presence of various state elected officials especially in the disputed swing states.

Here are some examples of what I heard these individuals say during those public meetings – Related to the so-called swing states, some of these individuals saw that very early in the morning of November 4th, trucks or vans would mysteriously show up at the counting centers, filled with a ton of absentee ballots of which all or most of them were for Joe Biden (not sure if these were legal ballots). Also in the very early morning of November 4<sup>th</sup> (the same thing happened in the Georgia run off election in January of 2021), the feeds to the news media sharing the latest vote tallies, for some reason, totally stopped counting for a fairly long period of time and when it was resumed, all of a sudden candidate Biden saw a big jump in all of his votes as he took a lead in these states. There were numerous ballots that were recorded (scanned) multiple times. The Republican watchers at the voting centers (normally in Democratic controlled cities) were either not allowed to enter the building and or had to stand so far away from the people processing the ballots that they couldn't see anything. And of course after the Election was over, the news media and the Democrats claimed that this was one of the most fair and secure Elections ever held. Does it sound like that to you?

- Below, for those of you who might be interested in the real results of the 2020 election, I will be sharing with you the links of Michael Lindell's (from MyPillow) various websites where you can watch the two documentaries he has created, that in my mind show, without a doubt, that the 2020 President Election was absolutely stolen. In his first documentary called "Absolute Proof" which I was able to watch on-line, Mr. Lindell was able to get a hold of a voting database and was showing proof of a number of Trump votes being switched by magic to Biden votes. The most impressive part of his presentation in this documentary is where we were able to see graphically all the countries who were able to access the dominion voting machines through the internet in order to change votes. You can see these data line connections going into the U.S. from a number of other countries, China included of course. You will find this documentary on his website below.

<https://home.frankspeech.com/>(Lindell TV is shown here)-- I believe this is the website where you can view for free both of the documentaries Mr. Lindell made to show the interference in the US 2020 Election - one is called "Absolute Proof" and the other is "Absolute Interference")

<https://lindelltv.com/>

(Mike Lindell's website, President of My Pillow, also shares information about the same two documentaries here about the 2020 Presidential Election Scam but I think he only shows a preview here and sells them)

<https://michaeljlindell.com/>(you can find many people that Mr. Lindell interviews here)

[**2023 Note:** Since the election now is almost three years ago, not so many people are interested these days in the actual voting which took place in the 2020 Election, so there is not as much of interest in this work that Mr. Lindell did, but if you are curious you can find it in the links given before.]

- There was another report given out through the independent new media networks (like OAN, NTD, Newsmax to a degree) where there was a CIA data server stationed in a center in Germany that was receiving the voting data of the 2020 Election as well (why was this data going out of the country?). The report stated that a U.S. military unit came in and raided this center and took the server away (so the "White Hats" now have it, but we have yet to hear anything publicly what happened to this server --again, this is apparently strong evidence that will show conclusively it was fraudulent election but for whatever reasons, it hasn't been officially revealed yet). And finally, we come to the issue if any of the voting machines themselves had built in modems within them so they could share their data over the internet. I saw a video where the head of Dominion Systems was testifying (with his lawyer present) to a group of members of the Michigan state legislature where he claimed outright that their machines did not have this capability at all. Yet, if you view the Dominion voting machine manual (which can be found on-line), it clearly discusses that it does have access to the internet and I saw this stated in another video where Dominion Trainers were teaching a group of poll workers how to work with their machines (which I voted upon in Georgia) and they clearly stated it was connected to the internet.

[The following comment discusses the audits performed in 2021 to verify the counting of votes in the 2020 U.S. Election]: I think the key to this big mess around how the voting data was stored and who had access to it will be coming out more definitively through the forensic audits like the one that happened in Maricopa County in Arizona, along with another in New Hampshire and there was a judge in Georgia has authorized or exploring doing an audit of Fulton County (the Atlanta area) which President Trump asked the Governor and Secretary State of Georgia to do in the spring of 2021 and which they refused him. Everyone is saying if one of the contested states show that cheating absolutely happened within the vote count, like a domino, they will all fall. It is hoped that these audits will turn into one of the key events which might turn things around and let the "Alliance" start sharing their evidence more publicly. Finally, an individual linked to the audit in Maricopa County pointed out, if this was the most fair and honest election ever conducted then why are the Democrats hiring all these lawyers and doing everything they can to stop the audit? If Biden won fair and square they should have nothing to worry about should they? I am speaking about this election because the person who is President of the U.S. wields great power which has a big influence over events which happen in our world. Now that people have seen what Biden can do as President, are they enjoying all of his great programs he has initiated for more peace in the U.S. and unity among the political parties?

[**2023 Note:** At this time they are no longer doing any audits. I think these audits were conducted in 2021 to publicly show people or at least those who were open to look, that some illegal activities took place and false counting was done to help the Democrats

take over the U.S. Presidency, House and Senate. As of 2023, none of the audits that happened, no matter what the results showed, made any difference at all. The "Good Guys" already were aware that the deep state would do this and they let them, so the citizens of the U.S. could see the deep state's plan to destroy the U.S. and give Trump and the "Good Guys" more time (as well as to stay hidden) so they could enact their key plans to win and end this undeclared war. Believe me, if anyone does their own personal research into the data collected and submitted from the votes cast (legal and fake) for 2020, they will find problems everywhere!]

- Coming back to the covid situation (from May of 2021) - I can tell you on a personal level, being 66 (now 68 in 2023) years old, that I have never caught covid and I have been outside (like in local stores, the library, at a lake near our house) many times without wearing any sort of mask. When I do go outside, I use my gift of inner feeling where I extend my energy outside of myself (my physical body) and then determine if I can sense energetically this so-called insidious virus around me and but I always feel nothing. This shows me, the seriousness of this virus has become a big hoax and illusion to a great degree. I know of some people who have contacted covid but they all recovered. According to statistics being conducted by reputable doctors and health officials, they claim as of May of 2021, 99.8% of the people who do get covid have recovered. I personally do not know anyone who has died from it (but I do recognize that there have been some deaths but how many?). It feels like over time, the virus has mutated and become far less deadly. That our own immune systems are strong enough to deal with it for the most part, so why do we need any type of vaccine then? And are people able to read the label on the bottles of what these so-called vaccines contain? I am told if they were allowed they will see all kinds of ingredients which are deadly and harmful to humans. The current vaccines are also changing the people's RNA who are taking it and according to experts on deadly disease, this will greatly weaken their immune system in the future and make them much more susceptible to getting covid going forward. Other true medical experts claimed that vaccinated people were shedding out of their bodies protein particles which if an un-vaxxed person is near them, they could catch this and become infected.

(We all remember from the past few years) how we faced this tremendous pressure from numerous sources who worked hard to convince us and as many people as possible to get vaccinated; receiving assurances it was perfectly safe (when it is not nor was it fully tested). There were numerous reports during this time of very young children get vaccinated too or if they didn't, they were not allowed to attend school. For adults, some employers wouldn't let their employees go into work unless they are vaccinated. To support the comments I am making here (done back in 2021) related to the vaccines, there are two more good videos I have given below (hopefully they didn't get canceled).

- Finally, related to covid, I want to share an interesting post that I once saw on telegram (of course I can't confirm this is true but a part of me feels this is a sign of what is happening out there that the major media will never discuss), it was based upon a study conducted from over 20 million+ doses of the vaccine that were administered. What they uncovered, as unbelievable as it sounds, is that over 752,000 people were

adversely affected in one way or another from taking the vaccine, an incredibly high number. The key comment I am making here is, please, (again done from 2021 but there still may be countries where vaccines are being given) give a very careful consideration about taking any type of covid vaccine under any circumstance (and this goes for any new vaccines they may offer for the next virus they come up with in 2023 or beyond); no matter what pressure other people are putting upon you. I believe if we could have access to the true data of how many people really suffered from just covid verses how many had difficulties with their health after they took one or more doses of a vaccine, which of these groups do you think will have a higher number of cases? (It was the vaccine group of course – the whole idea of covid was to prepare people for the so-called solution, the vaccines – to give you a logical reason why you had to take it!) Could it be that all this business we have gone through with wearing the masks and securing ourselves at home was only so we would accept the vaccines as the final solution to these challenges, and this is why the masks are no longer important?

Best to be informed so when the next crazy health challenges come, you don't give your power away!]

- Now dear reader, listen to this one (again from 2021). I am a big sports fan and in the U.S. we have 4 major sports, baseball, basketball, football and hockey. In 2020, all four sports setup special procedures and environments to protect their players so each sport still could hold a version of their regular seasons. The players were constantly tested for covid probably using the PCR system. Now this is quite interesting because I saw a video (on Telegram) made from the inventor of this PCR system who clearly stated that it was never made to test for covid. Therefore, all the tests that have ever been conducted would not be giving any accurate readings or would be giving intentionally crafted false readings so a person would think they had covid. Also, when they would insert this needle like instrument up through the nose of a person who is being tested for covid, they could be injecting a foreign substance into their body so this person would test positive to covid or even, later on, start showing signs of the covid. I remember when

various professional players, coaches or team trainers did show a positive test, this would of course affect their schedule and play of those teams.

[**2023 note:** It is well known at this time, that numerous professional athletes in all world sports, there are videos of their play (I have seen such on Telegram) when all of a sudden, we see a player just falling down unconscious. A key American Football Game on January 12<sup>th</sup> of this year was suspended due to a Buffalo Bills player being hit by a player of the other team and falling to the ground with a heart attack. As we are discussing some conspiracies within this document, folks on Telegram say this player died and his clone is walking around these days ...]

- Before I move to the conclusion of Part I, I want to introduce you briefly to the only true whistleblower I have had the honor to speak to, he is quite knowledgeable about all of these activities happening behind the scenes in this undeclared war and he has his own special contacts. His name is Gene Decode and he is very well known (here in 2023) as he is constantly being interviewed by hosts of numerous shows. I have had the honor to interview Gene on four occasions, so far, myself. At the end of this section, you will find a bio about Gene so you will see why he is very well qualified to discuss all the subjects I will be sharing below. Also at the end, you will find the on-line links to the four interviews I did with Gene starting in 2021, where we covered a variety of important topics. I would have to say that after I did my first two interviews with Gene, in a way he was my inspiration to write this report for our on-line newsletter which is now this free-e-book. Lastly, I have included various on-line websites and resources Gene offers that you can investigate on your own. As once he started to share his information, I would say within a year he began to form numerous support teams all over the world that helped him get out his key information and insights. So let's delve into a key part of the information that Gene told me about in the beginning that was greatly affecting the undeclared war ...

- Ok then, so time to move on to a totally different subject that has been thoroughly discussed upon various alternative news media (like on Telegram) and which is still a key aspect to understand the undeclared war. What we will be speaking about are known as DUMBS - Deep Underground Military Bases. These secret bases have been controlled by the cabal (many think for a long time) where many dark and nefarious activities have been taking place, which is intentionally hidden from the public's view (or the people living on the Earth's surface). This is the type of information which Gene Decode talked to me about in some depth in our first two interviews. I can't remember exactly but I believe Gene told me that these bases were generally about 10 km deep. Thus, at certain times when there have been a number of earthquakes happening all over the world that occur at this so-stated depth, this would represent in most cases when the "Alliance" sends their military troops in to destroy these hideous bases.

Gene claims there are hundreds of these underground bases throughout the world and they are inter-connected by some type of underground tram or train system. It may sound totally impossible that we could build all these bases underground (of which the outside world has no clue about), but it is known to exist these huge digging machines

(again probably high tech from hidden ET contacts) that creates the open space for the underground bases to be formed extremely quickly. I am intentionally staying away from a full description of the exact type of activities which occur in the bases but definitely we can say, according to Gene, they are linked to pedophilia (sex with young children held there); the creation of adrenochrome (a substance linked to blood that is activated when a child is terrorized that will greatly energize and rejuvenate the user) and all kinds of satanic rituals. [I also just saw a story on Telegram, July, 2023, where a friend of a military soldier told him while in one of these underground bases, he saw a Giant who told him he was a member of the Nephilim.]

Occasionally, we will see on alternative media a report from a soldier who was involved in raiding and destroying one of these underground bases. These reports discuss the seriousness of the activities taking place there and the actual physical conditions of the bases. The conditions presented are supposedly so terrible that some of the soldiers who return from their cleanup missions were so horrified by what they witnessed, they will be psychologically damaged for the rest of their lives with horrible dreams as well. Again, I am just trying to do my best to offer some idea about the various activities happening in these places of which most people don't hear anything about but it's important to understand part of the reason why this war has to take place and must be finished ASAP.

You, no doubt, might already be quite upset or alarmed by what we are hearing about the effects of the recent vaccines that were released as so many people are still suffering from it besides those who died. As is quite evident by these stories, one can clearly see that the elite have no sympathy or feelings for anyone else unless you are of some type of valuable service they require or have a temporary value for them. So cleaning up these bases is a big job and the more of them which are destroyed, the weaker the cabal becomes. In another telegram article that was showing photos of what these underground bases look like (they are huge, again here in 2023 they are periodically shown on Telegram), one photo had text over and said basically – “when we the people wake up and revolt, the elites will just go underground and drink their wine and eat expensive foods to wait it out.” So it seems the elite could be planning to destroy humanity on the surface once again (what is being called a global reset) and while waiting for everything to resettle on the surface (no matter how many years), they planned to wait in their underground cities.

- Another aspect of this whole crazy puzzle, which Gene discussed in his interviews with me that is being reported through various on-line alternative videos and on Telegram is purportedly that a large number of people who have committed crimes against humanity or have committed treason (and not yet seen any justice taken against them for these actions) have already been arrested by special military forces that have been going out secretly using the covid lock-downs as cover. It is further stated that these individuals who are being arrested are being taken to military run bases such as Gitmo, located in Guantánamo Bay in Cuba (and they have so many occupants they are using several bases in the world here in 2023). At these bases where they are being held, some of them have already been tried by a military tribunal and convicted (so either they are kept in the prisons or depending on how serious and terrible their crimes are,

purportedly such inmates were executed) or they may be making some kind of plea deal for their life (if they will share information about who else is involved in the cabal's plans). Again, I would suggest if you want to learn more details about the arrests, feel free to listen to our interviews with Gene who discusses these matters in a fair about of detail.

- Now, if what I have shared so far within this e-book hasn't been difficult to follow, I have another point to share that could be a dozy for you. There have been reports (if these reports are true) contained within numerous Youtube videos along within similar videos on Telegram that the identity of these individuals who have been arrested already includes the names of many of the most famous and well known people in the world including celebrities within Hollywood, politicians, some military individuals, judges, people within the media, head of big corporations, etc ... Thus, if we see these specific individuals publicly appearing or walking around, it is said they are being portrayed by actors, doubles or even clones (yes cloning already exists which could be another advanced technology we received from the ETs). Essentially then, if you are open to the possibility that even a portion of these scenarios I have been describing about so far within this section could be true, this means the world we have been taught about that exists all around us is far more complex and unknowable than most of us could ever imagine. Since we have discussed before that our legal courts have been corrupted and infiltrated by the cabal - then the only way justice can be handed out to such corrupt individuals, who have betrayed all of humanity, is through these military tribunals (because there is a war going on).

- There are a few other points I would like to also share here, for your consideration, that were discussed by Gene during his interviews that offer some additional insights about events happening in our world. If indeed the 2020 U.S. Presidential election was stolen and no (so-called) legal court was willing to hear any case related to the election, even if there was a huge mountain of evidence to be presented to support such, then the last form of protection to uphold the constitution of the U.S. and keep the country safe, has to also be the military. There have been stories told (and Gene stated this to me as well ) that Joe Biden is not the President of the U.S. and that he will eventually be removed by the military which would result in a new election to be held unless Trump is allowed to return as President. **[2023 Note:** As of July 30<sup>th</sup> – during a session of the U.S. House of Representatives in June of this year, a snap vote was taken and Biden was voted to be impeached but this issue was then sent on to two other committees before being finalized. Further, another group within the U.S. House has been interviewing whistleblowers from the FBI and IRS and now say they have the actual proof that not only Hunter Biden has done tax invasion over several years but while Joe Biden was Vice Presidents, he and his family were receiving bribes of millions of dollars from individuals – companies – governments in foreign countries. So very soon, according to the Speaker of the House, a formal charge of impeachment seems to be coming. Will the Democrats have Biden resign before all of this begins to happen, though?]

Another key story being presented in the alternative media sources is that Mr. Biden is not living in the White House (which Gene said their was a DUMB underneath it). When

he does any Press Conferences or is shown in the Oval Office, this is taking place in a studio at Castle Rock Productions in California where they have a simulation of the White House. Related to the fence that was placed around the White House after the so-called January 6th riots at the Capitol Building, it has been speculated that it was not built to keep people out but it was built to keep the people inside the White House from leaving. Think about that one, yes?

- There is one last key point I want to share before we go on to all the information I can share with you about Gene's current activities and the four interviews I had with him, and this is still a key issue going forward today (into 2023): It has been stated through the alternative media sources that not only are the "Alliance" and "White Hats" winning this undeclared war, but when the EBS (Emergency Broadcast System) or EAS (this is another name for it, Emergency Alert System) is exercised and brought on-line, that when this event happens, then the shutdown I spoke about earlier, where all of our normal communications system will be taken off-line, we will definitely see the EBS/EAS take over for a period of time. This will be our absolute sign that this war is completely over and the "Alliance" and the "White Hats" achieved victory.

It has further been stated that there will be 7 unique messages shared everywhere (on our phones, our TVs, our tablets, our computers) over the EBS/EAS to help calm people down. Also during these broadcasts of the EBS/EAS it will be fully explained to everyone what has been truly happening in the world behind the scenes and then we will receive a description about all of the amazing, very positive and wonderful new technologies and systems headed for world that will show up shortly thereafter. (It has been said all of these new systems and tech already exists and is just waiting for the right time to bring it out!) Then for a number of days (possibly up to 10), there is to be three - eight hour broadcast segments of the military tribunals each day, so people can begin to understand the truth about the false pandemic and vaccines and how our world has been totally manipulated for many many years by the elite. There is another system known as Project Odin which has an advanced technology that is capable to shutdown all of our electronic communications (it is based from of a satellite system over the Earth) and then the EBS/EAS will be able to share its messages. So, for me, when the EBS happens, we will know a New Earth is here and we are headed for a "Golden Age" in our near future. Now let's share those four interviews I had with Gene, his bio and some of the key on-line websites he offers that share all of the great information he has brought out to us:

## **Gene "Decode" Co Sensei Bio**

(Gene Co Sensei is a 20+ year veteran of the U.S. Navy Submarine Fleet. He is a 40+ year Martial Arts Instructor (Sensei) as well as a lifelong student and practitioner of Naturopathic Medicine. He has dedicated most of his life to the investigation and research of information pertaining to all things physical, mental, spiritual, biological, social, political and metaphysical. He was born with telepathic and remote viewing abilities as well as an exceptionally high IQ. He has battled against satan in the physical realm twice and met God upon his death nearly 30 years ago on August 28, 1992. While on military duty, he bore witness to the impossible; an event that would change the course of his life forever. In an effort to help explain what he saw without bias, Gene enlisted several of his students to disprove his account. Not only could they NOT disprove what he saw, they confirmed it through credible sources leading Gene to embark on a continuing path of discovery in his lifelong quest to attain the absolute truth in all things through decoding the lies we've all been conditioned to believe. It is through these decodes shared with citizen journalists online that Gene Co Sensei was given the name "Gene Decode.")

**PART I CONCLUSIONS (MAY 2021)**  
=====

*(Within this conclusion, I am leaving it in a version as close as possible to what I shared within "Edition 1" of this e-book. Afterwards, you will find a Part II to this main section of this report in order that I can discuss a few other key subjects and events that have happened beyond May of 2021 and take you up-to-date with the pulse of our world at the end of July, 2023. Then, I will share my final conclusions and thoughts as seen from the world's viewpoint at the present time, July, 2023 – Joshua.)*

Well if you have come this far with your reading of this e-book, then I hope and pray that you are not too visibly shaken. I am doing my best not to add too much more fuel to the fire which is already going on due to all the crazy events that have been happening to our world since mid-2021, but as they say, "knowledge is power", so the more you understand and know about the conditions of our world, the better prepared you will be to deal with the near future and help create it! Many people are still expecting a rash of new crazy events and threats to take place, which mostly likely will be, what are called, "false flags". (Note: A false flag is defined as an intentionally created fake event to produce a specific result or get an emotional response from the people that this event will strongly affect.) As I said before, no matter what information I am sharing with you within this document, you still have to do your own due-diligence and research to verify if what is being shared is true for you. I think in the not too distance future we will all know if the interpretations being sharing here are truly on track or if they could just be more dis-information [**2023 Note:** I think the next type of false flag events to come out will not be the same types of events we saw in 2021]. But to be forewarned is to be forearmed. You see I believe that why the cabal isn't as concerned as they used to be if any of us were able to perceive clearly what they are planning at present (or about their plan of events yet to come) is because they are so arrogant as they believe no one can stop them. Or, that even if people in the public's eye did see what they are up to, the nature of their planned activities is so unbelievable and unimaginable, that most people would be in total disbelief (or think they were watching some type of wild conspiracy theory) even if they knew it was true. At the moment, we still have (in 2023) so many people asleep and essentially brain washed by the cabal, to these people they are just continuing to live in their normal world.

Next up for your consideration ... Have you ever asked yourself recently what has been happening to Hollywood? Why are we not seeing very many new movies coming out at all? Yes, each year now, there are just a few but before covid happened we had like 20 or 30 new movies a month, right? We are being told that this slowdown is due to the covid environment, that the actors and production team folks just can't work so closely together and have to take all these precautions for filming which is slowing down the process.

But, before I published this e-book (in 2021), I just met a new friend who heard one of my on-line interviews and felt inspired to contact me. He told me that he had been involved with making movies and has done filming for quite a few years. This gentleman confirmed to me that what I have been hearing about how Hollywood operates from the stories being shared over the internet by troubled individuals (actors mostly) are totally true. What was this? Well he confirmed for me that not only have the elite been controlling Hollywood (deciding which directors and actors get to work) and which films are going to be made and released but, if you ever wished to become a big star that you literally would have to sell your soul to the devil and participate in various immoral activities that the big producers and executives ask you to do (such as sexual favors, using adrenochrome, partaking of the insane rituals they do, and much much more). Thus, if you don't agree to join these activities, no matter how talented you are, you will never see any good acting roles and that is if you are ever become involved with Hollywood at all. My friend further stated that with this type of dark energy surrounding Hollywood, it's a miracle they ever get any movies completed. I always wondered why Hollywood was obsessed with making so many horror films and now we know. The purpose of this type of film was to produce strong energies and emotions of fear and terror spiraling all over the world. The cabal and elite (we will talk about this more in the Appendix) have to find ways to openly show you who they are, how they live and what they are planning to do next (if you are paying attention) and they will use new movies being made to openly flaunt these hidden truths in front of us.

Two shows on TV that I watched during 2021 which carried the hand print of the cabal was the half time show of Superbowl LV which took place in the early part of that year as they had many dancers wearing masks on and just the tone of their performances was very dark. And then as a side note, how many of you remember how badly produced and boring the academy awards show was in 2021? Further, if you can find a video of Ricky Gervais acting as the MC of the Golden Globes Awards in 2020 (he did this for the 5th year straight but since the speech he gave at this one, he hasn't been asked back anymore -- this is another awards ceremony for movies). During his monologue, as he was telling his jokes, he was at the same time making direct comments to the audience (filled with Hollywood stars and producers) dealing with quite a bit about of the type of activities these people engage in within Hollywood itself. His comments were discussing the insidious crimes being committed by the producers, directors and actors (like pedophilia or Hollywood is known as Pedowood). It seems to me that Hollywood may be starting to break down as the pandemic moves on.

**[2023 note:** On July 4<sup>th</sup>, 2023, the movie called "Sound of Freedom" was released which tells a story of children being sex-trafficked within Columbia and about an American intelligent agent who rescued them. This agent is played by well known actor, Jim Caviezel, who to help promote the film has been publicly discussing his knowledge of pedophilia and sex trafficking within Hollywood as well as the use of children to create the drug known as adrenochrome. Two other Hollywood actors have also come

out publicly to discuss these serious problems in Hollywood include Mel Gibson and Mark Wahlberg at this time. (I strongly salute all of these actors for their courage to come out!) So I would say that the release of this movie (we heard Disney held onto it for 5 years) is a very powerful outer sign that sex trafficking and pedophilia is greatly declining on all levels (plus being much more policed) and the public is gaining a stronger awareness of such. Thus, I think part of the reason we are seeing far less movies coming out these days, it's no doubt due to the decline with pedophilia happening in Hollywood. Also there are lists of famous people being reported on being arrested (like on Telegram), and quite a few of these people who well known stars in Hollywood. These actors who have come out to share the truth have revealed how this industry became filled with pedophilia which was funded by the elite through their agents in the three letter agencies. Then they decided which specific films and TV shows they would produce in order to bring the cabal's messages to the people and brainwash them. I haven't talked about the harvest of adrenochrome from the children that much but it is a material taken from their adrenal gland when they are frightened.]

Well I think at this point within this e-book, I have presented enough clues to our readers and aspects of this undeclared war to explain why our world is going through this constant series of challenging events and all forms of intense conflicts. So to finish this conclusion (from Edition I) I am going to turn 180 degrees so I can discuss what our world could very well look like in our future when the "Alliance" and "The White Hats" have won this war. I know that at this future time, we will have complete access to some of the most amazing new technologies you can possibly imagine; peace will reign supreme and; everyone will have total freedom and abundance!! So let's not worry about knowing exactly what are these future events that are required to make this new peaceful world happen or how soon it will take place; let's just accept it has already happened on some inner dimensional level and its slowly making its way down to us, here on our physical world. Are you in that mindset now?

So, the "Good Guys" have won the war, peace now reigns over our entire world and the control by the elite is fully eliminated. What then will we begin to see as new advanced technologies become revealed to the world which the elites already have possessed for years for their own selfish use? The first special technology to come out and has already been spoken about are called **"Med Beds"**, what are they? On telegram, I have seen numerous images of these advance devices; the best way to describe them is that in a way, they are similar to the medical beds we see on the TV series, "Star Trek Voyager". There are three types of these beds known to exist: Holographic Med Beds; Regenerative Med Beds (which regenerates tissues and body Parts, that's powered by a different source then the first bed); and Re-atomization Med Beds (that in about 2-3 minutes will regenerate the whole human body, from head to toe). These beds obviously work with balancing energies or vibrational frequencies in our body to bring them back to perfect health and they utilize so form of tachyon energies. Many people believe this is the reason why President Trump once said that we will no longer need

hospitals in the future. He knew. So how would it feel to become younger again, or to never to get sick again or suffer any type of illness? With being in perfect health all the time mean that we will become a totally clear channel for our spiritual essence to work through us? [**Special Note:** The movie called Elysium made in 2013, shows the Medbeds and calls them this by name. Also the orbiting space station in the film called Elysium is a model I believe of what our Earth will look like in this magnificent future coming ...] What else is being discussed on many channels in Telegram?

It is called **QFS** - the Quantum Financial System - I have been told that this new totally secure banking system was gifted to humanity by the Galactics and it is completely un-hackable. Somehow through its technology it will recognize every person when they interact with this new system (through a new quantum computer, phone or tablet plus) by their DNA which is a unique vibrational energy. Thus, only the owner of each account will have access to their own money and no one else can ever. They say this system has already been up and running for several years (2023 note: and it has replaced the Swift system and is working but this has not been officially acknowledged yet). If this is the case then the cabal will eventually lose total control of their central banks and never be able to steal any money again. When the EBS/EAS happens then we will officially move totally into this new financial system. I am told you shouldn't lose any money you have in your existing bank accounts. The new currencies released (called rainbow currencies) will take the place of the old ones and all of them will be backed by precious metals so they hold their value. Once the new currencies are established, they will trade one unit of the new currency for one unit of the old. Through telegram, I believe, I have already seen what the new U.S. currency will look like (they will be multi-colored and not just green) which will be called USTN - U.S. Treasury Notes handled by the U.S. Treasury, of course. Each country will have their own version of a new currency and they will make it so each currency from each country will be of an equivalent value. After this is all implemented, the need of banks will simply vanish away. They plan to also have a digital version of each country's currency too (if you know paypal, this is how these digital currencies will work) but don't worry, the fiat or physical bills won't be going away any time soon. And ...

**GESARA** - Global Economic Security and Reformation Act (this is the name of this system for all non-US countries in the world, in the U.S. it is called **NESARA** – National Economic Security and Reformation Act) - this is the new economic system (which many people believe will be appearing within our world quite soon) that will remove all existing debts, bring prices back to the level of the 1950s (they say), help to re-establish new versions of the governments of the world (that will need far less people) who will be working on behalf of their citizens (which means new elections), will probably pave the way for full UFO Disclosure (which means not only acknowledging the existence of other Galactic Beings but have close relations with them), will establish a flat tax rate on non-essential goods, help to establish peace in the world, reset our judicial system and much more. It is said when Clinton was President, he signed then

NESARA (just for the U.S.) into law but the cabal stopped it from being activated by setting up the 9-11 false-flag event and destroying the Twin Towers which prevented the NESARA system from starting somehow. Basically there are 209 nations who have signed this behind the scenes. After the EBS/EAS takes place, they will put these so-called new protocols into place. And ...

How about Free Energy? Tesla had already setup this technology back perhaps in the 1920's or 1930's (if not earlier), but the cabal totally shut him down. They say by using existing cell phone towers, some new technological components can be placed within them so everyone has access to free electricity. In addition, using advanced satellites in the sky (that some say already are waiting up there for us), this would afford us a totally new, secure and much much faster version of our internet (fully protected); this would be another type of a quantum based system. Not sure if you know about this, but you may have heard about the new quantum computers (this is a very large computer, not the small one I mentioned for the QFS) which also are actively being used but there are not that many of them yet. I am sure they are very expensive to build but they must be stored and run under extremely cold temperatures to function. They use what is called a Quantum bit or qubit which can have multiple conditions happening at the same time whereas our current everyday personal computers run on binary where each bit of data that is held in the computer can only be in an on or off condition but not both. The Quantum computers are not only very very fast but also somehow they can link into their counterparts (other parallel versions of themselves) in other dimensional earths (which means this is tech is definitely from the Galactics again perhaps). Anyway if these quantum computers become a key component of the new internet system, everything will happen almost instantaneously. And I expect as well that we will see new systems of entertainment and news which will need a new type of TV system too, probably a 3D-VR (virtual reality) surroundable immersible system, so how does that all sound?

I am thinking with all these new systems getting ready to come out that we also will be using flying cars along with driver-less cars. [**2023 note:** We now are developing airports for new flying cars that have already been developed – the models I saw are using propels to fly and then the vehicle compresses into a car to drive. There are commercials starting to show driver-less cars already too but the kind I see is when all cars are controlled by a central computer and you don't have to drive it.] Eventually all cars will only utilize electricity since we will have access to free energy that will be in some form of a radio broadcast like we do for our WIFI but far more advanced. There could eventually be flying cars that might be big enough to be like small planes even. What about Teleportation? Again we have heard from various whistleblowers linked to secret black projects that there is a type of Star-Gate they have had access to where they can go through it for instantaneously travel to the Moon or Mars or possibly use this device to travel in time even. Probably there already exists every piece of technology you have ever imagined and more that's headed for our future!

The Whole Point about the release of these new technologies is that hunger, greed and poverty will never exist again so, if the elite and cabal are hiding this type of tech, it's very clear how they perceive the value of the rest of humanity. In addition, the elite have done their best to hide as much of the gold that exists in our world and hoard it (again another sign of wealth) plus by collecting money from all forms of taxes, loans and the interests on payments from the people of the world and keeping this all for themselves, it's a very clear sign they want this total control of all money which has been their power base to create their global projects.

Now, we continue to hear repeatedly on various Telegram channels that there are special military units constantly being sent out by the "Good Guys" who are arresting many of these individuals (people at the top of the cabal even) that have committed all types of crimes (usually who are quite wealthy) against humanity; the military then is retaking back this money that has been illegally collected along with precious metals to be returned to the people of our world. So this is where the funds will be coming from to erase all of our debts, and that will eventually bring to everyone their own financial abundance. So are you ready to live in a world where violence and war is gone? What will you do with yourself in such a reality? What kind of person will you be when you have the free time to continue to learn and grow as a unique individual, or travel to other worlds, or even provide a service to others doing exactly what makes your heart sing? So, if you visualize this glorious future coming in your mind, and more and more people do this, our collective energies will and can help to bring this reality more fully into our world in order that everyone can experience it much more quickly. We are each, quite powerful beings, that will become fully realized within this new future.

Before we head off to the next part of this section, I want to offer to you two interviews I gave to my friend Nancy Yearout of the "High Road to the Humanity Show" in 2021 that might help you a bit more with other perspectives of this whole situation happening in our world right during these days. Ok, this covers the key information that I shared in the 2021 edition of this e-book. However, there has been quite a number of new events and activities which took place after this e-book was first published. So coming up next is Part II to share some of

these other amazing events and activities moving our world forward so this e-book will cover up to the end of July, 2023. Enjoy ....

**DISCUSSION OF KEY EVENTS SHARED IN EDITION 2 (2023)**  
=====

PART II – mid-2021 through July, 2023  
(additional comments on new events, beyond the 2021 edition)

Introductory Remarks: We have seen some major breakthroughs in our world since the late spring of 2021. So just as I did in Part I, I want to cover what other activities and events have happened in order to give to our readers a clearer picture of our world from the perspective of July of 2023. Also I will be sharing some clues of what other amazing events could be coming up beyond this. I know that in Part I, I was adding notes from 2023 on some of the key points I will cover in this section (to enhance what was being stated in that earlier portion), but I will take those points a little bit farther here in this section as well.

Lastly, I want to remind all my readers that if you found this e-book to be of value in some way and it has helped to clarify for you various aspects of what is really happening behind the scenes in our world, you may wish to consult the Appendix at the back and look under the listing of services that our new Center offers (The Center for the Advancement of Humanity). I highly recommend you check out the new series of videos I started in late March of 2023, which are entitled, "2023: The Year the Full Truth Begins to be Revealed", as a great deal of the information contained in this ever growing video series (up to Segment 2, Part 5, early August 2023) will dovetail with information contained in this e-book. The videos share a great deal of insights about world events that is beyond what I could do in this e-book. My main focus within these videos (so far) is about key events which happened during 2022 and here in 2023 to help the viewer see a better perception of the status of the undeclared war.

Ok then, here is a short listing of a few of the key events happening during 2023 or are still very important for helping to shape the future of our world:

**A.** As of the end of June, 2023, it appears that the covid-19 pandemic along with the promised protection through the use of taking a vaccine with boosters is facing a slow death. There just isn't much news coming out on these subjects any more and people are starting to act as if it's over. We don't have lockdowns happening or the requirement of masks. However, not sure what is going on in China as a month or so ago, heard some cities still had some problems with covid-19 again. I expect in various isolated incidents covid will show its self but it seems from the elite's perspective, whatever they wanted to achieve (which we can only guess it), they went as far as they can go. Or, the other explanation I will float at you, being spoken on Telegram is that most of their major leaders and hidden bosses have already been taken down by the White

Hat/Alliance military and only actors with masks or clones are left, the lower level minions as they are calling them.

**B.** Telegram continues to be the main alternative news source that not only I am using but many other people as well. The amount of users of the Telegram is huge and there are people doing a form of presentation on it via a service it offers. There are rumors that we might see the elite make attempts to corrupt this app though. Since it's an open system, there is at times some bad information being shared and I have heard of reports on chat-based channels where they have had some personal fights and insults going on. But so far, it is still working very well and Telegram isn't suffering (hardly at all) from what has been called "cancel culture" that is like on many of the other social media platforms. Individuals who use this media are speculating on what will be the next big challenge or virus that humanity will face and some folks believe it will be related to climate change (which also is illusionary). Most definitely, people are warning about staying away from the new digital currencies the Central Banks plan to issue called CBDC or FedNow in the U.S. which would help the elite take total control of everyone's money. It is said it is starting up subtly in several places here in July. Whatever you do though, don't change your regular currency for this!

**C.** All of a sudden during June, the UFO Disclosure issue has become a hot topic. We had a whistleblower come out who was told by others he works with that the U.S. Government has in their possession crashed saucers (they have back engineered them) and dead alien bodies which has not been revealed to the public (this was David Grusch I spoke about before and will again here shortly). Dr. Steven Greer of the Disclosure Project had his conference, as I stated before. However, on Wednesday, July 26th, 2023, in the House of Representatives in Washington, D.C. held a panel to discuss, as I understood it, the proof the U.S. government has kept hidden about the existences of UFOs (or as I told before they like to call them UAPs) and that these vehicles could not have been manufactured by any nation of our Earth. In addition, the congressmen (that is for women and men) who were on the panel asked many interesting questions, like they wanted to know do what actions they could take to reveal the secrecy or the problems the three whistleblowers have had in acquiring information from other agencies who have such UFO data or evidence. One whistleblower interviewed pilots who have personally seen UFOs, another whistleblower was David Grusch (again, remember he had not seen any UFOs or Alien bodies himself but in his intelligence department he has friends who have and told him about it, also it sounded like he has read real UFO reports) and another gentlemen who was a pilot and had a close encounter with a UFO they are calling a Tic-Tic off the west coast of the U.S. in 2004. A Tic-Tac looks like a flying fuel tank but has no wings or apparent propulsion system. My conclusion from watching this very pleasant interchange between the house representatives (of both parties) and the whistleblowers is that we have people in congress who have a genuine interest to know the truth about UAPs and that they planned to continue to do more meetings, interviews and investigations. My thought is

that some form of UFO Disclosure is about to fully come out publicly but whether it will be the absolute truth or is being shared to prepare for some type of fake generated UFO invasion using an advance holographic system called Project Blue Beam that we have yet to see publicly. But based on the whistleblowers testimony it sounded like there was no doubt UAPs and their occupants are very very real.

**D.** BRICS is a new financial group of a number of nations of which the U.S. has not joined so far (but we hear on Telegram there are a number of U.S. states who wish to) that plans to use their own national currencies for trading amongst themselves (not the U.S. dollar which is the reserve currency, so this could kill the dollar) of which also, these currencies are being backed by precious metals (which sounds like a form of GESARA). This group's name comes from the five founding member countries whom formed it in 2009 which are Brazil – Russia – India – China – South Africa. But here in July of 2023 there are already over 20 other countries who wish to join. From my perspective, this is another public activity which is showing the world that the individual countries no longer wish to be under the elite's monetary control and they are setting up their own financial system. Remember when I discussed that Russia no longer has a Central Bank or is part of the Swift banking system, BRICS is a key reason why they are promoting this new group.

**E.** War with Taiwan and China – all year long we have been hearing about the potential of an invasion of Taiwan by China. Publicly through President Biden, he has spoken about that the U.S. will support and help to defend Taiwan. During July (2023) not only was Taiwan during military drills over their island and saying they were very ready but the Chinese were constantly having their naval and air ships traveling near the Island. Although none of us have ever heard anything negative about Taiwan (only that it use to be part of China and now they want it back), just that they want their freedom from China. Of course, Taiwan isn't powerful enough to stop an invasion from this huge juggernaut. What is unknown to the general public (being discussed on Telegram) is that there are a lot of illegal and criminal activities happening behind the scenes in Taiwan which parallels almost perfectly the same thing as we see in the Ukraine (see Point "I" below). Taiwan is supposed to be another country that the elite has control of which they are conducting many of their nefarious activities that bring them great wealth.

Now, there is one other comment I wish to share (heard through Telegram) that I can't confirm but which might shed some light about what is happening in China and Taiwan. It has been stated that the President of China Xi Jinping is a member of the "White Hats". That he is working secretly behind the scenes to make China a Republic, like is being done in the U.S. (to return it as a Republic). This might also explains why China is a part of BRICS. So if Taiwan is like a prison of its people as has been reported to be the case in the Ukraine, this could be the alternative reason that Taiwan will see a major change coming.

**F.** In the U.S. – 2 Presidents (one who is so-called the current President and then Donald J. Trump, the prior President who is running again for 2024) are both under multiple charges of committing crimes which has greatly accelerated in June (2023). As I mentioned before, the U.S. House voted to impeach Biden and now they are waiting on two outside committees to decide the next actions to take. Then here in July, Senator Charles Grassley had an FBI official document released that shows one of the FBI's most trusted investigators collected hard evidence that when Biden was V.P. he extorted money from the Ukraine. On the other side, President Trump was indicted (the first time an Ex-President was ever indicted) by a court in Miami about the secret records (purportedly) he illegally kept which were not returned that held top governmental secrets. President Trump believes this indictment is a sign of dual justice being handed out by the FBI and Department of Justice towards Democrat and Republicans since Biden was caught earlier this year with many similar documents in his residences and so far, no action has been taken against him.

**G.** Threats of communication lockdowns and electricity and internet shutdowns. All throughout 2023, especially through Telegram, there are posts every month that some business or on-line service has an outage or their inner databases of their customer's data has been hacked. I even saw one post on Telegram from three Russian hacking groups (translated from Russia) saying they were going to shutdown all the banks in Europe (which did not happen yet?). There is an on-line system you can consult to see in which location there are shutdowns of electricity or access to the internet and almost daily we have some new location with these problems. Related to this issue around Memorial Day weekend (end of May) for some strange reason all U.S. congress members were offered a satellite phone in case that communications went down.

As of the end of July we have not yet seen any total worldwide shutdowns, but we continue to see new clues about them. As we discussed with the EBS/EAS before, there could be up to 10 days of darkness when all the systems go down of which that time would be used to let all the people what is happening in our world at that time. Also we discussed that there are all these new advanced systems and technology that is getting ready to come and it would require a temporary shutdown to have the time to make the exchange between the old to the new. We suggest to our friends and extended family to take basic preparations a global shutdown event should happen.

**H.** One other clue to this idea of a shutdown discussed in Point G started showing up in early June in the U.S. which could be linked to all of this and this happened when people watched the U.S. military traveling on their vehicles driving through the streets of various cities. According to ex-military people this could not be training or a drill as they are always done in isolated areas. So what missions and objective did the Military have during these days and what were they preparing for? It was claimed on Telegram that there were personal reports given backed by videos that was seen within 27 states.

**I.** The War in the Ukraine with Russia – I am very surprised here in July of 2023 that this war is continuing as it has been now a year and five months since it started in

February of 2022 and since Russia has such a superior military force than the Ukraine, the war should have been over in weeks! Yet, here we are and it keeps going on. There seems to be some hidden agendas we don't hear about through the major media that must be why this war is continuing. Following the comments being made on Telegram here in July of 2023, it seems the Ukrainian army has literally been destroyed even with all the money and military equipment and supplies the U.S. and NATO member countries have been sending to them. I already mentioned this war in the Introduction discussing some keys aspects to it, but in this section, I would like to speak about a few other points that are connected to this war that show its not what meets the eye.

Of course, the major media has portrayed the war with Russia is the villain, that all President Putin wants to do is get back, by violent means, a land which used to be a part of the U.S.S.R. That as this war has been fought there has been many Ukrainian civilians suffering and dying due to Russia. As after all, the Ukraine is just trying to defend its integrity and democracy. However, based on the conversation I had with Gene Decode in his fourth interview in 2022, plus what other information is being shared (of course) on Telegram including hearing and reading translation into English, videos of President Putin giving his public talks ... you soon discover this is not the real reason Russia had to move into the Ukraine. Basically, Russia had no choice but to take these actions, it was not only defend its own people from dangerous (bio) weapons held in the Ukraine but to defend all the people of the world from a grave danger there. So what was this danger? Let me try to explain ...

Well, first of all Russia was concerned if the Ukraine joined NATO then they would be able to put troops and weapons on their border. However, their was more going on than you may think. As I continue sharing the answers, as I understand them, you will soon see why. Next, there were two oblasts (regions) on the Eastern border of the Ukraine with Russia, who were already actively rebelling against the government of the Ukraine before the war started (which means the living conditions were terrible there). Then, after the war had began, later in 2022, four of the eastern Ukraine oblasts joined and were annexed by Russia (I think by the will of the people as they knew Russia could protect them).

Additionally, very shortly after Russia entered the Ukraine, they started to discover and destroy (I think now like 30 or more) experimental laboratories who were developing deadly new diseases and ones that could be based on a specific race of people (like Slavic people). They uncovered within these laboratories official documents which showed they had been funded by the U.S. as well. When the Russian U.N. delegation presented their evidence to the Security Council, not one single action was taken nor were the Russian claims acknowledged (you will be able to view a video I am recommending of an interview done with a high ex-official of the U.N. who will tell you what really happens within the U.N. and why the Russian data was ignored ...).

In some of President Putin's public talks he says that the Russian forces are de-nazifying the region and that when the Second World War ended, the Nazis went into the Ukraine

and took control of it. Mostly like these groups are just an armed extension of the elite. So this could be why the Eastern oblasts wanted to leave the Ukraine. According to Gene Decode the Ukraine and Israel are the two top secret countries the elite operate from and conduct most of their illegal and criminal activities from. So if all of this is true, then Russia is taking out a key location of the elite's operations using conventional warfare and is doing a big favor for the entire world. We can also see which countries are controlled by the elite by whom are supporting the Ukraine and trying to make sure its dark regime of government remains. So that would be the U.S. under Biden {who we now know had many illegal business dealings in the Ukraine for his family} and many countries in Europe – the elite and cabal vs. Russia along with their member countries in BRICS – do you see now why the U.S. dollar has to collapse, as this is the main currency that supports the elite).

So I hope this brief explanation has given to you dear reader, a different perspective about who Russia is (and why the sleeping prophet Edgar Cayce claimed that Russia was the hope for freedom of our world in the future) and what role they are really playing. I am sure a big sign of a positive future will come when this war ends, most likely before the end of 2023 (I pray and hope).

**J.** U.S. House of Representatives – In the 2022 mid-term elections of the U.S., the House had its majority control regained by the Republicans. Although it has only a small majority (222-212), they have used that leverage to setup some amazing Committees and Panels to delve into a wide range of fact finding related to key and relevant information of the day. One example of such was given in Point C. here, linked to the UFO Panel that was held in July. Some of the other important public meetings that have been held (reported much more in the 2023 Truth Series) including interviewing:

**j1)** Five members of Twitter after Elon Musk took control in 2022 and released his Twitter Files ... they were being asked about why the FBI was present to control what information was allowed to be shared on twitter especially linked to a laptop recovered from Hunter Biden which has tremendous incriminating evidence on it and is still be referenced for the tax trails against him along with information about his father taking bribes from other countries and ...

**j2)** The House also interviewed the CEO of Tic-Tac, a social media app created in China which seems to have spell bound the youth in the world especially the U.S. and that it is being used to spy on America as well as could be programming in a crazy way the children who are using it and ...

**j3)** The House called three FBI whistleblowers, each one had been suspended without pay for questioning the techniques used to carry out their jobs and investigations that were not following the legal rules of the FBI. It became clear from this meeting (and other meetings after it) that the FBI was allowing itself to be weaponized by the Democrats and attacking Republicans especially those individuals (private citizens and other politicians) linked with President Trump MAGA (Make American Great Again) and...

**j4)** A member of the house in mid-June of 2023, used what is called a snap vote and the House voted to impeach President Biden for the neglect he is carrying out at the Southern U.S. Border and freely letting all types of immigrants in without any checks on them being made, which is a grave danger to the security of our country and ...

**j5)** Also in May, John Durham, Special Counsel for the U.S. Dept. of Justice presented his report to Congress and then in June, came in person to answer questions by the members of the House Committee about his investigation if, during the 2016 Presidential Election, Donald J. Trump had help from the Russian to win it (also known as RussiaGate). Mr. Durham found no evidence whatsoever and stated that Hillary Clinton and the Democrats had fabricated fully this lie to try to take Trump down and the FBI knew it was a lie but they did nothing about it. Once the Durham Report came out, the House then voted to censor Rep. Adam Schiff (Democrat CA) because of the role he played in promoting the lie of RussiaGate and ...

**j6)** This will be my last point I list (as I am sure the House will continue to have these investigative public meetings), two IRS whistleblowers came in to speak to the house during this July, discussing their experiences of investigating the years of 2014-2019 of tax invasion conducted by Joe Biden's son, Hunter. They both shared that there were forces within the IRS who were interfering and limiting their investigations. As it is, at the end of July, Hunter Biden went to court about two minor tax evasion charges he pleaded guilty to. [**Update:** At court, when Hunter Biden went in with his lawyers to complete his plea deal, the Judge decided not to accept it so everything agreed to so far is now tossed away. Most likely Hunter Biden will have to serve prison time and there will be more serious charges made. (You will have to check the final results after this e-book is released).] Further, the testimony of these agents also indicated that they found in his son's financial records there was evidence his father and family were releasing payouts that were being funneled through other companies for them.

--- there are of course many other interesting and important events which have taken place since June of 2021 and the end of July of 2023, but it is not my wish to make this e-book so large. I think I have covered most of the major issues of our day here and if you wish to know more, I suggest you consider joining Telegram and using the list of channels I recommend within the Appendix as a starting point to partake of. Also, I don't wish to tote my own horn, but what I call the "2023 Truth Video Series" offered through our new Center (listed in the Appendix) on our rumble video channel, I think will be very helpful as well. Each video is about 1-1/2 hours filled with all kind of key information.

***Alright then, time to make my final summary for this new edition, here we go ...***

=====

## **FINAL SUMMARY AND CONCLUSIONS**

(For the 2023 Edition of this E-book)

=====

At this present time, here in 2023, our world continues to be going through a huge transformation which is happening on many levels, not only including the physical level. We have been talking throughout this e-book about this "undeclared war on consciousness" which is taking place all over the world, essentially between the force of Good (or Creator's Light) and the force of darkness (evil or influenced by satan). However, in my mind, what this war is really all about is the releasing of the old systems (financial, communications, health, education, entertainment and so on) we have grown up with that still is controlling our lives (with its hidden purpose that eventually all of humanity would be serving the elite) for a whole set of advanced and very powerful new systems (which on Telegram we are seeing images of these new technologies) that have been developed to totally enhance the full potential of humanity. This would then take us away from living unbalanced lives not in attunement with our "Mother Earth" and move us towards a new life which incorporates our "Spiritual Essence" and allows us to see our full inner and outer self. Sounds pretty exciting huh?

Thus, our world and reality is about to do a 180 degree shift moving from dealing with just concerns that surround our individual egos into a new more joyful and peaceful world that is based around co-creation and unity (which are our natural and higher more spiritual values). Further, the vibrational frequency of the "Mother Earth" (which is getting higher and higher each day now), will be moving into a higher state of being or as many people say, we are going from 3D Consciousness to 5D Consciousness. As a result of this acceleration, I believe that the Alien (ET) beings who have been helping the elite and been working to dumb down humanity and interfere in our natural state of evolution, have been exiting our world in large numbers because they can no longer tolerate these higher vibrational frequencies that are manifesting forth. Obviously, this migration has greatly weakened the elite which is another reason why I know they already have lost the undeclared war.

Thus as the elite are becoming weaker and the Earth's vibrational frequency is expanding, this is also greatly assisting the "Alliance" and "White Hats" to move forward faster with their plans and for the new systems and technology to begin to be released sooner. Although at the time of the unveiling of this new edition of this e-book we have not yet seen publicly any key events or activities that have officially brought forth these new technologies yet (giving back total freedom to all of humanity), many of us who have been on this path to help our world expand, for some time, we inwardly feel that we are indeed very close for a major door to open quite soon. When this happens it will begin the process of the release of great revelations that will forever change our world and awaken the total potential of all the future children. It appears however, there are still a few key events that must take place before the "Alliance" and "White Hat" can put into full motion their plans to release to the People everywhere, the truth about our

world and our true nature, which will eventually result in a process of the co-creation of a new Earth with a new Humanity. We can each help this process further along by staying peaceful within ourselves and not paying attention to the false news being shared by the major media. Just take it one day at a time and participate as you can, in those activities and studies you enjoy the most.

Through those two special personal experiences I discussed in the Introduction (what I call my coma experience and the messages I receive from my future self), I know absolutely that we are headed for a peaceful world and a Golden Age. I know we will establish contact with our brother and sisters of the various Galactic worlds and that they will be welcome to visit us here once again. Further, that we will be rejoining a Galactic Federation which comprises many worlds and universes. We will once again see and experience the beings from the elemental world, the Sasquatch families who live in a higher vibrational dimension of the Earth along with the descendants of great Earth civilizations of our past such as Atlantis or Lemuria, who live in underground cities at this time. And lastly, we will know if those who are called "The Hollow Earth People or Civilizations" are real and if they indeed live on the inner surface our Earth, which is purported to be hollow. In this future time when we re-connect with all of these extended spiritual and Earth families, I see there will be a great celebration (that might last years).

There is an interview I watched conducted by Kerrie Cassidy where she was talking to a whistleblower by the name of Bill Wood and they were discussing a device that is called "Looking Glass". This device is being utilized by both the cabal and the "Alliance" and "White Hats" in order to peek into the future (or potential futures). Mr. Wood stated that in 2012, Looking Glass started to show one and only one future for our world and no matter what any individual or group tried to do to change this future, it will not be altered in the least. Let us just say that this is not the future the cabal is hoping to create. Therefore, Looking Glass' view into our future is fully supporting, in my opinion, the visions of a positive and peaceful future that I have seen inside of myself (in my mind's eye), all the time . I just can not imagine any other possibility, really.

It is my fondest wish that for each of my readers that you were able to find some gold nugget within this e-book or to come away with a much clearer view of the world we live in. I also wish to acknowledge the effort you made to take the time to read through this e-book as it does have some very intense materials indeed. Yes I know it may be a bit long, but there is just so much information coming out these days with all kinds of theories that you really need to take a good hard look at the important and vital information we know about and give it a proper attention. I hope and pray the materials given herein were able to provide some greater clarity into the "why" for all of these crazy events and situations that are going on. Also, was I able to give to you a better idea of where our world is headed for our near future (as we give up the old for the new)? Of course, do not be too concerned with the activities still being conducted by the cabal or what dark actions they have taken in the recent past, as the "Light of God" is now actively at work on our Earth and all will be well. It's possible, quite soon that we will have our New Earth and you will be standing upon it.

In peace and light always – to our glorious peaceful future that will be here soon ...  
God Bless ...

Also you will find our contact information if you wish to discuss any of the subjects covered by this e-book or if you wish to receive other information that we share such as our how to get copies of other free e-books or view our on-line videos. In addition, the special video series we mentioned that speaks about the Truths to be Revealed in 2023, you have the direct links shown at the end of this Appendix. We plan to use this video series to continue to share the latest news about future key events that will take place in our world. Lastly, you will find more information about our new Center and our personal spiritual organization here as well.)*

### **Insights Linked to the elite**

*(Materials discovered on-line that discuss their motivation and rules for exercising their various projects and plans in their attempt to create their future vision for humanity. If you understand how they think and what motivates them, you can protect yourself from unnecessary personal challenges and upheavals ...)*

As I have mentioned throughout this e-book, I have determined that Telegram is my best source of information to better understand the various events (known and hidden) that have been taking place in our world since covid came out at the end of 2019, starting in China. So via Telegram I was able to watch two videos sharing the same document which is used by the elite to explain their philosophy and that a person joining their organization must sign if they wished to work for them. In one of these videos it actually showed the contents of this document and in the other, a person read the words. In one of my other e-books I shared a link to the first video but when I went back to check on it, of course this video was no longer available.

Now, before I share with you what I could recall about what this so-called secret document said (which I wrote about this in one of our other free e-books) I am also going to include within this section a few other items that I will briefly list here, all discussing the elite's philosophy. Next, I was able to transcribe a portion of a video that David Wilcock created where he discusses some important information that he received from a (some) cabal whistleblower(s) that he knows. This will enhance what you will read from the first document I will be speaking about. In May of 2023, again on Telegram, there was a woman who found what I believe is a second document, which talks about very similar information to the first. I was also able to transcribe what she read in this video but there is no way I can prove if it comes from a real document or not. And finally, as some of you know, last year, the Georgia Guidestones were all of sudden destroyed (we did not live that far away from them) but I want to take a quick

peek at the message engraved on the stones, as David Wilcock referenced them in his video (but it's not included in the part I share with you though). I think by the time I finish this section, you will understand why I felt it was important to include these other sources to the Appendix of this e-book.

## **Part I – The First Document I Saw on Telegram**

*(an edited section from our Flat Earth free e-book)*

**Discussing this Document after I read it:** But there are a few key ideas I read within this document that I saw on Telegram (I assume a whistleblower connected to the cabal released it without authority). As I read the contents of it, it seemed to be discussing the principles which guided the elite in all of the activities they engage in. What I found, that is to say if this was a real document released (as you know in any war, part of the challenge is to throw your enemy off with false information), then it explains everything that is happening in our world and it should all make sense to you then. By this I mean, all the events taking place everywhere in our world, in the past, present and future as well as the experiences you have had during your life along with the purpose for all the manmade systems we live within. Can one document really explain all of this?

Ok then, so let me give you a high level overview of the some key points made within this first document as I remember them (I have been looking to find the video again within a channel on Telegram, but I have been unsuccessful). This document kept repeating the use of the word “Poison” over and over again. Obviously then, the use of various poisons is a key part of their plan to gain control of the world. That if they keep poisoning our food, our water, our sky (chemtrails), our medicines and so on... then after each new poison (and of course they will dressed up this new poison to look very desirable – examples: it can be a new food item, so-called health related products, cosmetics, clothes, etc ...) is introduced to the public and people suffer from its effect (we begin to get ill), then of course, they have to offer us a solution to solve this problem, which in itself is just another new poison (thus giving to humanity an endless series of poisons to weaken all of us all the time). I think this condition has been absolutely mirrored by what we have seen happen around covid-19 (a so-called deadly virus) as they kept offering us more and more varieties of vaccines (or what some are calling the ‘death jab’) to protect us from covid-19 (the original poison) along with the new variants that they periodically came out of which then requires another new vaccine or a booster shot – so has this madness now ended here in July of 2023 or will we see a new round?

[ **Joshua's note:** Here is where I shared a link to the video that showed the full contents of this document but this link no longer works .... and also, this document tells you what the globalists fear the most that would bring in a form of “Divine Intervention” into our world, so please see the next paragraph coming up for my discussion about this next idea which is vital for you to know about ... ]

(As we discussed several times within this e-book) many people believe that covid-19 was created (and patented) in Wuhan, China, thus this became the first poison. Then we have been offered various vaccines (a solution) to cure covid-19 so the pandemic will end (if we take November of 2019 as the start when the first people in China reported contracting covid-19 and say May, 2023 as almost the end, that is about 3-1/2 years, I think we all thought it would end in a year or less, yes?), however as this document further stated, the solution to covid-19 must contain more poisons, to make matters even worse and so that happened. Now here comes the part I indicated just before, that there was one very unexpected comment (for me) made within this document, which it says, this is the secret of secrets and the elite does not want anyone to know this secret. This is what makes the elite extremely nervous which I will share it here now (paraphrased):

“They spoke about ‘**Prime Creator**’ {showing they have an awareness of the existence of a supreme intelligence that exists which they can not fight against nor can their so-called god of satan defeat} and that they could only have power over the people of our world if the majority of humanity give their free will permission to support and follow the laws and rules that the elite have established over hundreds of years. That they had to trick and convince us that their rules are the only way we should be living (do you follow what I am saying?). However, if the majority of humanity refuses to follow these so-called laws and does not give their power away, ‘**Prime Creator**’ can intercede to stop the elite cold in their tracks.” – What this means is that if a majority of us (which I think has been happening around the vaccine mandates as I have seen videos posted on Telegram of huge protests in quite a few countries with thousands and thousands of people participating and going out into the streets) refuse to do what the elite want us to do – they will lose everything. This is why it is so so important to share with other people you know, any valuable insights or news, which you feel holds the Truth. This will help to wake up your friends and family, in effect to touch their inner soul.

A common statement being shared within numerous Telegram posts made by several authors is they keep saying that the time we are living in now is like being a character in a fake movie that is happening all around us. So if you agree and understand this last comment then please, don’t give in and take actions which are immoral for you or, give your power away to do anything you don’t wish to do. Just say “**NO**” and get on and enjoy your own life. Also, what if each of us would just keep in our mind’s eye each day, a vision of what our beautiful Earth will look like in the future (near future) when we have total peace and harmony, as well as, dare I say it, total and open contact with other intelligent beings which I like to call them our Galactic brothers and sisters ... then, then, wouldn’t this bring us closer to the time when our Earth becomes a Paradise? As “Divine Children” of ‘Creator’ our thoughts are very powerful and each of us has the ability to send out some powerful energies and thoughts that can and will change our world for the better. So why don’t we all start to see this glorious future now in our minds?

*Coming up next in Part II, I want to introduce you to David Wilcock as he is going to share with you another aspect linked the main topic here. Well it’s actually a universal and*

*spiritual law that the cabal has to follow in addition to a big problem they will face if people refuse to follow their guidance. I know for a fact that by the time you finish this part of the Appendix, you are going to become a powerful warrior or person who is here to help bring peace to our world and empower the lives of all the other people you touch!*

## Part II -- David Wilcock and his Whistleblowers

Who is David Wilcock? From his main website it states:

David Wilcock is a professional lecturer, filmmaker and researcher of ancient civilizations, consciousness science, and new paradigms of matter and energy. His Hollywood film “Convergence” unveils the proof that all life on Earth is united in a field of consciousness, which affects our minds in fascinating ways.

David is also the subject and co-author of the international bestseller, “The Reincarnation of Edgar Cayce?”, which explores the remarkable similarities between David and Edgar, features many of David’s most inspiring psychic readings, and reveals documented NASA scientific proof of interplanetary climate change... and how it directly impacts our DNA.

**Here is what David heard from the cabal Whistleblowers:** *“What do I mean when I am talking about the cabal? ... Ultimately we are talking about organize crime. We are talking about crime syndicates that work on a quasi-governmental level because they do not take any of their high ranking people and run them for office.”*

*“This cabal has at its core, believe it or not, is a luciferian belief system. One of the things I heard from whistleblowers from the cabal itself is that they have to work within something they call “The Rules” and this is very very important. ... “The Rules” are a body of spiritual principles that they must follow in order to be allowed to exist. Now what do I mean by that they are allowed to exist? I mean that they are aware that there are benevolent forces that will prevent them from achieving their goals unless we (humanity) give them (our) permission to enslave us. Now think about that. Why I didn’t give them permission! ... Because the rules state that they have to tell us what they’re doing [He is saying when they plan a new activity that is not for our highest good, they have to tell us about this in some form even if it is indirectly like portrayed through a movie ..]. Therefore, if we allow it to happen, we have consented to tyranny, we have consented to enslavement.”*

[ **Joshua’s comment:** Just to recap what David was told ... if the cabal or elite do not outwardly show us in some form what they are planning to do (next), or what actions they will be taking (shortly), then as David calls them, the benevolent forces (spiritually enhance Galactics or Angels from the Creator) can step in and totally disrupt all of their projects and plans.

So let me give you an example of something I saw on TV, which I never understood when 911 was happening and the Twin Towers already had been taken down. The newscasters

somehow seem to always know what new activities would be coming next after this tragic (planned) event {don't get me started on this as we all know no actual planes hit the Twin Towers, it was holographic images timed to seem to hit them just as they blew up the bombs that had been setup inside – where else but on Telegram is where I saw a short video that these planes were faked ...}. You will also find if you carefully review many of the movies being released within the past twenty or so years, you will clearly observe them discussing real things and real situations. For example, what about all the movies coming out which show the Earth being hit by a deadly disease or virus creating a time of a total apocalypse?]

Video quoted from:

<https://rumble.com/v29xyc0-david-wilcock-explains-the-fall-of-cabal-exposed.html>

*Coming up next in Part III is a third source that came to my attention through Telegram, that offers a similar messages as was given in the first two Parts. I can not confirm in any way if what was being said is real or true but it sure sounds like what the elite would say to describe themselves and how they operate. You will have to decide if it is some hoax or not ...*

### **Part III – Transcription of a highly interesting document read on Telegram**

*(The following transcription came from a woman {who I have no idea who she was} who was reading some type of document out loud. I found this video shown during May of 2023 on the Telegram channel called Sovereign Redneck Renegade. She did not explain how she discovered this document. As I stated before, I have no way to confirm if such a document exists but based upon the type of activities we see, day in and day out that the elite are involved with, it sure does sound like them. As with everything included within this highly controversial e-book, you must decide for yourself what you believe to be true and what information has value for you. The woman in the video also stated that she felt it was highly important to share the contents of this so-called document so those who viewed her video and heard these words will never again give their power away to the elite and participate in any of their false events we could see in our future ... I will caution you however, for some of you, you may find the following material extremely difficult to read and have trouble believing that on our Earth there exists people who actually think in this manner and see no problem with it.)*

-----

An illusion that will be so large, so vast, it will escape their perception. Those who will see it will be thought of as insane. We will create separate funds to prevent them from seeing the connection between us. We will behave as we are not connected to keep the illusion alive. Our goal will be accomplished one drop at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes as they occur. We will always stand above their relative field of their experience for we know

the secrets of the absolute. We will work together always and we will remain bound by blood and secrecy. Death will come to he who speaks.

We will keep their lifespan short and their minds weak while pretending to do the opposite. We will use our knowledge of science and technology in subtle ways so that they will never see what is happening. We will use soft metals, aging accelerators and sedatives (tired & stressed) of food and water, also in the air (poisons) – they will be blanketed by poisons everywhere they turn. The soft metals will cause them to lose their minds – we will promise to find a cure from our many fronts, yet we will feed them more poison. The poisons will be absorbed through their skin and mouth and they will destroy their minds and reproductive system. From all this, their children will be born dead and we will conceal this information.

The poisons will be hidden in everything that surrounds them in what they drink, eat, breathe and wear. We must be ingenious in dispensing the poisons for they can see far. We will teach them that the poisons are good with fun images and musical tones. Those they look up to will help, we will enlist them to push our poisons. They will see our products being used in the film and they will grow accustomed to them and will never know their true effect. When they give birth, we will inject poisons into the blood of their children and convince them it is for their help (health). We will start early on when their minds are young, we will target their children with what the children love most, sweet things. When their teeth decay, we will fill them with metals that will kill their mind and steal their future. When their ability to learn has been affected, we will create medicine that will make them sicker and cause other disease for which we will create yet more medicine.

We will render them docile and weak before us by our power, they will go depressed, slow and obsessed and when they come to us for help, we will give them more poison.

We will focus their attention toward money and material goods so that they may never connect with their inner self. We will distract them with fornication, external pleasures and games that they may never be one with the oneness of it all. Their minds will belong to us and they will do as we say and if they refuse, we shall find ways to implement mind altering technology into their lives. We will use fear as our weapon. We will establish the governments, and establish opposites within. We will own both sides. We will always hide our objective but carry out our plan. They will perform the labor for us and we shall prosper from their toil. Our families will never mix with theirs. Our blood must be always pure for it is the way.

We will make them kill each other when it suits us ... we will keep them separated from the Oneness by dogma and religion. We will control all aspects of their lives and tell them what to think and how. We will grow them kindly and gently and letting them think they are guiding themselves. We will for met animosity between them through our factions. When a light shall shine among them we shall extinguish it by ridicule or death, which ever suits it best. We will make them rip each others hearts apart and kill their own children. We will accomplish this by using hate as our ally, anger as our friend. The

hate will blind them totally and never shall they see that from their conflicts remerge as their rulers. They will be busy killing each other. They will bathe in their own blood and kill their neighbors for as long as we see fit. We will benefit greatly from this for they will not see us for they can not see us.

We will continue to prosper from their wars and their deaths. They shall repeat this over and over until our ultimate goal is accomplished. We will continue to make them live in fear and anger through images and sounds. We will use all the tools we have to accomplish this. The tools will be provided by their labor. We will make them hate themselves and their neighbors. We will always hide the Divine Truth from them that they were all One. This they must never know. They must never know that a man's color is an illusion. They must always think that they are not equal.

Drop by drop we will advance our goal. We will take over their land, resources and wealth to exercise total control over them. We will deceive them to accepting laws that will steal the little freedom they will have. We will establish a money system that will imprison them forever keeping them and their children in debt. When they shall band together, we will accuse them of crimes and present a different story to the world for we shall own all the media. We use our media to control the flow of information and their sentiment, in our favor. When they shall rise up against us, we'll crush them like insects for they are less than not. They will be helpless to do anything for they will have no weapons. We will recruit some of their own to carry out our plans. We will promise them eternal life but an eternal life they will never have for they are not us. The recruits will be called initiates. They will be indoctrinated to believe false rights of the passage through higher realms. Members of these groups will think they are one with us never knowing the truth. They must never learn this truth for they will turn against us. For their work they will be rewarded with earthly things and great titles but never will they become immortal and join us. Never will they receive the light to travel to the stars. They will never reach the higher realms for the killing of their own kind will prevent passage to the realm of enlightenment, this they will never know. The truth will be hidden in their face, so close they will not be able to focus on it until it is too late.

Oh yes, so grand the illusion of freedom will be that they will never know that they are our slaves. When all is in place, the reality we have created for them will own them. This reality will be their prison. They will live in self-delusion. When our goal is accomplished, a new era of domination will begin. Their minds will be bound by their beliefs. The beliefs we have established from (over) time. But if they ever find out that they are our equal we shall perish. This they must never know. If they ever find out that together they can vanquish us, they will take action. They must never ever find out what we have done for if they do we shall have no place to run, for it will be easy to see who we are, once the veil has fallen. Our actions will have revealed who we are and they will hunt us down and no person shall give us shelter.

This is **XXXXXX** by which we shall live the rest of our present and future lives for this reality will transcend many generations in life.

## Part IV – The Georgia Guidestones

*(Below is an article I found on Telegram which does a really good job of giving a clear overview about these stones, when they were made, what was engraved on the stones and discusses when a strange explosion happened in 2022 that destroyed them. They seemed to be some type of public display about what the elite had planned for our future by the words which were engraved upon them (as was stated by David Wilcock in the video I previously mentioned). So were these stones made to show an enlightenment about Mankind or were they made for other less obvious and discerning reasons? Or could we assume that these stones were damaged (blown up literally) and later fully demolished because what they were (actually) proclaiming to the world is no longer true?)*

In 1980, the stones were finished. They carry a tablet in front proclaiming, “Let these be guidestones to an Age of Reason.” Engraved in the stones are ten guidelines meant to re-establish the planet and society, perhaps after an apocalypse. They were written in eight different languages, English, Spanish, Swahili, Hindi, Hebrew, Arabic, Chinese and Russian, and among other commandments preach to:

- Maintain humanity under 500,000,000 in perpetual balance with nature.
- Rule passion – faith – tradition – and all things with tempered reason.
- Balance personal rights with social duties.
- Be not a cancer on the earth – Leave room for nature.

The guidestones also served as an astronomical calendar, and every day at noon the sun shone through a narrow hole in the structure and illuminated the day’s date on an engraving. The names of four ancient languages were inscribed on the sides near the top: Babylonian cuneiform, Classical Greek, Sanskrit, and Egyptian Hieroglyphics. Additionally an instructional tablet at the site described a time capsule buried underneath the surface, though the dates on which the capsule was buried and when it is to be re-opened are missing. Whether this is intentional or the capsule was never buried is unknown.

The guidestones continue to be a point of controversy. Conspiracy theorists and fundamentalists believe them to be the work of satanists or the new world order–fueled particularly by certain commandments such as “Guide reproduction wisely–improving fitness and diversity” which can be ominously interpreted–and the guidestones have been seriously vandalized by such conspiracy theorists. Among these conspiracy theorists was 2022 Georgia Republican gubernatorial candidate Kandiss Taylor, who promised to demolish the monument as part of her campaign. Others believed them to be a message of wise prophecy, possibly the work of an eccentric man of science.

However, if the past 30 years are any indication, we may never know who built them besides what is engraved on the guidestones itself: “Sponsors: A Small Group of Americans Who Seek The Age Of Reason”

Early in the morning of July 6, 2022, the guidestones were damaged by an apparent explosion caused by a vandal. The remaining, undamaged pieces were demolished by State Law Enforcement Officials later the same day.

**Event (June 2023):** Dr. Steven Greer of the Disclosure Project held on June 12<sup>th</sup> at the National Press in Washington D.C. a public event he called, “UFO Disclosure 2.0” with himself as moderator and other UFO Whistleblowers were speakers as well. In his talk he revealed that there exists over 100 secret UFO related bases within the world doing all kinds of black projects related to the study of UFOs and the ETs. Plus, he indicated during this event that his group has been contacted by hundreds of whistleblowers linked to these black projects. Dr. Greer feels it is vital to reveal to the world the truth of what has been uncovered linked to the government investigations into the reality of UFOs and ET intelligences. Of course, a number of the UFO whistleblowers in attendance at the conference gave live presentations about their own story and experiences. ### **VIDEO: SHOWS A PLANE WHICH STRIKES ONE OF THE WORLD TRADE TOWER FOR 911**

(This is a copy of an actual short video that was taken outside of the Trade Towers and shows the perspective of one of the 747 planes coming in and striking one of the Twin Towers. As this video is slowed down and analyzed it clearly demonstrates that it would be impossible for a plane to physically do what is shown in the video. That this could only be some type of holographic computer image that was timed perfectly to appear to strike the tower at the precise moment a bomb went off inside the Tower.)

# **The Center for the Advancement of Humanity** *(A Brief Description and our On-line Resources)*

June 2023

## ***Welcome to our Center***

***Who Are We?***

***What is this  
New Center About?***

The Center for the Advancement of Humanity is a spiritually inspired and based Center which is being created right now by an extended family of people all over the world. As its name implies, we will be involved in all type of projects linked to Advancing the state of Humanity and working towards creating a totally peaceful and harmonious world.

The vision for our center was given to our founder, Joshua Shapiro in the summer of 2018. Joshua is known throughout the world as a crystal skull and

paranormal explorer, author and public speaker. At that time, the resources necessary to build a physical Center were not yet available as this will be a very large project. However, since March of 2022, Joshua has been inspired by guiding "Spirits" and felt a call to begin working on setting up the energetic version of the foundation in preparation of birthing forth the first Main Center (now in 2023 within the Central Part of Florida) along with other Sister Centers in other parts of the U.S. and all over the world. Already, as of June of 2023, there are now teams of people to support the center in: **U.S. / CANADA / VIRGIN ISLANDS / FRANCE / ENGLAND / HOLLAND / ITALY SCOTLAND / AUSTRALIA / NEW ZEALAND.**

***Here are some of the early projects we will be working on***

### ***Crystal Skulls***

*Their Importance to Humanity in the Future*

### ***UFOs - ET/Galactic Contact***

*Are we Alone? UFO Disclosure ...*

*Talking with the Galactics Directly*

### ***Spiritual Dimensions of Existence and the Paranormal***

### ***Wholistic Health & Healing***

*MedBeds, Organic Remedies, Spiritual Healing*

### ***Our Publishing and Distribution Dept.***

*We will help people who have key books to share,  
musical creations, documentaries, and more*

*These are just of some of the projects that our Center  
will be involved with - Does it sound Exciting to You?  
We are definitely open to be involved in other areas  
of study and we will be a part of the process to create  
a world for Humanity of Total Peace and Light.*

## 2023 Truth Video Series

*(This special series of Videos is called, "2023: The Year the Full Truth begins to be Revealed". Its premise is based upon an inner message that Joshua received at the end of January (2023) that the Full Truth on Everything that is happening in our world will begin to be revealed to all of Humanity within 2023. To support this inner message he has been doing various videos to discuss the undeclared war that has been going on behind the scenes for over 60 years and what our future will look like, a time of total peace. This video is linked to our free e-book, listed in the previous section with the other free e-books and by the same title. Below are the direct links to the videos already produced by late July, on our rumble channel.)*

### **Segment 1: Introduction**

(Explains what this series is about, Joshua's background, how he knows these key Truths will be revealed during 2023, a discussion of two of his post profound spiritual experiences which shows him our future)

<https://rumble.com/v2duhoe-2023-time-of-full-truths-revealed-series-segment-1-an-introduction.html>

### **Segment 2, Part 1: Time is Everything**

(We exam in more detail the undeclared war on consciousness - who is fighting it and why; how the U.S. 2016 & 2020 election along with covid are effecting us now; the war in the Ukraine, a video of the Moon in perigee at the Artic Circle, key telegram channels which we recommend that share the true sides to the real news.)

<https://rumble.com/v2m86x2-title-2023-time-of-full-truths-revealed-series-seg.-2-part-1-key-events.html>

### **Segment 2, Part 2: Time is Everything**

(In this part we look at key events that took place in 2022 and how it impacted the undeclared war, we look at what celebrities publicly announced they had covid in 2022 and look at two videos linked to

George H.W. Bush the 41<sup>st</sup> President, also a discussion about the Brunson case.)

<https://rumble.com/v2ojjg8-time-of-full-truths-revealed-series-seg.-2-part-2-key-events-2022.html>

### **Segment 2, Part 3 (Section1-2023): Time is Everything**

(In this part we look at key events that took place in the beginning part of 2023 through April 13<sup>th</sup> {couldn't go to the date of the recording as there are just too many activities exploding out in 2023}. We share a quote from Robert Dean, a ufologist and former U.S. Army Command Sergeant Major {while serving in Europe where he saw a report about UFO Activity there called "The Assessment"} about UFOs; and then we begin to look and define aspects of the new Financial System including the new computer banking system and economic system. We finish up discussing briefly an interview with a former U.N. official about what is really going on in the United Nations.)

<https://rumble.com/v2rmgze-time-of-full-truths-revealed-series-seg.-2-part-3-key-events-2023-section1.html>

### **Segment 2, Interlude: Time to Break**

(In this video I will be discussing six subjects through the use of special Memes I have found on various telegram channels that I follow that includes: 1. Spiritual Messages & Inspiration 2. UFO News and Thoughts 3. Political Insights and Conspiracies 4. Tartaria 5. Flat Earth 6. Insights on the New Financial System getting ready to come out. At the end are two extra goodies; first a short video which shows the plane that hit one of the Twin Towers for 911 is CGI and secondly, an article I found on CaptKyle Patriots channel, about the White Hats you might enjoy.)

<https://rumble.com/v2x064a-time-of-full-truths-revealed-series-segment-2-interlude-time-to-break.html>

## **Segment 2, Part 4 (Section 2-2023): Time is Everything**

(In this episode Joshua looks at key events from April 20th through May 24th because things picked up tremendously in May and haven't stopped since. We hear from Robert Dean sharing more about the truth of UFOs known to the U.S. Military, recommend a public talk by Tucker Carlson (who did his 9th presentation on Twitter mid-July 2023), the Sound of Freedom Movie, more about the QFS, some insights about Med Beds and other advance tech that is surely coming (which already exists and will make all existing tech obsolete) soon and finish up with some great graphics and quotes being posts on various telegram channels.)

<https://rumble.com/v2zmxak-time-of-full-truths-revealed-series-seg.-2-part-4-key-events-2023-section2.html>

**(Note:** If you are enjoying this series of videos about the possible Truth to be revealed in 2023, here are various ways to stay informed when we add new videos to this series. If you become a member of the Center's Rumble Video channel then, you will eventually receive an email from Rumble when a new video is added. Or, you can periodically check on the Rumble Video Channel link shown under the Center's contact information before. We plan for Segment 2 Part 5 (release early August 2023) plus Segment 3 (which will connect to our free e-book that is based on the Facebook posts linked to this series discussed in the next section) will be comprised of at least five Parts looking at a variety of other subjects that I think will greatly benefit our viewers to see the amazing future that is coming - **Joshua**)
