*(Original version, July 2021; Updated Version June, 2023)*

Waterworks Park Water Tower was in Detroit, Michigan. They say this building was built in 1876 (I doubt it) and was (had to be) demolished in 1945

## **Introduction**

(Joshua Shapiro): It is my honor and privilege to be able to share this free e-book with you about the Great Civilization of Tartaria which ended only 200 some years ago and which the so-called

globalists or elite have done their best to erase all evidence of the Tartarians. This is the updated version I am presenting to you (the 2023 edition), with the original version being written about two years ago. I am basically keeping all the major information I shared before exactly the same and only making minor editing changes where it is needed. This free e-book is the 7<sup>th</sup> in a series of free e-books I have been offering, all of which I am upgrading during June of 2023. I will also explain during this introduction about some new projects and information that I am sharing at the time of the release of this version of our e-book that are linked to Tartaria and a positive future for our world.

Who am I? I am a crystal skull and paranormal explorer who has been following a spiritual path since the early 1980s when I was in my late twenties (but at this time now 68). I am a seeker of truth and Tartaria came right in front of my face in 2021. I will explain more about how I learned about this great civilization shortly. In addition, in 2022, "Spirit" asked me to work on setting up a new spiritual center, which is called "The Center for the Advancement of Humanity". I have only been able to do so energetically and basically put it on-line (a Telegram channel, Rumble video channel, single webpage, email and mailing list - you will find more information about Center in the Appendix where various on-line resources are listed). One of the key topics we will be studying and to conduct more research upon will definitely be Tartaria. Anyway, this free e-book is my attempt to share key information about Tartaria with others as well as suggest other on-line videos and e-books the readers can find.

Briefly, related to our Center mentioned before, I received an inner message at the end of January of this year (2023) that before the year is over, the Full Truths on everything will begin to come out publicly. This inner inspiration led me to create a free e-

book that originally were posts on facebook to offer evidence that key truths about our past history (using Tartaria as an example) have not been shared with the public and been totally hidden. Then, at this time in June, since late March, I have been creating a series of videos in conjunction with my Facebook post that has been explaining what type of information has already been revealed mostly by discussing recent events. Eventually this video series will have a segment about Tartaria. If you might curious to check out this other e-book or the video series called by the same name, “2023: The Year the Full Truth begins to be Revealed”, please consult the appendix in the back.

Ok then, let us proceed to get into the material of this e-book dealing with Tartaria. In the next section labeled July, 2021, I will continue with the materials I originally shared within this e-book with some slight modifications and editing. Also, I hope you will find this e-book helpful in your own personal exploration of Tartaria. Oh and one last point, when it is revealed that Tartaria truly existed, we will have access to all of their advance technologies which will be a catalyst for bringing our world into a time of total peace and harmony as they had ...

[Comments about the opening photo of the “Waterworks Park Water Tower”: If you haven’t seen before any of the existing buildings that exist in every major city of our world that are said to have been constructed during the time of Tartaria, I am showing here an early example of one. They say it was built in 1876 but there is no way humanity had the tools at that time to make such a perfect building (and with such elaborate towers that are quite tall) and then, most likely it was demolished to get rid of any evidence of Tartaria’s existence. This has happened to many other buildings similar to this one - such as for the 1893 Chicago’s Worlds Fair where they had a 100 buildings in a similar shape and

design but when I was born in Chicago in 1955 and was able later in life to walking around the city, only 3 of them remained!]

{**Note** - to show what new information has been added to this edition of this e-book for 2023, either you will a section of this material starting with: (2023 Note: ... or it will be enclosed within square brackets [ ... ] }

=====

(July 2021): [So once again the purpose of this e-book is to] discuss the legendary country or empire known as Tartaria. Now probably for most of our readers you may have not heard of this country before or about its civilians because simply put, there is no mention of it within any of our history books nor within any historical writings or teachings. This e-book was written to initially support my first public sharing to discuss Tartaria which was done during an on-line radio interview conducted by Nancy Yearout, for her very popular show known as, “The High Road to Humanity”. I have actually appeared on Nancy’s show a number of times speaking about various subjects. However, I felt Tartaria would be a fascinating subject to discuss and be a new topic for Nancy so we agreed to do this show together. To help Nancy prepare though, I recommended that she first watching a key video I had seen that was very comprehensive on this subject (which I will be discussing what this video is shortly). Anyway, this is how the writing of this e-book began.

Now, many people in the world who are familiar with my work following spiritual truth, the paranormal and various world mysteries, know that I would not be spending my free time to review a subject like Tartaria if I was unable to uncover any evidence what-so-ever that shows such a country and culture

really did exist. Plus, I always go with my inner feeling and intuition what subjects I should be studying or investigating next and when I discover some very special or important insights, I always find a way and means to share this material with others as I know such information is important and can help us all, and help humanity. And in this case, related to Tartaria, I believe it is vital for everyone to know more about our true history and the nature of our world. This is a given.

However, at this early stage of this e-book, I find that must give to you, the reader, a simple warning: If you decide to continue to read on and go all the way through this e-book, please be prepared that you may have to throw away a great of your core beliefs about how you perceive our world and our history. As it is right now, in this current time (starting from the middle part of 2021 when I started to write this book and continuing on into 2023), we already have so many conflicts and challenges happening in our lives.

[ Note - In order to attempt to explain why the so-called officials of our world would secretly and intentionally hide the existence of Tartaria from the general public, I have to go into a discussion of what has been happening in our world since covid19 came out at the end of 2019. It may be difficult for some of you to read this material and if so then please feel free to jump to the next section entitled: “How did I first learn about Tartaria”, thank you J ]

For example, a key question many of us want to know the answer to is, “what is the real truth about covid-19; (2023 note: it is speculated that this is a man-made virus and that it was either crafted in a lab in China or possibly the Ukraine, plus it seems that the so-called pandemic or fake plandemic as it has been called, is basically ending here in June but what will they throw at us next?)

if wearing masks are really helping to protect people from covid-19 (again true doctors have said they offer no help at all and actually make people sicker); is social distancing necessary (2023: it didn't and its not really going on any more); whether we all need to take the vaccines to protect ourselves (2023: On Telegram, I watched so many people who got very sick after taking the vaccine make videos and talk about all their health issues, I saw videos of newscasters, politicians and sports players just spontaneously fall down unconscious and again, true doctors publicly speaking out against taking them with proof to support this from their tests on patients) and so on?

Additionally, many other aspects of our lives have been negatively impacted by the impure and purposely contaminated products that large companies sell. Or what about the medicines that we are prescribed by the doctors in general, why do they all seem to have side effects? Or what about the major media and the quality and truth linked to the news that they share with us? Why do they only cover killings and crimes and physical disasters? And what about our entertainment through our movies and TV shows? Why do they always have violence in them?

(2023: Recently they say everything is become woke as the stories being told by the entertainment media sources always includes either transgender people now, more of a focus on Gay couples, people taking drugs or have problems with alcohol? Note - I am not here to place a judgment on anyone who they love, as in truth everyone else is a member of our family. Only that recently there seems to be a focus, as one black person from Africa said on a video about these issues, that these alternative life ideas are being heavy promoted as a form of birth control.)

From the aforementioned observations of these activities, I think that it becomes quite clear that every key aspect of life that affects us from our financial to health to entertainment and so on, has been infiltrated to varying degrees to take us down in our lives. And that this is being done intentionally by what many are calling the cabal, the elite, or the globalists (i.e. - nefarious individuals and groups that are literally gangsters and criminals who wish to totally control our world as well as, according to what many say, are followers of Satan).

(2023 note: In 2022 and 2023, even though it has not been reported on the regular news, only upon alternative news media such as Telegram or Rumble - we hear about many public protests happening that have consisted of millions of people who are very unhappy with how their individual governments are running their country and the laws they are making. Another good example of this point would be what has been taking place in the U.S. in May and June. This unbelievable information coming out including full evidence that the FBI and DOJ {Department of Justice} are being weaponized to protect the Democrats who seemingly are planning to destroy this country. There is John Durham's report which came out in May that discussed the false activities these agencies claimed were linking President Trump with Russia who helped him win the 2016 U.S. Election. In June, a whistleblower from the FBI had absolute proof that President Biden took a bribe from an agency in the Ukraine while he was Vice President, 5 million dollars.)

I am sorry to get a bit carried away here, but I just wanted to discuss briefly this madness happening within our world so you can plainly see why the elite would absolutely not want any of us to know about Tartaria. A great civilization that was very peaceful and spiritual with a high level of technology.

Thus, for many people, it is getting quite apparent that there is an “undeclared war on consciousness” taken place which is being totally hidden from the public although we are continuing to witness many crazy events and activities outwardly. [ I don’t want to discuss this conflict too much more as some of the other e-books we are offering speak about this situation in more detail as well as our new video series. So, let’s just say then that the force representing the “Light” working with humanity to create a world of total peace and harmony in our near future, right now has the upper hand. Besides, it is impossible to keep the inhabitant of an entire planet living in a false reality or total illusion. Eventually cracks form in this so-called reality that all can see. I think this is a universal law that this transformation must happen. And this “Light” is shining brighter and brighter each day as a major door is about to open very wide before the end of this year, just like “Spirit told me”. But here is a key question we now need to ask next. We need to talk about a Planetary Reset ... ]

(2023 note: It appears from the actions being taken by these so-called globalists that they have been working on a plan for many years that eventually will see a total global reset which will take place through a new digital money system and health system that will give them even more control of our world. However, according to the real news being reported upon many channels on the telegram social app there is a new fair and fully protected financial system coming in which they call QFS {Quantum Financial System}. They even say this system is already in place and has replaced the globalist banking system called Swift. The key result in this financial transformation is that the elite are losing access to their financial resources so they won’t be able to fund their activities any more. Further, here in June, many countries now no longer wish to work with the U.S. dollar as well, which is the elite’s main currency {and also called the “reserve currency”}. So I think

these outer signs that are showing us that a big change is coming with the global financial system are truly telling us that the “Light” has already won this war even though it can not be visibly seen in public just yet.)

Now, has such a planetary reset happened before in our world as the globalists are definitely planning for this to happen again? Would you believe me if I told that YES it did happen before around 200 years ago? Impossible you say? Well as we all know from the history we have been taught in school, such an advanced civilization like Tartaria could not have existed in our past at such a short time ago, right?

Anyway, I think once you understand a bit more about Tartaria, about the people and see their buildings which still remain, you will undoubtedly see that most like why this unbelievable civilization all of sudden disappeared is directly paralleling in many ways what we are going through during this present time. Are the globalists working to do this reset again? And will the people and groups working to help create a peaceful world, also hidden and behind the scenes, prevent this version of the reset and bring in their own that empowers everyone?

So once again, as we are almost there to the part of this e-book that is going to reveal what I can about Tartaria, I have to give to you this one last warning before you proceed. That if you wish to keep your current understanding and belief about the reality we live in related to this physical world of ours that we perceive today; please think twice before you decide to continue reading { :-) }. I also say this, because after I was initially fully exposed to this idea of the existence of Tartaria, it took me several weeks until I could accept it that it's true.

Of course, my goal here is not to upset in anyway or make you more frustrated then you may already be with the current conditions of our world and all the chaos we are facing. However, if you really wish to understand what Tartaria was all about and who the Tartarians were ... and you are ready and willing to go down this Rabbit Hole with me, then you now must pass “GO”, you must read beyond the double line below and be ready possibly to throw away a great deal of what you believe is true!! - == the choice is yours Jedi Knight :-)

### How did I first learn about Tartaria?

I am not exactly sure when my wife and life partner Katrina first told me about the existence of this country called Tartaria; if it was at the end of last year (2020) or the early part of this year (2021). I do remember though that she heard about Tartaria from her good friend Laura and then she asked me if I knew about it. What she did mention to me, which I didn't quite understand at the time is that people were digging out of the ground more floors of certain old buildings (not seen from the surface) or, they were discovering strange artifacts which seemed to be connected to some country called Tartaria. I didn't really have time to do my usual in-depth exploration of this subject then but she definitely planted this seed within me and then I began to observe that there were other people talking about Tartaria on the internet. At this time, it just didn't seem so important so I dropped it.

Now, of course, [as I said in the Introduction] it is quite possible that such a country could have existed and just been totally ignored for some reason in our history. With all the lies that we keep hearing through our major media and by so-called official (government) sources, I wouldn't put it past the globalists to attempt to wipe out all the evidence of a former civilization that was very powerful. They would have the resources to

make this happen easily as they are doing similarly with all the false information they are sharing (through various media type sources) about how safe, supposedly, the vaccines are to protect people from covid-19. This appears to be quite obvious as there are reports of new programs that are being implemented (all the time, remember this is back in 2021) to literally force or coerce people to take these vaccines (of which we were hearing that 99.8% of the people who get this virus recover completely but people taking the vaccine who didn't have covid-19 before, now all of sudden they have it - isn't this really really crazy or what?).

Ok then, so during the summer (2021), while I was reading the key posts on the various channels I follow on Telegram (where I believe the real information is being openly shared about what is really happening in our world and going on behind the scenes), on one of the spiritually motivated channels that I like to read, they were sharing this wild post about an amazing video that was being shown on Youtube which caught my eye. The title of this video was, "The Lost History of Flat Earth" produced by an individual named Ewaranon.

So, I was immediately drawn to find out more about what was this so-called "Lost History" all about and what connection did it have with this crazy idea we live on a Flat (non-rotating) Earth?. Well, after watching Ewaranon's video for about an hour (it's a five hour video BTW), my mouth was hanging open. I wondered to myself, where the heck did Ewaranon get all of his amazing information and insights? Plus, he was really showing the viewers of his video some really solid, and I mean solid proof that there had to be this advanced civilization that existed before us and they lived all over our world. Further he claimed that we already had direct evidence of their handy-work if you just knew what to look for! That actually this proof has always been right in front of our faces even! After watching this video, I finally completely understood why quite a few people were all of a sudden (within the past several years) quite taken with Tartaria, during their own exploration and talking about it with others [You wouldn't believe how many Tartaria based channels there are on Telegram - you wouldn't believe I say!]. Ewaranon clearly showed us in the video this visible proof of Tartaria by carefully looking at existing

buildings and other structures they built but we were given false history of, all of these buildings around us and in plain sight. [Don't worry we will discuss this a bit later and I have other photos to show you.]

*Have you ever felt as if the history we have been taught just doesn't make sense? Well if that is so this free e-book is for you and might give you the right answers to such doubts ...*

Now before I proceed, I wanted to share a bit more with all of you some of my others objectives I have for writing this free e-book. I want to give to you, the reader, a fairly high level overview of this subject so you can also perceive the same evidence and proof I saw that has led me to believe that Tartaria is absolutely real. Then, at the end of this e-book (in the appendix), again, this is where I can share with you all the sources I uncovered on-line along with other Tartarian based e-books and on-line resources so you can do your own personal exploration into Tartaria and make up your own mind if you believe this key part of our history has been hidden from us.

Now, I believe that the story (and the history) about Tartaria is very important because it is indirectly linked to what is happening in our world right now because truly, it is providing for us a strong example of what our world could (will) be like when we follow a path of peace and harmony. Therefore, I will do my absolute best to share with you what I consider to be the best evidence that I have come across that has absolutely convinced me that the story of Tartaria is true. That the Tartarian people played a key role not only in the history of our world but in humanity's evolution. However, I am not an expert on this subject and I wasn't able to find a solid explanation yet of what circumstances caused the demise of Tartaria, whereas the people were basically eliminated but their buildings remained. I will speculate about some possibilities how this may have happened, later within this e-book.

Finally, I have to make a comment about why did Ewaranon bring the subject of "Flat Earth" into his video. For those of you who have studied "Flat Earth" [also known as the GeoCentric Model of the Earth] before or

have always felt it was a conspiracy theory, let me just give a brief definition here and how Ewaranon showed it related to the Tartarians. [We have written a very large free e-book about “Flat Earth” and even have a separate Rumble Video Channel on this subject, which you will find listed in the Appendix.]

“Flat Earth simply represents the following conditions of our Earth, which is not called a planet but a world or realm. That our Earth consists of a flat circular disc which has an impenetrable dome over us and at the outer edge of our world, for 360 degrees, in front of the dome is an ice wall which all of it is Antarctica. Also that under the dome, about 40-50 miles up in the sky is the Sun and Moon which are quite small, they say 32 miles across which fly over the flat surface and some Flat Earth researchers consider these self-illuminated bodies. This is the simplest description I can give. I do not intend to give much attention to the GeoCentric Model within this e-book.

Now, Ewaranon (if you decide to watch any of his videos that I will be recommending within the Appendix) insists in the so-stated video that he has absolute proof that our Earth is not a spherical globe and that the Tartarians knew this all quite well, due to the heightened state of their technologies [for example I am sure they had levitation craft which could go high up into the sky and easily see the dome, the sun and the moon]. Further, he claimed that due to the knowledge the Tartarians had about the Earth, its true form and nature, this affected the sciences they had [Again, the Tartarians knew about the anther energies, the electro-magnetic energies and the Toroidal energies which the Earth naturally broadcast and this is how they developed their free energy systems, more on this later ...].

Well let’s leave Flat Earth for now as my readers are going to have a hard enough time swallowing that there was a large country called Tartaria which was very real and existed in full force only just 200-250 years ago. I can’t expect for you to also swallow the idea that we live on a flat circular disc which is stationary and the sun and moon are moving around our world or realm in the sky, can I?

So now a key question that many of you may be asking at this point within this e-book is: “What proof is there that Tartaria truly existed?” As Ewaranon constantly stated during his video that I mentioned, we are about to take an amazing journey, so you must be open to all possibilities. Please don’t make any quick judgments or let the information we have been given by the controllers (as Ewaranon calls them) of our world totally confuse you. Let’s see why more and more people are becoming open to the idea of the existence of this former great country or empire as it was called and what this means for us today. So, are you really ready right now, this very moment, to go down the rabbit hole with me? If so, there is no turning back ...

## What Physical Proof Still Exists about Tartaria??

1) Why are there buildings all over the world that have their lower floor or floors totally under the ground? Or, in some cases the lower floor has its windows or doors half above ground and half below. If this was occurring only in a few isolated cases, we might understand why, but there are such types of buildings all over our world! One theory that has been discussed by Tartarian researchers to explain this situation is that there was some type of catastrophic event that occurred in our past that affected the buildings in our world. They have called this the “Mud Flood” event. I will explain next what this means.

Therefore, since the previous statement is true about the lower part of many older buildings being partially submerged in the ground, the only logical explanation would be if there was a tremendous amount of rain hit the surface of the earth creating a tremendous amount of mud which covered our world. And in fact, when excavations have been done in such areas or large cities, the archaeologists or skilled workmen have found entire cities buried under the ground. For example, there is an entire city buried under Paris that shows the remains of six million dead. How did this happen? The French government won’t discuss it.

In addition, there are numerous photographs which were taken from the later part of the 1800s, that clearly show various workers using the primitive

tools of their time to excavating out of the mud such buildings. In some instances, they brought entire buildings up and above the ground (for example, there are various photos of this happening at the Capitol Building in Washington D.C.). These types of excavations continue even until this day. If you wish to learn a bit more about these buildings and what is being called the “Mud Flood” (and by the way, the idea of this flood is speculation, as no one knows for sure what type of global disaster took out the Tartarians), there is a free e-book written by David Ewing Jr. that I am authorized to share with you, our reader which can offer a lot more information and insights about this “Mud Flood”. Mr. Ewing has written a series of 11 books which have different perspectives that he has uncovered related to Tartaria. I discuss in the appendix how to get a copy of any of his free e-books. Of course, in Ewaranon’s video that I mentioned before, he speaks a great deal about this subject as well.

OK then, so what cities do we find such submerged buildings within beyond Paris? How about New York City; Manchester, England (there are quite a number of cities in England that have such buildings); Johannesburg, South Africa; Yamagata City, Japan; Melbourne, Australia; Lucknow City, India (where you will find a great number of buildings that are still totally underground) and also the Omsk Museum in Siberia.

Now some people might think that these buildings might have fallen underground due to some type of huge earthquake (which either creates openings in the ground or can liquefy the ground due to the strong vibration of the earthquake). However, if you ever looked at the aftermath of an earthquake, the buildings are not all uniformly buried in the ground and many can be toppled over, so this would not be the best explanation for the submergence of the buildings....

*Figure 1: This is a photo of the Hotel Vendome in Boston in 1900 – There are two features of this building you want to look at. First, look at its shape, this an example of the advance structure of the buildings left by the Tartarians and 2nd, notice how the windows on the ground floor are submerged into the ground, and appear half size windows. Why would someone do this – as you couldn't fully see out of that window?*

Of course all the buildings submerged are older buildings at least 100+ years or older ... but is the insights associated with clue #1 enough to say that Tartaria or some advanced civilization existed due to these well built buildings? I would say not quite but it is an unexplainable mystery we must pursue, yes?

*Figure 2: Here is a building from another city where they did excavate all the floors below. This is not an example of a different and newer building being built on top of an older structure, as these excavated floors have the same appearance of the floors above them.*

**2)** There are photographs which were taken during the day (when the sun is out) of several large cities (that each housed millions of people) between 1840-1860's, yet within the image there is not one single person seen outside and walking around. The cities are totally empty - so where did all the people go?

In the video produced by Ewaranon, early on in his presentation, he shows us these types of photographs where cities are totally empty of life. Here is a quick summary of what he discusses: He first showed photographs of St. Petersburg and Moscow in Russia (note: if Tartaria existed where modern Russia is now, then these photos are the Tartarian cities themselves) from the 1860's (see photo of Moscow below), where both cities showed absolutely no sign of people. In the history we know of Russia, this should be impossible or is it because we have not been given

the proper history? He then shares other photos of Edinburgh, Scotland, from the 1840's; Copenhagen, Denmark, the 1840's; Dresden, Germany, 1860's; Rio de Janeiro in Brazil 1860's; Toronto, 1860's and Athens, 1860's. Once again, in every photo of the cities of this time period, they are totally empty. Later on in his video, Ewaranon talks about San Francisco in 1860s or the early 1870s where we again see a photograph of a huge deserted city with many buildings. How could this all be possible? The only two cities he spoke about in the early part of the 1800's that seemed to have people living there was London and Paris.

*Figure 3: Here we see a photo of Moscow in the 1860's, but where are all the people during the day - it is impossible no one is out in such a big city - again see the Tartarian buildings - image from Ewer's video!*

Now you might say, well maybe all these photos are fakes - that someone used Photoshop to take out all the people but of course, this would not be so easy to do. Ewaranon's explanation for this phenomena is that between the 1700's - 1900's, our world went through a total global reset. And that for some reason, the so-called controllers (the globalists) took out all of these people by some means which is unknown (perhaps using an advanced technology they had access to at this time or could they have had help from off world beings??) .... Anyway, when we look at

photos of these same cities from the 1890's, all of sudden they are all populated but the level of their technology and tools is extremely primitive (as compared to now) as you will see them using horse and buggy to get around and working with all kinds of manual tools. Thus, this leads us to our next clue, which is how did the world get re-populated if this reset did happen ...

**3)** From 1850 to 1930 (this is a historically documented fact) there were huge number of orphans (called foundlings) who were sent to institutions (or orphanages) to grow up in. There are many books written about the orphans of this time both fictional and historic.

So where did all of these children come from? Why did the countries of this time have stringent laws about unwed mothers and looking down on such women? Why were there so many orphanages all over the world? Why were the children given new identities along with a specific type of education about how things worked in our world? Next, why were these children sent all over the world and within the U.S. there are stories about the "Orphan Trains" taking these children all over the country?

Once again, I am going to turn to Ewaranon for a good answer to the questions. He stated that this was how our world became repopulated in the late part of the 1800's (as it was depopulated by the Tartans demise) and how the so-called new history of our world was taught and distributed all over the world through these children (who would believe whatever it was that they were taught was the truth).

But the so-called controllers still had one big challenge or problem. And this was, what to do with all the advanced and magnificent designed buildings and structures the Tartarian had created all over the world which were still standing. How to explain the existence of these advanced structures and why they had been built. So let's take peek at my next point, as this is what really convinced me that Tartaria was absolutely real and that we have, right now, physical tangible proof of the existence of these special people ....

**4)** Oh my God - there is no way the people of the 14<sup>th</sup> through the 19<sup>th</sup> centuries could have built these magnificent stylized buildings which are

still standing and we can directly experience today. The design of these buildings are so perfect and all of them are decorated with all types of carvings, art and geometric ornamentations. Today we call such buildings churches, cathedrals, government buildings, or castles. We are even given dates in the past when these buildings were constructed by the so-called historians. But as I listened to Ewaranon explain what these buildings represented to the Tartarians and their true use, my eyes were opened and I have to say this, everything we have been told about these buildings is an out and out lie ...

We have been told that these older buildings and structures originate from the following styles - "Renaissance", "Gothic" "Geo-Roman" or "Classical". However, could the people of these earlier time periods have the tools and skills to construct such huge buildings and this doesn't even cover the perfect symmetry and geometry within all of the ornamentations and special shapes found within or outside these building using just a pick and hammer? I don't think so ....

**(Please Note:** you will find on the next few pages that there are some open spaces as I have a few interesting photos to share with you. It is much easier to show you a picture of what I am trying to explain about these Tartarian buildings which are still with us then I can by describing them in words ... thanks ... J)

Figure 4: This is the Taj Mahal in India, notice the towers with antenna, and the domes - could a primitive people in India have made such a perfect structure.

Figure 5: This drawing to your left was obviously done in the 1800's of another city but here again, we can see the advanced structures of the buildings with towers and a type of antenna on top with a form of domes. How were these antennas utilized by the Tartarians and for what purpose?

Next, so when we view these photographs from the late 1800's of the same cities as before (which didn't have people living there) and observe the people's lifestyles, we see how primitive they are. So then the question becomes, from where did these advanced buildings originate from that they are walking around? Also, in the photos of these cities, we see that their roads are made from dirt and uneven or simply just filled with mud? This is quite strange and just doesn't make much sense. Did the people simply inherit these cities that were already filled with all kind of wondrous buildings from stone and not the wooden structure the people of this time would normally build? Take a peek below to see an example of what I am talking about here =====> look :-)

*Figure 5: Here we see a European City with Tartarian Advance Buildings but their roads are just dirt - if they could make such advanced buildings they could easily make a paved road too, yes? This photo is from the late 1800's or early 1900s.*

Therefore, are the buildings that we have identify as churches, or cathedrals, and castles, were they really used for their respective purposes or were we just told a story to explain why such buildings exist? Or could all of these buildings have been constructed from a former civilization who had a very high level of technology, that somehow just mysteriously disappeared and we assumed ownership of their handiwork?

Now, we just might be able to somewhat accept the histories that we are told about how the older buildings we find everywhere within Europe were constructed and how they were used by the various cultures of the past. However, how could the same style and type of buildings be found within North America when the U.S. and Canada in particular, were only colonized by the Europeans since the 1600's? This is an important question we should be asking, yes?

Ok, on the next page is an example of a building from the early 1900's that stood in Pittsburgh, PA, in the U.S. - do you think such a building would have been constructed using the tools people had at that time? This building is also quite tall as compare to the other buildings which are around it for this time. You will notice it has the antennas and the dome at the top of it. Also, it has what looks like a bird, maybe an eagle symbol at the very top of the pole over the dome, do you see this? Now why would a modern builder put such a symbol like this up there? I think these questions are providing us clues that this building is something else or has a different origin then they tell people.

*Figure 6: This photo is of the T J Kennan Building taken in the very early 1900s in Pittsburgh, does its style look familiar to you?*

Also as you are viewing all of these advance buildings shared here within this e-book do you see how they incorporate towers with what appears to be a type of metal antenna on top of the tower? Then on other buildings they might contain a dome or columns underneath near the top. Or, on the top of the antenna there is usually a type of symbol that we recognize which are purportedly related to various worlds' religions (or were the religions falsely created to explain the use of these symbols so people wouldn't ask questions about it?). Finally either on the outside or inside of these buildings (or a combination of both) will be all types of geometric symbols and ornamentations that are carved, not just being used as decorations. Only an advance civilization could have made these building with such absolute perfection, yes?

*Figure 7: Here we see more examples of the Tartarian buildings and the lights they used around their buildings which were powered by their free wireless electrical system.*

So consider this possibility then - what if an advanced civilization existed here on the Earth up to only a few hundred years ago? We can definitely observe the evidence of such a people by the design of these amazing buildings that we can view all over the world and probably within every major city of the world (note: I have looked and always find them BTW). And not only this, but the purpose of these buildings was to help support a

sophisticated electro-magnetic grid system that provided a free clean wireless energy and electricity that every inhabitant could easily tap into. Then your next question should be, “And so, what was the source the Tarlatans tapped into for this unlimitless energy?” And the answer that I heard from Ewaranon and other researchers is, “This limitless energy came from a layer of the higher atmosphere of the earth which they called the ‘Aether’” (or perhaps some suggest, this is our way to connect with a part of the universal life force which was placed here by Creator?).

Then if we study the construction of these advanced Tartarian building carefully, we start to understand and observe that they utilized their advanced technologies to use the right metals and put special devices into these buildings that were able to collect and distribute this free energy give off by the Earth to all over the world using an electro-magnetic (EM) grid. Further this EM grid worked closely with the waters (through canals, rivers, channels and the oceans). It is said by Ewaranon, that the controllers did everything in their power to destroy the Tartarian devices in all of their structures so the ordinary people would not have access to this free energy. I believe, at some future time though, we will have access to it again (and mostly like the controllers continue to use this system but mostly likely it is being done underground, in their bases, so the surface people are oblivious to it).

There exists another structure which has been called a Star Fort, which is found all over the world as well, which the experts believe come from the Tartarians also. What are these Star Forts? These Star shaped (so-called) Forts are buildings which are surrounded by amazing geometric star patterns of which they are quite huge and seem to always be linked to water around them. Since they are thought as being forts for protection of a war, they are said to have built in the 1400's - 1700s. But how could the people of these times in the past create such an elaborate structure and be so precise if they couldn't view their handiwork from the sky? Further, the Star Forts are speculated to be another extension of the Tartarian energy grid. On the next page is an example of a Star Fort that exist today, I think its in Holland (but were they really used forts, I think not).

*Figure 8: This is one of many structures of what are known as a Star Fort that are located throughout our world - obviously the geometric shape of a star has to do with the name. However, again if these forts were made in the 1400s or 1700's, how could they do it without the ability to see the construction from the sky? Also these forts are always surrounded by water which played a key role for them to function.*

And that is not all but, we have many arch-like structures in our world as well. A good example of this would be the Arche de Triomphe (The arch of Triumph) in Paris (see photo on the next page), which acted as a huge electro-magnetic bar magnet to help conduct and move all this electro-energy being generated through the worldwide Tartarian energy grid. In Ewaranon's video he goes into extensive detail how the Tartarians constructed and used all of these buildings and structures to empower (collect and distribute) their free energy system. When you watch Ewer's video and he talks about the technology and sophistication of this previous civilization, their genius you will simply be blown away! But what if there were some groups of people who didn't like the idea of give all the

inhabitants of the Earth this free energy and wanted to charge people for the use of such, what might such a power hungry group do?

So have we given to you so far sufficient proof or enough evidence within this e-book that an advanced civilization existed previously which was called Tartaria? Are the existing advance buildings and structures that have been present sufficient to at least raise an eyebrow? Or, what about the large cities that were already built that were totally devoid of people (for a time) that today humanly seemly has inherited? Or what about the large number of buildings which have a portion of them seemingly buried below the ground for some strange reason? And what about the large transfer of orphans for about 80 years in our past, why was this necessary? Well, if everything I have shared so far is not enough to convince you about the reality of Tartaria then I have another amazing clue to discuss with you which is quite convincing. What about "Old Maps" that show a country called Tartaria, Tartary, Tartari or Great/Grand

Tartaria (because it was the largest country in the world at the time of the creation of these maps, how could people not know of it)?

5) I have given in the appendix of this free e-book a link to a Youtube video which shows quite a number of these old maps from the 1500's to the early 1800's and naturally they all show a region of our world called Tartaria, located within the part of the world that we now know as Russia, Siberia and China. Plus, these maps show that Tartaria had extensions of their empire throughout our Earth, such as in modern day areas we now know as the U.S. and Canada. As a matter of fact, there is probably no continent in our world that does not have some kind of Tartarian buildings around (even though huge attempts have been made to destroy them). Below is a map that is stated to have come from the 1771 edition of the Encyclopedia Britannica in England which clearly shows Grand Tartaria. See what you think?

So if Tartaria was still existed into the early 1800's, then what could have happened to totally erase all evidence of this huge country? Now, if you look at our modern history that we are told is the truth, there is a recognition of a group of people called Tartars which they say could have

been linked to the Mongols, Chinese or Turkish people. We even have some Tartars (no many) who are still alive today. There is also a country called Tartarstan which exists today with about 3 million people that was once a part of the U.S.S.R. This country is located just south of Moscow. But to wipe out an entire country of such a tremendous size and to destroy all evidence of its existence along with their people and culture in such a relatively short period of time would take an organization or a group that had some very powerful resources and technologies. In addition, what individuals living in our world today could possibly believe such an action could be taken? It sounds like a fantasy or a scifi story. No one would believe that the Tartarians could be removed from History like this!! I have done my best to explore and see if I could uncover any good theories to explain how this could happen to Tartaria but no one truly knows the answer. It is hard to find out the truth if none of your history books will even discuss to any degree that such a country and people could have existed!

I am not sure how Ewaranon was able to find all of these old photos and even some film from them too but, in the Appendix, I share a short video he made (which was a small part of his 5 hour "Lost History" video) that shows people walking around in the clothes of the early 1900's and using what appears to be an automatic electrically powered sidewalk. Further, he shares other photos and film which show amazing colors and lights being broadcast from their buildings. It appears the so-called controllers, as Ewaranon calls them, just could not eliminate all evidence of the "Great Tartaria".

Lastly, for the last section or point of this e-book before my concluding remarks, I would like to look at an alternative history of our world that assumes that Tartaria did exist and how this civilization has affected our world even now ....

**6) Ideas for an Alternative History - key insights and signs that part of the History we have been taught was totally made up and never happened!**

a> So if Tartaria existed and thrived before, but then it was taken out by some means as their people were removed (killed, eliminated) but the buildings were left; then when the world was re-populated (with the

orphans or foundlings) - all the large cities of the world would already be built and then inherited by and taken over by the newly re-populated people and ...

b> This means then, that buildings like our large churches, cathedrals and mosques in our world today were all a part of the Tartarian electro-magnetic grid for the planet and were not buildings of worship as we know them now. The controllers needed to explain why such buildings existed so they decide to manufacture or fabricate (this is a hard one to accept) all of the current major world religions of today. Then they used the symbols displayed on the top of these buildings working with their antennas to be associated with these so-called religions such as Christianity, Buddhism, Islam and Judaism. Most likely these symbols were a connection with what we might consider universal energies, vibrations or frequencies or even "Prime Creator". This would also imply that the founders of all of these religions may have never lived (no Jesus Christ, Buddha, Mohamed, Abraham & Moses)?? ... and ...

c> It has been reported (this is shared in another video listed in the appendix) that Joseph Justus Scaliger, a French Calvinist religious leader and scholar who lived during the 1500's, that he totally re-wrote all the current history of that time and added like 900-1000 years to our calendar. This time period, roughly from 500 - 1400 A.D. is known in our modern history as the "Dark Ages" (very convenient aye?). Thus, the real year we are living in maybe 1021/1023 and not 2021/2023. So this means there are question marks then if Rome or Greece existed too.

Further, in the "Mud Flood" book written by Ewing (see how to get your copy of this e-book in the appendix), he discusses Anatoly Fomenko from Russia, a famous professor at Moscow State University. This professor has come across a great deal of evidence which leads him to believe that our world history has been totally changed to fit a false narrative. Such as when Mr. Fomenko studied various lines of Kings from different countries (the English Kings verse the 3<sup>rd</sup> century Emperors of Rome) and saw that the histories and number of years for each line were almost identical (or were duplicated) except, of course, for the names of these rulers which were changed in the other countries. If you studied the life of Christ and

the life of the Buddha as well, Fomenko found the stories of their lives and experiences were almost identical.

Thus, the controllers who wanted to support these so-called true histories then had to create fake monuments (for example I saw photos from England where they were building Stonehenge and lifting the heavy stones to position them), historical manuscripts and books and artifacts. If these histories of the British Kings are indeed all fake then probably King William I of England never existed nor did he fight at the “Battle of Hastings” in 1066, nor did King Richard the Lionheart live and fight in the Crusades and ...

d) These same historical researchers that Mr. Ewing came into contact with also investigated many of the classical and historical pieces of artwork like some of the most famous paintings done by such grand Masters like Da Vinci and other painters from the Renaissance. They discovered that these paintings depicted such a high level of realism especially of the people drawn within these paintings that they were totally unsure how the artists of this time could possibly accomplish this just utilizing simple painting tools? Ewaranon stated in his film, that these paintings or even the amazing stone sculptures we find on or within the Tartarian buildings and structures that still remain, they had to be done by an advance old civilization (the Tartarians?) maybe using similar types of advance devices like we have today such as a laser printer to make copy of these paintings. If you asked the most skilled painters of today to duplicate the work of the Master Painters from the so-called Renaissance by hand, would any of them be able to duplicate this? ... and ...

e) If Tartaria had such an advanced technology as we have previously stated, which they graciously shared with all the people of the world in the past, then how can any of the past history we have been taught possibly be true? It means everything we have been led to believe, that the foundation of our reality on this world may have to be totally thrown away. Could you personally deal with such a condition? If the controllers don't want us to know anything about this great civilization then they would have no choice but change all of our so-called past history right? ... and ...

f) It is said that the Tartarians were much taller than we are, or would have been what we might even call Giants. Could this be why skeletons of Giants have been uncovered at times in the ground in various locations? Could this be why we see photos in the late 1800's and early 1900's of some very tall people especially linked to circuses as strange and unusual acts? Could this be why so many doors of these advanced buildings that are still standing are so high? Could the Tartarians have been quite tall because their advanced technology promoted better health and their personal life force? (Note: See the photo below for an example of what I am speaking about) ... and ...

g) Then, from a historical perspective, we definitely have reports (as discussed in Ewing's book) of all kinds of fire and earthquakes (over a hundred taking place from 1760-1930) which have hit major cities all over the world and did a great deal of damage to their buildings and structures. For example: 1788, 1794 and 1830, fires in New Orleans; 1805 in Detroit; 1810, 1833-1839 (6 times) in Charleston, SC; 1815 in Petersburg, VA; 1796 and 1820 in Savannah, GA; 1831 in Raleigh, NC; 1835 and 1845 in New York, NY; 1844 in Boston, MA; 1849 in St. Louis, MO; 1850 and 1856 in Philadelphia, PA; 1850 in San Francisco, CA; 1863 in Denver, CO; 1864 in Atlanta, GA (during the civil war); 1865 in Richmond, VA (the civil war); 1871 in Chicago, IL; 1889 in Seattle, WA and many many more ...

In 1906, was when the so-called earthquake hit San Francisco but some Tartarian research think the city may have been bombed? Photographs of San Francisco taken after the earthquake, it looks like a city that could have been hit by an atomic bomb such as happened to the two cities in Japan during the 2<sup>nd</sup> World War ... and ...

h) And what about the American Civil War, World War I and World War II? Did these wars truly take place for the reasons that have been told or were they fought as a cover for more attempts by the controllers to destroy more evidence of Tartaria and take out more of their magnificent buildings standing in these cities? ... and ...

i) So, if these old maps of the world are genuine, we see consistently that Great Tartaria lied within northern Asia located where modern Russia is now and parts of China but also, these same maps show us that another part of Tartaria (an extension or colony?) was located within the U.S. and Canada too. So following this logic, when the people from Europe came to settle in the Americas, they would have naturally discovered all of these huge empty cities (ruins) with beautifully made buildings with tall doors, columns, domes and antennas right? Just waiting for them to begin living in (which by the way none of the buildings had any systems for plumbing or heat). This means that two of the most powerful countries in our world today, the U.S. and Russia were once a part of Tartaria ... and ...

j) For my last point, the Tartarians also had their own flag and emblem, which has been found through old ruins or records, as shown in the image on the next page. As you can see, their flag encompassed the emblem of the Griffin, a mystical creature or was it? (*Note:* When we visited Mt. Shasta with some friends, near the top of the mountain in 2011, in the winter as the mountain was covered with snow up to the top the trees; we did a meditation here with our collective crystal skulls. Then all of a sudden, a cloud magically appeared in the sky in the shape of a Griffin, I wonder if the Lemurians reportedly living under this Holy Mountain were part of the Tartarians somehow?)

Well dear reader, I could keep on going with several more insights that were presented by Ewaranon during his amazing film or even shared from Mr. Ewing's books but, I think you can see from all of the points I have presented so far that we have very strong evidence that the country and people of Tartaria were real. Or we have enough information and clues that if one wanted to learn more on this subject, they would have a good start. Also, as I stated before, I think the story of Tartaria is a huge sign that we must be prepared in the new future that is coming up [and here in 2023 it is coming sooner than you might think BTW], when the Full Truth of Everything will be told about our world and about the origins of humanity, that we will have to totally let go of almost all that we have believed to be true and unlearn it all, are you ready for this my dear friend? [I know I am and one of the reason we are creating our Center is to help many people not go into shock and see how all the new awarenesses link together to help take our world into a time of peace and harmony - yes a Golden Age!]

(2023 Note: At the time I originally wrote this book, I had not yet done our free e-book about Flat Earth, so in this original version I tried to give more details about Flat Earth which Ewaranon shared within his five hour video I watched. I am cutting out most of the information I shared here and recommending my reader go into the appendix where is listed how to get our free e-book on this subject or watch our Rumble Video channel which has a ton of videos about Flat Earth.)

Now I did promise to briefly discuss the “Flat Earth” and how Ewaranon explains that it’s connected with Tartaria. There is another film series Ewaranon did where he totally focused upon evidence that we are living on a “Flat Earth”, so I have also listed this video in the resource appendix but as I said, he does speak quite a bit about this subject in his “Lost History” video too.

[ I will only give a few more points about Flat Earth, as I gave a pretty good overall description of it in the section, ‘How I first learned about Tartaria’. Thus, to tantalize you to get our free e-book on this very controversial but mind blowing subject I will mention here a few more unbelievable points without giving any support evidence as I did before:

Did you know the Bible never mentions we live on spherical planet? Further, it mentions the Firmament, some Flat Earth researchers think this refer to the Dome. The Bible speaks about the Waters Below and the Waters Above, is the Waters Above under the Dome or outside?

If you wish to verify how our Earth can be stationary, just check out how our jet planes when they fly East and come back from the West, there time of flight is almost the same, how can this be possible if our Earth is rotating? Or why if you shoot a cannon ball straight up in the sky can it return to the same spot if our Earth is rotating?

Lastly {as again I could on this topic for a long time}, if I understood properly what Ewaranon stated in film, he said, believe this or not {this is verified by using the zoom of really good digital cameras}, that all the so-called planets in our solar system are stars (wandering stars these lights are called in our nights sky) and they are all underneath the dome. Back to a key comment from the original version ...)

The key concept for one to understand about the “Flat Earth” and its link to Tartaria, according to Ewaranon, is that held within the firmament of our Earth is the “Aether” which is the primordial substance from which everything else that exists in our physical world and universe comes from. I.E. --- that air, fire, wind and water are all an expression of the “Aether”. For me then, the “Aether” could be the force or substance from Creator which gives life to all of Creation and life in our universe, that the “Aether”

is contained within all particles of matter. The Tartarians were experts in how to collect this life giving energy of the “Aether” and convert it into clean and free electro-magnetic energies which empowered their entire world.

As I said, I am not sure if I agree with this part of Ewaranon’s presentation about Flat Earth in his film but, he did say one thing which made sense to me that I think we must logically consider. If birds fly in the sky or a planes fly in the sky, if our world was a globe, they would have to constantly fly at a downward angle to stay on track with their destination and if we observe the bird or the plane when they are flying in our reality, neither actually makes this type of movement. Obviously, if we had the ability to take a rocket up into space beyond the edge of our atmosphere (or the Firmament) we would absolutely know the truth about all of this but so far the average person doesn’t have this luxury. However, since we can no longer trust our system of education or the media (which has been controlled by the Globalists) then we will have to wait until the “Light of God” appears once again within our world, and the Full Truth about the nature of our world, and our history and how humanity came to be occupying this space will finally be shown with full clarity and REVEALED! Fortunately, the children of our near future (hint hint) will be taught this Truth and probably have a hard time believing that the challenging times we have all lived in since we were born to this world actually happened.

### Final Conclusion and Thoughts:

Well, it has not been my intention in the writing of this e-book to convince any reader in the least if Tartaria actually existed or not. My only goal was to provide for you what evidence I have uncovered and what we do know so far that suggests in this possibility. And if the existence of Tartaria is true, then this would mean that the history of our world that we have been taught about humanity’s past might be a total lie or fabrication. This is why I am including an appendix for this e-book, so you can do your own research and see the sources I have been reviewing and make up your own mind as all of this can be totally mind boggling.

I would highly recommend that you start with the video by Ewaranon called the “Lost History of Flat Earth (or abbreviated LHFE) or just go on Youtube and see what else you can find to watch about Tartaria. Yes, I know that you might think due to the current “cancel culture” that exists [still going on here in 2023 but starting to decline] that such videos would be completely banned and deleted (since the controllers or globalists eliminated any mention of Tartaria in our so-called recorded history) but I also think the controllers believe this tale is so fantastic, that few people will believe it. I can assure you though, I was surprised to find quite a bit of information and photographs linked to Tartaria not only within videos of you tube but throughout the internet [and especially on Telegram, I am also listing in the appendix some key channels from Telegram that share unbelievable information about Tartaria. 😊]

In addition, in the appendix, I have listed some of the key books written by David Ewing Jr. on Tartaria, of which he has kindly given me permission to share for free the e-book version of such with any of our readers. That is correct, if you are interested. Thus, within the appendix is the instructions how to get those copies from me via email. There is some duplication of the material Ewaranon shares and some new perspectives as well within Ewing’s e-books, as this was my second key sources of information about Tartaria.

OK then, so here is my final thoughts about what I think about Tartaria. For myself, the main visible proof that absolutely convinces me this is all true are the advanced and beautifully designed buildings which still remain. In my mind, there is just no way that the people who supposedly lived in the 14<sup>th</sup> through 19<sup>th</sup> century with their primitive tools could have made such buildings and so many of them. This would be physically and logically impossible - don’t you agree?

Now, not only are these buildings and structures absolutely huge but the geometric symmetry and designs and ornamentation that comprises these buildings (on the outside and inside) could only have been crafted by an advanced race of people. As Ewaranon refers to the people we call the globalists or the cabal as the controllers, for whatever reason or reasons these groups decided to keep some of these buildings around and repurposed them. Therefore, from a logical rational reason, they had to

come up with a plausible explanation for how such buildings and structures had been built and how they were utilized so they called them: churches or cathedrals (for religious worship), castles (for medieval history), or forts (the Star Forts for war or protection) or they were used for government buildings or buildings in which the ultra wealthy lived in (their mansions).

No doubt there were so many of these advance structures around after the so-called last global reset that this might cause people to become too curious about where they came from so, they had no choice but had to destroy most of these buildings (the so-called ruins). Then this could be why in the 1800's and through the Second World War there were all these fires which took place in so many of the large cities in the world, to get rid as many buildings as they could using a logical reason why they had been destroyed (by natural disaster per say). Then, another way to get rid of the Tartarian buildings was to create huge wars as another excuse so they could bomb these buildings out of existence. The controllers wanted as little evidence of Tartaria left as possible. I don't know what you think about all of this or if you might just agree with me on this. Of course, we are suggesting here that the controllers had some advanced technique for eliminating all the people but kept the buildings in tact (sounds like what we call a neutron bomb that produces a minimal blast but sends out a huge amount of radiation - killing the people).

Now, a few years back, I had a chance with Katrina, my wife and divine life and spiritual partner, to visit Mexico City for a conference about the crystal skulls, as I was invited to participate as a speaker. The sponsors of the conference had arranged for some of the attendees and speakers, before the conference started, that we could visit the major Mesoamerican (was it built by the Mayan or Toltecs, or again could this be proof of a Tartarian structure?) city nearby which is known as Teotihuacan. I remember that when we visited the Pyramid structure there called the Temple of the Sun, and I was standing upon it on the steps at a fairly high level up (the only pyramid I have personally seen so far BTW), I could intuitively sense, just from the complex design of the outer stones (and this pyramid is very very large) that no type of simple people could have built this. So, I think it becomes quite clear with all of these advance buildings and structures that we all can still visibly see today in all the

large cities of the world (Tartarian cities?), there had to be an advanced civilization in the past who were their creators. So why couldn't this be a so-called very tall people or giants who had an advanced technology like Tartaria?

Now, the main question I have not been able to come up with a really good answer to is: how could such a technologically advanced and peaceful civilization be almost totally wiped out and in such a short time relative to where we live now? Here we are, supposedly in 2021 [and still in 2023], yet in none of our official historical records or history books is there any mention whatsoever of Tartaria. This notwithstanding that there are still old maps and a few old records that say such a great civilization or empire did really exist. Could a group of power hungry individuals, who wish to for total world domination have the advance technology and resources to destroy such a civilization and then cover up their tracks so completely? Did this nefarious group have other worldly help (as we hear in the back channels that the cabal has been working very closely with a non-terrestrial serpent or reptilian race who might seem even to be like other dimensional demons)? If this is so, they would have access to a very high state of technical weapons that could have been used from the air then. Perhaps this is how the so called "Mud Flood" happened worldwide.

(2023 note: For our Center, we interviewed a very good personal friend and spiritual brother of mine, Rev. Dr. Phil who is spiritual medium. Through Rev. Dr. Phil, I had a chance to speak to a Pleiadian by the name of Heltor, who has a very close spiritual link with Rev. Dr. Phil. When I asked Heltor about Tartaria, he said the Pleiadians were well aware of this Earth civilization. When I asked Heltor how the Tartarian civilization was eliminated, he said the cabal or elite was working with negatively based ETs who gave them a weapon to hit the Waters Above, under the Dome and this is what caused the Mud Flood - could this be what really happened then?)

If this is all true, then in our modern terms we would call this an attempt to (global) reset the entire world and start a totally new one. And, since any mention of Tartaria in our so-called approved history has been completely eliminated, we can not know for sure how this so-called cleansing of the

world took place, can we? And this is very sad. Due to this fact, we can not know if any of the histories we learned in school before the 1800's really happened then. We also don't know how long did Tartaria exist. What if somehow they were connected to Atlantis, which the legends also say they were very technologically advanced. I am sure somewhere there are complete records which can explain to us the true history of our world. I can't wait for this to be released!!

Another clue I think we must take a good look at is why were so many of the large cities in the world totally devoid of human life during the middle part of the 1800's (shown through various black and white photographs that remain)? Where did all the children (orphans or foundlings) come from to re-populate those cities also? Where any of these Tartarian children who were saved (but not sure, since the Tartarians were taller than us or did they change the DNA of the Tartarian children so they wouldn't be so tall?) and then they re-educated and re-programmed these children with fake histories? Or, did the so-called controllers execute a plan to take as many children they could from their families or from wed-less mothers in the 1800's so they could put them into their programs to fully control how our world would be reset and to repopulate these empty cities? Might this not be happening again in our modern time as many doctors are saying the purpose of the so-called vaccines (untested) to control the spread of covid-19 (of which people who didn't have covid then all of sudden they do when they take the vaccine) is for depopulation again? And if this takes place where the population of humanity is greatly reduced and everyone who is left has nanobots living inside of their physical body is this how humanity will be fully controlled? Then will the children of our future be given once again another new and totally false history of our world? It is just a thought or possibility but through some of my powerful personal spiritual experiences that I have had during this lifetime [my 68 years of life], I already intuitive know this type of reset is definitely not going to happen again [it is ordained by Creator's Will] - I feel if anything, that we have a chance to return to the type of life our ancestors, the Tartarians had and it is going to be glorious ... like living in a Paradise ... anyway moving on ...

Obviously, if we look at the current state of our world today, we may have some insights why a world reset and the removal of Tartaria happened

before. Our world is very much geared toward money and finances with banks and the wealthy families who have setup these systems to benefit themselves only and enslave us. Just look here as we have to pay money for all products and services that is offered and then a tax upon them, taxes from our earnings and interest upon other interest on loans of our own money. What about our electricity for our home which we have to pay for (the Tartarians offered this for free) or the price of the fuel for our cars? We have pay rent where we live or a mortgage (probably with the prosperity the Tartarians had, rent didn't exist for them). Some call this system we are living in a debt-slave system. Thus, the free and expanded way of life of the Tartarians would most definitely be a threat for the globalist's plan of world control. And since we can still find all over the world their very beautiful and advanced buildings and structures that the Tartarians created, this gives us visible evidence, no doubt, that they had a free power grids and electro-magnetic energy systems which were worldwide and one day I am sure it will be reactivated.

Now, if the most powerful nation or civilization that has existed fairly recently (ending only perhaps 200 some years ago) could have literally been obliterated in a global reset, then is it not possible when the Globalists use the term, "The Great Reset" that they are not planning to do the same thing again? Perhaps, as I stated before, by using covid-19 and the vaccines as their method (subtly convincing the people they need to do this to stay safe) to begin to depopulate our world again and start over? Will we learn from this past conflict and avoid this from happening this time? Is the information about Tartaria coming out now (it has been going strong for about the last five years that people have really started to become very interested in this subject and sharing a huge amount of information related to Tartaria) a big warning to us today of what is possible if we don't pay attention and say "NO" to anything requested of us that we feel is immoral?

As I have written in one of my other free e-books, "Messages from rJis" (see the appendix how to obtain this e-book) through two very powerful spiritual experiences I have had (in a way like visions of the future which I was referring to before and one of these experiences is still on-going BTW), I know with absolute certainty, this time our world is not going to go through a total reset by any group of insane individuals but that in fact, we

will be going through a total transformation and awakening of our Divine Essence that is being ordained by Creator's Will which is slowly but surely taking all of us into to a time of total peace and harmony or a true "Golden Age". Yes, I do believe that right now there is an undeclared war going on behind the scenes between the forces of "Light" and "Dark" but the "Light" has already won we are seeing very visible signs of this here in [2023] and in the years beyond. (2023 note: Actually my future self in this lifetime, who speaks to be telepathically called rJis, tells me by 2037-2040 this new world will be totally complete and I trust fully rJis, myself!)

So, when the positive forces working for our planetary freedom and enlightenment prevail, I think the world that the Tartarians knew, not only with their advanced clean and pure technologies will be returned but their artistic beauty and reverence for all life and Creator will come back as well. And finally, everyone on our Earth, all of humanity will know and fully understand our true history and who we are as a person, our true essence (Divine Children of Creator) and what is our exact relationship to God, from both a physical perspective and a spiritual (our souls') perspective. The people of Tartarian have much to teach us and I am sure somewhere within their records we will receive back their wisdom and knowledge and that somehow this precious information has been preserved to be shared with all of humanity once again.

OK, I have done my best to offer you the best insights about Tartaria I have discovered so far. Now, it might be difficult for some of you to fully accept that this wondrous civilization existed upon Earth fairly recently as it will no doubt challenge your core foundation of what you believe is the reality of living on Earth. However, I believe in this crazy time we are living in 2023 (and beyond) that we have to be ready at any moment for all that we believe to be true, that which we hold as precious to the understanding our very existence; that it can all be replace with a new wondrous Truth. I know may for a short time, there will be many people who will be shocked by the revelations about to come out that will discuss the hidden agendas for many of our world events and activities, and people we trusted and admired (so-called government leaders, sports and entertainment celebrities, medical doctors, scientist, or educators, etc ...) have been involved in horrific acts of violence against their follow human being. This going to be very difficult for many people but our world is now

being cleaned up of the darkness and the negative energies and it won't be coming back.

Therefore, I think the key to handle all of this new insightful and truthful information coming our way is to take time to meditate, to still your mind, and see if you can link into the inner essence of your being, your soul where all knowledge and truth exists, which can prepare and comfort you. Many of us, on a soul level, volunteered to come to this physical reality on the Earth, at this time, to help bring in this beautiful and harmonious "Golden Age" and to help our close friends and family (along with our extended family) to ease into the new beautiful world coming as we explain to them in a way that makes sense, how our New Earth will be functioning. As we return to the time of enlightenment that the Tartarians enjoyed and lived by.

Again, thank you so much for your interest in this free e-book about Tartaria, and if we can of any help or answer any questions your might have, please feel free to contact us -----

You both showed to me that we can not forget the Tartarians and what they left for us to learn about them and our planet. Thank you both!!*

### Videos done by Ewaranon on Tartaria and the Flat Earth

#### The Lost History of Flat Earth

[https://www.youtube.com/watch?v=vti0FrGU\\_Ww](https://www.youtube.com/watch?v=vti0FrGU_Ww)

(this is the full 5 hour video of Ewer(anon) discussing Tartaria, which he called the old world or the previous civilization. He also discusses the Flat Earth and how the Tartarian's advance technology utilized the knowledge of this so-called true essence of our world and collected energies from the Aether contained in the Earth's firmament. The other videos below are excerpts from the full video which you may wish to watch to learn about just that aspect of this story. Ewer(anon) will easily overwhelm you in the full video with many details and insights so take you time to watch it and digest his insights.)

<https://www.youtube.com/watch?v=Gn0id2ZX8xg>

(part of Ewer's full video, part 2, this segment focuses upon the cities in the world from 1840-1860 through black and white photographs in which you can clearly see these city are totally empty and devoid of any human life or people. He believes the buildings that remained were from Tartaria, and when they were repopulated during the last reset, those people inherited them.)

<https://www.youtube.com/watch?v=1jl745PGigA>

(The mirror in the sky - by Ewer(anon), this is another part of the "Lost History" when he discusses that our moon mirrors the land masses on the Earth's surface including land masses we currently do not know about nor are shown on any modern maps.)

<https://www.youtube.com/watch?v=tkd80MFUygY>

(This is another fragment from the “Lost History”, it contains film and photographs of the old world before the final reset was completed including moving electric powered walk-ways, and how their buildings were illuminated brilliantly.)

What on Earth Happened?

[https://www.youtube.com/watch?v=Hp6Q\\_J\\_PRI4](https://www.youtube.com/watch?v=Hp6Q_J_PRI4)

(a total separate film, which is six hour produced by Ewer(anon) discussing his evidence that we live on a Flat Earth and not a sphere or globe. He does cover some aspects of the Flat Earth in his Lost History video but this film is much more in depth)

**Books I recommend by David Ewing Jr.**

*(David Ewing Jr. has written 11 books which contain links to Tartaria. my wife Katrina saw his books on-line via one of the on-line e-book services and I looked to see if I could contact him via email or social media. I found him on Facebook and not only did he give me a free copy of all his book in an e-book form but I have permission to share any of his book with others for free who ask. Below are his books I recommend you read first, but if you would like to have these e-books sent to you via email as an attachment send an email to:*

*[joshuashapiro417@gmail.com](mailto:joshuashapiro417@gmail.com) - with the subject of “Ewing’s Tartaria e-books” and put in your email which of the following you would like to receive, or just say “All of them.*

-----> *Below is a short summary of each book...):* <-----

### **Tartaria - Book 1 - Mud-Flood**

(focuses on a world event in the late 1700's to 1800's where many buildings and structures were buried by mud and where several floors of these building are now completely underground - the theory of this flood is evidence of Tartaria - he also discusses the advanced buildings we have around the world and various false histories we have been told and why they are untrue.)

### **Tartaria - Book 2 - History is a Lie**

(this book focuses upon proof that our past history is an out and out lie - there is a lot of the materials which are duplicated from Book 1, so be aware. Further it is stated that there have been many so-called historical books which have written or rewritten to support the fake histories as well as many fake artifacts and structures artificially made to support these erroneous histories - with all of this happening to cover-up the existence of Tartaria which is never discussed in any history being re-told today.)

### **Tartaria - Book 9 - Flat Earth**

(Evidence that we are living on a Flat Earth or Disc, this is discussed in great deal in the videos listed before by Ewer(anon) as well. It has been claimed that we can't understand how the advanced technologies such as for free energy was implemented within Tartaria unless we see how electro-magnetism works together with the Aether that existed under the domed ionosphere of the Earth and that the Tartarians knew so well about this.)

### **Tartaria - Book 11 - Orphans**

(From 1850-1930 hundreds of thousands of orphaned children {maybe even more} were bought and sold and shifted all over the world. It is speculated these events and activities took place in an effort to repopulate our world after Tartaria had literally been wiped out by some type of global catastrophe. Thus, these children were needed to repopulate the cities left by the Tartarians. There remain many questions why all of these orphan children were needed and that there were so many parent-less children in the world.)

## OTHER INTERESTING VIDEOS TO VIEW ON TARTARIA

Video by Robert Boerman: Cymatic Tartaria

[https://www.youtube.com/watch?v=EM\\_LYMt1GG4](https://www.youtube.com/watch?v=EM_LYMt1GG4)

(Robert Boerman, a Dutch Crop Circle Researcher believes that the Tartarians understood Cymation which is the study of sound or the frequency of sound which creates geometric patterns.. The vibrational frequency of these geometric patterns (measured in hertz) creates sounds which can be very healing and uplifting energies that help us link into our spiritual essence. Mr. Boerman completely believes that the Tartarians not only understood this universal nature of sound but built these energies into their buildings as well by using precise geometric patterns and art. Robert suggested there could be a link between Hyperborea, a huge continent which existed long ago and that this might be where the Tartarians came from.)

Giants Books Made in Tartaria and Giants Caught on Camera

<https://www.youtube.com/watch?v=5JN7LiCQ4zQ>

(A video produced by Barnabas Nagy which shows some photos were Giants were captured, along with huge books that have been uncovered that may have been printed in Tartaria, since it is stated that the Tartarians were quite tall or like Giants. Could these old photos that show Giant people, could these individuals be descendants of Tartaria or who were left?)

Quest Logos -Tartaria - Mud Floods -Star Forts - Orphan Trains - Stolen History Explained

<https://www.youtube.com/watch?v=NE6XfNxQWp0>

(In this video done by Quest Logos, they review some of the aspects of Tartaria discussed in the other sources we have mentioned in this e-book.

However, I found one new piece of information given in this video which was quite interesting that talked about how the history of the world was changed once before by a specific individual. It was stated that Joseph Justus Scaliger (see the last paragraph below for a short of bio of Mr. Scaliger from Wikipedia) in the 1500's did a total re-write of history and added like 900-1000 years to our history which he called "The Dark Ages". Therefore, the real year it could be right now is 1021 (A.D., that is if Jesus really existed) instead of 2021.

Further, there as an old map shown in this video which clearly shows Tartaria, but on the outside border of this map it also had images of all the Roman Emperors. The narrator speculated that after the time of the Roman Empire ended then the Renaissance began. So it appears that Scaliger may have created a thousand years of phantom history.

#### Information about Scaliger from Wikipedia:

Joseph Justus Scaliger was a French Calvinist religious leader and scholar, known for expanding the notion of classical history from Greek and ancient Roman history to include Persian, Babylonian, Jewish and ancient Egyptian history. He spent the last sixteen years of his life in the Netherlands.

Born: August 5, 1540, Agen, France

Died: January 21, 1609, Leiden, Netherlands)

# **The Center for the Advancement of Humanity** *(A Brief Description and our On-line Resources)*

June 2023

## ***Welcome to our Center***

***Who Are We?***

***What is this  
New Center About?***

The Center for the Advancement of Humanity is a spiritually inspired and based Center which is being created right now by an extended family of people all over the world. As its name implies, we will be involved in all type of projects linked to Advancing the state of Humanity and working towards creating a totally peaceful and harmonious world.

The vision for our center was given to our founder, Joshua Shapiro in the summer of 2018. Joshua is known throughout the world as a crystal skull

and paranormal explorer, author and public speaker. At that time, the resources necessary to build a physical Center were not yet available as this will be a very large project. However, since March of 2022, Joshua has been inspired by guiding "Spirits" and felt a call to begin working on setting up the energetic version of the foundation in preparation of birthing forth the first Main Center (now in 2023 within the Central Part of Florida) along with other Sister Centers in other parts of the U.S. and all over the world. Already, as of June of 2023, there are now teams of people to support the center in: **U.S. / CANADA / VIRGIN ISLANDS / FRANCE / ENGLAND / HOLLAND / ITALY SCOTLAND / AUSTRALIA / NEW ZEALAND.**

***Here are some of the early projects we will be working on***

## 2023 Truth Video Series

*(This special series of Videos is called, "2023: The Year the Full Truth begins to be Revealed". Its premise is based upon an inner message that Joshua received at the end of January (2023) that the Full Truth on Everything that is happening in our world will begin to be revealed to all of Humanity in 2023. To support this inner message he has been doing various videos to discuss the undeclared war that has been going on behind the scenes for over 60 years and what our future will look like, a time of total peace. This video is linked to our free e-book, listed in the next section by the same title. Below are the direct links to the videos already done as of June 18<sup>th</sup> on our rumble channel.)*

### **Segment 1: Introduction**

(Explains what this series is about, Joshua's background, how he knows these key Truths will be revealed during 2023, a discussion of two of his post profound spiritual experiences which shows him our future)

<https://rumble.com/v2duhoe-2023-time-of-full-truths-revealed-series-segment-1-an-introduction.html>

### **Segment 2, Part 1: Time is Everything**

(We exam in more detail the undeclared war on consciousness - who is fighting it and why; how the U.S. 2016 & 2020 election along with covid are effecting us now; the war in the Ukraine, a video of the Moon in perigee at the Artic Circle, key telegram channels which we recommend that share the true sides to the real news.)

<https://rumble.com/v2m86x2-title-2023-time-of-full-truths-revealed-series-seg.-2-part-1-key-events.html>

### **Segment 2, Part 2: Time is Everything**

(In this part we look at key events that took place in 2022 and how it impacted the undeclared war, we look at what celebrities publicly announced they had covid in 2022 and look at two videos linked to

George H.W. Bush the 41<sup>st</sup> President, also a discussion about the Brunson case.)

<https://rumble.com/v2ojjg8-time-of-full-truths-revealed-series-seg.-2-part-2-key-events-2022.html>

### Segment 2, Part 3: Time is Everything (Section 1 for 2023 Events ...)

(In this part we look at key events that took place in the beginning part of 2023 through April 13<sup>th</sup> {couldn't go to the date of the recording as there are just too many activities exploding out in 2023}. We share a quote from Robert Dean, a ufologist and former U.S. Army Command Sergeant Major {while serving in Europe where he saw a report about UFO Activity there called "The Assessment"} about UFOs; and then we begin to look and define aspects of the new Financial System including the new computer banking system and economic system. We finish up discussing briefly an interview with a former U.N. official about what is really going on in the United Nations.)

**(Note:** If you are enjoying this series of videos about the possible Truth to be revealed in 2023, here are various ways to stay informed when we add new videos to this series. If you become a member of the Center's Rumble Video channel then, you will eventually receive an email from Rumble when a new video is added. Or, you can periodically check on the Rumble Video Channel link shown under the Center's contact information before. We plan at least (as of June 18<sup>th</sup>, 2023) for Segment 2 to have a Part 4 and possibly Part 5 plus Segment 3 (which will connect to our free e-book that is based on the Facebook posts linked to this series discussed in the next section) will be comprised of at least five Parts looking at a variety of other subjects that I think will greatly benefit our viewers to see the amazing future that is coming - **Joshua**)
